Mothers Flay Board On Budget

By DAVID DIETZ

The Marin County Board of Supervisors, undergoing what one official called the most strained budget period in recent years, had another woeful day yesterday.

The third in a series of seven hearings on the county's proposed $36 million spending program for fiscal 1971 produced these developments:

1. It was disclosed that Marin faces possible loss of $1 million to $2 million in state welfare aid next fiscal year, meaning either a lusty increase in the property tax rate or massive reductions in county spending.

2. The board drew the wrath of a small group of welfare mothers after voting reductions in special county supplements to recipients of Aid to Families with Dependent Children (AFDC). Explaining the cuts, the supervisors said they were heeding the caution signs from Sacramento and trying to meet their own budget limitations.

County staff told the board that Marin would be required under law to make up for state welfare reductions proposed both by Gov. Ronald Reagan in his spending program and by way of legislation pending in the Senate.

Auditor-Controller Michael Mitchell told the Independent-Journal the effect of the governor's proposal and senate legislation on Marin, as on all other counties, would be "devastating." The tax rate would either have to be raised as much as 40 cents per $100 of assessed valuation, he said, or "every departmental budget would have to be skeletonized, employees could be laid off, programs that had not started would be stopped and every dollar not absolutely mandatory would be frozen."

The reductions are proposed in the AFDC and Aid to Totally Disabled categories.

Because of this threat, coupled with changes in federal assistance to local governments, Mitchell said he had "never seen such a rough budget period as the one this board is going through right now."

Earlier in the week, the board was forced to add $600,000 to its budget as a result of cost-sharing changes in the state Medi-Cal program.

In chopping county supplementation to AFDC, the supervisors overruled a recommendation by County Administrator

Heath, Conservatives Oust Wilson, Laborites

Victory Big Upset; Polls Wrong Again

LONDON (UPI) — Conservative Party leader Edward Heath unseated Labor Prime Minister Harold Wilson today in a general election upset blamed in part on a housewives revolt against the soaring cost of living under the Wilson government.

Wilson asked for an audience with Queen Elizabeth II at Buckingham Palace to hand in his Labor Party government's resignation and with it his hopes of being the first prime minister in British history to win three consecutive five year terms — as predicted by public opinion polls.

It was possible the polls predicted a big Wilson victory had led to complacency — and non-voting — by Laborites.

By nightfall Heath would be in power in the biggest political upset in Britain since Labor Party Clement Attlee threw out the government of Prime Minister Winston Churchill at the close of World War II.

ABSOLUTE VICTOR

At 1:55 p.m. (8:55 a.m. EDT) Heath's Conservatives topped the figure of 316 in Parliament seats and thus won an absolute majority in the new 630 member House of Commons. It is party strength in the House which determines who is the prime minister.

President Nixon telephoned Edward Heath today to congratulate him on his victory in the British election.

Nixon told the next prime minister he looked forward to continuing the "close historic association" between the two countries.

Wilson had waited until this moment before conceding formally, although in television interviews earlier he left no doubt that he knew he was a beaten man.

Within minutes Wilson's No. 10 Downing St. office announced: "Following the announcement that the Conservatives have secured more than half the seats in the new House of Commons the prime minister has asked for an audience of her majesty to tender the resignation of his government."

At almost the same moment a furniture moving truck pulled up outside 10 Downing St.

FIRST APPEARANCE

At 2:30 p.m. (9:30 a.m. EDT) Heath stepped out of the door of the fashionable Albany apartment house where he has a bachelor flat and made his first public appearance as prime minister-elect.

Heath, normally a shy, retiring figure, stood on the doorstep in the sunshine waving and smiling with undisguised delight at crowds cheering and clapping him.

He stepped into his car and was driven to the Conservative central office where another large crowd cheered him.

After thanking his supporters, Heath told them in more serious vein, "We put forward the right policies and we have convinced the country they are the right policies. We are going to provide them with the right government and that government is going to provide for a better country tomorrow."

Marin Opinion On Sausalito Session Hit

The state legislative counsel's office has rejected an opinion of the Marin County district attorney's office which would weaken the Ralph M. Brown Act and pave the way for secret meetings of official bodies in Marin.

The legislative counsel's office said yesterday that notice of a special meeting must be received by news media 24 hours before time of the meeting.

The opinion — written by Gene McCabe, the legislative counsel's expert on the Brown Act which governs closed and special meetings — was sought by Rep. William T. Bagley, R-San Rafael.

Bagley asked for a definitive opinion after notice of a special meeting of the Sausalito School District board May 15 was mailed so late that it could not be received by the Independent-Journal until the meeting was over.

The meeting was called to decide on charges against Sidney F. Walton Jr., fired by the board as principal of Martin Luther King School.

In response to complaints that the board did not give 24-hour notice of its meeting, the county district attorney's office declared that a letter is considered received the moment it is dropped in a mailbox.

Cosmonauts End Long Space Stay

MOSCOW (UPI) — Russia's two-man Soyuz 9 space craft parachuted safely to earth in Soviet Central Asia today, ending a mission of nearly 18 days that vaulted Russia ahead of the United States in the field of space endurance, the official news agency Tass reported.

Cosmonauts Vitaly Sevastianov and Adrian Nikolayev soft-landed under three parachutes strung to their silvery Soyuz at 7:59 a. m. EDT after a flight that lasted 17 days, 16 hours and 59 minutes. The craft landed 47 miles west of Karaghanda in Soviet Kazakhstan.

Medical checks made at the scene showed the two men "had well withstood the conditions of weightlessness and the flight," Tass said,

Soyuz 9 had blasted off at 10 p. m. (3 p. m. EDT) on June 1 and the landing today eclipsed the former record held by Astronauts Frank Borman and James Lovell, the Gemini 7 pilots who remained aloft for 13 days, eight hours and 35 minutes.

Lovell and Borman were among the first to congratulate Nikolayev and Sevastianov upon their triumph last Monday when they surpassed the American record

"Representatives of the recovery group¼ sports commissioners, friends and journalists warmly met the cosmonauts in the area of the landing," Tass said.

It did not explain what "sports commissioners" meant.

The Soyuz 9 mission, which aimed at testing man's ability to endure long periods of weightlessness, covered nearly 300 orbits and more than 7 million miles.

According to past precedent, about three days of medical checkups will await the cosmonauts at Baikonur Cosmodrome in Soviet Central Asia. Then they will be ushered to Moscow as heroes in a limousine convoy and feted in Red Square or at the Kremlin.

The principal objective of the Soyuz mission was to test and perfect man's ability to live and work efficiently for long

Ky Promises Aid To Hold Phnom Penh

PHNOM PENH (UPI)—Cambodian troops reopened the road to Saigon today and got a promise of South Vietnamese help if the Communists attack Phnom Penh.

South Vietnamese Vice President Nguyen Cao Ky said in Saigon he was certain the Viet Cong and North Vietnamese would try to take the Cambodian capital "but I don't believe Phnom Penh will be lost to the Communists because with our forces and theirs we will defend the capital."

The Cambodians reopened the vital Highway 4 to the oil refinery and deep water port of Kompong Som long enough to get a fleet of tank trucks through to the capital with supplies of oil and gasoline, but the Communists cut it again 50 miles southeast of the capital.

Bangkok reports said refugees from the fighting in Cambodia were crossing into Thailand and that strict security measures were imposed by Thai troops to prevent the entry of Communist infiltrators. Royal Thai troops supported by tanks and artillery were placed on a 24-hour alert along the border.

Communists forces hurled heavy assaults against the Cambodian provincial capital of Kompong Thom, 80 miles north of Phnom Penh.

The Cambodian military high command issued a special communique saying more than 17,000 Communists have been killed in Cambodia since Prince Norodom Sihanouk was ousted March 18. The communique said 6,000 of the guerrillas were killed by the Cambodian army and more than 11,000 by the Americans and South Vietnamese.

Novatan Wounded While On Patrol

I-J Special Report

SAN FRANCISCO — A young San Francisco police officer, Richard Phillip Radetich of Novato was gravely wounded by an assailant who fired three shots into his patrol car today.

Radetich, 25, of 468 Via Del Plano underwent emergency brain surgery at San Francisco General Hospital where he was reported in grave condition this morning.

"He was shot down for no apparent reason," Police Chief Alfred J. Nelder said at the hospital.

The four-year veteran of the police force was wounded shortly after he had written a traffic ticket in the Haight-Ashbury District. Radetich worked for the accident prevention bureau.

One .38 caliber bullet hit the officer in the head. He was found slumped in his car with his revolver still in its holster.

Police received a call at 5:28 a.m. from a resident of the neighborhood who heard the shots at Waller and Scott streets.

Detectives found a parking tag that Radetich had just written. Police, however, indicated they do not suspect the owner of the tagged 1965 Oldsmobile.

Residents reported seeing a white Cadillac speeding away seconds after the shooting. An all points alert was broadcast on the vehicle.

The gunman fired one shot that hit the door on the driver's side and two others that went

It's Fair Time In West Marin

The 21st annual West Marin Junior Livestock Show at Point Reyes Station, featuring a parade, barbeque, dances and exhibits, opens at 7:30 a.m. tomorrow at the fairgrounds. (See pcitures, page 34.)

Sponsored by the West Marin Lions Club, the festival will be climaxed Sunday with a massive parade through Point Reyes Station from the shopping center to the fire house.

Exhibits and livestock shows by 4-H members again this year will be the main attraction. Judging of these will take up much of the two days.

Some judging actually began this morning for projects except poultry, rabbits, livestock, flowers and vegetables. Judges will continue their duties tomorrow at 8 a.m. when flowers and vegetables will be scrutinized.

At 10 a.m., rabbit and poultry winners will be selected, while livestock and dairy judging will run from 10 a.m. to noon.

Four-H members will get their chance to second guess judges' decisions at 10 a.m. when a judging contest, aimed at teaching members how, will be held in the home economics building.

A livestock showmanship contest for sheep, beef, dairy cattle, goats and swine will be held at 1 p.m.

Tomorrows activities will conclude with the coronation ball, during which the show's queen, Colleen Martin of Olema, will be crowned and her princesses, Elaine Zetterquist of Inverness Park and Jeanne Ballatore of Valley Ford will be introduced. Dance music will be provided by Dude Martin's Sundowners, while Hugh Turner of Radio KTIM will act as master of ceremonies.

Sunday's activities include a horse showmanship contest at 9:30 a.m., followed at noon by the show's massive parade through Point Reyes Station.

The parade this year will be led by the honorary Parade Marshall Ernie Mangue of Middletown riding a high-stepping Lipizzan stallion from Austria.

Union's Claims Used In Anti-I-J Mailer

One of three Marin Democratic leaders — who mailed pamphlets in support of the striking San Francisco Typographical Union 21 — conceded yesterday that the group was not familiar with the facts in the union's dispute with the Independent-Journal.

In a declaration filed in connection with the suit the I-J filed against the three for $5 million, Nancy Swadesh stated further that the pamphlets contained information provided by the union.

In answer to a court order to show cause why an injunction preventing further mailing of the pamphlets should not be issued, Mrs. Swadesh stated that no more such documents are planned.

Mrs. Swadesh declared she and the other defendants (Roger Kent and S. Robert Politzer) relied upon the union for their information because they were not "personally familiar with the factual matters relating to the negotiations and strike. . ."

The declaration continued, "Each of us knew, however, that the officials of the union who supplied this information were directly involved and personally familiar with all aspects of the strike situation and its background.

WASHINGTON (UPI) — Pat Nixon is planning a "quiet time" of family togetherness Sunday to celebrate Father's Day and her wedding anniversary.

Mrs. Nixon told a gathering of youngsters on the White House Lawn Thursday that she never gets to see her husband. "He's always in meetings," she said.

Joining the President and his wife for the celebration, probably at Camp David, will be daughter Tricia and Julie, and David Eisenhower, the White House said.

Violence Cools

MIAMI (UPI) — Rubble-strewn streets in Miami's troubled Negro areas were empty early today and police officials thanked black leaders for cooling off violence that stretched over four nights.

At the request of community leaders, police pulled their riot patrols off the streets at 6 p.m. Thursday and returned only to answer trouble calls.

"The situation has been improving hour by hour since late afternoon," said one police captain. There were some incidents. One man was shot in the leg by a security guard, two whites were cut by flying glass and a woman suffered from tear gas inhalation. The injuries brought the totals over the four nights to 14 gunshot wounds and 49 other injuries.

Amendment Sought

WASHINGTON (UPI) —Sens. Joseph D. Tydings, D-Md., and Robert P. Griffin R-Mich., have joined in urging that a proposed constitutional amendment for direct election of the President be changed to strengthen its chances of approval by Congress.

The senators, in a bipartisan statement, Thursday said the amendment's runoff feature already approved by the House and by the Senate Judiciary Committee must be eliminated if the legislation is to clear the Senate.

The proposed amendment, if approved by Congress and ratified by the states, would apply the one-man, one-vote principle to the direction election of the President.

AAMCO Charges

WASHINGTON (UPI) — The Federal Trade Commission (FTC) has charged AAMCO Automatic Transmissions Inc., which advertises as the "world's largest transmission service," with illegal practices.

The FTC said in a complaint Thursday AAMCO's 200 shops advertise simple transmission adjustments for $4.50, "safeguard service" for $13.75 and removal and inspection for $23.

"Although such services may be performed from time to time," the FTC said, "these advertised offers are insincere in that their real purpose is to get leads to prospects in order to sell them much more expensive repair jobs."

Larison and his wife and three children, who now live in Petaluma, will move to Stanislaus County, where Mrs. Larison will enroll in Stanislaus State College to complete work for a degree, he said.

Schultz Leaving Cabinet Job; Due Direct Access To Nixon

WASHINGTON (UPI) — George P. Shultz, who leaves the Cabinet July 1 to take on the formidable task of trying to bring efficiency to the sprawling federal bureaucracy, said today he has been assured of direct access to President Nixon.

As head of the new Office of Management and Budget, Shultz said he will report to the President without having to filter his views through White House aides like John D. Ehrlichman or H. R. Halderman.

Shultz, a onetime college dean, is resigning as secretary of labor to accept the post created by Nixon through an executive reorganization plan earlier this year. He takes a salary cut from $60,000 to $42,500 annually but the post is more powerful.

In an interview with two UPI newsmen, Shultz said the detailed functions of his office have not yet been worked out. He indicated the details would evolve over time, possibly as the result of case-by-case handling of the problems of federal management control.

The new office is an expanded version of the Budget Bureau, which it replaces on the federal organization chart. Shultz made it clear he expects to be a much closer adviser to the President than most recent budget directors have been. The office was created to coordinate and make more efficient thousands of overlapping and sometimes conflicting federal programs. It is generally conceded that the government wastes billions of dollars every year because it lacks overall managerial control of programs that total about $200 billion annually.

"The President is charged with making (government) programs work effectively," Shultz said. "Our job is to help him do it. If we are able to make the operations more effective, we will either save money in the sense of doing the same thing at less cost or we will be able to accomplish more with the money that is spent."

Shultz brushed aside questions about the exact functions of his office. He said they were "premature".

"If this organization is to perform well, it shouldn't regard itself as a fixed and rigid structure," he said. "We will have to deal with problems when they come along. We must adapt ourselves to changing situations." A Washington guessing game recently has been trying to pinpoint the "man to see" in the Nixon Administration. Ehrlichman is the name most often mentioned but Shultz has some backers.

Shultz was interviewed in his Labor Department office. One wall is lined with books, making the room look more like the campus office he once occupied at the University of Chicago than the headquarters of a federal department. The walls were decorated with abstract paintings.

The 1970 winners of the Augustine Hall Art Scholarship have been announced by the San Rafael City Schools office.

Manson Says He's Innocent Of Charges

SANTA MONICA, Calif. (UPI)—Charles Manson, the hippie chieftain charged with the murder of Sharon Tate and seven others, proclaimed his innocence Thursday at an impromptu courtroom news conference.

"I know what I've done and I don't have any guilt," Manson, 35, told a courtroom filled with newsmen, photographers and spectators.

With jury selection in the Tate-LaBianca murder trial recessed until Monday, Manson and co defendant Susan Atkins appeared in superior court here for pre trial motions in the Gary Hinman murder, in which they also are accused.

As he took his seat at the counsel table, photographers crowded forward and shouted questions at Manson. Although he has been photographed leaving court in the Tate case, he has never before responded at such length to newsmen's questions.

A glass door and three windows at La Tercera School, Petaluma, were smashed by vandals yesterday, police reported. Loss was estimated at $910.

Sen. Murphy Resigns Technicolor Board

LOS ANGELES (UPI)—Sen. George Murphy, R-Calif., whose $20,000 a year association with Technicolor Inc. was an issue in the California Republican Primary, said Thursday he resigned as a member of the board of directors of the firm.

However, a leader of an insurgent group which Wednesday obtained control of the company after a proxy battle, said Murphy's positions had been severed.

William E. McKenna, who replaced Patrick J. Frawley Jr. as chairman of the board of directors, made the announcement in New York.

However, Murphy said his $20,000 a year consultant's contract runs until December and its future had not been discussed.

Murphy had been receiving the $20,000 annual fee since he was first elected senator in 1964. The firm also paid half the rent on his $520-a-month Washington apartment and gave him the use of an air travel credit card.

Murphy has denied any conflict of interest and the Senate Ethics Committee, which looked into the contract at his request, said it found nothing improper in the contract.

Murphy said he sent in his resignation by telegram Thursday afternoon although he had not been notified officially of the change in management.

He said reports he received unofficially from New York appeared to indicate the new management was doing all it could "to get rid of me."

McKenna, a Beverly Hills, Calif. investor, had been chief executive of Norton Simon Inc., until he resigned last summer.

Norton Simon lost to Murphy in the Republican primary for U.S. Senate several weeks ago.

Bombs Scar Two Berkeley Banks

BERKELEY (AP) —Bombs exploded seven minutes apart just before dawn today at two branches of the Bank of America.

Police said there were no injuries and damage apparently was not great.

The blasts shattered glass at nearby buildings and awakened residents near the banks.

The branches are less than a mile from the University of California.

The Bank of America has been a target of antiwar protests in Santa Barbara and other California cities as a symbol of the "capitalist establishment."

No arrests were made. Police were looking for a light-colored van that had its parking lights on near one bank before the blasts.

Black powder was buried next to the bank walls and ignited, police said.

"They intended to damage the buildings but they really didn't succeed in either case," a spokesman said. "The explosives weren't too sophisticated."

At a branch on Telegraph Avenue, north of the campus, windows shattered in an apartment building, a doctor's office and two homes.

The one-story brick bank received a four-inch dent in the wall and black powder burns.

Dirt clumps were kicked up near the powder-burned wall of the other bank near downtown Berkeley but there was little visible damage.

The explosives were simpler than two set off early Thursday at a diner in Emeryville about three miles away.

Two shrapnel bombs encased in lead pipes injured two customers slightly in that blast but two other bombs failed to go off.

One blast sent a picnic table through a metal ceiling. Two officers were entering the restaurant often frequented by police but were unhurt.

Bay Commission Approves New Motel In Mill Valley

I-J Special Report

SAN FRANCISCO — Plans for a motel and commercial building on Shelter Bay in Mill Valley yesterday sailed through a brief hearing before the San Francisco Bay Conservation and Development Commission with barely a murmur.

The only person who objected to the plans was Louis Lindsay of San Francisco, an elderly man who frequently testifies before public agencies. He argued that the project's proposed pilings would circumvent the state law that mandated the BCDC to protect the bay. The pilings would "interfere with the natural flow of tides," Lindsay said.

Chairman Melvin B. Lane of Menlo Park pointed out, however, that the commission's own master plan for the bay allowed some development over the bay on pilings.

Representatives of Marin conservation groups were in the audience, but did not speak.

The hearing then was closed, and voting on the application was set for 2 p.m. on July 2 in Room 1194 of the State Building, 455 Golden Gate Avenue.

The four-story motel planned by Holiday Inn Motels would be on existing fill, but falls within BCDC jurisdiction because it would be partly within 100 feet of the shorelne. The commercial building would include 4,469 square feet projecting over the water on piles.

The commission also heard a proposal from its staff that a $50 filing fee be required for processing all permit applications, with an additional fee ranging from $100 to $1,000 for processing permits for larger projects. The commission will consider the fee schedule July 2.

Research Sought On JFK Bullets

TOPEKA, Kan. (UPI)—Dr. John M. Nichols, a pathologist at the University of Kansas Medical Center, has filed a federal suit to examine the bullets which killed President John F. Kennedy and wounded former Texas Gov. John B. Connally.

Nichols said he wanted to subject the bullet fragments to "neutron activation analysis" to determine if the metals in the fragments match and therefore came from the same weapon.

He filed the suit Wednesday against U.S. Archivist James B. Rhoads and Navy Secretary John H. Chafee.

Canadian Commission Urges Drug Reform

OTTAWA (UPI)—The Le Dain Commission on nonmedical use of drugs today recommended the elimination of jail sentences for possession of "hard" and "soft" drugs ranging from marijuana to heroin.

The government commission recommended a maximum fine of $100 for drug possession but stressed that prosecution of pushers should be continued. It, in effect, called for liberalization of Canada's drug laws and fell just short of calling for outright legalization of marijuana.

Health Minister John Munro said the government only supported the recommendation of lenient penalties for possession, in so far as it applied to marijuana and the other cannabis drugs such as hashish.

Munro said the government did not support the commission's recommendation for low penalties for all drug possession.

The commission was formed a year ago to advise the government on drug policy while more detailed studies were under way.

The commission said laws against marijuana and other forms of cannabis should be less severe and should be enforced through the Food and Drug Act rather than the Narcotics Control Act, which now carries penalties up to life imprisonment for pushers.

While recommending continued prosecution of persons trafficking in drugs, the commission urged abolition of jail sentences for "users" of the "psychotropic" or mind-altering drugs—the whole range from tranquilizers, pep pills, marijuana, and hashish, to heroin and opiates.

"There is universal agreement," the commission report said, "that cannabis is not a narctoic and should not be classified legally with the opiate narcotics."

The five-man commission, headed by York University law school dean Gerald Le Dain, was unanimous on all points except the recommendation of reduced penalties for possession. Commissioner Marie-Andree Bertrand, a criminology professor at the University of Montreal, called for abolition of penalties for possession of marijuana and hashish.

"While we feel that the offense of simple possession should be retained on the statute book, pending further investigation and analysis, which we hope to carry out in the ensuing year, its impact on the individual should be reduced as much as possible," the report said.

It also called for an end to drastic police enforcement campaigns aimed at arrests of people for possession.

When possessors are unable to pay fines, the commission suggested that the crown recover the fine through civil proceedings rather than by imprisonment for default.

It said police, prosecutors and courts should try to "minimize the impact of the criminal law upon the simple possessor of psychotropic drugs, pending decision as to the whole future of possessional offenses in this field."

Bombs Scar Two Berkeley Banks

BERKELEY (AP) —Bombs exploded seven minutes apart just before dawn today at two branches of the Bank of America.

Police said there were no injuries and damage apparently was not great.

The blasts shattered glass at nearby buildings and awakened residents near the banks.

The branches are less than a mile from the University of California.

The Bank of America has been a target of antiwar protests in Santa Barbara and other California cities as a symbol of the "capitalist establishment."

No arrests were made. Police were looking for a light-colored van that had its parking lights on near one bank before the blasts.

Black powder was buried next to the bank walls and ignited, police said.

"They intended to damage the buildings but they really didn't succeed in either case," a spokesman said. "The explosives weren't too sophisticated."

At a branch on Telegraph Avenue, north of the campus, windows shattered in an apartment building, a doctor's office and two homes.

The one-story brick bank received a four-inch dent in the wall and black powder burns.

Dirt clumps were kicked up near the powder-burned wall of the other bank near downtown Berkeley but there was little visible damage.

The explosives were simpler than two set off early Thursday at a diner in Emeryville about three miles away.

Two shrapnel bombs encased in lead pipes injured two customers slightly in that blast but two other bombs failed to go off.

One blast sent a picnic table through a metal ceiling. Two officers were entering the restaurant often frequented by police but were unhurt.

Bay Commission Approves New Motel In Mill Valley

I-J Special Report

SAN FRANCISCO — Plans for a motel and commercial building on Shelter Bay in Mill Valley yesterday sailed through a brief hearing before the San Francisco Bay Conservation and Development Commission with barely a murmur.

The only person who objected to the plans was Louis Lindsay of San Francisco, an elderly man who frequently testifies before public agencies. He argued that the project's proposed pilings would circumvent the state law that mandated the BCDC to protect the bay. The pilings would "interfere with the natural flow of tides," Lindsay said.

Chairman Melvin B. Lane of Menlo Park pointed out, however, that the commission's own master plan for the bay allowed some development over the bay on pilings.

Representatives of Marin conservation groups were in the audience, but did not speak.

The hearing then was closed, and voting on the application was set for 2 p.m. on July 2 in Room 1194 of the State Building, 455 Golden Gate Avenue.

The four-story motel planned by Holiday Inn Motels would be on existing fill, but falls within BCDC jurisdiction because it would be partly within 100 feet of the shoreline. The commercial building would include 4,469 square feet projecting over the water on piles.

The commission also heard a proposal from its staff that a $50 filing fee be required for processing all permit applications, with an additional fee ranging from $100 to $1,000 for processing permits for larger projects. The commission will consider the fee schedule July 2.

Research Sought On JFK Bullets

TOPEKA, Kan. (UPI)—Dr. John M. Nichols, a pathologist at the University of Kansas Medical Center, has filed a federal suit to examine the bullets which killed President John F. Kennedy and wounded former Texas Gov. John B. Connally.

Nichols said he wanted to subject the bullet fragments to "neutron activation analysis" to determine if the metals in the fragments match and therefore came from the same weapon.

He filed the suit Wednesday against U.S. Archivist James B. Rhoads and Navy Secretary John H. Chafee.

Canadian Commission Urges Drug Reform

OTTAWA (UPI)—The Le Dain Commission on nonmedical use of drugs today recommended the elimination of jail sentences for possession of "hard" and "soft" drugs ranging from marijuana to heroin.

The government commission recommended a maximum fine of $100 for drug possession but stressed that prosecution of pushers should be continued. It, in effect, called for liberalization of Canada's drug laws and fell just short of calling for outright legalization of marijuana.

Health Minister John Munro said the government only supported the recommendation of lenient penalties for possession, in so far as it applied to marijuana and the other cannabis drugs such as hashish.

Munro said the government did not support the commission's recommendation for low penalties for all drug possession.

The commission was formed a year ago to advise the government on drug policy while more detailed studies were under way.

The commission said laws against marijuana and other forms of cannabis should be less severe and should be enforced through the Food and Drug Act rather than the Narcotics Control Act, which now carries penalties up to life imprisonment for pushers.

While recommending continued prosecution of persons trafficking in drugs, the commission urged abolition of jail sentences for "users" of the "psychotropic" or mind-altering drugs—the whole range from tranquilizers, pep pills, marijuana, and hashish, to heroin and opiates.

"There is universal agreement," the commission report said, "that cannabis is not a narcotic and should not be classified legally with the opiate narcotics."

The five-man commission, headed by York University law school dean Gerald Le Dain, was unanimous on all points except the recommendation of reduced penalties for possession. Commissioner Marie-Andree Bertrand, a criminology professor at the University of Montreal, called for abolition of penalties for possession of marijuana and hashish.

"While we feel that the offense of simple possession should be retained on the statute book, pending further investigation and analysis, which we hope to carry out in the ensuing year, its impact on the individual should be reduced as much as possible," the report said.

It also called for an end to drastic police enforcement campaigns aimed at arrests of people for possession.

When possessors are unable to pay fines, the commission suggested that the crown recover the fine through civil proceedings rather than by imprisonment for default.

It said police, prosecutors and courts should try to "minimize the impact of the criminal law upon the simple possessor of psychotropic drugs, pending decision as to the whole future of possessional offenses in this field."

House Vote Approves Postal Revamp Bill

WASHINGTON (UPI) — The House has passed a bill to overhaul the post office for the first time in its 187-year history. But two senators have hinted they may filibuster the Senate's bill because it would permit the union shop.

The matter of union membership threatened to be the biggest point of contention between the House and Senate versions of postal reform.

The House bill, passed 359 to 24 Thursday night, contains a "right to work" amendment that would prohibit compulsory union membership. The Senate bill contains the agreement the Nixon Administration reached with the postal unions, providing for collective bargaining rights and compulsory arbitration as well as permitting the union shop.

Sens. Paul J. Fannin, R-Ariz., and Strom Thurmond, R-S.C. have indicated they may filibuster the bill if it contains allowance for the union shop. An attempt is sure to be made on the Senate floor to attach a "right to work" amendment.

The House action came after three days of bitter debate and voting on nearly 40 amendments.

Postmaster General Winton M. Blount gave reluctant backing to the measure. "While it is not a perfect bill, it is a good bill," he said. "We hope the Senate acts quickly."

Tme House bill would convert the Post Office into an independent government agency called the U.S. postal service. It would be operated by an 11-member commission including the postmaster general, who would lose his cabinet status.

A separate rate board within the commission could set postal rates, subject to a veto within 90 days by a majority vote of either house of Congress.

The bill includes an 8 per cent pay raise, retroactive to April 16, for the nearly 700,000 postal workers at a cost of $606.6 million. The workers could also reach their top pay scales in eight years instead of the present 21, and the measure also provides postal unions, for the first time, with collective bargaining rights and compulsory arbitration.

ACT

the Sausalito Post Office at 11 p.m., May 13, announcing the meeting at 7 a.m. May 15. Above the mail slot into which the mail was dropped was a notice that nothing mailed at that hour would move until 4 o'clock the following morning — making impossible delivery by the 7 a.m. deadline, May 14, or, as it turned out, until after the meeting was over.

Former Supt. Phillip W. Schneider and his assistant, Joseph Amato, mailed the notices after being advised by Asst. County Counsel Richard V. Godino on how to notify the newspaper.

McCabe cited section 25956 of the California Government Code which requires a local agency calling a special meeting to notify members and the news media "by delivering personally or by mail written notice" at least 24 hours before the meeting.

McCabe wrote, "As may be seen the section requires that the notice to the news media be delivered, whether personally or by mail, 24 hours prior to the holding of the special meeting. In our opinion, therefore, the posting of the noitce in the mail does not satisfy the requirement of the statute."

He said further that section 966 of the State Education Code "requires that a list of items constituting the agenda for a special meeting be posted where parents and teachers may view the same at least 24 hours prior to the holding of the special meeting."

McCabe's opinion contradicted the view of the district attorney's office which, in a letter dated May 29 to the I-J, stated that "individuals could avoid the true meaning of the Brown Act by placing notices in the mail knowing their letter may not be received until the meeting has been concluded or at least avoid a full 24-hour notice."

The district attorney's office maintained that the fault was in the Brown Act and the only remedy, would be modifying the act to require that notice be given in person, by telegram or telephone 24 hours in advance, or mail three or four days prior to the meeting.

During its secret session the Sausalito board drafted the charges for a court suit to remove Walton and also canceled all remaining May meetings.

Alan Bruce for more drastic cutbacks. But a capacity crowd which attended the hearing — many of them welfare mothers fearing their children would go hungry — departed unhappy, in some cases bitter.

"I hate you — all of you," a young woman flared at board members as she left. Others spat epithets. Some cried.

During the hearing Helen Roberts, a welfare mother, sobbed to the board: "Do you know what it's like? Do you have any idea what it's like to answer a child who asks for a bicycle you can't afford?"

Bruce's recommendation had called for an appropriation of $375,000 for supplemental assistance, with no county aid going to new AFDC cases and a reduced level of assistance to present cases.

The supervisors voted $548,000 to provide new cases one-third the current level and present recipients, two-thirds. The department had asked for $1 million, based on present levels of support.

In other budget matters, the board passed a general relief budget of $429,800, down $69,000 from this year; tentatively approved a $954,527 probation department budget, up $142,000, but not including several new positions sought by Chief Probation Officer John W. Brewer other than those recommended by Bruce, and passed budgets of $946,656 for Juvenile Hall, up $185,000, and of $364,000 for the care of court wards, up $50,000.

A $14,750 post as coordinator for the youth commission and juvenile delinquency prevention commission was also voted, although each agency had wanted its own staff person.

contained in the pamphlet or to question the reliability of the union officials who provided this information."

On May 12 the I-J filed a suit in Marin Superior Court charging that the pamphlet contained "false and untrue statements" and could harm the paper's business. The three Democrats had asked readers of the pamphlet, mailed to Democrats throughout the county, to cancel I-J subscriptions and to boycott advertisers.

Kent, longtime party leader, is a former state central committee chairman, and Mrs. Swadesh is vice president of Americans for Democratic Action. Politzer is chairman of the Marin Democratic Central Committee.

A hearing on the case today was postponed to June 30. A temporary restraining order issued last month by Judge E. Warren McGuire preventing further mailing of the pamphlets is still in effect.

He was found unconscious at his base camp and taken to the hospital where he died of possible intercranial hemorrhage.

He had served in the Army 18 years. An aviator, he had served in England and Germany, and was on his second tour of duty in Vietnam.

He is survived by his wife, Wanda R. Tobias and two sons, Peter T. and John C. Jr.

Funeral arrangements are pending at the Presidio.

EMERGENCY — M/Sgt. Gordon E. Lenke tests portable telephone while T/Sgt. Donald A. Dargie speaks over a walkie-talkie and Richard Bretner chains his trail bike to his jeep as if preparing for rescue operations in rough terrain. The three Tamarin 5 Wotters were checking out their rescue equipment yesterday. The group relies on citizen band radio and a variety of vehicles and rescue equipment to help in almost any emergency. TAMARIN 5 WOTTERS

Group Willing To Lend Hand In Any Type Of An Emergency

By LARRY MOWELL

Flaming cars and drowning fishermen and lost little boys are only some of the reasons the Tamarin 5 Wotters exist.

The group is willing to help in almost any emergency situation, said the group's communications officer M/Sgt. Gordon E. Lenke, the other day when he stopped in at the Independent-Journal.

He proved it shortly afterward by rescuing a family from an irritating and embarrassing predicament. Its car keys were locked in the family car outside the I-J.

The citizen's band radio outfit doesn't normally concern itself with such occurrences, but the incident does indicate the goal of the group: It helps people in distress.

Lenke said members of the club have been credited with saving seven lives since the group was formed in Feruary, 1969.

Should a member come upon a crisis situation, according to Lenke, he would radio a monitoring unit in a member's home and stop to render assistance.

The monitor then would call the appropriate agencies — the California Highway Patrol and an ambulance in the case of a serious highway accident, Lenke said.

In one such case March 18, member Frank J. Paquette Jr. of Novato pulled the body of the driver from a burning car at highways 101 and 37 while a member monitoring at home called the highway patrol, the fire department and an ambulance, Lenke said.

"The man might have died otherwise," he said.

Although the 5 Wotters spend much of their time roaming the county in vehicles equipped with five-watt two-way transceivers, most of them live in the Novato-Hamilton Air Force Base area.

When they are not out looking for trouble, the approximately 20 members listen on monitors at home, according to Lenke.

Mobile units carry first aid kits, flares, fire extinguishers, axes, shovels, blankets, ropes, jump cables and other emergency equipment, Lenke and president Donald A. Dardie said.

The emergency broadcasts of the group are by no means confined to the highways. Members of the group have radio-equipped trail bikes and four wheel drive vehicles to reach remote areas, member Richard W. Bretner said.

A small airplane and boats are also available to the group, according to Lenke.

He said two lives have been saved by members in boats. In San Pablo Bay a fisherman was hauled from the water and given mouth-to-mouth resuscitation. A man in an overturned sailboat in San Francisco Bay who was floundering without a lifejacket was rescued by another member, Lenke said.

The group meets monthly on the second Wednesday in the home of one member or another to discuss ways of improving its system, Lenke said. Anyone interested in joining should write Box 204, Novato, 94947, he said.

Lenke said the group could now respond to almost any emergency within 150 miles of Novato.

"We're always open for an emergency call from any town that needs assistance," he said.

Members of the club went to Santa Rosa after the earthquake last October to help and is ready to set up local communication if a major tremor knocks out regular communications, he said.

The long-range communications would be left to the ham operators, he said. Since Federal Communications Commission regulations prohibit citizen banders from using more than a five-watt radio with range of more than 150 miles. A license is required, but it is not as technical as a ham license.

"Ham stations are normally set up in the home; they cannot be made mobile. They're more technical," Bretner said in explaining the difference.

Although most of the group's activities center around hunting for lost boys and watching traffic for accidents and law breakers, they are occassionally called in on other crises.

They supplied communications between Hamilton and a salvage boat when an F-4 Phantom jet went went down in San Pablo Bay Jan. 12, Lenke said.

Bretner said a representative of the county sheriff's department will attend a meeting soon to discuss cooperation between the two organizations.

The group is not hurting for good deeds to do though. "We've reported fires, accidents, speeders, drunk drivers. We average about three calls a night," Lenke said.

Other groups throughout the country are analogous, Lenke said. He estimated there are about 350,000 citizen's band operators in the United States, many banded together in similar groups. There is one in San Rafael, according to Lenke.

An elderly couple which floated in their car in a salt pond for 35 minutes after running off Highway 37 before a 5 Wotter noticed them and radioed for help must be glad the group exists.

Those vehicles with the long antennas and the citizen's band numbers on the bumpers should be as welcome to other accident victims as the Highway Patrol.

Nixon Names Labor Aide For Promotion

WASHINGTON (UPI) — President Nixon today named Laurence H. Silberman as undersecretary of labor.

Silberman, a native of York, Pa., has been the department's chief legal officer and a top enforcement officer as solicitor of labor. His elevation to the No. 2 slot in the department must be approved by the senate.

win seats was Winston S. Churchill, a grandson of the late Sir Winston. The 29-year-old author and journalist won the Labor-held seat in Stretford, a working class constituency outside Manchester.

In the belief of British politicians, commentators and of Wilson himself, a housewives' revolt against rising prices was the only plausible explanation of Labor's defeat, or at least a major factor in it.

More than 1.5 million British teen-agers voted for the first time in this election but it still was not clear how they had cast their ballots or whether they tipped the scales in Heath's favor.

Polls taken of teen-agers before the election appeared to indicate that in general they probably would vote more or less along the same lines as their parents.

Later it was announced Queen Elizabeth was hurrying back to London from Ascot race course and would receive Wilson at 6:30 p.m. (1:30 p.m. EDT) to accept his resignation.

Heath was expected to be summoned soon afterwards to the palace to be named prime minister.

The awarding of prizes for parade and exhibit winners will begin at 3:30 p.m. at the community center and will conclude the weekend festivities.

Richard Giacomini of Olema is general chairman, assisted by Donald J. McIsaac of Olema who has been associated with the show for 20 years. Frank Truttman will serve as honorary chairman; William H. Thompson, parade chairman and Joseph Mendoza, president of the West Marin Lions Club and honorary mayor of West Marin during the show.

periods under conditions of weightlessness, a pivotal requirement for the Soviet goal of orbiting permanent manned space stations.

Soviet space scientists proclaimed the mission a success in this respect two days ago, stating in numerous commentaries distributed by Soviet news media that Nikolayev and Sevastianov had adapted well to space conditions after three days. They never showed any signs of the fluttering pulses, loss of bone calcium and muscle weakening other spacemen have experienced, according to the steady progress reports on the mission.

Sun Innocent Of Hurting Growth

ITHACA, N.Y. (UPI)—A Cornell University professor has discovered that it isn't the sweltering sun that keeps farmers in tropical lands from growing vegetables commonly found in northern countries.

It's the oven-like temperatures below ground that destroy the roots, says Prof. Peter L. Steponkus, who made his theory known at an international horticultural congress in Tel Aviv. He contends that proper irrigation would allow tropical countries to grow such northern vegetables as peas, broccoli, lettuce and cabbage.

House Vote Approves Postal Revamp Bill

WASHINGTON (UPI) — The House has passed a bill to overhaul the post office for the first time in its 187-year history. But two senators have hinted they may filibuster the Senate's bill because it would permit the union shop.

The matter of union membership threatened to be the biggest point of contention between the House and Senate versions of postal reform.

The House bill, passed 359 to 24 Thursday night, contains a "right to work" amendment that would prohibit compulsory union membership. The Senate bill contains the agreement the Nixon Administration reached with the postal unions, providing for collective bargaining rights and compulsory arbitration as well as permitting the union shop.

Sens. Paul J. Fannin, R-Ariz., and Strom Thurmond, R-S.C. have indicated they may filibuster the bill if it contains allowance for the union shop. An attempt is sure to be made on the Senate floor to attach a "right to work" amendment.

The House action came after three days of bitter debate and voting on nearly 40 amendments.

Postmaster General Winton M. Blount gave reluctant backing to the measure. "While it is not a perfect bill, it is a good bill," he said. "We hope the Senate acts quickly."

Tme House bill would convert the Post Office into an independent government agency called the U.S. postal service. It would be operated by an 11-member commission including the postmaster general, who would lose his cabinet status.

A separate rate board within the commission could set postal rates, subject to a veto within 90 days by a majority vote of either house of Congress.

The bill includes an 8 per cent pay raise, retroactive to April 16, for the nearly 700,000 postal workers at a cost of $606.6 million. The workers could also reach their top pay scales in eight years instead of the present 21, and the measure also provides postal unions, for the first time, with collective bargaining rights and compulsory arbitration.

Alan Bruce for more drastic cutbacks. But a capacity crowd which attended the hearing — many of them welfare mothers fearing their children would go hungry — departed unhappy, in some cases bitter.

"I hate you — all of you," a young woman flared at board members as she left. Others spat epithets. Some cried.

During the hearing Helen Roberts, a welfare mother, sobbed to the board: "Do you know what it's like? Do you have any idea what it's like to answer a child who asks for a bicycle you can't afford?"

Bruce's recommendation had called for an appropriation of $375,000 for supplemental assistance, with no county aid going to new AFDC cases and a reduced level of assistance to present cases.

The supervisors voted $548,000 to provide new cases one-third the current level and present recipients, two-thirds. The department had asked for $1 million, based on present levels of support.

In other budget matters, the board passed a general relief budget of $429,800, down $69,000 from this year; tentatively approved a $954,527 probation department budget, up $142,000, but not including several new positions sought by Chief Probation Officer John W. Brewer other than those recommended by Bruce, and passed budgets of $946,656 for Juvenile Hall, up $185,000, and of $364,000 for the care of court wards, up $50,000.

A $14,750 post as coordinator for the youth commission and juvenile delinquency prevention commission was also voted, although each agency had wanted its own staff person.

ACT

the Sausalito Post Office at 11 p.m., May 13, announcing the meeting at 7 a.m. May 15. Above the mail slot into which the mail was dropped was a notice that nothing mailed at that hour would move until 4 o'clock the following morning — making impossible delivery by the 7 a.m. deadline, May 14, or, as it turned out, until after the meeting was over.

Former Supt. Phillip W. Schneider and his assistant, Joseph Amato, mailed the notices after being advised by Asst. County Counsel Richard V. Godino on how to notify the newspaper.

McCabe cited section 25956 of the California Government Code which requires a local agency calling a special meeting to notify members and the news media "by delivering personally or by mail written notice" at least 24 hours before the meeting.

McCabe wrote, "As may be seen the section requires that the notice to the news media be delivered, whether personally or by mail, 24 hours prior to the holding of the special meeting. In our opinion, therefore, the posting of the noitce in the mail does not satisfy the requirement of the statute."

He said further that section 966 of the State Education Code "requires that a list of items constituting the agenda for a special meeting be posted where parents and teachers may view the same at least 24 hours prior to the holding of the special meeting."

McCabe's opinion contradicted the view of the district attorney's office which, in a letter dated May 29 to the I-J, stated that "individuals could avoid the true meaning of the Brown Act by placing notices in the mail knowing their letter may not be received until the meeting has been concluded or at least avoid a full 24-hour notice."

The district attorney's office maintained that the fault was in the Brown Act and the only remedy, would be modifying the act to require that notice be given in person, by telegram or telephone 24 hours in advance, or mail three or four days prior to the meeting.

During its secret session the Sausalito board drafted the charges for a court suit to remove Walton and also canceled all remaining May meetings.

On May 12 the I-J filed a suit in Marin Superior Court charging that the pamphlet contained "false and untrue statements" and could harm the paper's business. The three Democrats had asked readers of the pamphlet, mailed to Democrats throughout the county, to cancel I-J subscriptions and to boycott advertisers.

Kent, longtime party leader, is a former state central committee chairman, and Mrs. Swadesh is vice president of Americans for Democratic Action. Politzer is chairman of the Marin Democratic Central Committee.

A hearing on the case today was postponed to June 30. A temporary restraining order issued last month by Judge E. Warren McGuire preventing further mailing of the pamphlets is still in effect.

EMERGENCY — M/Sgt. Gordon E. Lenke tests portable telephone while T/Sgt. Donald A. Dargie speaks over a walkie-talkie and Richard Bretner chains his trail bike to his jeep as if preparing for rescue operations in rough terrain. The three Tamarin 5 Wotters were checking out their rescue equipment yesterday. The group relies on citizen band radio and a variety of vehicles and rescue equipment to help in almost any emergency.

TAMARIN 5 WOTTERS

Group Willing To Lend Hand In Any Type Of An Emergency

By LARRY MOWELL

Flaming cars and drowning fishermen and lost little boys are only some of the reasons the Tamarin 5 Wotters exist.

The group is willing to help in almost any emergency situation, said the group's communications officer M/Sgt. Gordon E. Lenke, the other day when he stopped in at the Independent-Journal.

He proved it shortly afterward by rescuing a family from an irritating and embarrassing predicament. Its car keys were locked in the family car outside the I-J.

The citizen's band radio outfit doesn't normally concern itself with such occurrences, but the incident does indicate the goal of the group: It helps people in distress.

Lenke said members of the club have been credited with saving seven lives since the group was formed in Feruary, 1969.

Should a member come upon a crisis situation, according to Lenke, he would radio a monitoring unit in a member's home and stop to render assistance.

The monitor then would call the appropriate agencies — the California Highway Patrol and an ambulance in the case of a serious highway accident, Lenke said.

In one such case March 18, member Frank J. Paquette Jr. of Novato pulled the body of the driver from a burning car at highways 101 and 37 while a member monitoring at home called the highway patrol, the fire department and an ambulance, Lenke said.

"The man might have died otherwise," he said.

Although the 5 Wotters spend much of their time roaming the county in vehicles equipped with five-watt two-way transceivers, most of them live in the Novato-Hamilton Air Force Base area.

When they are not out looking for trouble, the approximately 20 members listen on monitors at home, according to Lenke.

Mobile units carry first aid kits, flares, fire extinguishers, axes, shovels, blankets, ropes, jump cables and other emergency equipment, Lenke and president Donald A. Dardie said.

The emergency broadcasts of the group are by no means confined to the highways. Members of the group have radio-equipped trail bikes and four wheel drive vehicles to reach remote areas, member Richard W. Bretner said.

A small airplane and boats are also available to the group, according to Lenke.

He said two lives have been saved by members in boats. In San Pablo Bay a fisherman was hauled from the water and given mouth-to-mouth resuscitation. A man in an overturned sailboat in San Francisco Bay who was floundering without a lifejacket was rescued by another member, Lenke said.

The group meets monthly on the second Wednesday in the home of one member or another to discuss ways of improving its system, Lenke said. Anyone interested in joining should write Box 204, Novato, 94947, he said.

Lenke said the group could now respond to almost any emergency within 150 miles of Novato.

"We're always open for an emergency call from any town that needs assistance," he said.

Members of the club went to Santa Rosa after the earthquake last October to help and is ready to set up local communication if a major tremor knocks out regular communications, he said.

The long-range communications would be left to the ham operators, he said. Since Federal Communications Commission regulations prohibit citizen banders from using more than a five-watt radio with range of more than 150 miles. A license is required, but it is not as technical as a ham license.

"Ham stations are normally set up in the home; they cannot be made mobile. They're more technical," Bretner said in explaining the difference.

Although most of the group's activities center around hunting for lost boys and watching traffic for accidents and law breakers, they are occassionally called in on other crises.

They supplied communications between Hamilton and a salvage boat when an F-4 Phantom jet went down in San Pablo Bay Jan. 12, Lenke said.

Bretner said a representative of the county sheriff's department will attend a meeting soon to discuss cooperation between the two organizations.

The group is not hurting for good deeds to do though. "We've reported fires, accidents, speeders, drunk drivers. We average about three calls a night," Lenke said.

Other groups throughout the country are analogous, Lenke said. He estimated there are about 350,000 citizen's band operators in the United States, many banded together in similar groups. There is one in San Rafael, according to Lenke.

An elderly couple which floated in their car in a salt pond for 35 minutes after running off Highway 37 before a 5 Wotter noticed them and radioed for help must be glad the group exists.

Those vehicles with the long antennas and the citizen's band numbers on the bumpers should be as welcome to other accident victims as the Highway Patrol.

Nixon Names Labor Aide For Promotion

WASHINGTON (UPI) — President Nixon today named Laurence H. Silberman as undersecretary of labor.

win seats was Winston S. Churchill, a grandson of the late Sir Winston. The 29-year-old author and journalist won the Labor-held seat in Stretford, a working class constituency outside Manchester.

In the belief of British politicians, commentators and of Wilson himself, a housewives' revolt against rising prices was the only plausible explanation of Labor's defeat, or at least a major factor in it.

More than 1.5 million British teen-agers voted for the first time in this election but it still was not clear how they had cast their ballots or whether they tipped the scales in Heath's favor.

Polls taken of teen-agers before the election appeared to indicate that in general they probably would vote more or less along the same lines as their parents.

Later it was announced Queen Elizabeth was hurrying back to London from Ascot race course and would receive Wilson at 6:30 p.m. (1:30 p.m. EDT) to accept his resignation.

Heath was expected to be summoned soon afterwards to the palace to be named prime minister.

Soviet space scientists proclaimed the mission a success in this respect two days ago, stating in numerous commentaries distributed by Soviet news media that Nikolayev and Sevastianov had adapted well to space conditions after three days. They never showed any signs of the fluttering pulses, loss of bone calcium and muscle weakening other spacemen have experienced, according to the steady progress reports on the mission.

Sun Innocent Of Hurting Growth

ITHACA, N.Y. (UPI)—A Cornell University professor has discovered that it isn't the sweltering sun that keeps farmers in tropical lands from growing vegetables commonly found in northern countries.

It's the oven-like temperatures below ground that destroy the roots, says Prof. Peter L. Steponkus, who made his theory known at an international horticultural congress in Tel Aviv. He contends that proper irrigation would allow tropical countries to grow such northern vegetables as peas, broccoli, lettuce and cabbage.

Hearings Set On Sonoma County Funds

I-J Special Report

SANTA ROSA — The Sonoma County Board of Supervisors will hold public hearings on the proposed $52 million 1970-71 budget Wednesday and Thursday at 9 a.m.

County Administrator David L. Nichols said he adopted a conservative approach to the budget, but that the increase over this year's budget would be nearly $7 million.

Nichols said he slashed more than $3 million in departmental requests from the budget which estimates total expenditures at $51,934,538. The 1969-70 budget is $45,147,252.

In Nichols's departmental reductions, the number of new employee positions requested was dropped from 233 to 114.

Nichols said one of the main causes for the large increase is the increasing habit of the state to shift the financial burden of state-mandated programs to the county.

As an example, he said welfare costs for 1970-71 will total $3,190,217 or nearly 7 per cent of the total budget. Nichols said that the national inflationary trend was part of the problem as well as salary increases for county employees.

Churches Council Overhaul Eyed

WASHINGTON (UPI) — Leaders of 33 Protestant and Orthodox denominations meet here this weekend to consider how the gravely-ailing National Council of Churches (NCC) may be replaced or resuscitated.

Four alternative proposals for drastic overhaul of the nation's largest ecumenical organization will be discussed by 250 denominational representatives who constitute the NCC's policymaking General Board.

A final decision on the fate of the controversial council probably will be postponed until the General Board's fall meeting at Phoenix, Ariz., Sept. 11 and 12. But the talks here, continuing through Saturday and Sunday, may show the general direction the NCC is apt to go.

Mother Takes Blame For Baby's Injuries

The teen-age mother of a 5-month-old baby who died in a small, cold tent on Mount Tamalpais in April testified yesterday that it was she, not her husband, who had abused the child.

Taking the stand in the trial in which the husband, Dean Allen Lampiris, 20, is charged with child abuse, was Debra Lampiris, 17. Mrs. Lampiris, who is awaiting trial in juvenile court, testified against the advice of her attorney.

Weeping at times, the young mother said that once she had kicked her tiny son, Christopher Dean, when he was lying on the floor crying. She also described how on another occasion she had squeezed him as hard as she could when he wouldn't stop crying.

The night before the baby was found dead, she said, she had reached out and put her hand on his face when he cried in the dark tent.

Earlier in the trial in the Marin Superior Courtroom of Judge Samuel W. Gardiner, doctors had testified that the child, who had bruises and scrapes on his body as well as seven broken ribs, did not die as a result of these injuries.

Instead, his death was attributed to "sudden death syndrome," an unknown cause of death which strikes infants found dead in their cribs.

Mrs. Lampiris had found the child dead in his makeshift bed atop a sheepskin jacket in the tent in which the couple, child and two young men were camping. The Lampiris couple had been living on welfare in San Francisco since coming to California from Wisconsin early this year.

Lampiris has been held in Marin County Jail since the baby's death on April 14 and his wife has been in Juvenile Hall.

The husband's case was to go to the jury today.

Study Voted Of Tiburon Trails Plan

The Tiburon Parks and Recreation Commission last night called for a committee to examine the second phase of the county's Tiburon Trails plan, according to Asst. City Mgr. Robert L. Kleinert.

The committee would consist of members of the commission, the city council and the planning commission and would review the plan and report to the full council, which then would make a formal recommendation to the county.

The plan calls for development of a comprehensive system of foot, bicycle and equestrian paths on the Tiburon Peninsula.

The commission also heard a report that 10 youths had been hired for the city's summer work program out of 28 applicants.

The meeting was adjourned to June 29 at 8 p.m. at city hall for a joint meeting with the city council.

More Road Deaths

TORONTO (UPI) — Road deaths in Ontario increased 6.1 per cent in 1969 to a total of 1,683, Transport Minister Irwin Haskett reported to the legislature. However, he said, the Ontario death rate per 100 million vehicle-miles remained the same — 5.9, compared with 7.6 for the rest of Canada.

Ex-Marin Aide Pleads Guilty To Drug Count

I- J Special Report

SAN FRANCISCO — Michael R. James, former coordinator of Marin's New Careers program, changed his plea yesterday in San Francisco Superior Court from innocent to guilty of possession of heroin.

Sentencing was set for July 20 by Judge Robert J. Drewes.

James, 28, who has a prison record, was fired from his New Careers post following his December arrest. He was coordinator only two months.

James was arrested in San Francisco's Fillmore District by officers who said James had several small balloons containing heroin in his possession.

Toronto Is Winner Over Pollution

TORONTO (UPI)—Pollution control and new sewers have cleaned the water off Toronto's West End beaches to such a degree that, for the first time in 10 years, signs warning swimmers away will not have to be put up this summer.

In the last five years the city has spent 154 million on sewer reconstruction. Pollution controls also have been in force on the Humber River.

Hearings Set On Sonoma County Funds

I-J Special Report

SANTA ROSA — The Sonoma County Board of Supervisors will hold public hearings on the proposed $52 million 1970-71 budget Wednesday and Thursday at 9 a.m.

County Administrator David L. Nichols said he adopted a conservative approach to the budget, but that the increase over this year's budget would be nearly $7 million.

Nichols said he slashed more than $3 million in departmental requests from the budget which estimates total expenditures at $51,934,538. The 1969-70 budget is $45,147,252.

In Nichols's departmental reductions, the number of new employee positions requested was dropped from 233 to 114.

Nichols said one of the main causes for the large increase is the increasing habit of the state to shift the financial burden of state-mandated programs to the county.

As an example, he said welfare costs for 1970-71 will total $3,190,217 or nearly 7 per cent of the total budget. Nichols said that the national inflationary trend was part of the problem as well as salary increases for county employees.

Churches Council Overhaul Eyed

WASHINGTON (UPI) — Leaders of 33 Protestant and Orthodox denominations meet here this weekend to consider how the gravely-ailing National Council of Churches (NCC) may be replaced or resuscitated.

Four alternative proposals for drastic overhaul of the nation's largest ecumenical organization will be discussed by 250 denominational representatives who constitute the NCC's policymaking General Board.

A final decision on the fate of the controversial council probably will be postponed until the General Board's fall meeting at Phoenix, Ariz., Sept. 11 and 12. But the talks here, continuing through Saturday and Sunday, may show the general direction the NCC is apt to go.

Mother Takes Blame For Baby's Injuries

The teen-age mother of a 5-month-old baby who died in a small, cold tent on Mount Tamalpais in April testified yesterday that it was she, not her husband, who had abused the child.

Taking the stand in the trial in which the husband, Dean Allen Lampiris, 20, is charged with child abuse, was Debra Lampiris, 17. Mrs. Lampiris, who is awaiting trial in juvenile court, testified against the advice of her attorney.

Weeping at times, the young mother said that once she had kicked her tiny son, Christopher Dean, when he was lying on the floor crying. She also described how on another occasion she had squeezed him as hard as she could when he wouldn't stop crying.

The night before the baby was found dead, she said, she had reached out and put her hand on his face when he cried in the dark tent.

Earlier in the trial in the Marin Superior Courtroom of Judge Samuel W. Gardiner, doctors had testified that the child, who had bruises and scrapes on his body as well as seven broken ribs, did not die as a result of these injuries.

Instead, his death was attributed to "sudden death syndrome," an unknown cause of death which strikes infants found dead in their cribs.

Mrs. Lampiris had found the child dead in his makeshift bed atop a sheepskin jacket in the tent in which the couple, child and two young men were camping. The Lampiris couple had been living on welfare in San Francisco since coming to California from Wisconsin early this year.

Lampiris has been held in Marin County Jail since the baby's death on April 14 and his wife has been in Juvenile Hall.

The husband's case was to go to the jury today.

Study Voted Of Tiburon Trails Plan

The Tiburon Parks and Recreation Commission last night called for a committee to examine the second phase of the county's Tiburon Trails plan, according to Asst. City Mgr. Robert L. Kleinert.

The committee would consist of members of the commission, the city council and the planning commission and would review the plan and report to the full council, which then would make a formal recommendation to the county.

The plan calls for development of a comprehensive system of foot, bicycle and equestrian paths on the Tiburon Peninsula.

The commission also heard a report that 10 youths had been hired for the city's summer work program out of 28 applicants.

The meeting was adjourned to June 29 at 8 p.m. at city hall for a joint meeting with the city council.

More Road Deaths

TORONTO (UPI) — Road deaths in Ontario increased 6.1 per cent in 1969 to a total of 1,683, Transport Minister Irwin Haskett reported to the legislature. However, he said, the Ontario death rate per 100 million vehicle-miles remained the same — 5.9, compared with 7.6 for the rest of Canada.

Ex-Marin Aide Pleads Guilty To Drug Count

I- J Special Report

SAN FRANCISCO — Michael R. James, former coordinator of Marin's New Careers program, changed his plea yesterday in San Francisco Superior Court from innocent to guilty of possession of heroin.

Sentencing was set for July 20 by Judge Robert J. Drewes.

James, 28, who has a prison record, was fired from his New Careers post following his December arrest. He was coordinator only two months.

James was arrested in San Francisco's Fillmore District by officers who said James had several small balloons containing heroin in his possession.

Toronto Is Winner Over Pollution

TORONTO (UPI)—Pollution control and new sewers have cleaned the water off Toronto's West End beaches to such a degree that, for the first time in 10 years, signs warning swimmers away will not have to be put up this summer.

In the last five years the city has spent 154 million on sewer reconstruction. Pollution controls also have been in force on the Humber River.

ABAG Backs Funding For Sewer Projects

I-J Special Report

BERKELEY — Applications for $821,500 in federal grants to build joint sewer facilities in Bolinas and Stinson Beach last night were endorsed by the Association of Bay Area Governments executive committee.

The committee also recommended that the federal government boost the grant amount by $39,050 because of the high priority of the work. The two communities long have been under strong pressure from regional water pollution officials to build a joint system.

Bolinas Community Public Utility District is the only discharger in the Bay Area still dumping raw sewage. Stinson Beach is on septic tanks.

The total cost of the joint system will be $3,338,900, according to the applications.

The federal government requires grant applications to be cleared by ABAG before considering them on the federal level.

Also endorsed were grant applications from the cities of Petaluma and Cotati. Petaluma is seeking an undetermined amount to make a traffic study required to become eligible for construction grants.

Cotati is seeking a $24,500 grant toward a $156,300 project to connect its sewer system to Rohnert Park's treatment plant.

Planner Quits With Hint Of Staff Unrest

I-J Special Report

BERKELEY — The Association of Bay Area Governments' top planner resigned last night with a cryptic criticism of "working conditions at the staff level in the association."

James H. Hickey, resigning after six years, noted in his letter that he was among more than 20 persons who have left ABAG in the last 19 months.

J. Julien Baget, former Novato city manager, has been ABAG's executive director for the past 20 months.

Hickey said he hoped he would be close to the last to quit, "as such a constant turnover in staff personnel is conducive neither to high morale nor to work output."

Hickey also said he was leaving because he wanted to "get back into the job of actually implementing planning and plans."

The executive committee accepted his resignation, effective Aug. 15.

Nader's Raiders Announce Probes

WASHINGTON (UPI) — Consumer advocate Ralph Nader says his young student "raiders" will investigate four federal government agencies this summer.

About 170 of the student volunteers will take part in the investigations which will also include such issues as the quality of hospital care, supermarket pricing and labeling, and "the corporate responsibility" of the Dupont Co. "as it relates specifically to the state and people of Delaware."

The government targets are the antitrust division of the Justice Department, the Bureau of Reclamation of the Interior Department, the U.S. Forest Service and the National Institute of Mental Health.

Rohnert Park Traffic Link Plan Voted

I-J Special Report

SANTA ROSA — The Sonoma County Planning Commission yesterday approved plans for extension of the Rohnert Park Expressway in the county trafficways plan.

The Rohnert Park City Council had asked that the long-range county plan show the expressway extending from Stony Point Road to Llano Road.

The commission said it had reservations about flood control and sewage problems and said they must be solved before any extension plans are carried out.

The commission set a public hearing for July 2 on the request by Berdena Johnson to rezone 8.6 acres at 6081 Old Redwood Highway, Penngrove, from agricultural to single mobile home.

Commissioner Robert S. Lipman of Petaluma was elected chairman for 1970-71 and will take office July 1 succeeding Dell E. Bevan of Santa Rosa.

Kentfield Fire Budget Adopted

The Kentfield Fire District Board last night adopted a 1970-71 budget of $221,196, a drop of $1,938 from this year's budget. The decrease was possible because payments are completed on the new main fire station, Chief Kenneth T. Kamp reported.

The budget includes a 6 per cent pay increase bringing the total salary cost to $123,696, up $10,812 from last year. Major capital items include $20,000 toward a new pumper truck, $8,000 for other equipment and hose, and $5,000 for hydrants and mains.

The board's next meeting will be at 8 p.m. July 8 at the main fire station.

Novatan Guilty Of Gun Charge

A 32-year-old Novato man has pleaded guilty in West Marin Justice Court to shooting a gun on a state highway.

Wayne S. Morris of 60 San Gregoria Court was given a 90-day suspended sentence, fined $125, and placed on three-year probation Wednesday.

He was also ordered to surrender his .22 caliber revolver to the sheriff's office.

Sheriff's deputies arrested Morris May 31 for shooting at road signs on Highway 1 near Point Reyes Station.

Old Adobe Board Votes Teachers, Staff Raises

The Old Adobe School District board in Petaluma last night tentatively approved a 5 per cent salary increase for teachers and 6 per cent for classified employees.

District Supt. Dean D. Magowan said the salary recommendation had been agreed upon in negotiation with teachers, but no official action is possible until a budget has been considered and the district is assured money will be available.

Magowan estimated that the increase for teachers would cost the district an additional $35,000, but had no estimate for the classified employee raises.

In addition to the salary increase, the board tentatively agreed to provide dental care benefits for all employees.

Magowan said negotiation is continuing on salary increases for school administrators.

Old Adobe School District Board Also:

ELECTION — Signed papers setting an election for Sept. 15 on increasing maximum interest rates on $875,000 in outstanding bonds from 5 to 7 per cent and raising the maximum tax rate from the present $1.90 per $100 assessed valuation to $2.40. Magowan said the district must have more money available from the local level since it is not receiving adequate state support.

BUILDING PLANS — Heard Magowan report that he had met with John Wynn of the state Department of Schoolhouse Planning, on the need to build the Miwok Valley school on St. Francis Drive in one step rather than the state-recommended three steps. He said the large growth rate of the district makes it necessary to construct the entire school at the outset.

KINDERGARTENERS — Denied a request to allow seven students in the rural Waugh School District to attend kindergarten in the Old Adobe District. The board said it may not have enough space for students living in the district and must serve them first.

LEAVE — Granted a one-year leave of absence to Dorothy Wood, a kindergarten teacher, for health reasons.

Marijuana-Gene Study Is Funded

WASHINGTON (UPI) — The Justice Department has announced it is awarding the University of Texas an $88,657 grant to find out whether chronic use of marijuana produces genetic changes.

The grant, made by the research arm of the Law Enforcement Assistance Administration (LEAA), was the first ever given by the Justice Department to study the effects of the drug.

The Texas study will also try to determine how marijuana interacts with alcohol and such drugs as amphetamines and LSD.

Span Widening Set

Big Lagoon Bridge on Shoreline Highway approximately 6.5 miles south of Stinson Beach will be widened soon, following allocation yesterday of $38,000 by the California Highway Commission for the project, the state Department of Public Works has announced.

Assault Charge Denied In Novato Family Dispute

Stephen Orlando Marez, 30, of San Francisco, pleaded innocent yesterday in Marin Municipal Court to a charge of feloniously assaulting his estranged wife last year in Novato.

A preliminary hearing was set for next Thrusday.

Marez was arrested Wednesday in Novato on a warrant that had been outstanding for about a year. It charges him with giving his wife such a severe beating and kicking at a party in Novato on May 25, 1969, that she was hospitalized for two weeks.

It was reported in court yesterday that Mrs. Marez did not wish the case prosecuted, but the district attorney's office refused to dismiss the charge.

ABAG Backs Funding For Sewer Projects

I-J Special Report

BERKELEY — Applications for $821,500 in federal grants to build joint sewer facilities in Bolinas and Stinson Beach last night were endorsed by the Association of Bay Area Governments executive committee.

The committee also recommended that the federal government boost the grant amount by $39,050 because of the high priority of the work. The two communities long have been under strong pressure from regional water pollution officials to build a joint system.

Bolinas Community Public Utility District is the only discharger in the Bay Area still dumping raw sewage. Stinson Beach is on septic tanks.

The total cost of the joint system will be $3,338,900, according to the applications.

The federal government requires grant applications to be cleared by ABAG before considering them on the federal level. el.

Also endorsed were grant applications from the cities of Petaluma and Cotati. Petaluma is seeking an undetermined amount to make a traffic study required to become eligible for construction grants.

Cotati is seeking a $24,500 grant toward a $156,300 project to connect its sewer system to Rohnert Park's treatment plant.

Old Adobe Board Votes Teachers, Staff Raises

The Old Adobe School District board in Petaluma last night tentatively approved a 5 per cent salary increase for teachers and 6 per cent for classified employees.

District Supt. Dean D. Magowan said the salary recommendation had been agreed upon in negotiation with teachers, but no official action is possible until a budget has been considered and the district is assured money will be available.

Magowan estimated that the increase for teachers would cost the district an additional $35,000, but had no estimate for the classified employee raises.

In addition to the salary increase, the board tentatively agreed to provide dental care benefits for all employees.

Magowan said negotiation is continuing on salary increases for school administrators.

Old Adobe School District Board Also:

ELECTION — Signed papers setting an election for Sept. 15 on increasing maximum interest rates on $875,000 in outstanding bonds from 5 to 7 per cent and raising the maximum tax rate from the present $1.90 per $100 assessed valuation to $2.40. Magowan said the district must have more money available from the local level since it is not receiving adequate state support.

BUILDING PLANS — Heard Magowan report that he had met with John Wynn of the state Department of Schoolhouse Planning, on the need to build the Miwok Valley school on St. Francis Drive in one step rather than the state-recommended three steps. He said the large growth rate of the district makes it necessary to construct the entire school at the outset.

KINDERGARTENERS — Denied a request to allow seven students in the rural Waugh School District to attend kindergarten in the Old Adobe District. The board said it may not have enough space for students living in the district and must serve them first.

LEAVE — Granted a one-year leave of absence to Dorothy Wood, a kindergarten teacher, for health reasons.

Marijuana-Gene Study Is Funded

WASHINGTON (UPI) — The Justice Department has announced it is awarding the University of Texas an $88,657 grant to find out whether chronic use of marijuana produces genetic changes.

The grant, made by the research arm of the Law Enforcement Assistance Administration (LEAA), was the first ever given by the Justice Department to study the effects of the drug.

The Texas study will also try to determine how marijuana interacts with alcohol and such drugs as amphetamines and LSD.

Span Widening Set

Big Lagoon Bridge on Shoreline Highway approximately 6.5 miles south of Stinson Beach will be widened soon, following allocation yesterday of $38,000 by the California Highway Commission for the project, the state Department of Public Works has announced.

Assault Charge Denied In Novato Family Dispute

Stephen Orlando Marez, 30, of San Francisco, pleaded innocent yesterday in Marin Municipal Court to a charge of feloniously assaulting his estranged wife last year in Novato.

A preliminary hearing was set for next Thrusday.

Marez was arrested Wednesday in Novato on a warrant that had been outstanding for about a year. It charges him with giving his wife such a severe beating and kicking at a party in Novato on May 25, 1969, that she was hospitalized for two weeks.

It was reported in court yesterday that Mrs. Marez did not wish the case prosecuted, but the district attorney's office refused to dismiss the charge.

Planner Quits With Hint Of Staff Unrest

I-J Special Report

BERKELEY — The Association of Bay Area Governments' top planner resigned last night with a cryptic criticism of "working conditions at the staff level in the association."

James H. Hickey, resigning after six years, noted in his letter that he was among more than 20 persons who have left ABAG in the last 19 months.

J. Julien Baget, former Novato city manager, has been ABAG's executive director for the past 20 months.

Hickey said he hoped he would be close to the last to quit, "as such a constant turnover in staff personnel is conducive neither to high morale nor to work output."

Hickey also said he was leaving because he wanted to "get back into the job of actually implementing planning and plans."

The executive committee accepted his resignation, effective Aug. 15.

Nader's Raiders Announce Probes

WASHINGTON (UPI) — Consumer advocate Ralph Nader says his young student "raiders" will investigate four federal government agencies this summer.

About 170 of the student volunteers will take part in the investigations which will also include such issues as the quality of hospital care, supermarket pricing and labeling, and "the corporate responsibility" of the Dupont Co. "as it relates specifically to the state and people of Delaware."

The government targets are the antitrust division of the Justice Department, the Bureau of Reclamation of the Interior Department, the U.S. Forest Service and the National Institute of Mental Health.

Rohnert Park Traffic Link Plan Voted

I-J Special Report

SANTA ROSA — The Sonoma County Planning Commission yesterday approved plans for extension of the Rohnert Park Expressway in the county trafficways plan.

The Rohnert Park City Council had asked that the long-range county plan show the expressway extending from Stony Point Road to Llano Road.

The commission said it had reservations about flood control and sewage problems and said they must be solved before any extension plans are carried out.

The commission set a public hearing for July 2 on the request by Berdena Johnson to rezone 8.6 acres at 6081 Old Redwood Highway, Penngrove, from agricultural to single mobile home.

Commissioner Robert S. Lipman of Petaluma was elected chairman for 1970-71 and will take office July 1 succeeding Dell E. Bevan of Santa Rosa.

Kentfield Fire Budget Adopted

The Kentfield Fire District Board last night adopted a 1970-71 budget of $221,196, a drop of $1,938 from this year's budget. The decrease was possible because payments are completed on the new main fire station, Chief Kenneth T. Kamp reported.

The budget includes a 6 per cent pay increase bringing the total salary cost to $123,696, up $10,812 from last year. Major capital items include $20,000 toward a new pumper truck, $8,000 for other equipment and hose, and $5,000 for hydrants and mains.

The board's next meeting will be at 8 p.m. July 8 at the main fire station.

Novatan Guilty Of Gun Charge

Wayne S. Morris of 60 San Gregoria Court was gievn a 90-day suspended sentence, fined $125, and placed on three-year probation Wednesday.

He was also ordered to surrender his .22 caliber revolver to the sheriff's office.

Sheriff's deputies arrested Morris May 31 for shooting at road signs on Highway 1 near Point Reyes Station.

SEOUL BATTLE SCENE — U.S. Marines cover a North Korean soldier, crawling from a foxhole with his uniform afire, in the streets of South Korea's capital in September 1950, as allied troops retook the city the first time.

20 Years Ago Next Week, War Shattered Asia's Peace

By JAMES KIM

SEOUL (UPI)—Twenty years ago, on June 25, 1950, the uneasy peace of the post-war world was shattered when North Korean troops invaded South Korea.

It was the Cold War turned hot, and the first major confrontation in Asia between the United States and militant communism, whose lessons would be felt later in the Vietnam War.

Ten divisions of the North Korean army, backed by 500 Russian-built tanks and 2,000 artillery pieces, easily overran South Korean outposts along the border in a massive onslaught.

The 100,000-strong South Korean army, originally designed by the United States as a constabularly force and equipped with only small arms, was no match for the invaders. Most of the South Korean defenses along the 38th Parallel border were smashed by the pre-dawn attack. Communist forces captured the South Korean capital of Seoul in four days and continued their drive south.

When Korea was liberated from Japanese rule at the end of World War II, the country was divided into two parts, the Russians occupying the north and the United States the south.

The attack on South Korea was a prime example of the massive amount of arms and training the Russians were providing their Communist satellites and it was obvious at the start that the South Koreans wouldn't be able to stop it without aid from the outside.

Immediately after the invasion the U.N. Security Council met and asked North Korea to pull back its troops. The North Koreans ignored the demand.

On June 27, the Security Council met again and adopted a resolution calling on U.N. member nations to help South Korea. The United States was named as the executive agent to carry out the U.N. effort.

Three days later U.S. President Harry S Truman ordered Gen. Douglas MacArthur, in Tokyo, to use American ground forces to help repel the invaders in South Korea. MacArthur subsequently became commander of all U.N. forces in Korea.

U.S. troops were rushed from Japan but the numerically superior invaders pushed on ahead and by July 31, American and South Korean defenders were cornered into a 60-mile-wide defense perimeter around the southern port of Pusan.

The defending force held on to this position, foiling repeated Communist attempts to push them into the sea and end the war. In the meantime, U.S troops were arriving in force.

The war entered a second phase on Sept. 15 when U.S. and South Korean troops landed 150 miles behind enemy lines at Inchon, 25 miles west of Seoul, in a bold attempt to turn the tide of the conflict.

Men of the U.S. 1st Marine Division, 7th Infantry Division and the Korean marines recaptured Seoul on Sept. 28, 13 days after the Inchon landing. Meanwhile, American and South Korean troops broke the Pusan perimeter.

The North Korean advance already suffering from overextended supply lines and lack of air cover, crumbled rapidly on all fronts. Allied forces crossed the pre-war border and captured the North Korean capital of Pyongyang by Oct. 21.

The 400,000-strong U.N. force, including 177,000 American, 200,000 South Korean troops and units from other U.N. member nations, swept through North Korea and reached the Korea-Manchuria border by late November.

The tide of the war turned again on Nov. 25 when 600,000 Communist Chinese "volunteers" came swarming across the Yalu River between Manchuria and North Korea.

The U.N. forces were thrown back in an all-out retreat and the Communists captured Seoul again on Jan. 4, 1951. The invaders were stopped south of Seoul and pushed back to north of the city.

The war became stalemated along the 38th Parallel, the old border. On June 23, 1951, Russia's U.N. delegate Jacob Malik proposed peace negotiations to end the conflict.

After two years of off-and-on truce talks accompanied by continuing jockeying for positions on battle fronts, an armistice was finally signed on July 27, 1953, and shooting ceased at 10 p.m. the next day.

Three days later U.S. President Harry S Truman ordered Gen. Douglas MacArthur, in Tokyo, to use American ground forces to help repel the invaders in South Korea. MacArthur subsequently became commander of all U.N. forces in Korea.

U.S. troops were rushed from Japan but the numerically superior invaders pushed on ahead and by July 31, American and South Korean defenders were cornered into a 60-mile-wide defense perimeter around the southern port of Pusan.

The defending force held on to this position, foiling repeated Communist attempts to push them into the sea and end the war. In the meantime, U.S troops were arriving in force.

The war entered a second phase on Sept. 15 when U.S. and South Korean troops landed 150 miles behind enemy lines at Inchon, 25 miles west of Seoul, in a bold attempt to turn the tide of the conflict.

Men of the U.S. 1st Marine Division, 7th Infantry Division and the Korean marines recaptured Seoul on Sept. 28, 13 days after the Inchon landing. Meanwhile, American and South Korean troops broke the Pusan perimeter.

The North Korean advance already suffering from overextended supply lines and lack of air cover, crumbled rapidly on all fronts. Allied forces crossed the pre-war border and captured the North Korean capital of Pyongyang by Oct. 21.

The 400,000-strong U.N. force, including 177,000 American, 200,000 South Korean troops and units from other U.N. member nations, swept through North Korea and reached the Korea-Manchuria border by late November.

The tide of the war turned again on Nov. 25 when 600,000 Communist Chinese "volunteers" came swarming across the Yalu River between Manchuria and North Korea.

The U.N. forces were thrown back in an all-out retreat and the Communists captured Seoul again on Jan. 4, 1951. The invaders were stopped south of Seoul and pushed back to north of the city.

The war became stalemated along the 38th Parallel, the old border. On June 23, 1951, Russia's U.N. delegate Jacob Malik proposed peace negotiations to end the conflict.

After two years of off-and-on truce talks accompanied by continuing jockeying for positions on battle fronts, an armistice was finally signed on July 27, 1953, and shooting ceased at 10 p.m. the next day.

Budget Hampered By Delay On Pay

Hamstrung by its decision Wednesday not to discuss salary items until next week, the Mill Valley City Council last night was forced to hopscotch piecemeal from department to department in an attempt to trim down the city's proposed record budget of $2,002,703.

After nearly four hours of hopping helter-skelter in a manner which left several of the councilmen admittedly confused on several occasions, the council gave up after lopping only $550 off the proposed budget which, if approved as is, would hike the city's tax rate from $2.42 to the legal limit of $3.11 per $100 assessed valuation.

The council chopped $500 earmarked for the city's promotional use and cut $50 from $4,350 to be divided among civic groups.

Because the city's negotiating team — namely City Mgr. William H. Cunningham — had not yet completed negotiations with city employees on salaries, the council was unable to adopt final budgets for any city department. Instead the council leapfrogged from department to department dealing with their material, supplies and services requests.

Attempts to cut several of these itmes were thwarted at almost every turn by Cunningham when he explained that most of the costs in these areas were fixed by commitments of previous councils or by the levels of city service.

The council allocated $3,500 to the chamber of commerce, $300 to the junior chamber of commerce, $300 to the art commission and $200 to the youth commission.

Though the council eliminated $800 for the Fall Arts Festival, it then granted more money to the chambers than Cunningham had recommended, leaving the budget only $50 less than proposed.

The council almost eliminated $13,000 budgeted for feasibility studies for its proposed harbor development, but changed its mind because so much city money is already tied up in the project.

"If we ever plan to get that money back by having a harbor, then we must leave this planning money in so the project can someday go ahead," councilman Robert H. Andresen said.

The council went into closed session about 11 p.m. to discuss salary negotiations. The council will meet again in budget session at 7:30 p.m. Monday in the Mill Valley library rather than city hall.

Marin College Signups Open

Summer school enrollment at College of Marin has lagged and students may enroll during the first class sessions which start Monday.

Most classes had spaces open after the June 12 registration deadline. Classes will be held Monday through Thursday in the six-week session, both day and evening classes.

Classes with space available include history, data processing, business, counseling, mathematics appreciation, psychology, biology, graphics, most art classes, economics, English, French, geography, geology, music, philosophy, political science, physics and sociology.

223 Photos Chosen For Bay Area Salon

Two hundred and twenty-three photographs have been selected for showing at the Bay Area Salon of Photography, sponsored by the Ross Valley Camera Club at the 25th annual Marin Art and Garden Fair in Ross, July 1-5.

David Manchester of San Rafael won a trophy for his color slide "Cool Spider" and Dr. Robert Clarke of San Rafael a trophy for his salon print "Too Hot to Sit Down," in the judging of 643 entries.

Engineer Corps Awards 8 Pins

Eight Marin residents have been honored with 20 and 30-year pins this week during which the Army Corps of Engineers in San Francisco is celebrating its 195th birthday, the corps has announced.

Honored today with a 30-year-service pin was Joseph C. Collins of San Rafael. Receiving twenty-year pins were: Jack Aaron of Mill Valley, Doyle and Flora Carroll of Novato, John E. Melgord of Fairfax, Patrick J. Mulcahy of Larkspur and Charles W. Werlin of Sausalito.

Joseph B. Trolier of Mill Valley was presented his twenty-year pin on Tuesday.

Refugees In India

NEW DELHI (AP) — There are approximately 56,000 Tibetan refugees in India, Sikkim and Bhutan, according to an official report. Of these, 23,000 have been settled on land or have gotton jobs in handicraft centers and small scale industries.

Dedication, 'Barnwarming' For Morgan Horse Farm

Dedication and "barnwarming" ceremonies of the Point Reyes National Seashore Mrgan Horse Farm will be held June 27 beginning at 10:30 a.m. at the headquarters on Beaver Valley Road, the Department of the Interior has announced.

Among those officiating will be Vermont Gov. Deane Davis, who is also president of National Morgan Horse Club, and Harthon L. Bill, deputy director of the National Park Service.

The events will honor the versatile Morgan breed, the first to be developed in the U.S., nearly 200 years ago in Vermont.

The park plans to use the horses as mounts for rangers to patrol the area and to create an exhibit of the breed.

An inscribed redwood monument, crafted from a driftwood log by Jim Loree of Redwood City will be presented as a permanent site marker of the farm.

Horses Finished?

HELSINKI (UPI) — Horses are decreasing in Finland. The number of horses in the country at the end of 1969 was 104,000, a drop of 13,000 from the previous year.

Cleric Too Much Like Desperado

BULAWAYO, Rhodesia (AP) — Australian clergyman Frederic Thomas Wright, 44, was held for five hours here by police who thought he was Great Train Robber Ronald Biggs. Wright, 6-foot-1, is the same height as Biggs and has other similar characteristics, even to a scar on the left wrist.

"I thought at first it was a joke but when the questions started I realized the whole thing was serious," Wright said. "I showed the police my passport but they said it could be a forgery. They asked me what seemed like thousands of questions which I answered to the best of my ability."

Eventually a fingerprint check cleared the clergyman, who comes from Palmwoods, Queensland. Police gave him his fingerprint chart as a souvenir and said he was a "dead ringer" for the train robber.

Corte Madera teen-agers will have a place of their own starting tomorrow night.

A youth center and drop-in house, bankrolled by $3,000 from the twon council, will open at 500 Tamalpais Avenue with entertainment by a live band.

Members of the town youth committee have been putting the center together since the council agreed to put up the money April 6.

The center is the former office of the Corte Madera Sanitary District. A squad of young people, most from Redwood High School, has spent weeks preparing the center, finishing last minute painting Wednesday.

The center will be open from 7 to 11 p.m. Wednesday, Friday and Saturday nights.

The programs are open to change, a committee member reported, but plans include guest speakers, bands, films, records and folk music. There will be one program a week at the outset, with the other evenings free for non-organized activities.

Airmen Plead Guilty To Reduced Counts On Drugs

Three servicemen from Hamilton Air Force Base pleaded guilty yesterday in Marin Municipal Court to reduced misdemeanor charges of possessing drugs.

John Curtis O'Neal, 21, and John Elvin King, both 21, admitted having LSD and Robert Keith Sem, also 21, pleaded guilty to having marijuana. The men had earlier been charged with felony counts of the same offenses.

All three were described in court by Deputy Dist. Atty. Peter Mitchell as having clean records according to state and FBI reports.

(King was convicted in December, 1968, by a court martial at Hamilton of the involuntary manslaughter of another enlisted man killed when a gun that King was twirling went off.)

Judge Peter Allen Smith referred the three men to the probation department and set sentencing for July 17.

They were arrested when police found them smoking in their car at the end of Malobar Lane in Novato on March 12.

Board Allows Hughes To Buy Harolds Club

CARSON CITY, Nev. (UPI)— Howard Hughes, who arrived in Nevada aboard a private railroad train in 1966 and hasn't been seen in public since, has become the state's largest gambling casino owner.

Hughes, a recluse who lives in a Las Vegas penthouse, won unanimous approval of the Nevada Gamning Commission Thursday for an $11.5 million deal that includes control of Harolds Club in Reno.

This is the first venture into northern Nevada by the mysterious billionaire. He previously had acquired control of six casinos in Las Vegas, as well as mining claims, ranches, real estate, a television station and an airport. His total investment in this state is about $250 million.

The deal gives him control of 15 per cent of the $550 million wagered legally each year in Nevada

Tax Take Hits $82.7 Billion

CHICAGO (AP) — State and local tax collections soared to a record high of $82.7 billion in 1969, says Commerce Clearing House.

Sales taxes, which comprise a third of all state tax collections, increased 14.4 per cent to $15.1 billion, up from $13.5 billion.

Property taxes, levied by most local governments, recorded a $33.5 billion collection, an increase of 9.5 per cent. Motor fuel taxes brought in $5.9 billion, up 8.8 per cent and motor vehicle and operators' license fees accounted for $2.9 billion, up 9.8 per cent.

Ban Lifted On Oil Lease Sale

WASHINGTON (UPI) —The Department of the Interior has decided to lift a ban on oil and gas lease sales in the Gulf of Mexico by permitting sale of 35 tracts July 21 off the coast of Louisiana.

Interior Secretary Walter J. Hickel suspended sales of leases in the Gulf following a fire on a Chevron Oil Co. offshore platform Feb. 10 below New Orleans.

One tract proposed for sale, however, was eliminated because it lies too close to federal wildlife refuges and white shrimp beds. The department cautioned that 19 of the salable tracts are within areas "intensively used by shrimp boats and other commercial fishing operators."

Park Project

SINGAPORE (UPI) — The Singapore government plans to construct an acquarium and marine park complex on reclaimed land at Bedok.

'Implied Warranty'

CHICAGO (AP) — Home builders and contractors, confronted already with rising costs and tight markets, now are finding they've got another problem —they may be held liable for damages for improperly built homes.

City-Rural Life Film Saturday

"The Magical Mystery Tour," a color and black and white film made by students at Stinson School in Stinson Beach, will be shown tomorrow at 8:30 p.m. in the Bolinas Community Center, according to William Niman, a teacher at the school.

Parts of the film, which compares life in the country with life in the city, had to be redone by the youngsters after the film was damaged in the arson fire at Stinson School in April.

Niman said three experimental films from the Canadian Film Board will also be shown.

4 Pct. Pay Boost Approved

Marin Junior College District trustees last night approved a 4 per cent hike in salary schedules for teachers, administrators and nonteaching staff.

They also left the door ajar for a further increase during the 1970-71 school year, if funds become available.

Trustees adopted a tentative budget of $5,286,627, down $207,238 from this year's budget, despite the 4 per cent pay hike.

Norman D. Bird, business manager, estimated that the tax rate would be 87 cents per $100 assessed valuation, down 6 cents from the current rate.

Faculty members who were seeking an 8 per cent hike in the pay scale to cover the increase in the cost of living went along with the 4 per cent, but Johnnie B. Pace, representing the nonteaching employees, balked.

Pace contended the amount requested was "an adjustment, not an increase."

Trustee Donald K. Felt said, "We have gone as far as we can."

Bird estimated the 4 per cent hike would cost an additional $135,600.

Trustees also approved a dental care plan for all employees, estimated to cost $45,000, which would be financed by an override tax and terminated if legislative action eliminated the override.

Robert McVey, of the faculty salary committee, asked that the board acknowledge its intent to review salaries at such time additional funds materialized. "We felt the 4 per cent would be in order in view of the budget," he said.

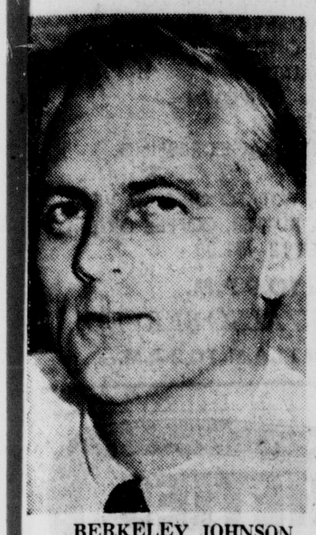
Supt.-President John A. Grasham recommended a 3 per cent hike in the salary schedules and Trustee Harry A. Moore suggested delaying a salary decision because three trustees were absent, Elizabeth M. Deedy, Theodore C. Wellman and Robert E. Oliver.

Trustee Charles W. Gray questioned the value of the dental plan, feeling the $45,000 involved could be used to better advantage.

McVey said if the dental plan didn't prove satisfactory, it could be dropped.

Finally, the board voted 4-0 for the 4 per cent hike and the dental plan.

District property taxes would raise $2,958,409, according to Bird.



BERKELEY JOHNSON
Promoted to dean

New Dean Is Named By Trustees

Berkeley Johnson, assistant dean of instruction, last night was appointed dean of instruction at the College of Marin at a salary of $20,990 a year.

Johnson will succeed Paul (Dutch) Clymer, teacher, coach and administrator at the campus during a 35-year span, who will retire Aug. 20.

There was applause from a small audience when Marin Junior College District trustees appointed Johnson to the post.

Johnson as an assistant dean has been in charge of the evening credit program, the summer session and the associate degree program at San Quentin Prison snce the fall of 1968.

He was a mathematics instructor at the College of Marin from 1957 until 1961 when he went to the University of California at Berkeley as supervisor of the junior college teach education program. He served one year as assistant director for the California Project of Research programs for training teachers of disadvantaged children.

Johnson also has taught at Contra Costa College, Chabot College and Richmond High School.

He received his bachelor's degree in civil engineering at Cornell University and his master's degree in engineering and his doctorate at the University of California at Berkeley.

College To Appeal Entrance Edicts

Marin Junior College District trustees last night voted to appeal all writs which force them to admit as "emancipated minors," students whose parents live outside Marin County.

Two Marin Superior Court judges have issued writs in favor of three minors, Jane Lev of Forest Knolls, Geraldine Davidson of Mill Valley and Marguerite Ulmer of Inverness, and the college will admit them, Supt.-President John A. Grasham reported.

The district sought to deny them admission, contending they were nonresidents because their parents live outside the Marin Junior College District, but the students appealed to court, saying they met the legal qualifications for "emancipated minor" status.

Trustees agreed, not only to appeal the three cases, but all such cases that arise in the future, contending the rulings upset the program, which gives priority to students from Marin.

President Robert E. Rogers said the rulings "in effect throw out our established priorities for acceptance of students," and advances the three girls "ahead of our own students."

Under such circumstances there would be no hope of containing expansion or "satisfying taxpayers who expect their youngsters to be admitted first," he said.

The priorities established by the board give first preference to continuing full-time students, then recent Marin County High School graduates, other new district residents attending full-time, continuing part-time students and then new district residents attending part-time.

In response to an appeal from Bella Aaron, chairman of the police community relations committee of the Marin County Human Rights Commission, trustees approved a plan to include a police community relations program in its adult education program.

Mrs. Aaron explained the program whereby police cadets study crime prevention and crowd control, the American legal system and social phychological dynamics o friot precention.

Trustees balked at waiving the $6 per student fee, and postponed the fee question until a later meeting.

They also received an appeal from nursing representatives to boost the proposed salary for a coordinator of the registered nursing program.

The district is offering a salary of $13,030, but trustees were told this wasn't sufficient, and they were in danger of not attaining a coordinator, thereby jeopardizing their accreditation from the state Board of Nursing Education and Nursing Registration.

Trustees agreed to stick with the $13,030 offer and see what applications come in.

School Tax May Drop By Nickel In Los Angeles

LOS ANGELES (UPI)—The Board of Education has tentatively approved a city school budget of $716 million calling for a 5-cent reduction in the property tax rate.

The budget, approved Thursday, is about $14 million higher than last year's final budget and reflects the $41 million cut from programs in order to balance income and expenditures in the 1970-71 budget.

The property tax rate drop is due primarily to a decrease in a special rate to pay interest on construction bonds and also from small surpluses in funds from special rates for education of mentally retarded students and other programs designed to cope with behavior problem children in the district.

The 5-cent reduction would cut the school property tax rate from $4.80 to $4.75 per $100 of assessed valuation.

4 Pct. Pay Boost Approved

Marin Junior College District trustees last night approved a 4 per cent hike in salary schedules for teachers, administrators and nonteaching staff.

They also left the door ajar for a further increase during the 1970-71 school year, if funds become available.

Trustees adopted a tentative budget of $5,286,627, down $207,238 from this year's budget, despite the 4 per cent pay hike.

Norman D. Bird, business manager, estimated that the tax rate would be 87 cents per $100 assessed valuation, down 6 cents from the current rate.

Faculty members who were seeking an 8 per cent hike in the pay scale to cover the increase in the cost of living went along with the 4 per cent, but Johnnie B. Pace, representing the nonteaching employees, balked.

Pace contended the amount requested was "an adjustment, not an increase."

Trustee Donald K. Felt said, "We have gone as far as we can."

Bird estimated the 4 per cent hike would cost an additional $135,600.

Trustees also approved a dental care plan for all employees, estimated to cost $45,000, which would be financed by an override tax and terminated if legislative action eliminated the override.

Robert McVey, of the faculty salary committee, asked that the board acknowledge its intent to review salaries at such time additional funds materialized. "We felt the 4 per cent would be in order in view of the budget," he said.

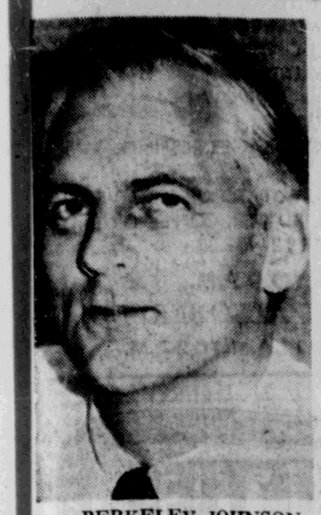
Supt.-President John A. Grasham recommended a 3 per cent hike in the salary schedules and Trustee Harry A. Moore suggested delaying a salary decision because three trustees were absent, Elizabeth M. Deedy, Theodore C. Wellman and Robert E. Oliver.

Trustee Charles W. Gray questioned the value of the dental plan, feeling the $45,000 involved could be used to better advantage.

McVey said if the dental plan didn't prove satisfactory, it could be dropped.

Finally, the board voted 4-0 for the 4 per cent hike and the dental plan.

District property taxes would raise $2,958,409, according to Bird.



BERKELEY JOHNSON
Promoted to dean

New Dean Is Named By Trustees

Berkeley Johnson, assistant dean of instruction, last night was appointed dean of instruction at the College of Marin at a salary of $20,990 a year.

Johnson will succeed Paul (Dutch) Clymer, teacher, coach and administrator at the campus during a 35-year span, who will retire Aug. 20.

There was applause from a small audience when Marin Junior College District trustees appointed Johnson to the post.

Johnson as an assistant dean has been in charge of the evening credit program, the summer session and the associate degree program at San Quentin Prison snce the fall of 1968.

He was a mathematics instructor at the College of Marin from 1957 until 1961 when he went to the University of California at Berkeley as supervisor of the junior college teach education program. He served one year as assistant director for the California Project of Research programs for training teachers of disadvantaged children.

Johnson also has taught at Contra Costa College, Chabot College and Richmond High School.

He received his bachelor's degree in civil engineering at Cornell University and his master's degree in engineering and his doctorate at the University of California at Berkeley.

Johnson lives in Berkeley with his wife and four children.

College To Appeal Entrance Edicts

Marin Dining And Wining

DINING OUT AND INNS

By HARRY CRAFT

Olema, Point Reyes Gateway, Boasts A Find For Inner Man

To the county's oldtimers, Olema is a town steeped in Marin history — and some mystery as to the fate of a few of its early inhabitants, who simply disappeared from sight.

To those geographically or environmentally minded it's the gateway to the Point Reyes National Seashore, which extends from Tomales Bluff on the north to the Upper Paradise Valley on the south.

To some newcomers who have never traveled west of San Asnelmo or Fairfax, the name Olema evokes nothing but a blank stare. They haven't any idea where it is.

But this year more than a million motorists will pass by the few blocks of old buildings that make up this meeting of Sir Francis Drake Boulevard and Coast Highway 1.

Situated strategically at this juncture where it cannot be missed no matter which direction your are traveling, is **Jerry's Farmhouse Inn.** It occupies a rambling building that could be just about as old as some of the other local architecture but which has been kept in rather good condition, with a few modern innovations here and there.

The hosts are **Jerry and Agnes Bunce,** who came here from Point Reyes Station in 1968 when the inn was called Caly's Farmhouse and operated by **Clay and Emma Wright.** Jerry used to do the cooking at Jerry's Cafe in Point Reyes. But now this occupation seems to have passed on to the hands of Agnes, who does a prime job of it. Jerry is usually at the bar.

The menu is as American as apple pie, with pan-fried oysters, prawns, frog legs,swordfish, halibut, sole, abalone, chicken and New York and rib-eye steaks the main dinner attractions. And often such tempting specials as fish fry and fresh salmon are added when the season is right. I'll testify as to the freshness of the salmon, which must have started simmering right after the hook was taken from its mouth.

Add also various seafood sandwiches, louis, clam chowder, oyster stew, chili and burgers as a la carte offerings and you have almost the entire picture. Almost. To complete it, the cooking is good. For the framing, the dining room is sparkling and attractive and has an arboreal view. It is due to be enlarged shortly to about double the present capacity.

The space is needed badly, particularly on weekends, and you would do well to make a visit during the middle of the week — or Friday night. As I say, a million people will go by the inn this year, mostly on Saturdays and Sundays and probably one in every 20 or 25 will stop off at mealtime. And that many people can't be wrong.

PIES — all kinds, for lunch, snacks and desserts, to eat on the premises or to take home — are sold at a new establishment, **Pilgrim Kitchen Pies,** 170 Bon Air Shopping center, Greenbrae.

Wayne Hamblen, who lives in Greenbrae, bakes fresh pies daily. Dessert pies come in 23 varieties. Lunch pies with beef, crab, shrimp or turkey are also baked, along with quiche Lorraine, which is a hearty sort of French pie. These lunch pies and the quiche serve as the main dish, served with cole slaw and beverage.

Wayne, who has been in the restaurant business about eight years in Seattle, manages Pilgrim Kitchen Pies for **Robert Cassani, William Bryant** and **William Bergman,** all of Sausalito. All are successful businessmen in other fields.

Hours are from 10 a.m. to 7 p.m. Mondays through Saturdays and from 11 a.m. to 8 p.m. on Sundays.

The Bon Air establishment is owned by the three Sausalito men, but you may find others of the same name cropping up elsewhere later on a franchise basis — licensed by Pilgrim Kitchen of Belmont, which has been in business about four years.

RESTAURANT PRICES seem too high?

Not when compared to those in the eastern part of the country, according to chef **Don Caseldine,** who has just returned from a month's vacation visiting old haunts and restaurants where he previously worked all the way from Canada to New England to Chicago to Cincinnati to St. Louis and side ports of call.

Meals not only are less expensive here, but there is more variety and quality in the food and it is better prepared, he said. At one of the plush restaurants that formerly employed him he paid $75 for dinner for two (without drinks) and a lunch tab for two ran up to $60. "Not worth it," he declared. "Both were disappointing."

In spite of all this he has come back with some new ideas for the menu at **McKee's.** You can expect to see several "surprise" specials added in the near future — a few in the seafood line. At low prices, I might add.

Which reminds me — if you're a calory counter, McKee's is always good for diet watchers. A sizeable segment of the patrons (the actual figure is something like 50 per cent) take advantage of the leeway in making selections. The nightly $1.75 special dinner, for example, is subject to substitutions in many instances which will lower the caloric intake — lean meats and items in the vegetable and salad lines that will hold down your weight as much as if you were supervising the menu at home.

AMERICANS are becoming more wine conscious, it seems.

Last year the average person drank almost two gallons — about 20 ounces more than he consumed in 1968.

About half of that consumption was in table wine — the rest dessert wine, except for maybe a pint of champagne. Three out of four bottles of all this were from California vineyards, which had their fourth straight record year of wine shipments. Total in 1969 was 156.7 million gallons.

BILL BISSON has declared Sunday night to be "family night" at **Bill and Adolph's West End Villa,** San Rafael — with the restaurant's specialty, chicken and dumplings, to get featured billing. It's about as much a family dish as you can get. Breaking his own rule, Bill also will include West End's complimentary fresh fruit basket in the a la carte price.

ENTERTAINMENT SCHEDULE for the **Lion's Share,** San Anselmo features **Charlie Musselwhite,** the **Charles Ford Group** and **Lambert and Nuttycomb** tonight and tomorrow night.

The latter will also perform Sunday, along with the **New Boogaloo Express** and **Indian, Puddin' and Pipe.**

Monday is closing night. Auditions and guest performances are being held Tuesday and Wednesday, with free admission.

Marin Dining And Wining

DINING OUT AND INNS

By HARRY CRAFT

Olema, Point Reyes Gateway, Boasts A Find For Inner Man

To the county's oldtimers, Olema is a town steeped in Marin history — and some mystery as to the fate of a few of its early inhabitants, who simply disappeared from sight.

To those geographically or environmentally minded it's the gateway to the Point Reyes National Seashore, which extends from Tomales Bluff on the north to the Upper Paradise Valley on the south.

To some newcomers who have never traveled west of San Asnelmo or Fairfax, the name Olema evokes nothing but a blank stare. They haven't any idea where it is.

But this year more than a million motorists will pass by the few blocks of old buildings that make up this meeting of Sir Francis Drake Boulevard and Coast Highway 1.

Situated strategically at this juncture where it cannot be missed no matter which direction your are traveling, is **Jerry's Farmhouse Inn.** It occupies a rambling building that could be just about as old as some of the other local architecture but which has been kept in rather good condition, with a few modern innovations here and there.

The hosts are **Jerry and Agnes Bunce,** who came here from Point Reyes Station in 1968 when the inn was called Caly's Farmhouse and operated by **Clay and Emma Wright.** Jerry used to do the cooking at Jerry's Cafe in Point Reyes. But now this occupation seems to have passed on to the hands of Agnes, who does a prime job of it. Jerry is usually at the bar.

The menu is as American as apple pie, with pan-fried oysters, prawns, frog legs,swordfish, halibut, sole, abalone, chicken and New York and rib-eye steaks the main dinner attractions. And often such tempting specials as fish fry and fresh salmon are added when the season is right. I'll testify as to the freshness of the salmon, which must have started simmering right after the hook was taken from its mouth.

Add also various seafood sandwiches, louis, clam chowder, oyster stew, chili and burgers as a la carte offerings and you have almost the entire picture. Almost. To complete it, the cooking is good. For the framing, the dining room is sparkling and attractive and has an arboreal view. It is due to be enlarged shortly to about double the present capacity.

The space is needed badly, particularly on weekends, and you would do well to make a visit during the middle of the week — or Friday night. As I say, a million people will go by the inn this year, mostly on Saturdays and Sundays and probably one in every 20 or 25 will stop off at mealtime. And that many people can't be wrong.

PIES — all kinds, for lunch, snacks and desserts, to eat on the premises or to take home — are sold at a new establishment, **Pilgrim Kitchen Pies,** 170 Bon Air Shopping center, Greenbrae.

Wayne Hamblen, who lives in Greenbrae, bakes fresh pies daily. Dessert pies come in 23 varieties. Lunch pies with beef, crab, shrimp or turkey are also baked, along with quiche Lorraine, which is a hearty sort of French pie. These lunch pies and the quiche serve as the main dish, served with cole slaw and beverage.

Wayne, who has been in the restaurant business about eight years in Seattle, manages Pilgrim Kitchen Pies for **Robert Cassani, William Bryant** and **William Bergman,** all of Sausalito. All are successful businessmen in other fields.

Hours are from 10 a.m. to 7 p.m. Mondays through Saturdays and from 11 a.m. to 8 p.m. on Sundays.

The Bon Air establishment is owned by the three Sausalito men, but you may find others of the same name cropping up elsewhere later on a franchise basis — licensed by Pilgrim Kitchen of Belmont, which has been in business about four years.

RESTAURANT PRICES seem too high?

Not when compared to those in the eastern part of the country, according to chef **Don Caseldine,** who has just returned from a month's vacation visiting old haunts and restaurants where he previously worked all the way from Canada to New England to Chicago to Cincinnati to St. Louis and side ports of call.

Meals not only are less expensive here, but there is more variety and quality in the food and it is better prepared, he said. At one of the plush restaurants that formerly employed him he paid $75 for dinner for two (without drinks) and a lunch tab for two ran up to $50. "Not worth it," he declared. "Both were disappointing."

In spite of all this he has come back with some new ideas for the menu at **McKee's.** You can expect to see several "surprise" specials added in the near future — a few in the seafood line. At low prices, I might add.

Which reminds me — if you're a calory counter, McKee's is always good for diet watchers. A sizeable segment of the patrons (the actual figure is something like 50 per cent) take advantage of the leeway in making selections. The nightly $1.75 special dinner, for example, is subject to substitutions in many instances which will lower the caloric intake — lean meats and items in the vegetable and salad lines that will hold down your weight as much as if you were supervising the menu at home.

AMERICANS are becoming more wine conscious, it seems.

Last year the average person drank almost two gallons — about 20 ounces more than he consumed in 1968.

About half of that consumption was in table wine — the rest dessert wine, except for maybe a pint of champagne. Three out of four bottles of all this were from California vineyards, which had their fourth straight record year of wine shipments. Total in 1969 was 156.7 million gallons.

BILL BISSON has declared Sunday night to be "family night" at **Bill and Adolph's West End Villa,** San Rafael — with the restaurant's specialty, chicken and dumplings, to get featured billing. It's about as much a family dish as you can get. Breaking his own rule, Bill also will include West End's complimentary fresh fruit basket in the a la carte price.

ENTERTAINMENT SCHEDULE for the **Lion's Share,** San Anselmo features **Charlie Musselwhite,** the **Charles Ford Group** and **Lambert and Nuttycomb** tonight and tomorrow night.

The latter will also perform Sunday, along with the **New Boogaloo Express** and **Indian, Puddin' and Pipe.**

Monday is closing night. Auditions and guest performances are being held Tuesday and Wednesday, with free admission.

Thimbles Still Resemble Old Ones

NEW YORK (UPI)—In this era of "a new model every year" it's hard to believe that a product could remain basically unchanged for nearly 20 centuries.

Yet, according to Dritz-Scovill, there had been no real change in thimbles since 79 A.D., the first recorded date of their use, until the debut of its adjustable fit-all thimble. The 1970 A.D. model can be custom-fitted permanently to any size finger, and has a "top," actually an open side, that permits the finger to "breathe" and leaves the nail uncovered to prevent its breaking.

Thimbles Still Resemble Old Ones

NEW YORK (UPI)—In this era of "a new model every year" it's hard to believe that a product could remain basically unchanged for nearly 20 centuries.

Yet, according to Dritz-Scovill, there had been no real change in thimbles since 79 A.D., the first recorded date of their use, until the debut of its adjustable fit-all thimble. The 1970 A.D. model can be custom-fitted permanently to any size finger, and has a "top," actually an open side, that permits the finger to "breathe" and leaves the nail uncovered to prevent its breaking.

Cost Of Living Doesn't Justify Big Raises At Top

It seems passing strange that in a year when taxpayers are in ballot-box revolt, 10 per cent pay raises should be proposed for some of the highest paid county employees.

That's the proposal, however, handed to the Marin County Board of Supervisors by Maren Rinne, county personnel director.

Mrs. Rinne proposed that 10 per cent hikes be given to the elections officer, sheriff's captain, chief probation officer, fire captain, director of public works, building superintendent, and herself.

She proposed 7½ per cent salary hikes for other county department heads and for the county administrator.

THESE RECOMMENDATIONS came while the board of supervisors' representatives are still dickering — in private, as they unfortunately are permitted by law to do — with representatives of the lower county employees.

It seems scarcely credible that these employees will be willing to settle for less, percentagewise, than is proposed for their bosses.

The recommendation for raises of 7½ to 10 per cent at the top has the effect, then, of inflating the demands of the other employees and further escalating by salary incheases a county budget already swollen badly.

As Rex T. Silvernale, president of the Marin Property Owners Association, pointed out to the supervisors this week, the share of the county budget going to salaries has increased markedly the last few years. What this means is that there is less money for other purposes, even with a bigger budget.

IN RECOMMENDING these salary hikes for the bosses, Mrs. Rinne of course had eminent precedent. The President of the United States accepted doubling of his salary while declaiming about controlling inflation. Congressmen raised their own pay 40 per cent while crying "economy." And state legislators did not hesitate to give themselves a 10 per cent raise while calling for reduction in state spending.

Such precedent, however, does not make the proposal any more sensible. It is no use saying that because the other fellow is a profiteer, I must be one too. That kind of attitude leads nowhere but to chaos.

A PERCENTAGE RAISE applied without regard to what a person is making actually is impossible to justify. A 7½ per cent raise for the county administrator means $176 per month. For some worker on the lower levels of county employment it may mean only $40 or $50. Can the latter, then, be expected to settle for 5 or 6 per cent?

The whole idea of percentage raises should be re-examined, and probably thrown out the window. Raises should be based on (1) performance, and (2) actual cost of living increase. And it should be born in mind that when the Bureau of Labor Statistics index shows a 6 per cent increase, that does not mean that it costs the wealthy family 6 per cent more to live. It means it costs the average family 6 per cent more — and those already in the poverty range may find the increase more than 6 per cent since there are no luxuries they can eliminate.

If the county supervisors want to keep costs down, let them look at the top salaries first and hardest. Raises there cannot be justified for cost of living — and we doubt that a 7½ or 10 per cent raise in most cases is justified by performance.

The Sandpiper Mystery

Sandpipers can be found on many of Marin's beaches and tidelands. The sandpiper family drives birdwatchers to despair because it contains 23 species so similar that it takes a real expert to distinguish one from another.

Sandpipers in flight along the beaches and tidal flats, searching for likely places to find food, are a marvelous sight. In loose flocks with no apparent leader and no set formation, these birds wheel and turn in remarkably synchronized unison, beautiful to behold.

How the sandpipers are able to perform these remarkable flights has yet to be satisfactorily explained. It is one of nature's mysteries.

AFFAIRS OF STATE

Multitude Of Special Funds Helps Inflate Government Cost

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — The disposition of each annual state budget points to the necessity for considering revisions to the state's methods of financing.

The astronomical figures which are a reality in dealing with the state budget are hardly comprehensible to the average citizen.

How then, when an average citizen finds it difficult to comprehend the sum of $6.474 billion, can the average citizen expect his elected representative to deal with this vast sum of money to give the best results and the most value for the dollars?

THE STATE has been handling its money in the same antiquated manner for half a century, and possibly longer than that. The only difference has been in the size of its budgets, the amounts of its taxes, and additions to its spending program for the frills and fancies of government.

None of these has been designed either for efficiency in government nor economy in operation. Legislators know this, but have allowed old-fashioned methods to persist as this seems the easiest course to follow.

The old-fashioned methods of handling the peoples' money have resulted in the creation of special funds, some 240 of them, which have money deposited for special purposes only. In other words, the billions of dollars in these special funds can be used for one purpose only.

The days of unending plenty are fast declining, and to get 100 cents value of the tax dollar, different methods must be considered.

The special funds are, by and large, going to have to be abolished and expenditures set up on the basis of priorities, so that the most needed expense will be taken care of first.

FOR INSTANCE, it seems rather impractical that special funds should be used to finance state building, and that the public through general fund taxes should be required to pay back principal and interest just because too much tax or license money was collected from a segment of the public in the first place.

State government is full of such anachronisms, and the real needs of the state are going to be delayed or threatened until the state goes into the business of governing instead of the many other activities in which it is engaged.

The taxpayer will await this day with anticipation. Unfortunately, he may have to wait a long, long time.

WHAT OUR READERS SAY

Law Enforcement Boost Near Million

Your editorial of June 17 indicates that in my expression that this year's budget includes one million dollars increase in law enforcement costs, that I was not being precise or fair in the representation. The balance of the editorial recites various department amounts to show roughly $800,000 increase and the issue you raised relates to the $200,000 difference between your $800,000 and my reference to one million dollars.

I am sure that your purpose was to be fair and equitable and, therefore, would like you to be aware of the following facts. The budget presented to the board of supervisors for consideration provided as follows:

The requests from department heads in the full field of law enforcement totaled an increase over 1970, in the amount of $1,511,762. Parenthetically, I would add that this amount is the net result of discussion between department heads and the administrative staff, which already had deleted sizeable dollar amounts.

Secondly, this budget brought an administrative staff recommended increase of $999,197.

In light of these two figures, it seemed to me entirely in order to generalize that the increased potential was in the area of one million dollars.

Beyond this, the bar-graph presentation on page IX of the budget, clearly indicates an increase of one million dollars in the proposal presented to the board of supervisors in the category of law enforcement. .

My purpose in responding to your editorial is to cooperate with your obvious purpose in bringing new, valid information to the vast readership you have, so that the greatest possible number of people might be aware of the problem of budgeting county government.

$25 Minibike Clutch For Welfare Family?

I read with interest the article which appeared June 17 about 12-year-old Charles Rivas, who was given a set of drums by the Marin Economic Opportunity Council because his widowed mother has 13 children to raise and could not afford to buy the drums. He appears to be quite a talented boy, and has already earned some money playing with a rock group. His mother makes ends meet with welfare checks, and he said that when engagements become more plentiful, he will help with the family bills, but first he is going to use $25 to finance a clutch on his minibike.

Welfare — minibike — $25 for a clutch?

It is my understanding that minibikes are unlicensed, and may not be operated on the public streets — even if the operator is old enough to have a driver's license. They are a fun-luxury item.

In "olden" days, when a family was in need, everyone's earnings were turned into the common pot; or sometimes, a kid would really work hard to save for something special for himself. Times have changed, and I believe that all 12-year-olds should have some fun in their lives, but I take exception to a 12-year-old, whose widowed mother and 12 other children are on welfare, being allowed to own a minibike and to spend $25 on repair of its clutch.

Let's hope it was just 12-year-old talk. . .

Public Punished Instead Of Violators

The Mill Valley City Council will vote to close Cascade Reservoir at its July 6 meeting. This move is precipitated by the inability of the city to control a group of troublemakers who are littering, using drugs, nude sunbathing and lighting illegal fires which are endangering the entire area. The city presently has ordinances forbidding all of these offenses, but has been unable or unwilling to enforce them effectively.

The troublemakers must be stopped, but closing and draining the lake is about as rational as paving Mount Tam to protect it from forest fire.

The public has already lost the walk-in camps on Mount Tam and the use of the entire mountain at night. This trend must be stopped before we also lose the use of the reservoir, the Cascades, the waterfall, Old Mill Park, and our other resources. The time has come to stop punishing the public and to start punishing those who disregard the rights of others. These people can be stopped if decent citizens use the park and if the police stop the troublemakers. A few weeks of intensive enforcement should convince these people that the community means business. Subsequently, the continued use of the site by citizens and intermittent patrols should prevent the abuse of the area.

'Fat Cats' Must Help The Poor

This is a sad sad world!

There is something very wrong when today's (June 18) board of supervisors meeting can result in a 5 to 0 vote for cutting the income of the poor in Marin County by one-third.

What a pity that a fine and seemingly feeling man like Mr. (Michael) Wornum has to decide between the poor (for his district would pay for any decision in favor of the poor) and the tax payer, or more approoriate, the property owner.

Whose responsibility is it? Why can't the fat cat in his comfortable home (not the senior citizen with limited income), and his successful career with his satisfying life give up something for the other — less fortunate — part of society? Why not?

Maybe it is because he didn't put the poor where they are — and he didn't — but the poor are here and they didn't choose to be poor either. . .

Wake up you comfortable people — look at the other half or two thirds of the world — they are getting more and more frustrated and angry and this sad sad world is going to get sadder. We are all going to hurt and be hungry — not just the poor.

THE DRUMMONDS

Pressure On Nixon To Exploit Campus Unrest Politically

By ROSCOE and GEOFFREY DRUMMOND

WASHINGTON — If President Nixon gets into serious political trouble over Vietnam and the economy, he could be sorely tempted to do the one thing which would gain him popularity but would hurt the country.

The political climate can get worse for Nixon, since the political tide is still running adverse to hm.

What some fear a desperate Nixon might do is to turn sharply to the right and exploit the explosive distrust and fear of campus unrest and student violence.

THE THINGS which tend to push the President in this direction are these:

1 — The latest gallup Poll shows that majority opinion is still pressing Nixon to withdraw U.S. troops from Vietnam faster than he is doing.

2 — Soundings taken by young White House aides show that Nixon has lost the support of the "sons and daughters of the Silent Majority" and youth is anti-administration en bloc.

3 — Some of Nixon's influential political advisers, Ike Murray Chotiner, have concluded that nothing could be more politically productive than for the president to campaign against student militancy and thereby rally the American middle class more emotionally to the administration's side. As Chotiner put it, "Campus unrest is a very good issue to run against: It will get results."

4 — Congress is still stalling important Nixon legislation and he seems unable to generate sufficient public support to get Congress to act.

THERE IS certainly some basis for an honest fear that President Nixon might resort to exploiting campus unrest in a way which would increase the public demand for harsh repressive measures.

But there is no present evidence that the President is doing any such thing. The evidence is to the contrary:

1 — The recently appointed Commission on Campus Unrest headed by former Gov. William Scranton of Pennsylvania shows the president primarily concerned with healing the cause of student unrest not explointing it. Four of the nine members are blacks and one a 22-year-old Harvard fellow.

2 — The president is arranging under White House auspices a conference "of youth, for youth and by youth" designed to give young people from 14 to 24 a full opportunity to exchange ideas and communicate with the government.

3 — The administration is showing no sign of taking the nomination of George Wallace for governor of Alabama as a reason for slowing down public school desegregation. It promises that more will be accomplished this fall than ever before.

Our information is that the White House is not especially concerned about Wallace's political influence. It feels that the bloom is off the Wallace movement, that voters nationwide are not likely to be drawn in any large numbers to a third party enterprise that has once failed, that Wallace's near-defeat in Alabama shows him a waning force and that renewed racist rhetoric is little welcome in the South as a whole.

FOR ALL of these reasons we conclude that Mr. Nixon is not going to yield to the temptation to stir up the Silent Majority against the restless students as he undoubtedly could if he chose. It would be a short-term gain and a grievous disservice to the nation which needs to be brought together, not further disunited.

In the past Mr. Nixon has fought back sharply when attacked sharply. But there is a difference now. He is President and his goal has to be to create a majority which wants to get things done, not keep things from being done.

This is Richard Nixon's goal and our expectation is he will stick to it even under stress.

INSIDE WASHINGTON

Elastic Debt Ceiling And Congressional Control

By ROBERT S. ALLEN and JOHN A. GOLDSMITH

WASHINGTON — Congress, in a legislative maneuver right out of Alive in Wonderland, is solemnly adjusting the spending ceiling it imposed last year to accommodate subsequently increased outlays under funds which it does not control.

Another ceiling is being imposed on the administration for the year beginning July 1. It is an elastic ceiling too, and it will have a bigger built-in "cushion" designed to avoid a similarly embarrassing adjustment a year hence.

At first glance there is something laughable about the House and Senate saying, by law, that the spending ceiling initially set at $191.9 billion will be lifted, after the fact, to $197.9 billion. That is what is accomplished under the supplemental appropriations bill.

With that sort of recent experience, there would seem to be very little usefulness in the new, adjustable spending limitation, keyed to the budget submitted by President Nixon in February and set at $200.8 billion.

ACTUALLY, however, there are two lessons to be learned from what seems to be a bit of congressional Mad Hatterism. One is budgetary, and the other is procedural — a footnote on how Congress does its business.

Every sixth grader knows that Congress controls federal spending through the power of the purse — by voting and withholding funds. The trouble is that the sixth-grade civics lesson is not true — not true by half.

Congress does not act annually on outlays under such programs as Social Security, farm price supports, or interest on the national debt. It has no annual control over certain revenues derived from leases and sales.

Therefore, as the House Appropriations Committee recently noted, Congress does not really control all of the federal government's spending.

Nominally, at least, the annual limitation brings all spending into the congressional tent. It does little limiting, however, since the ceiling is automatically adjusted when Congress increases or decreases the President's budget.

WHAT IS IMPORTANT is that the so-called congressional spending limitation will do nothing to help in meeting the real budgetary problem. That problem is a $1.3 billion deficit in the federal government's "unified" budget.

In February, it was estimated that a $7 billion deficit in the regular federal funds would be offset by a surplus of more than $8 billion in the government's trust fund accounts which are supported by contributions to Social Security, Medicare, the civil service retirement fund and the like.

That paper surplus is out the window now. If Congress wants to hold down federal outlays and thus dampen inflationary pressures, its members will have to act to withhold funds from individual federal programs, and all of those programs have their supporters.

For "supporters" read "potential voters" in this election year.

And state legislators did not hesitate to give themselves a 10 per cent raise while calling for reduction in state spending.

Such precedent, however, does not make the proposal any more sensible. It is no use saying that because the other fellow is a profiteer, I must be one too. That kind of attitude leads nowhere but to chaos.

A PERCENTAGE RAISE applied without regard to what a person is making actually is impossible to justify. A 7½ per cent raise for the county administrator means $176 per month. For some worker on the lower levels of county employment it may mean only $40 or $50. Can the latter, then, be expected to settle for 5 or 6 per cent?

The whole idea of percentage raises should be re-examined, and probably thrown out the window. Raises should be based on (1) performance, and (2) actual cost of living increase. And it should be born in mind that when the Bureau of Labor Statistics index shows a 6 per cent increase, that does not mean that it costs the wealthy family 6 per cent more to live. It means it costs the average family 6 per cent more — and those already in the poverty range may find the increase more than 6 per cent since there are no luxuries they can eliminate.

If the county supervisors want to keep costs down, let them look at the top salaries first and hardest. Raises there cannot be justified for cost of living — and we doubt that a 7½ or 10 per cent raise in most cases is justified by performance.

The Sandpiper Mystery

Sandpipers can be found on many of Marin's beaches and tidelands. The sandpiper family drives birdwatchers to despair because it contains 23 species so similar that it takes a real expert to distinguish one from another.

Sandpipers in flight along the beaches and tidal flats, searching for likely places to find food, are a marvelous sight. In loose flocks with no apparent leader and no set formation, these birds wheel and turn in remarkably synchronized unison, beautiful to behold.

How the sandpipers are able to perform these remarkable flights has yet to be satisfactorily explained. It is one of nature's mysteries.

AFFAIRS OF STATE

Multitude Of Special Funds Helps Inflate Government Cost

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — The disposition of each annual state budget points to the necessity for considering revisions to the state's methods of financing.

The astronomical figures which are a reality in dealing with the state budget are hardly comprehensible to the average citizen.

How then, when an average citizen finds it difficult to comprehend the sum of $6.474 billion, can the average citizen expect his elected representative to deal with this vast sum of money to give the best results and the most value for the dollars?

THE STATE has been handling its money in the same antiquated manner for half a century, and possibly longer than that. The only difference has been in the size of its budgets, the amounts of its taxes, and additions to its spending program for the frills and fancies of government.

None of these has been designed either for efficiency in government nor economy in operation. Legislators know this, but have allowed old-fashioned methods to persist as this seems the easiest course to follow.

The old-fashioned methods of handling the peoples' money have resulted in the creation of special funds, some 240 of them, which have money deposited for special purposes only. In other words, the billions of dollars in these special funds can be used for one purpose only.

The days of unending plenty are fast declining, and to get 100 cents value of the tax dollar, different methods must be considered.

The special funds are, by and large, going to have to be abolished and expenditures set up on the basis of priorities, so that the most needed expense will be taken care of first.

FOR INSTANCE, it seems rather impractical that special funds should be used to finance state building, and that the public through general fund taxes should be required to pay back principal and interest just because too much tax or license money was collected from a segment of the public in the first place.

State government is full of such anachronisms, and the real needs of the state are going to be delayed or threatened until the state goes into the business of governing instead of the many other activities in which it is engaged.

The taxpayer will await this day with anticipation. Unfortunately, he may have to wait a long, long time.

WHAT OUR READERS SAY

Law Enforcement Boost Near Million

Your editorial of June 17 indicates that in my expression that this year's budget includes one million dollars increase in law enforcement costs, that I was not being precise or fair in the representation. The balance of the editorial recites various department amounts to show roughly $800,000 increase and the issue you raised relates to the $200,000 difference between your $800,000 and my reference to one million dollars.

I am sure that your purpose was to be fair and equitable and, therefore, would like you to be aware of the following facts. The budget presented to the board of supervisors for consideration provided as follows:

The requests from department heads in the full field of law enforcement totaled an increase over 1970, in the amount of $1,511,762. Parenthetically, I would add that this amount is the net result of discussion between department heads and the administrative staff, which already had deleted sizeable dollar amounts.

Secondly, this budget brought an administrative staff recommended increase of $999,197.

In light of these two figures, it seemed to me entirely in order to generalize that the increased potential was in the area of one million dollars.

Beyond this, the bar-graph presentation on page IX of the budget, clearly indicates an increase of one million dollars in the proposal presented to the board of supervisors in the category of law enforcement. .

My purpose in responding to your editorial is to cooperate with your obvious purpose in bringing new, valid information to the vast readership you have, so that the greatest possible number of people might be aware of the problem of budgeting county government.

$25 Minibike Clutch For Welfare Family?

I read with interest the article which appeared June 17 about 12-year-old Charles Rivas, who was given a set of drums by the Marin Economic Opportunity Council because his widowed mother has 13 children to raise and could not afford to buy the drums. He appears to be quite a talented boy, and has already earned some money playing with a rock group. His mother makes ends meet with welfare checks, and he said that when engagements become more plentiful, he will help with the family bills, but first he is going to use $25 to finance a clutch on his minibike.

Welfare — minibike — $25 for a clutch?

It is my understanding that minibikes are unlicensed, and may not be operated on the public streets — even if the operator is old enough to have a driver's license. They are a fun-luxury item.

In "olden" days, when a family was in need, everyone's earnings were turned into the common pot; or sometimes, a kid would really work hard to save for something special for himself. Times have changed, and I believe that all 12-year-olds should have some fun in their lives, but I take exception to a 12-year-old, whose widowed mother and 12 other children are on welfare, being allowed to own a minibike and to spend $25 on repair of its clutch.

Let's hope it was just 12-year-old talk. . .

Public Punished Instead Of Violators

The Mill Valley City Council will vote to close Cascade Reservoir at its July 6 meeting. This move is precipitated by the inability of the city to control a group of troublemakers who are littering, using drugs, nude sunbathing and lighting illegal fires which are endangering the entire area. The city presently has ordinances forbidding all of these offenses, but has been unable or unwilling to enforce them effectively.

The troublemakers must be stopped, but closing and draining the lake is about as rational as paving Mount Tam to protect it from forest fire.

The public has already lost the walk-in camps on Mount Tam and the use of the entire mountain at night. This trend must be stopped before we also lose the use of the reservoir, the Cascades, the waterfall, Old Mill Park, and our other resources. The time has come to stop punishing the public and to start punishing those who disregard the rights of others. These people can be stopped if decent citizens use the park and if the police stop the troublemakers. A few weeks of intensive enforcement should convince these people that the community means business. Subsequently, the continued use of the site by citizens and intermittent patrols should prevent the abuse of the area.

'Fat Cats' Must Help The Poor

This is a sad sad world!

There is something very wrong when today's (June 18) board of supervisors meeting can result in a 5 to 0 vote for cutting the income of the poor in Marin County by one-third.

What a pity that a fine and seemingly feeling man like Mr. (Michael) Wornum has to decide between the poor (for his district would pay for any decision in favor of the poor) and the tax payer, or more approoriate, the property owner.

Whose responsibility is it? Why can't the fat cat in his comfortable home (not the senior citizen with limited income), and his successful career with his satisfying life give up something for the other — less fortunate — part of society? Why not?

Maybe it is because he didn't put the poor where they are — and he didn't — but the poor are here and they didn't choose to be poor either. . .

Wake up you comfortable people — look at the other half or two thirds of the world — they are getting more and more frustrated and angry and this sad sad world is going to get sadder. We are all going to hurt and be hungry — not just the poor.

THE DRUMMONDS

Pressure On Nixon To Exploit Campus Unrest Politically

By ROSCOE and GEOFFREY DRUMMOND

WASHINGTON — If President Nixon gets into serious political trouble over Vietnam and the economy, he could be sorely tempted to do the one thing which would gain him popularity but would hurt the country.

The political climate can get worse for Nixon, since the political tide is still running adverse to hm.

What some fear a desperate Nixon might do is. to turn sharply to the right and exploit the explosive distrust and fear of campus unrest and student violence.

THE THINGS which tend to push the President in this direction are these:

1 — The latest gallup Poll shows that majority opinion is still pressing Nixon to withdraw U.S. troops from Vietnam faster than he is doing.

2 — Soundings taken by young White House aides show that Nixon has lost the support of the "sons and daughters of the Silent Majority" and youth is anti-administration en bloc.

3 — Some of Nixon's influential political advisers, Ike Murray Chotiner, have concluded that nothing could be more politically productive than for the president to campaign against student militancy and thereby rally the American middle class more emotionally to the administration's side. As Chotiner put it, "Campus unrest is a very good issue to run against: It will get results."

4 — Congress is still stalling important Nixon legislation and he seems unable to generate sufficient public support to get Congress to act.

THERE IS certainly some basis for an honest fear that President Nixon might resort to exploiting campus unrest in a way which would increase the public demand for harsh repressive measures.

But there is no present evidence that the President is doing any such thing. The evidence is to the contrary:

1 — The recently appointed Commission on Campus Unrest headed by former Gov. William Scranton of Pennsylvania shows the president primarily concerned with healing the cause of student unrest not explointing it. Four of the nine members are blacks and one a 22-year-old Harvard fellow.

2 — The president is arranging under White House auspices a conference "of youth, for youth and by youth" designed to give young people from 14 to 24 a full opportunity to exchange ideas and communicate with the government.

3 — The administration is showing no sign of taking the nomination of George Wallace for governor of Alabama as a reason for slowing down public school desegregation. It promises that more will be accomplished this fall than ever before.

Our information is that the White House is not especially concerned about Wallace's political influence. It feels that the bloom is off the Wallace movement, that voters nationwide are not likely to be drawn in any large numbers to a third party enterprise that has once failed, that Wallace's near-defeat in Alabama shows him a waning force and that renewed racist rhetoric is little welcome in the South as a whole.

FOR ALL of these reasons we conclude that Mr. Nixon is not going to yield to the temptation to stir up the Silent Majority against the restless students as he undoubtedly could if he chose. It would be a short-term gain and a grievous disservice to the nation which needs to be brought together, not further disunited.

In the past Mr. Nixon has fought back sharply when attacked sharply. But there is a difference now. He is President and his goal has to be to create a majority which wants to get things done, not keep things from being done.

This is Richard Nixon's goal and our expectation is he will stick to it even under stress.

INSIDE WASHINGTON

Elastic Debt Ceiling And Congressional Control

By ROBERT S. ALLEN and JOHN A. GOLDSMITH

WASHINGTON — Congress, in a legislative maneuver right out of Alive in Wonderland, is solemnly adjusting the spending ceiling it imposed last year to accommodate subsequently increased outlays under funds which it does not control.

Another ceiling is being imposed on the administration for the year beginning July 1. It is an elastic ceiling too, and it will have a bigger built-in "cushion" designed to avoid a similarly embarrassing adjustment a year hence.

At first glance there is something laughable about the House and Senate saying, by law, that the spending ceiling initially set at $191.9 billion will be lifted, after the fact, to $197.9 billion. That is what is accomplished under the supplemental appropriations bill.

With that sort of recent experience, there would seem to be very little usefulness in the new, adjustable spending limitation, keyed to the budget submitted by President Nixon in February and set at $200.8 billion.

ACTUALLY, however, there are two lessons to be learned from what seems to be a bit of congressional Mad Hatterism. One is budgetary, and the other is procedural — a footnote on how Congress does its business.

Every sixth grader knows that Congress controls federal spending through the power of the purse — by voting and withholding funds. The trouble is that the sixth-grade civics lesson is not true — not true by half.

Congress does not act annually on outlays under such programs as Social Security, farm price supports, or interest on the national debt. It has no annual control over certain revenues derived from leases and sales.

Therefore, as the House Appropriations Committee recently noted, Congress does not really control all of the federal government's spending.

Nominally, at least, the annual limitation brings all spending into the congressional tent. It does little limiting, however, since the ceiling is automatically adjusted when Congress increases or decreases the President's budget.

WHAT IS IMPORTANT is that the so-called congressional spending limitation will do nothing to help in meeting the real budgetary problem. That problem is a $1.3 billion deficit in the federal government's "unified" budget.

In February, it was estimated that a $7 billion deficit in the regular federal funds would be offset by a surplus of more than $8 billion in the government's trust fund accounts which are supported by contributions to Social Security, Medicare, the civil service retirement fund and the like.

That paper surplus is out the window now. If Congress wants to hold down federal outlays and thus dampen inflationary pressures, its members will have to act to withhold funds from individual federal programs, and all of those programs have their supporters.

For "supporters" read "potential voters" in this election year.

Query For DA: Were Dismissal Letters Received When Written?

Sausalito School Supt. Phil Schneider's latest maneuver — to do away with 15 positions in the district, even though the school board had not authorized the cuts — will not surprise his detractors. And the Independent-Journal's seeking out and printing the information undoubtedly will anger his friends.

More important, Schneider's action will serve to heighten tensions and mistrust in a school district which already has had much more than its share of both.

The letters which the superintendent had his staff prepare, notifying the employees their positions were being eliminated June 30, have not been sent; but the damage has already been done.

The superintendent claims he realized the board had not acted on the cuts and said the letters implied this fact. However, we believe any employee receiving one of those letters would be certain he would be job hunting July 1, despite such niceties of phrases as "for payroll purposes your services are being terminated. . ."

NEWLY ELECTED trustees Delta Christ and Gerald Whitcomb told the Independent-Journal they were unaware of what Schneider planned to do until they were notified by someone other than the superintendent.

Schneider justified his action by saying the former board — recalled trustees David E. Freedheim and Martha Freebairn-Smith and trustees Nathaniel Johnson, C. Gerald Clear and James E. Muldoon — had given tacit approval to the cuts by accepting a preliminary budget which did not show the 15 positions.

Board minutes show no official acceptance of such a budget. More to the point, the letters were written Monday and of the old board, only Johnson remains in office.

Schneider did not see fit to inform his new board of the action he intended to take.

IT IS THIS attitude — that the people don't know what is best for them — that has put Sausalito district officials into trouble on numerous occasions in the past.

A case in point occurred last October when the Independent-Journal discovered Jim Toliver, vice principal at Martin Luther King School, had been given $1,524-a-year pay raise — three times that recieved by other employees in the district.

The special increase had not been recorded in any of the board minutes and there was a hurry-up effort to explain. Schneider said the board had taken the action but he had erred by not including it in the minutes. Asst. Supt. Joseph Amato said he had made a mistake when he told a reporter, in response to a direct question, that Toliver's raise was the same as everyone else's.

After the district attorney's office investigated and listened to tapes of the meetings in question, Asst. Dist. Atty. Joshua Thomas admitted the public could not have been aware of the action to up Toliver's salary. Thomas also admitted no copy of the budget documenting the salary increase had been vailable to press or public when the matter was under consideration. Thomas further stated that the meeting tapes showed the board had not made a decision on the raise — at least not in a public meeting.

But the district attorney's office decided there was insufficient evidence for a criminal complaint.

LAST MONTH, the district attorney's office went further in aiding the song-and-dance routines of Sausalito administrators by ruling a letter sent by the district to the Independent-Journal announcing a special board meeting was legal notice — even though the newspaper could not have received the letter before the meeting was held.

The district attorney's ruling was based on a contention that there is legal assumption that a letter sent is considered a letter received, which Asst. Dist. Atty. Gary W. Thomas then expanded to mean that receipt is simultaneous with dispatch.

Such opinions unfortunately tend to encourage those officials who want to keep the public from knowing what they are doing with its tax money.

Public Hearing Set On Joint Sewage Plant

A public hearing to consider establishing boundary lines for an assessment district for a sewage treatment system has been set by the Bolinas Public Utility District board for July 10 at 7:30 p.m. in the district office, 270 Elm Road, according to clerk Jane Boyer.

Mrs. Boyer said the meeting will be to determine which residents in which areas of the community will be connected to sewer lines in the planned district. The joint project, in conjunction with the Stinson Beach County Water District, will include construction of a common sewage treatment plant. Each district will construct and pay for its own lines, she said.

At a meeting this week with representatives of the Stinson District and the Marin Municipal Water District, the utility district board named Stone and Youngberg, San Francisco financial consulting firm, to serve as the district's financial advisers in the project.

Also discussed was the effect of a proposed merger between the county water district and the Stinson water district on the joint sewage project.

COUNTY COMMENT

By WILLIAM D. (BILL) FUSSELMAN

On Election Of Supervisors And Pay Of County Administrator

Fusselman

Two weeks ago I said I would like to discuss a change in the election of supervisors. As you know, though, other immediate things came along to talk about, the administrator for instance.

I'll just start about electing them, tonight, then from time to time pick up the subject for a few lines until what I believe in has been fully developed.

It is simply this: For some years I have been convinced that county supervisors should be elected by the voters of the entire county, but would be a resident of one of the five districts. Undoubtedly there will be some apprehensive disagreement.

Consider the city councils. They are elected at large even without district requirements. Each councilman perforce has an active interest in the entire city.

AS ONE of the radio commentators says: "Now if you will, consider this." On page 32 of the county budget the first statement is this: "The personnel department of the county administrator's office is a staff unit providing a service to operating departments, the county administrator, the board of supervisors and county employees."

It is well known out at Brasilia that all department letters (and at times other) are censored by the high "command" which makes the letter from personnel to the supervisors, dated June 12, most interesting. The communication's first concern is about pay for the administrator.

In a nutshell it amounts to this: I found after consulting my adding machine that for the fiscal year starting July 1, 1970 and ending June 30, 1971, he will be quite content with the sum of $34,224 as salary and fringe benefits.

In checking back, I found that for salary and benefits he received for the fiscal year 1968-69 totaled $29,849. The happy sum for 1969-70 was $32,210.

Pretty good for the do-it-yourself training he has had no other place but here. His resume certainly doesn't show anything even approaching the background that the position and your tax dollars are entitled to.

IN A SPECIAL I-J report from Sacramento: "Bill to Hike Supervisors' Pay Voted," came the news that was news that Marin supervisors are to receive a boost in salary from $12,000 a year to $14,000.

When I started in 1942 it was $100 a month. Finally when I was retired in 1964 it had reached $500. The next board was scheduled to get $800 and shortly after taking office it was raised to $1,000, or $12,000 a year. And now the glad tidings of $14,000.

If they don't abdicate their responsibilities, they will be worth it. This all ties in with my theory of a good county government.

Sunday will be Billie's birthday — the longest day in the year. . .You who loved her so much, think of her a little on Sunday. I go up each week to the Chapel of Light with fresh flowers and sit near her for a while. How I miss her!

New Sausalito School Board To Air Firing

Sausalito's new district school board will have a chance to vote on rescinding the previous board's firing of Sidney F. Walton Jr., principal of Sausalito's Martin Luther King School, Asst. County Counsel Richard V. Godino informed trustees yesterday.

Godino said Walton has requested a hearing before the board which must be held by June 30. At that time, he said the board can vote to continue with legal action to remove Walton, who was dismissed after his administrative contract was automatically renewed last December or can vote to overturn the May 4 firing.

The board agreed to hold a special meeting to consider the matter at a date still to be decided.

The Sausalito School District Board Also:

SURVEY — Asked acting Supt. Robert E. Spain in conduct a mail survey of district parents to determine if they plan to enroll their children in district schools next year. He was asked to complete the survey forms for presentation at the board's next regular meeting and to contact a professional survey firm to find out costs and procedures for a more complete survey late this summer.

RECALL — Accepted a certificate on canvass of votes from the June 2 recall election.

RESIGNATIONS — Accepted the resignations of Robert E. Lea, principal of Central School and Dorris Grant, kindergarten teacher at Manzanita School. Lea resigned June 4, saying he could not work with newly-elected trustees Delta Christ and Jerry L. Whitcomb.

RETIREMENT — Approved a June 30 retirement date for James Martinoni of the district's custodial staff.

MEETING — Set Monday at 7:30 p.m. as date and time for the board's next regular meeting. Among items to be considered will be a preliminary budget for 1970-71 and the status of 15 classified employees whose jobs were recommended cut in March by former Supt. Phillip W. Schneider. Spain had suggested the meeting be held at 9 a.m. but, after hearing protests from the audience that many persons cannot attend morning meetings, the board agreed to hold the meeting at night.

The special increase had not been recorded in any of the board minutes and there was a hurry-up effort to explain. Schneider said the board had taken the action but he had erred by not including it in the minutes. Asst. Supt. Joseph Amato said he had made a mistake when he told a reporter, in response to a direct question, that Toliver's raise was the same as everyone else's.

After the district attorney's office investigated and listened to tapes of the meetings in question, Asst. Dist. Atty. Joshua Thomas admitted the public could not have been aware of the action to up Toliver's salary. Thomas also admitted no copy of the budget documenting the salary increase had been vailable to press or public when the matter was under consideration. Thomas further stated that the meeting tapes showed the board had not made a decision on the raise — at least not in a public meeting.

But the district attorney's office decided there was insufficient evidence for a criminal complaint.

LAST MONTH, the district attorney's office went further in aiding the song-and-dance routines of Sausalito administrators by ruling a letter sent by the district to the Independent-Journal announcing a special board meeting was legal notice — even though the newspaper could not have received the letter before the meeting was held.

The district attorney's ruling was based on a contention that there is legal assumption that a letter sent is considered a letter received, which Asst. Dist. Atty. Gary W. Thomas then expanded to mean that receipt is simultaneous with dispatch.

Such opinions unfortunately tend to encourage those officials who want to keep the public from knowing what they are doing with its tax money.

Public Hearing Set On Joint Sewage Plant

A public hearing to consider establishing boundary lines for an assessment district for a sewage treatment system has been set by the Bolinas Public Utility District board for July 10 at 7:30 p.m. in the district office, 270 Elm Road, according to clerk Jane Boyer.

Mrs. Boyer said the meeting will be to determine which residents in which areas of the community will be connected to sewer lines in the planned district. The joint project, in conjunction with the Stinson Beach County Water District, will include construction of a common sewage treatment plant. Each district will construct and pay for its own lines, she said.

At a meeting this week with representatives of the Stinson District and the Marin Municipal Water District, the utility district board named Stone and Youngberg, San Francisco financial consulting firm, to serve as the district's financial advisers in the project.

Also discussed was the effect of a proposed merger between the county water district and the Stinson water district on the joint sewage project.

COUNTY COMMENT

By WILLIAM D. (BILL) FUSSELMAN

On Election Of Supervisors And Pay Of County Administrator

Fusselman

Two weeks ago I said I would like to discuss a change in the election of supervisors. As you know, though, other immediate things came along to talk about, the administrator for instance.

I'll just start about electing them, tonight, then from time to time pick up the subject for a few lines until what I believe in has been fully developed.

It is simply this: For some years I have been convinced that county supervisors should be elected by the voters of the entire county, but would be a resident of one of the five districts. Undoubtedly there will be some apprehensive disagreement.

Consider the city councils. They are elected at large even without district requirements. Each councilman perforce has an active interest in the entire city.

AS ONE of the radio commentators says: "Now if you will, consider this." On page 32 of the county budget the first statement is this: "The personnel department of the county administrator's office is a staff unit providing a service to operating departments, the county administrator, the board of supervisors and county employees."

It is well known out at Brasilia that all department letters (and at times other) are censored by the high "command" which makes the letter from personnel to the supervisors, dated June 12, most interesting. The communication's first concern is about pay for the administrator.

In a nutshell it amounts to this: I found after consulting my adding machine that for the fiscal year starting July 1, 1970 and ending June 30, 1971, he will be quite content with the sum of $34,224 as salary and fringe benefits.

In checking back, I found that for salary and benefits he received for the fiscal year 1968-69 totaled $29,849. The happy sum for 1969-70 was $32,210.

Pretty good for the do-it-yourself training he has had no other place but here. His resume certainly doesn't show anything even approaching the background that the position and your tax dollars are entitled to.

IN A SPECIAL I-J report from Sacramento: "Bill to Hike Supervisors' Pay Voted," came the news that was news that Marin supervisors are to receive a boost in salary from $12,000 a year to $14,000.

When I started in 1942 it was $100 a month. Finally when I was retired in 1964 it had reached $500. The next board was scheduled to get $800 and shortly after taking office it was raised to $1,000, or $12,000 a year. And now the glad tidings of $14,000.

If they don't abdicate their responsibilities, they will be worth it. This all ties in with my theory of a good county government.

Sunday will be Billie's birthday — the longest day in the year. . .You who loved her so much, think of her a little on Sunday. I go up each week to the Chapel of Light with fresh flowers and sit near her for a while. How I miss her!

New Sausalito School Board To Air Firing

Sausalito's new district school board will have a chance to vote on rescinding the previous board's firing of Sidney F. Walton Jr., principal of Sausalito's Martin Luther King School, Asst. County Counsel Richard V. Godino informed trustees yesterday.

Godino said Walton has requested a hearing before the board which must be held by June 30. At that time, he said the board can vote to continue with legal action to remove Walton, who was dismissed after his administrative contract was automatically renewed last December or can vote to overturn the May 4 firing.

The board agreed to hold a special meeting to consider the matter at a date still to be decided.

The Sausalito School District Board Also:

SURVEY — Asked acting Supt. Robert E. Spain in conduct a mail survey of district parents to determine if they plan to enroll their children in district schools next year. He was asked to complete the survey forms for presentation at the board's next regular meeting and to contact a professional survey firm to find out costs and procedures for a more complete survey late this summer.

RECALL — Accepted a certificate on canvass of votes from the June 2 recall election.

RESIGNATIONS — Accepted the resignations of Robert E. Lea, principal of Central School and Dorris Grant, kindergarten teacher at Manzanita School. Lea resigned June 4, saying he could not work with newly-elected trustees Delta Christ and Jerry L. Whitcomb.

RETIREMENT — Approved a June 30 retirement date for James Martinoni of the district's custodial staff.

MEETING — Set Monday at 7:30 p.m. as date and time for the board's next regular meeting. Among items to be considered will be a preliminary budget for 1970-71 and the status of 15 classified employees whose jobs were recommended cut in March by former Supt. Phillip W. Schneider. Spain had suggested the meeting be held at 9 a.m. but, after hearing protests from the audience that many persons cannot attend morning meetings, the board agreed to hold the meeting at night.

Mothers Introduce Do-It-Yourself Drama

By PAT BALMES

"Hi Diddle Dee. It's an actor's life for me.
A high silk hat and a silver cane,
A watch of gold with a diamond chain.
Hi Diddle Day. An actor's life is gay.
It's great to be a celebrity.
An actor's life for me!"

Pinochhio's song by Washington and Harline echoes in the hearts of 44 boys and girls who have been given their first taste of theater by four Tiburon mothers with background in summer stock, ballet, little theater, musical comedy and television acting.

"Awareness of Theater" was taught by the volunteer mothers, who conspired to give the children enrichment in the fine arts to replace cultural programs being dropped at Tiburon's Bel Aire School because school bonds failed to pass.

"If the schools can't provide enrichment in the arts, volunteers must!" declares Mrs. M. Arthur Genzler Jr., who has little theater experience from Jamaica, W.I. and New York City. Dru Genzler studied set design and did technical and directing work in the barn of the Art and Garden Center in Ross. The Tiburon housewife has appeared with the Sausalito Little Theatre, the Cove Players and at the Marin Shakespeare Festival.

Each of the four dramatists has her own stage specialty. "None of use could have done it alone," says Mrs. Ramon Truman. "I couldn't have given that lecture on sets and lighting!"

BONITA HAS a bachelor of arts degree in drama from San Jose State College and studied children's theater in her fifth year at San Francisco State College. She toured the U.S. with Children's Theater of the West and toured military bases in the U.S. and the Orient with a variety show. For the past nine years, Bonita has appeared in many little theater productions. She taught children's dramatics in West port, Conn., directed the Rhubarb Review and just closed in "Good Woman of Setzuan" at the Mill Valley Center for Performing Arts.

The only volunteer who has kept active in the theater since her marriage, Bonita says "My husband allows me one summer stock production a year."

The other women appreciate the chance to indulge their love for dramatics "without feeling guilty, because we were working for the children at school."

A professional dancer since the age of 14, Mrs. Wayne Cain taught the children to convey a character's mood by movement and rhythm. Judy Cain danced with the San Francisco Ballet and with visiting troops. While studying at San Francisco State, she gave a concert series with seven other pre-college professionals. While her husband was stationed in Alaska in the Army, Judy danced as guest artist in the local ballet and played the lead in "Damn Yankees."

The Tiburon housewife and mother still studies dancing, recently dancing with Zack Thompson's "Black Light Explosion Company" in San Francisco, which specialized in primitive dance and jazz.

"I was dancing with 16 and 17-year-olds," says the young woman. "I found after the first half hour I could hardly get my breath!"

Judy is determined to recapture her early stamina. Like the other mothers, she appreciated the chance to teach "Awareness of Theatre".

HAWAII-BORN Mrs. Merle Ellis taught darmatics and makeup to the children. Neva Ellis did children's theatre work in Honolulu and appeared in the Honolulu Civic Theatre and light apera. Studying drama and music at the College of the Pacific, she appeared in the college theater. Neva appeared on the network television series "The Line Up" in San Francisco and on local television, performed in variety shows and Carmel summer stock.

"I married and it all ended until this year," says the mother of two children. "When

FORMER PROFESSIONAL dancer Mrs. Wayne Cain, left, leads Bel Aire School children across an imaginary burning desert. With exaggerated body movement in rhythm with appropriate music Judy Cain teaches the youngsters to portray a mood. Mrs. Ramon Truman, another volunteer drama teacher, who is active in summer stock, instructs them, "You are lost in the desert! You are hot! You need water! Listen to the heavy, draggy music!" Former television actress Mrs. Merle Ellis, right, demonstrates trudging through the sand during an after-school series on theater appreciation at Bel Aire School in Tiburon.

"WHEN ACTING for a camera, your movement is limited," explains Mrs. Merle Ellis, who appeared on "The Line Up" network television series. "Your face must be used more than as if you were acting for the top row in the balcony." She emphasises voice quality by taking two parts. Wearing bow for mustache and speaking in a heavy voice she growls, "Pay the rent!" Then, with hair bow and girlish voice. she pipes, "I can't pay the rent!"

COSTUMED IN aluminum foil as the hero "Ultra Man" by former drama teacher Bonita Truman is Stephen Bradley. Neva Ellis prompts "Lady Victim," Lynne Boyd. Their improvised skit also starred a "Mad Scientist", "Horrible Helper" and "Dumb Monster." Some Bel Aire School children acted as the set; the door creaked, the curtains waffed, the clock struck, the cat curled and the fire blazed. Backstage sound effects and lighting were gleefully produced by other students of "Awareness of Theatre." The four volunteer teachers with professional stage background emphasized the broad scope of what goes into a theatrical production, not just acting.

Belvedere has been buzzing with young tennis players and social activities for them this week as the Ninth Annual Belvedere Junior Hardcourt Tennis Tournament has been underway.

Some 350 entrants aged 10 to 18 have been playing in the tournament which winds up today. The players include boys and girls from Hawaii, Venezuela and New York and are housed with Belvedere and Tiburon families.

Co-chairmen for the event this year are Mr. and Mrs. Henry Bolcom and their daughter, Anne, a recent graduate of San Domenico. Mmes. Eugene S. Kilgore Jr. and Bruce Manheim are housing chairmen and have placed 112 out-of-town entrants with local families.

Tuesday night the youngsters gathered at a dance featuring a jazz and blues group led by Chris Braun and a barbecue was given on Wednesday evening. Several families of youngsters are among the competing tennis players.

SEVERAL PARTIES have been given in honor of Jane Ellis of Burlingame who will become the bride of Robert Miller Jr. of San Rafael tomorrow at Millbrae Community Methodist Church. The bridegroom's mother, Mrs. Robert A. Miller of San Rafael gave a luncheon for Jane at the Olympic Club in San Francisco recently for 18 friends of the bride-elect and their mothers. Also attending was Robert's grandmother, Mrs. Fred Westfall of Novato, and his aunt, Mrs. F. James Westfall of San Francisco, and Jane's mother, Mrs. G. Thomas Ellis of Burlingame.

Jane was also honored at a shower at the University of California at Davis by Bonnie Lehman of San Francisco, and at a luncheon given by her university house sisters. The Millers also held a dinner for the engaged couple attended by their young married friends.

Judy Cain danced with the San Francisco Ballet and with visiting troops. While studying at San Francisco State, she gave a concert series with seven other pre-college professionals. While her husband was stationed in Alaska in the Army, Judy danced as guest artist in the local ballet and played the lead in "Damn Yankees."

The Tiburon housewife and mother still studies dancing, recently dancing with Zack Thompson's "Black Light Explosion Company" in San Francisco, which specialized in primitive dance and jazz.

"I was dancing with 16 and 17-year-olds," says the young woman. "I found after the first half hour I could hardly get my breath!"

Judy is determined to recapture her early stamina. Like the other mothers, she appreciated the chance to teach "Awareness of Theatre".

HAWAII-BORN Mrs. Merle Ellis taught darmatics and makeup to the children. Neva Ellis did children's theatre work in Honolulu and appeared in the Honolulu Civic Theatre and light apera. Studying drama and music at the College of the Pacific, she appeared in the college theater. Neva appeared on the network television series "The Line Up" in San Francisco and on local television, performed in variety shows and Carmel summer stock.

"I married and it all ended until this year," says the mother of two children. "When

FORMER PROFESSIONAL dancer Mrs. Wayne Cain, left, leads Bel Aire School children across an imaginary burning desert. With exaggerated body movement in rhythm with appropriate music Judy Cain teaches the youngsters to portray a mood. Mrs. Ramon Truman, another volunteer drama teacher, who is active in summer stock, instructs them, "You are lost in the desert! You are hot! You need water! Listen to the heavy, draggy music!" "WHEN ACTING for a camera, your movement is limited," explains Mrs. Merle Ellis, who appeared on "The Line Up" network television series. "Your face must be used more than as if you were acting for the top row in the balcony." She emphasises voice quality by taking two parts. Wearing bow for mustache and speaking in a heavy voice she growls, "Pay the rent!" Then, with hair bow and girlish voice, she pipes, "I can't pay the rent!"

Their improvised skit also starred a "Mad Scientist", "Horrible Helper" and "Dumb Monster." Some Bel Aire School children acted as the set; the door creaked, the curtains waffed, the clock struck, the cat curled and the fire blazed. Backstage sound effects and lighting were gleefully produced by other students of "Awareness of Theatre." The four volunteer teachers with professional stage background emphasized the broad scope of what goes into a theatrical production, not just acting.

HELEN HELP US!

By HELEN BOTTEL

'Knowing The Affair Is Over Should I Tell Her Husband?'

DEAR HELEN:

My husband confessed that he had had an affair with one of our friends. He said it meant nothing and he would not see her again. He says he loves me only and always has, but somehow he took what was available, maybe just to find out how much he loved me. He doesn't know, and we have decided to forget it. I realize I must take the modern attitude that separates sex from love.

Knowing this affair is over, do you think it's my duty to tell this woman's husband about it? — **P.G.**

DEAR P.:

Duty or pleasure? Revenge is sweet but you can keep this woman in line better by not telling her husband. When she knows you might, if she goes after other men in your crowd, she may decide to keep the home fires burning, exclusively. — **H.**

DEAR HELEN:

I am a man in my early 20s, have a good job, with a fine future, and am engaged to be married. Please believe I am normal. I love this girl very much.

But I have one big secret. At times I put on women's clothes and sit around my apartment. I have been dressing like a girl for as long as I can remember, but only my immediate family knows. It's something I can't seem to change.

I grew up in a house with four females. I guess this all started when we wore each others clothes as children. Women's things seem more comfortable to me, and I think I can dress in them occasionally and still be all man.

I am afraid to tell my fiancee. I'm also afraid that she will find out for I can't change the habits of a lifetime.

Please believe this is not a crank letter. I'm desperately in need of advice for I can't talk to any one. I have absolutely no homosexual tendencies, but I suppose you would call this a fetish. — **SCARED TO DEATH**

DEAR SCARED:

Behavioral psychology has done wonders in cases like yours. This means reconditioning an individual to dislike that which he now craves. Call your local Mental Health Association and ask for a referral. You need not give your name until you find the doctor who can help you. — **H.**

DEAR HELEN:

I have (had) a friend whom I've known for years. Two months ago she wanted to borrow a large amount of money from me, saying she would pay it back in two weeks. I had saved this money to buy furniture, but thought I could spare it temporarily.

Time went by and she still owed me. Finally I called and asked for repayment, as I needed my money. She came over next day, with a check, but I now have one less friend. She was very, very hurt that I asked. And I asked very tactfully, mentioning a furniture sale on now.

Should I apologize or consider myself lucky to find out what kind of friend she really is? — **C.C.**

DEAR C.:

Wait for HER apology. If it isn't forthcoming — well, then you'll know. — **H.**

VOLUNTEER INSTRUCTOR Mrs. M. Arthur Genzler instructs two sets of Bel Aire School twins in the art of make-up. On her right are Curtis McEntire and Naomi Seligo; Astrid Seligo and Michael McEntire are on her left. Acting, movement and rhythm, make-up, costume, lighting and sets were studied and a visit to a live American Conservatory Theatre production were offered by four talented Tiburon mothers to enrich the children's appreciation of fine arts.

you realize a lot of my life was spent training for theater, you can see how much I enjoy working with the children at Bel Aire."

All the mothers were amazed at the response to their flyer offering a theater appreciation course. Forty-four applied and half were boys. They split the course into two sessions according to age.

Six Monday afternoons included acting, movement and rhythm, make-up costume, lighting and sets. Each series ended with a live theater experience. The fourth through sixth graders attended the American Conservatory Theatre production of "The Importance of Being Ernest" in San Francisco and toured backstage. The first through third graders were entertained at Bel Aire School by the pantomime players of the ACT.

"Each Monday we darkened the multi-purpose room and gave the children, just arriving from school, snacks to calm them down. Then there were questions and answers about the day's subject. They complained that the actor with his back to the audience couldn't be heard. They found it out themselves! That is better than the teacher saying 'face the audience'," says Bonita Truman. She quotes the Summerhill theory, "A child forgets what he hears, remembers what he sees, but understands what he does."

THE YOUNG actors were shown costumes on hangers and slides of the history of the theater. They sat around Neva on the stage and played voice games. They were taught to become characters to music, learning rhythm and exercises from dancer Judy. The final part of each lesson gave the young performers their chance to improvise. Some portrayed the set; the curtain wafted, the clock struck, the door creaked, the fire blazed. Others handled lighting and made sound effects. Some were the critical audience. A few were actors: Mad Scientist, Horrible Helper, Dumb Monster, Lady Victim and Ultra Man.

"I'll bet there will be women who read this story who'll say 'I could have taught them, too'," says Drue Genzler, next year's supplementary education chairman for the Reed School District Parent-Teacher Club. "They should volunteer to share whatever talent they have, in any aspect of art, with the children. We want to supplement what is seeping out of one of the best school systems in the area, cultural enrichment programs."

Flat-Nothing Benny Blitz Is A Teacher's Problem

By SANDRA HAGGERTY

"June, at last," sighs one of the teachers in the lounge. "Just two more weeks."

"Consequently," agrees another teacher heading for her classroom, "I go now to face Benny Blitz!"

The other teachers laugh, knowing that they, too, very likely will be confronted with one or more of the year-end Blitz family.

BENNY BLITZ is a student who has done a flat nothing during the entire school year. He has been chronically absent, and when he did attend class he was tardy. He either disrupted classroom procedures or refused to participate at all.

His behavior had caused him to be "ultra-tested" for possible psychological and neurological problems. The teachers, seemingly, had exhausted all ways and means of reaching him.

But as is characteristic of student blitzers, for the last two weeks of school Benny suddenly comes alive. He has a heart-to-heart discussion with his teacher, calling her politely by name. A revelation in itself! He knows, he says, that he hasn't really given this "head-factory" his complete attention.

"That's right," agrees the teacher. "And," she adds, "it should come as no surprise to you that you're failing."

"Yes, I know I haven't done well so far," continues Benny, with a look of seriousness that has eluded the teacher for an entire year, "but surely it's not too late."

WELL, SAYS the teacher's guarded but softened expression.

'Nough said. The blitz is on! Benny shows up for class early every day. He is animated and eager to participate. He comes armed with make-up assignments, which he actually did himself. His classmates stare at him in wide-eyed wonder.

He approaches the teacher after school with one of the books on the reading list. His face mirrors an honest attitude of disbelief. "This is really 'deep stuff'," he says, patting the book. "If I'd known it was like this, I would have read it a long time ago."

The teacher, though exasperated, is pleased and even impressed with Benny's grasp of the material.

WOW, SHE thinks, what have I been doing wrong all year?

There are undoubtedly a score of explanations for the performance of the blitzer. One may be attention span — the blitzer is unable to see the results of the cumulation of a year's work, but can see the gains of a short, concentrated period.

Some blitzers could, very justly, be called junior con-men. Others, perhaps, have simply been involved with other lifeline activities, the least of which was school participation.

Whoever and whatever the blitzer is, he ain't dumb. Obviously, failure, even by the yardstick of the "establishment" — the teacher, does not appeal to him. So, for whatever it is worth, he decides to give this academic business a few minutes of his time, accidently discovering that there are indeed some things he doesn't know worth learning.

OF COURSE, Benny poses somewhat of a dilemma for the teacher. How should she evaluate him — on the basis of his previous nonperformance or his present blitz performance?

On the last day of school, Benny approaches her again and says matter-of-factly, "If I had known. . ."

Special features you'll enjoy:

The Fourth Agricultural District's 1970 Sonoma-Marin Fair gets under way next Thursday at the Petaluma Fairgrounds. It is a colorful, two-county event, harkening back to the days of the country fair. The man in charge is Art Canavan, fair manager. And in tomorrow's Marin Magazine, a special salute to the fair, I-J reporter Bonnie Bard writes about Canavan, and how he goes about his duties.

The story of California's 49er gold prospectors has been told many times. Almost entirely overlooked, however, has been the gold mining that came after the nuggets were gone. A Marin man, Jack R. Wagner, has written a book to fill that void. And Marin Magazine editor Don Keown tells you tomorrow about Wagner's love affair with California history, and how he came to write "Gold Mines of California."

GOLD RUSH EPISODE

Lee Marvin, as Ben Rumson, hijacks a load of six French adventuresses in a scene for Alan Jay Lerner's production of 'Paint Your Wagon' which opened Wednesday at the Cinema I theater, Corte Madera.

MOTION PICTURE GUIDE

The Marin Motion Picture and Television Council provides these ratings of movies now being shown in Marin County. The council's findings are from the California and National Parent-Teacher Association magazines and from Parents' Magazine, unless otherwise noted. More complete reviews may be obtained by calling the San Rafael Library.

FAMILY:

"Let It Be" — The Beatles open the doors to one of their rehearsals; this is a documentary film record of the event. It will appeal to Beatle fans.

"Sleeping Beauty" — A reissue of Disney's spectacular animation of classic fairy tale with Tchaikowsky background music remains enchanting for whole family.

"Viva Max" — A bumbling Mexican general in a desperate attempt to impress a beautiful senorita tries to retake the Alamo with unexpected results. A gem of impudent but gentle humor.

ADULTS AND TEENS:

"Anne of the 1000 Days" — Magnificently staged and cast, this historical drama of lust and political intrigue encompasses the courtship, marriage, trial and beheading of Anne Boleyn.

"Battle of Britain" — An exceptional and absorbing account of four terrible but triumphant months in England's history in the summer of 1940. Semi-documentary, superior direction, acting and photography.

"Butch Cassidy and the Sundance Kid" — Deft comedy about two charming outlaws that outlive their time. Sparkling western with delightful scenery, witty script and memorable performances.

"Crimson Cult" — Boris Karloff's last film. A haunting by ghosts, witchburning ceremony, mysterious nightmares and one sex scene are the sum total of this fair offering.

"Horror House" — A party in an abandoned house turns into a terrifying nightmare when a murder is discovered. Deaths are gory, a thoroughly frightening film.

"One More Time" — A sequel to Salt and Pepper. An identity change, with Chris Pepper assuming his dead brothers' life and Interpol trying to break up a diamond smuggling racket are basic plot to the sometime comedy-murder mystery. (Motion Picture Daily)

"Paint Your Wagon" — A lusty, irreverent script is framework for musical set in a mining camp during Gold Rush days. Elaborately mounted broad comedy, raucous and at times tasteless, therefore not suitable for young children.

"Z" — Brilliant, electrifying thriller providing powerful insights into today's troubled politics. Based on true incident that occurred in Greece in 1963 before military takeover. Tense drama.

BORDERLINE:
(Most sources say Adults Only)

"Alice's Restaurant" — Throught provoking, true story about a commune of hippies in an uncommitted life that is both sad and funny. Some of the language and actions are in very poor taste.

"Gaily, Gaily" — Broad, entertaining comedy account of a young man's loss of innocence based on Ben Hecht's autobiography. Many scenes quite risque with nudity and explicit sex.

"Hang 'Em High" — Western story of vengence with sadism and violence shown in morbid detail.

"Woodstock Festival" — Interesting documentary of last summer's famous rock festival Nudity, obscene language, use of drugs and lovemaking may keep from the audience those most interested in seeing it. Parental guidence advised.

ADULTS ONLY:

"All the Loving Couples" — Four married couples gather on a regular basis for wife swapping parties. Crude tasteless film makes point that the game of infidelity is not very happy.

"MASH" — Title stands for Mobile Army Surgical Hospital. Anti-war film deals with three surgeons. Scenes are gruesome as they are funny. Bittersweet element of truth in action and dialogue.

"What Do You Say to a Naked Lady" — Allen Funt of Candid Camera extends his debasing Peeping Tom technique to feature length with sex and nudity as the trashy gimmick.

"Women in Love" — Film abounds in art, visual effects and style. D. H. Lawrence's novel written 50 years ago is strongly put forth with very explicit, sensual eroticism and much nudity, both male and female.

At 16, Her World Is A Place For Dancing

Sixteen-year-old Sheri Gaia says that she has been "into" dancing since she was 10. To those over 30, this means that she is now totally dedicated.

And in six scant years this dedication has resulted in her emergence as a teacher and leader of her own group, which is performing its ballet and modern interpretation of the "Scarlet Letter" at Tamalpais High School at 8 p.m. tomorrow and Saturday.

The San Rafael High School senior, daughter of Othello and Elsa Gaia confesses that she actually began taking dancing lessons when 4 at the Belrose Studios in San Rafael.

SHERI GAIA
Dance troupe leader

"But, after I got older and started taking them more seriously, Mrs. (Margie) Belrose asked me to become a teacher. In fact, she is the sponsor of the group."

Not just any aspiring toe-tapper may become a Gaia Dancer. Intense interviews are given by Sheri in which she finds out where an applicant's "head is at." And if it is not filled with devotion to the rigors of dancing and performing in the Gaia style, which means plenty of hard work to hone polished techniques, its owner is turned down. She is continually seeking members, especially boys, who, she says, are hard to recruit as dancers.

"There are now 11 people in the troupe. Their ages range from 14 to 20." Some attend "my high school and the other five go to Tamalpais High School," said Sheri.

Group members Candy Nudelman and Priscilla Ford, classmates of Sheri, handle the financial and publicity chores.

Maureen Sheean, also of San Rafael High School, from whose English class assignment the "Scarlet Letter" presentation during is another integral member of the group.

Sheri's plans for the future involve an even deeper concentration in her art for as long as possible, she said. Schedule: continuing as leader of the Gaia Dancers, teaching at the Terra Linda Recreation Center and some lesson taking of her own in San Francisco.

Miss San Mateo is Susan Jean Damante, 20, who stands 5-feet-7, weighs 120 pounds and wore a lime bathing suit.

Vicki Jean Lee, 21, Miss Los Angeles, won the talent contest.

Half the contestants took part in the swim suit contest and the rest in the talent competiiton. They will change roles tonight.

The contest ends Saturday with the winner headed for the Miss America contest.

Child Rescued From Cliff By Forts Firemen

A 9-year-old boy was rescued from a cliff near Fort Baker yesterday by two Fort Cronkhite firemen and a soldier.

Steve Burg, son of Capt. Heinz Burg, who is stationed at Fort Baker, had been playing with two other boys, and all had climbed down the cliff. When they were approximately 40 feet from bottom, they became frightened. The other two climbed back to the top, but Steve was stranded.

Pfc. Tom Krisha of Fort Baker saw the boy in trouble and climbed down to comfort him until help could arrive.

Firemen Al Koon of Woodacre and William Williams of San Anselmo, soon arrived and lowered a rope to complete the rescue.

Marines Ready Haircut Appeal

SAN DIEGO, Calif. (UPI)—The so-called "San Diego 15," a group of Marine Corps reservists facing courts-martial because they refused to cut their hair, plan to ask the U.S. attorney here for an investigation Monday.

A spokesman for the Marines said Thursday that they will seek an investigation into alleged discrimination by their superiors in the 4th tank battalion, The men claim they have received unfair treatment since their cases began moving through the court-martial process.

One of the 15, Pfc. James Wallace, 23, was convicted last Sunday at a summary court-martial. He was sentenced to 21 days at hard labor, reduction in rank to private, and forfeiture of $60, the maximum sentence possible.

Theft Of Furs Is Climbing In Germany

BONN (UPI)—Thefts of furs by organized gangs who steal them by the carload and smuggle them across national borders for resale has increased sharply in recent years in West Germany as well as in neighboring countries.

In 1969, furs worth 13 million marks (13,500,000) were stolen from German stores and warehouse, the Federal Criminal Police said in a report to Parliament.

Heroin Charge Added To Case

Jeffrey D. Peters, 19, of San Rafael, was arraigned yesterday in Marin Municipal Court on a new charge of possessing heroin when arrested May 30. He had already been charged with being under the influence of drugs and having alcohol as a minor.

A preliminary hearing was set for next Thursday.

Peters was arrested when San Rafael police noticed he was walking unsteadily on Fourth Street. While being questioned by an officer, the youth reportedly pulled a balloon which appeared to be filled with heroin, from his coat pocket and tried unsuccessfully to swallow it.

GOLD RUSH EPISODE

Lee Marvin, as Ben Rumson, hijacks a load of six French adventuresses in a scene for Alan Jay Lerner's production of 'Paint Your Wagon' which opened Wednesday at the Cinema I theater, Corte Madera.

MOTION PICTURE GUIDE

The Marin Motion Picture and Television Council provides these ratings of movies now being shown in Marin County. The council's findings are from the California and National Parent-Teacher Association magazines and from Parents' Magazine, unless otherwise noted. More complete reviews may be obtained by calling the San Rafael Library.

FAMILY:

"Let It Be" — The Beatles open the doors to one of their rehearsals; this is a documentary film record of the event. It will appeal to Beatle fans.

"Sleeping Beauty" — A reissue of Disney's spectacular animation of classic fairy tale with Tchaikowsky background music remains enchanting for whole family.

"Viva Max" — A bumbling Mexican general in a desperate attempt to impress a beautiful senorita tries to retake the Alamo with unexpected results. A gem of impudent but gentle humor.

ADULTS AND TEENS:

"Anne of the 1000 Days" — Magnificently staged and cast, this historical drama of lust and political intrigue encompasses the courtship, marriage, trial and beheading of Anne Boleyn.

"Battle of Britain" — An exceptional and absorbing account of four terrible but triumphant months in England's history in the summer of 1940. Semi-documentary, superior direction, acting and photography.

"Butch Cassidy and the Sundance Kid" — Deft comedy about two charming outlaws that outlive their time. Sparkling western with delightful scenery, witty script and memorable performances.

"Crimson Cult" — Boris Karloff's last film. A haunting by ghosts, witchburning ceremony, mysterious nightmares and one sex scene are the sum total of this fair offering.

"Horror House" — A party in an abandoned house turns into a terrifying nightmare when a murder is discovered. Deaths are gory, a thoroughly frightening film.

"One More Time" — A sequel to Salt and Pepper. An identity change, with Chris Pepper assuming his dead brothers' life and Interpol trying to break up a diamond smuggling racket are basic plot to the sometime comedy-murder mystery. (Motion Picture Daily)

"Paint Your Wagon" — A lusty, irreverent script is framework for musical set in a mining camp during Gold Rush days. Elaborately mounted broad comedy, raucous and at times tasteless, therefore not suitable for young children.

"Z" — Brilliant, electrifying thriller providing powerful insights into today's troubled politics. Based on true incident that occurred in Greece in 1963 before military takeover. Tense drama.

BORDERLINE:
(Most sources say Adults Only)

"Alice's Restaurant" — Throught provoking, true story about a commune of hippies in an uncommitted life that is both sad and funny. Some of the language and actions are in very poor taste.

"Gaily, Gaily" — Broad, entertaining comedy account of a young man's loss of innocence based on Ben Hecht's autobiography. Many scenes quite risque with nudity and explicit sex.

"Hang 'Em High" — Western story of vengence with sadism and violence shown in morbid detail.

"Woodstock Festival" — Interesting documentary of last summer's famous rock festival Nudity, obscene language, use of drugs and lovemaking may keep from the audience those most interested in seeing it. Parental guidence advised.

ADULTS ONLY:

"All the Loving Couples" — Four married couples gather on a regular basis for wife swapping parties. Crude tasteless film makes point that the game of infidelity is not very happy.

"MASH" — Title stands for Mobile Army Surgical Hospital. Anti-war film deals with three surgeons. Scenes are gruesome as they are funny. Bittersweet element of truth in action and dialogue.

"What Do You Say to a Naked Lady" — Allen Funt of Candid Camera extends his debasing Peeping Tom technique to feature length with sex and nudity as the trashy gimmick.

"Women in Love" — Film abounds in art, visual effects and style. D. H. Lawrence's novel written 50 years ago is strongly put forth with very explicit, sensual eroticism and much nudity, both male and female.

ABAG DUCKS

Transit Priority Listing Shunned

By PAUL E. PETERZELL

BERKELEY — Association of Bay Area Government officials last night ducked a political fight over federal transportation grants by refusing a Washington request that they decide how the limited funds should be spent. (See other ABAC stories, page 6.)

Before ABAG's executive committee were eight applications for grants totaling more than $138 million — far more than the $20 to $25 million available this fiscal year.

The potentially explosive listing of the eight, in order of priority as seen by ABAG's staff, put a $5.1 million application by the Golden Gate Bridge District in second place. The money would help purchase 132 new commuter buses.

Listed first was an application by the Bay Area Rapid Transit District for $40 million to help buy 240 trains.

Generating the political heat were officials who found their applications listed further down on the list — including San Francisco's bids for almost $90 million in grants for buses, improvements to the cable car system and construction of the Embarcadero station on the Market Street subway line.

Moving quickly to defuse the issue, San Francisco representatives proposed that the entire shopping list be approved "without any comment at this time on priorities."

San Francisco's chief administrative officer, Thomas J. Mellon, said "all the projects are interwoven." The staff's recommendations "were arrived at very rapidly," he said.

(J. Fred Silva, head of ABAG's grant review program, told the Independent-Journal that the staff worked on its recommendations for five months.)

Mellon suggested that perhaps every project might get part of its request.

The motion to approve the entire list without indicating priorities was seconded by Marin Supervisor John F. McInnis. The priorities were a policy fatter, thus not for the staff to decide, he said.

Sonoma County Supervisor Ignazio A. Vella, president of ABAG, said the priorities would be reviewed at some future date by the association's regional transportation planning committee.

Marin Supervisor Michael Wornum, representing the Golden Gate Bridge District, reluctantly supported the motion, noting that half of the bridge district's directors were from San Francisco.

"But if this organization doesn't set priorities," Wornum declared, "then it's just a debating society."

Also critical of the motion was Antioch mayor Louise P. Giersch. "In other words, we're sending them (Washington) a grab bag and telling them we can't decide at the regional level, so they should pull one out of a grab bag."

The motion won, 20-1, with Palo Alto Vice Mayor Frances K. Dias Voting "no".

Despite the vote, however, the staff's recommendations on priorities "somehow will find its way to Washington," a committee member told the Independent-Journal after the meeting.

Marinite Seeks To Assist Peruvian Relief Efforts

Letters being sent this weekend by a Peruvian-born Corte Madera woman will try to coordinate several Marin relief drives for victims of the massive earthquakes in Peru last month.

Nancy Riley, vice president of the Marin Estates Homeowners Association, said instructors at College of Marin have agreed to distribute the letters at opening of summer school classes Monday, and the letters will be sent to all residents of Corte Madera and to Catholic Social Services for wider distribution.

Her letter reiterates pleas for help to the stricken country, where winter is now beginning, and lists collection points for donations of clothing, canned food or other gifts.

Collection points include the main Kentfield fire station from 9 a.m. to 9 p.m. daily; Catholic Social Services at 179 Los Ranchitos Road, San Rafael; the American Red Cross, 712 Fifth Avenue, San Rafael; Our Lady of Mount Carmel church, 17 Buena Vista Avenue, Mill Valley, and the Victoria G. Clark residence, 37 El Camino Drive, Corte Madera.

The main needs are for warm clothing, blankets, sleeping bags, camping equipment and the like.

Mrs. Riley said checks may be made out to "Friends of Peru," and sent to Friends of Peru in care of the San Francisco Chamber of Commerce, 420 Montgomery Street, San Francisco.

8 Pct. School Raises Voted In Twin Cities

A tentative 1970-71 budget of $1,756,716 including an 8 percent pay raise for all employees, was approved last night by the Larkspur School District board.

Classified employees have agreed to the 8 per cent pay raise, but negotiations are still continuing with teachers, reported Supt. Milton S. Cohen. Cost of the 8 per cent package is an estimated $78,000.

The tentative budget is up $95,530 from the 1969-70 budget of $1,661,186, but Cohen had no estimate of next year's tax rate. The current tax rate for the district is $3.45 per $100 assessed valuation.

Cohen said the state tax overhaul bill may drastically alter the district financing and tax rate.

Byron Mauzy, business manager for the Marin County schools office, told the board last night that as now proposed, the tax overhaul bill (Assembly Bill 1000) would cost the district $47,000 in income next year.

The Larkspur School District board also:

SUBSTITUTES — Raised pay for substitute teachers from $25 to $26.50 a day.

HIRING — Hired William Bindrim as a custodian at Larkspur-Corte Madera School at a salary of $485 a month.

RECREATION — Authorized an agreement with the Town of Corte Madera to use schoolgrounds for summer recreation programs, with the town providing insurance and clearing programs with the school principals.

TRAINING — Set a pre-school in-service training program for teachers for Sept. 2-4 to prepare them for the fall semester.

Tiffany Park's Plans Approved

The Sausalito Recreation Commission last night approved plans for the development of Tiffany Park at the end of North Street, according to Public Works Director Norman Wohlschlaeger.

The architect's drawings, which now must be approved by the city council, call for benches, trees, grass and shrubbery at the quarter-acre park.

The park, which was created by the widening of Bridgeway, is intended mainly for passive use. It overlooks San Francisco and the Bay, Wohlschlaeger said.

Supervisors To Weigh Bosses' Salary Boosts

The Marin County Board of Supervisors is scheduled Thursday to consider pay raises of up to 10 per cent recommended for county management personnel for 1970-71.

The hearing, part of board deliberations on the county's new budget, will be held at 9 a.m.

The bulk of the county's 1,200 employees have received a 5 per cent pay boost. The Independent-Journal erred Wednesday in reporting contract negotiations were still under way.

Residents Elect In Rohnert Park

The Rohnert Park Homeowners Association last night elected Norval Latrielle, a three-year member, as its president.

Latrielle is a supervisor for the Retail Credit Co., Santa Rosa.

Other officers elected were Henry Thomas, vice president; Dale Hummel, treasurer, and Betty Williams, secretary.

Elected to the board of directors were Skyral Sweeney, Harold Heth, James Cronin, Roger Kreischer, Dennis Oman, Robert Barnes and James Steinberg.

Owners In Sleepy Hollow Reject Private Club, Ask Services Area

An orderly, but vocal crowd of about 300 persons attended a meeting of the Sleepy Hollow Homes Association last night and voted to reject a proposed private swimming and tennis club on the Sleepy Hollow Stables property.

The members voted instead in favor of forming a services district to buy the 15.5-acre property and develop it for community use, according to President Merritt A. Robinson.

He said the vote, in which about two thirds of the audience participated, was: 118 for the services district, 45 for the private club, and 29 for residential development of the property.

Two resolutions were then passed by the membership. The first requests the Marin County Board of Supervisors to deny an application for a use permit for the private club proposal, and the second directs the association's board to prepare a plan for formation of the services district and submit it to the membership for approval.

Purchase price of the property is estimated at $125,000, Robinson said, and he estimated $80,000 in improvements would be needed for development of the property.

Robinson said that the group behind the private club has not yet filed an application for a use permit, but that one of the individuals involved has said they will apply regardless of the home association's action.

Two hours of discussion focused on the questions of raising money to purchase the stable property and getting permission from the county local agency formation commission to form the district, Robinson said.

The meeting last night also voted "overwhelmingly," according to Robinson, against reconsidering its previous vote rejecting a proposal for the creation of Flood Control Subzone 9-A in the unincorporated areas of Ross Valley.

'How To Study In College' Set

A one-week course on "How to Study in College" will be given this year despite low enrollment, the Marin County Young Men's Christian Association said today.

The course for high school graduates will start at 7 p.m. Monday in Room 112 of the College of Marin fine arts building. Students may enroll at the first class.

The course, which has been offered annually for the last five years, will be taught by Robert Schwarz of Purdue University. Its aim is to help high school graduates make the change to college work. Classes will be from 7 to 9 p.m. Monday through Friday.

Family Agency Opposes War

Family Service Agency of Marin has urged a quick end to the Indochina war by adopting a resolution passed previously by the national board of the Family Service Association of America.

The resolution, adopted Tuesday, said the war has prevented development of adequate health, welfare, employment, education and housing programs and that American entry into Cambodia aggravated the strains in American life and increased polarization on national issues.

Mention was also made of "the rhetoric of some who have undermined the right of free speech by questioning the motives of those who disagree with their government's policies."

Church Youths 'Slave' To Help Charity Drive

"Slave day," a traditional form of fund-raising for high school festivities, will be turned to a new purpose tomorrow.

Some 20 young people from the First Baptist Church of San Anselmo will roll up sleeves and work all day in homes throughout Marin for charity.

Instead, the money they earn will be paid to the church's youth organization in a fund to send needy young people to summer camp.

The group has spent several weeks telephoning prospective employers to line up jobs for the one-day project tomorrow, said Mrs. Marie Stickle of San Rafael, who has hired a boy and girl to work at her home.

Parking Tickets Pile Up: $450

A 31-year-old San Rafael woman received her 31st invitation yesterday to attend an unwelcome event.

Barbara J. Thomas, 30 Novato Street, Apt. 310, was asked yesterday by police to appear in court to answer 30 traffic warrants for violations in May, June and July 1969. Bail totalled $450.

Mrs. Thomas told police she didn't remember getting that many citations.

San Rafael Woman Injured In Accident

Maureen Booth, 23, of 230 Marin Street, San Rafael, was reported in satisfactory condition today at Marin General Hospital with a fractured left shoulder and possible concussion suffered in an accident in San Francisco yesterday.

San Francisco police were unable to furnish details of the accident.

"You'll never win any world championships bidding like that," South complained after the play of today's hand. "You need a decent suit for an overall, not that moth-eaten diamond holding you put down. I'd have made the game and rubber if your diamonds had been headed by the king-jack instead of the king-eight."

LOW DIAMOND

South won the first trick with the king of clubs and led a low diamond to dummy's king. Then he returned a diamond, using the queen to drive out the ace.

West continued clubs, forcing out dummy's ace. Declarer led another diamond, and East won with the jack. East then led a heart, and West took two hearts and the rest of the clubs. Down three.

Nobody would send South to the world championships, now being held in Stockholm. Instead of complaining about his partner's bidding he should have made his contract, scoring the game and rubber.

ACE WAS LOCATED

When dummy's king of diamonds won the second trick, the ace of diamonds was located just as surely as though West had taken it out of his hand and waved it in the air. There could be no advantage in playing the queen of diamonds to drive out the ace. That would surely set up the jack of diamonds for the defenders as well as the ace of diamonds.

ONLY CHANCE

Declarer's only chance was to play the remaining low diamond from his hand. If West had started with only two diamonds, as was the case, he would have to play the ace of diamonds even though South had played low.

South would be able to win the club return and capture the jack of diamonds with the queen. The rest of dummy's diamonds would be good, and declarer would take three spades, four diamonds and two clubs, for a total of nine tricks.

SANTA CRUZ, Calif. (UPI)— The University of California and the University of Wisconsin are seeking $5.1 million for a new observatory near Big Sur on the central California coast.

The joint venture would involve a 99-inch telescope on an 80-acre summit, Junipero Serra Peak in Monterey County. Dr. Robert P. Kraft, acting director of UC's Lick Observatory on Mount Hamilton near San Jose, said the new observatory would provide a clearer view of the sky.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Instead Of Just Complaining, Just Play The Cards Properly

"You'll never win any world championships bidding like that," South complained after the play of today's hand. "You need a decent suit for an overall, not that moth-eaten diamond holding you put down. I'd have made the game and rubber if your diamonds had been headed by the king-jack instead of the king-eight."

Opening lead — ♣ Q

LOW DIAMOND

South won the first trick with the king of clubs and led a low diamond to dummy's king. Then he returned a diamond, using the queen to drive out the ace.

West continued clubs, forcing out dummy's ace. Declarer led another diamond, and East won with the jack. East then led a heart, and West took two hearts and the rest of the clubs. Down three.

Nobody would send South to the world championships, now being held in Stockholm. Instead of complaining about his partner's bidding he should have made his contract, scoring the game and rubber.

ACE WAS LOCATED

When dummy's king of diamonds won the second trick, the ace of diamonds was located just as surely as though West had taken it out of his hand and waved it in the air. There could be no advantage in playing the queen of diamonds to drive out the ace. That would surely set up the jack of diamonds for the defenders as well as the ace of diamonds.

ONLY CHANCE

Declarer's only chance was to play the remaining low diamond from his hand. If West had started with only two diamonds, as was the case, he would have to play the ace of diamonds even though South had played low.

South would be able to win the club return and capture the jack of diamonds with the queen. The rest of dummy's diamonds would be good, and declarer would take three spades, four diamonds and two clubs, for a total of nine tricks.

DAILY QUESTION

As dealer, you hold:
♠ - K J 8
♥ - K J 10 2
♦ - Q 7 2
♣ - K 7 4.
What do you say?

ANSWER: Pass.

You have 13 points in high cards, enough for an optional opening bid, but you should not exercise your option on an aceless hand with no particularly strong suit.

Big New Eye Due On Coastal Peak

SANTA CRUZ, Calif. (UPI)— The University of California and the University of Wisconsin are seeking $5.1 million for a new observatory near Big Sur on the central California coast.

The joint venture would involve a 99-inch telescope on an 80-acre summit, Junipero Serra Peak in Monterey County. Dr. Robert P. Kraft, acting director of UC's Lick Observatory on Mount Hamilton near San Jose, said the new observatory would provide a clearer view of the sky.

Tobacco Chewers Linked To Cancer

NEW DELHI (AP) — The Mainpuri district of northern Uttar Pradesh state, where large numbers of people chew tobacco, has the highest rate of mouth cancer in the world, according to a recent study. Figures showed that some 21.4 out of 100,000 persons suffered from the disease, a figure seven to 10 times higher than any other part of the world. Many chewers in Mainpuri go to sleep with the plugs in their mouths, according to the study financed by the World Health Organization.

The one mysterious thing about this home is that we won't know the price until this ad hits the press. But we do know it will be in the mid 30's and will sell immediately. After all, it's contemporary in architecture, is nestled among huge boulders, and most rooms open to level patios with water view. If 2 bedrooms and large den will fit your needs this is it. AFFIDAVIT OF INTENT TO SELL REAL PROPERTY TO THE STATE

STANLEY J. FONTEZ, Tax Collector of the County of Marin, State of California, being first duly sworn upon oath, deposes and says:

That notice is hereby given that unless the total amount due for taxes, assessments and other charges levied in the year 1969 for the fiscal year 1969-70 on any property as shown on the secured roll in my custody, is paid before 5:00 o'clock P.M. June 30, 1970, the real property on which such amounts are a lien (except real property previously sold to the state and not redeemed) will, by operation of law, be sold to the State of California at such time in the Office of the Tax Collector at the Civic Center, City of San Rafael, County of Marin.

Real property sold to the State may be redeemed by payment of all unpaid taxes and assessments together with such additional penalties and fees as prescribed by law, or may be redeemed under an installment plan of redemption.

Unless sooner redeemed or an installment plan of redemption is initiated and maintained thereon, real property sold to the State for delinquent taxes will be subsequently deeded to the State at the time prescribed by law. DELINQUENT TAX NOTICE
AFFIDAVIT OF INTENT TO SELL REAL PROPERTY TO THE STATE

STANLEY J. FONTEZ, Tax Collector of the County of Marin, State of California, being first duly sworn upon oath, deposes and says:

That notice is hereby given that unless the total amount due for taxes, assessments and other charges levied in the year 1969 for the fiscal year 1969-70 on any property as shown on the secured roll in my custody, is paid before 5:00 o'clock P.M. June 30, 1970, the real property on which such amounts are a lien (except real property previously sold to the state and not redeemed) will, by operation of law, be sold to the State of California at such time in the Office of the Tax Collector at the Civic Center, City of San Rafael, County of Marin.

Real property sold to the State may be redeemed by payment of all unpaid taxes and assessments together with such additional penalties and fees as prescribed by law, or may be redeemed under an installment plan of redemption.

Unless sooner redeemed or an installment plan of redemption is initiated and maintained thereon, real property sold to the State for delinquent taxes will be subsequently deeded to the State at the time prescribed by law. Thereafter, such real property deeded to the State may be sold at public auction or otherwise conveyed unless redeemed.

A DETAILED LIST OF ALL REAL PROPERTY WHICH IS SOLD TO THE STATE PURSUANT TO THIS NOTICE WILL BE PUBLISHED ON OR BEFORE SEPTEMBER 8, 1970, UNLESS SUCH PROPERTY IS SOONER REDEEMED.

A parcel number as for example, '3-363-5' would mean Book 3 of the Assessor's Maps, Block 363 (Map 36, Block 3) and Parcel 5 within that block. The maps referred to are available for inspection in the office of the assessor.

The properties to be deeded and the subject of this notice are situated in the County of Marin, State of California, and particularly described as follows, to-wit:

Burns Denies Any Deal With Reagan

SACRAMENTO (UPI)—Democratic Sen. Hugh M. Burns of Fresno today denied a charge that he endorsed Gov. Ronald Reagan for re-election in exchange for a political appointment.

"There has been no deal made," Burns said through a spokesman in replying to remarks made by Sen. Alfred E. Alquist of San Jose.

Alquist, the Democratic candidate for lieutenant governor, said Thursday the endorsement had the "earmarks of a political deal" and challenged Reagan "to make public any job promise he has made to Burns in return for his support."

"My guess is it's an appointment to the public utilities commission or savings and loan commission," Alquist said in a statement.

But Burns' spokesman, his administrative assistant Jud Baker, said Alquist is only speculating because "obviously Alquist was not present at Burns' discussions with the governor."

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Rheumatic Fever Battle Being Won Through Medication, Care

WE ARE winning the battle against rheumatic fever (RF). The number of cases is dwindling, and the prophylactic use of a sulfa or an antibiotic has helped considerably in preventing recurrences.

Prior to 1950, a youngster who had RF was almost certain to develop another attack after every strep infection. And with each recurrence there was always a danger of additional damage to the heart.

RHEUMATIC FEVER is frequently called a complication of strep infection of the upper respiratory tract (throat, tonsils, and nose). This is understandable because the acute attack and recurrences are triggered by streptococci.

Furthermore, symptoms develop from one to two weeks after the sore throat or tonsilitis subsides.

The term rheumatic was coined at a time when joint involvement was the principal manisfestation. Actually, the disease attacks many organs including the skin, tendons, brain, and connective tissue.

HEART DAMAGE is the most serious side effect. There is a 50-50 chance that the organ will escape damage.

The joints usually recover completely. A knee, for example, becomes red, swollen, hot, and tender to the touch, but these manifestations subside within a few days. Meanwhile, a wrist, ankle, or elbow follows suit. Involvement of other organs may occur simultaneously.

Pinkish lesions surrounded by scalloped edges appear on the skin; shotlike, hard nodules may develop under the skin in the vicinity of a joint.

THE MANIFESTATIONS OF RF vary considerably. Joint involvement may be minimal, and the disease is suspected because the child has no appetite or perhaps has developed a heart murmur. Blood tests and the electrocardiogram are used to verify the diagnosis.

Rest, aspirin, and the adrenal steriods are the standard remedies. The majority of sufferers improve dramatically within a week or two, but the disease may smolder for months.

(Questions on medical topics will be answered by mail if stamped, self-addressed envelope accompanies request to the I-J.)

EXERCISE AFTER HYSTERECTOMY

A reader writes I had a hysterectomy 10 years ago. I would like to exercise, but whenever I do, pain starts in my flank. Should I exercise or just forget it?

REPLY

I doubt if there is any relationship between the removal of the uterus and pain in the flank. Why not institute a gradual increase in your exercise program? If this is not successful, forget it.

SCHEDULE VARIES

Mrs. R. C. writes: My baby does not have a bowel movement every day and I wondered if a mild laxative might get him on a schedule? He seems perfectly healthy and is a happy child. Isn't a daily movement a must?

REPLY

No, it is not. As a matter of act, even when the process occurs every second or third day, it is considered normal. Your son does not need a laxative. Increase his intake of fluid and fruit juices.

CITRIC GOOSE BUMPS

F. G. writes: Drinking orange, lemon, or grapefruit juice gives me goose pimples. Is this an allergy or an idiosyncrasy?

REPLY

It is more likely to be an idiosyncrasy, as goose flesh is not a typical allergic manifestation.

Today's Health Hint — The child's wading pool should be emptied, scrubbed, refilled and disinfected regularly.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Rheumatic Fever Battle Being Won Through Medication, Care

WE ARE winning the battle against rheumatic fever (RF). The number of cases is dwindling, and the prophylactic use of a sulfa or an antibiotic has helped considerably in preventing recurrences.

Prior to 1950, a youngster who had RF was almost certain to develop another attack after every strep infection. And with each recurrence there was always a danger of additional damage to the heart.

RHEUMATIC FEVER is frequently called a complication of strep infection of the upper respiratory tract (throat, tonsils, and nose). This is understandable because the acute attack and recurrences are triggered by streptococci.

Furthermore, symptoms develop from one to two weeks after the sore throat or tonsilitis subsides.

The term rheumatic was coined at a time when joint involvement was the principal manisfestation. Actually, the disease attacks many organs including the skin, tendons, brain, and connective tissue.

HEART DAMAGE is the most serious side effect. There is a 50-50 chance that the organ will escape damage.

The joints usually recover completely. A knee, for example, becomes red, swollen, hot, and tender to the touch, but these manifestations subside within a few days. Meanwhile, a wrist, ankle, or elbow follows suit. Involvement of other organs may occur simultaneously.

Pinkish lesions surrounded by scalloped edges appear on the skin; shotlike, hard nodules may develop under the skin in the vicinity of a joint.

THE MANIFESTATIONS OF RF vary considerably. Joint involvement may be minimal, and the disease is suspected because the child has no appetite or perhaps has developed a heart murmur. Blood tests and the electrocardiogram are used to verify the diagnosis.

Rest, aspirin, and the adrenal steriods are the standard remedies. The majority of sufferers improve dramatically within a week or two, but the disease may smolder for months.

(Questions on medical topics will be answered by mail if stamped, self-addressed envelope accompanies request to the I-J.)

EXERCISE AFTER HYSTERECTOMY

A reader writes I had a hysterectomy 10 years ago. I would like to exercise, but whenever I do, pain starts in my flank. Should I exercise or just forget it?

REPLY

I doubt if there is any relationship between the removal of the uterus and pain in the flank. Why not institute a gradual increase in your exercise program? If this is not successful, forget it.

SCHEDULE VARIES

Mrs. R. C. writes: My baby does not have a bowel movement every day and I wondered if a mild laxative might get him on a schedule? He seems perfectly healthy and is a happy child. Isn't a daily movement a must?

REPLY

No, it is not. As a matter of act, even when the process occurs every second or third day, it is considered normal. Your son does not need a laxative. Increase his intake of fluid and fruit juices.

CITRIC GOOSE BUMPS

F. G. writes: Drinking orange, lemon, or grapefruit juice gives me goose pimples. Is this an allergy or an idiosyncrasy?

REPLY

It is more likely to be an idiosyncrasy, as goose flesh is not a typical allergic manifestation.

Today's Health Hint — The child's wading pool should be emptied, scrubbed, refilled and disinfected regularly.

Burns Denies Any Deal With Reagan

SACRAMENTO (UPI)—Democratic Sen. Hugh M. Burns of Fresno today denied a charge that he endorsed Gov. Ronald Reagan for re-election in exchange for a political appointment.

"There has been no deal made," Burns said through a spokesman in replying to remarks made by Sen. Alfred E. Alquist of San Jose.

Alquist, the Democratic candidate for lieutenant governor, said Thursday the endorsement had the "earmarks of a political deal" and challenged Reagan "to make public any job promise he has made to Burns in return for his support."

"My guess is it's an appointment to the public utilities commission or savings and loan commission," Alquist said in a statement.

But Burns' spokesman, his administrative assistant Jud Baker, said Alquist is only speculating because "obviously Alquist was not present at Burns' discussions with the governor."

Film Firms Strike Asked

HOLLYWOOD (AP) — Television and motion picture writers have given their union's governing council the authority to call a strike against major Hollywood producers.

The governing council of the union, the Writers Guild of America-West — continued negotiations today with the Association of Motion Picture and Television Producers.

About 850 screenwriters Thursday night unanimously voted authorization for either a "selective strike" against Universal City and 20th Century Fox studios or a general strike against the entire Hollywood film-making industry.

However, the producers' association has declared that "a strike against one will be considered a strike against all."

Duke Wales, representing management, declined to use the word "lockout" but said no union writers would be allowed to work even if a limited strike is called.

TELEVISION IN REVIEW

Networks Aroused By 'Sesame Street'

By RICK DU BROW

HOLLYWOOD (UPI) — The success of National Educational Television's children's series, "Sesame Street," has diverted attention from another daily program for youngsters, CBS-TV's "Capt. Kangaroo."

It's not necessary to go into the comparative merits of these shows because television can use all the good children's series it can get, of whatever kind, and with whatever emphasis.

The point, though, is that for the first time in a long time the networks act as if there may really be some major adjustments in children's programming — beefing up that category of shows. And the chief reason is "Sesame Street," which has earned so much acclaim that any network is bound to be envious.

In addition, of course, there has been, in the last few years, great public outspokenness against the Saturday morning cartoon schedule which for so long was filled with idiotic and violent animation — so much that parents finally got outraged.

Furthermore, as another impetus to betterment of children's programming there is the new chairman of the Federal Communications Commission, Dean Bunch, who has told the broadcasters that they leave something to be desired in this area.

At the same time, he praised the networks for their welcome move to naming, recently, top executives with the specific duties of guiding and developing children's shows of some quality.

When the FCC chairman — any FCC chairman — speaks, the networks may not always agree, but they listen carefully. And Burch has given strong indications in his conservative way, he may be the most forceful FCC chairman — in terms of results — in memory.

He doesn't have the flamboyant approach of ex-FCC chairman Newton Minow, who became famous by branding television a "vast wasteland." Yet it is interesting to note that both put pressure on the networks regarding children's programming. And there seems little doubt that such pressure is sometimes needed to get results.

How many viewers remember, for instance, that Minow's tough talk about such programming brought about a series now all but forgotten in its first form: ABC-TV's "Discovery," now a weekly half-hour on Sundays, but originally a daily, late afternoon show for youngsters. It didn't last long in that form because it hurt the network's ratings at that time of day — and because the pressure was relaxed.

CBS-TV also started, about that time, a weekly half-hour series for children which, as I recall, emphasized books and reading. That disappeared after a while too. And Al Hibbs, the lively professor from the California Institute of Technology, had a fine youngsters' series weekly on NBC-TV, really progressive — ahead of its time, explaining concepts in more sophisticated ways, and for a wider audience, than "Sesame Street." Gone now too. Long gone.

You had to hand it to Minow. Because he didn't just talk about any old children's programming. What he had in mind were daily series for youngsters at hours when they really had access to them — like late afternoon or early evening. And when you think about it, that's where it's really at.

Two Tire Makers May Face U.S. Suits

WASHINGTON (UPI) — The National Highway Safety Bureau has announced the government is considering filing a suit against the Goodrich and Goodyear companies for producing tires that allegedly fail to meet bureau safety standards.

Bureau Director Douglas Toms said Thursday the government may seek "civil penalties against Goodyear and Goodrich for violations of the Vehicle Safety Act." The dispute centers on 89,117 tires, some of which failed to pass tests by independent laboratories. The companies agreed to recall the tires but said their tests showed the tires met bureau standards.

TELEVISION IN REVIEW

Networks Aroused By 'Sesame Street'

By RICK DU BROW

HOLLYWOOD (UPI) — The success of National Educational Television's children's series, "Sesame Street," has diverted attention from another daily program for youngsters, CBS-TV's "Capt. Kangaroo."

It's not necessary to go into the comparative merits of these shows because television can use all the good children's series it can get, of whatever kind, and with whatever emphasis.

The point, though, is that for the first time in a long time the networks act as if there may really be some major adjustments in children's programming — beefing up that category of shows. And the chief reason is "Sesame Street," which has earned so much acclaim that any network is bound to be envious.

In addition, of course, there has been, in the last few years, great public outspokenness against the Saturday morning cartoon schedule which for so long was filled with idiotic and violent animation — so much that parents finally got outraged.

Furthermore, as another impetus to betterment of children's programming there is the new chairman of the Federal Communications Commission, Dean Bunch, who has told the broadcasters that they leave something to be desired in this area.

At the same time, he praised the networks for their welcome move to naming, recently, top executives with the specific duties of guiding and developing children's shows of some quality.

When the FCC chairman — any FCC chairman — speaks, the networks may not always agree, but they listen carefully. And Burch has given strong indications in his conservative way, he may be the most forceful FCC chairman — in terms of results — in memory.

He doesn't have the flamboyant approach of ex-FCC chairman Newton Minow, who became famous by branding television a "vast wasteland." Yet it is interesting to note that both put pressure on the networks regarding children's programming. And there seems little doubt that such pressure is sometimes needed to get results.

How many viewers remember, for instance, that Minow's tough talk about such programming brought about a series now all but forgotten in its first form: ABC-TV's "Discovery," now a weekly half-hour on Sundays, but originally a daily, late afternoon show for youngsters. It didn't last long in that form because it hurt the network's ratings at that time of day — and because the pressure was relaxed.

CBS-TV also started, about that time, a weekly half-hour series for children which, as I recall, emphasized books and reading. That disappeared after a while too. And Al Hibbs, the lively professor from the California Institute of Technology, had a fine youngsters' series weekly on NBC-TV, really progressive — ahead of its time, explaining concepts in more sophisticated ways, and for a wider audience, than "Sesame Street." Gone now too. Long gone.

You had to hand it to Minow. Because he didn't just talk about any old children's programming. What he had in mind were daily series for youngsters at hours when they really had access to them — like late afternoon or early evening. And when you think about it, that's where it's really at.

Two Tire Makers May Face U.S. Suits

WASHINGTON (UPI) — The National Highway Safety Bureau has announced the government is considering filing a suit against the Goodrich and Goodyear companies for producing tires that allegedly fail to meet bureau safety standards.

Bureau Director Douglas Toms said Thursday the government may seek "civil penalties against Goodyear and Goodrich for violations of the Vehicle Safety Act." The dispute centers on 89,117 tires, some of which failed to pass tests by independent laboratories. The companies agreed to recall the tires but said their tests showed the tires met bureau standards.

Kiwanis Rodeo Gets New Date, Location

The 13th annual San Rafael Kiwanis Rodeo, formerly held at the Circle V Ranch in Fairfax, has been rescheduled to the evening of Sept. 19 and the afternoon of Sept. 20 at the Petaluma Fairgrounds.

Proceeds from the show, which will include many phases of competition, will again be used for underprivileged children's programs.

Film Firms Strike Asked

HOLLYWOOD (AP) — Television and motion picture writers have given their union's governing council the authority to call a strike against major Hollywood producers.

The governing council of the union, the Writers Guild of America-West — continued negotiations today with the Association of Motion Picture and Television Producers.

About 850 screenwriters Thursday night unanimously voted authorization for either a "selective strike" against Universal City and 20th Century Fox studios or a general strike against the entire Hollywood film-making industry.

However, the producers' association has declared that "a strike against one will be considered a strike against all."

Duke Wales, representing management, declined to use the word "lockout" but said no union writers would be allowed to work even if a limited strike is called.

Regents Toiling Over Davis, ROTC Issues

LOS ANGELES (UPI)—The case of communist professor Angela Davis—whether she will be fired or retained—was to be decided today by the University of California Board of Regents.

The regents were to conclude a two-day meeting following a session Thursday in which chancellors from the nine campuses defended their handling of recent antiwar protests.

The full board, including Gov. Ronald Reagan, met in executive session today to determine the fate of Miss Davis whose rehiring has been recommended by the UCLA Philosophy Department, faculty groups, and UCLA chancellor Charles E. Young.

Such decisions in the past have been left up to the individual campus heads, but in a board meeting in San Francisco two weeks ago, regents voted to make the decision themselves.

Indications were that regents voted not to rehire the black professor on grounds there was a lack of university funds for her reappointment and because of her fiery public speeches.

In Thursday's session, UC president Charles J. Hitch said the university's ROTC programs, prime object of protests by student dissidents, will continue on essentially the same basis during the 1970-71 calendar.

"We have commitments with the Air Force, the Army and the Navy, and these will, of course, be honored," Hitch told the Education Policy Committee.

The debate on whether to cut off funds for campus newspapers was also to be decided today. Hitch said he did not favor immediate curtailment of student fees now allocated to the operation of campus publications. He pointed out, however, that there were experimental programs on some campuses to make student papers independent operations.

The controversy was fueled last week with the arrest of two editors of the UCLA Daily Bruin. They were charged with the publication of an allegedly obscene photograph depicting a couple making love in a cemetery.

Thief Removes Church Poor Box

Thieves between 9 a.m. and 3 p.m. Wednesday stole a $100 cast iron poor box containing about $2 from St. Raphael's church, 1104 Fifth Avenue, San Rafael police reported today.

The 20-year-old box was three feet high and gold colored. It had a black plate at the top, locked doors at the base of its pedestal and a front legend reading "Offerings for the poor."

The pedestal was wrenched from bolts in the floor near the entrance of the main chapel, police reported.

Felons Win Court's Aid On Reading

SAN FRANCISCO (UPI)—Convicts in California prisons should have greater freedom in what they read, the state's Supreme Court declares.

Justices ruled Thursday that the law gives prisoners the right to read any material which is not obscene or does not pose a threat to prison discipline.

That ruling came after a San Quentin convict, Howard N. Graham Jr., complained he was refused copies of "The Realist" and "Avant Garde" magazines and articles on drugs.

"It may well be that even persons who have committed anti-social acts warranting their imprisonment may derive greater rehabilitation benefits from a relatively free access to the thoughts of all mankind as reflected in the published word than they would derive from a strictly controlled intellectual diet," the court ruled.

Justice also held that a rule forbidding inmates from having legal papers of other convicts was an unreasonable restriction on their basic rights to access to the courts. The ruling grew from a petition by Helen T. Harrell, now in San Quentin, and Mervin C. McKinney, in Folsom.

Prison officials had argued that the rule was necessary to keep a prisoner from extorting payments from another by withholding the papers.

Hearing Slated In Try To Loot Tiburon House

A preliminary hearing has been set for July 21 for Walter W. Daly, 37-year-old San Francisco bartender charged with burglary and conspiracy to commit burglary of the former Tiburon home of William Penn Patrick.

Sheriff's deputies said that two men entered the home at 5 Audrey Court apparently looking for a safe kept there when the cosmetics magnate lived in the residence.

They forced the occupant, Bonnie Lee Hart, and a maid, into the master bedroom at gunpoint, according to deputies and, after failing to find a safe, left in a car stolen in Alto. Two other men waited in the car, officers said.

Daly, who has served a prison term for armed robbery, was arrested after witnesses saw the men change cars and gave a description of a car registered to Daly. The three other men are still being sought by police.

Warning Shots Halt San Quentin Fracas

Warning shots broke up a brief scuffle in which an inmate received a broken jaw in the exercise yard of San Quentin State Prison at 8:45 a.m. yesterday.

Associate Warden James W. L. Park blamed the fight — in which Robert Salas, 26, a prisoner since 1964, was hurt — on antagonisms between a group called the Mexican Mafia and other prisoners.

Will the man who bought a Rhubarb Pie on Friday, June 12

PLEASE COME BACK?

Ye Gods, we're embarrassed. After all, we sold a rhubarb pie or two last Friday and frankly, well, there was *something* wrong. Our other customers brought their pies back, and got a new one on the house of course.

Now somewhere we may have lost a customer. And we can't have that. Our pies really taste very good—all, except that fouled up rhubarb that is.

So, if that gentleman will come back with or without his pie, we'd like to make things right.

After all, we may be new, but we aren't stupid.

Wind Plays Havoc With U.S. Open Golf Scores

CHASKA, Minn. (UPI)—England's Tony Jacklin set sail today into the second round of the U.S. Open golf championship with a two-stroke lead—and unless the violent winds change, the Yanks floundering in his wake may never catch up.

"It can blow even harder if it wants to—I don't care," declared the slender British Open champion who shot a one-under-par 71 in Thursday's opening round while not a single other player in the field of 150 could match or break par in the teeth of 41-mile-per-hour wind gusts.

'DIMINISHED'

The weather forecasts for today's round at the 7,151-yard Hazeltine National Golf club were for sunny skies and "diminished" winds—just how "diminished" was anybody's guess.

Jacklin' who found Thursday's swirling gusts "just like the seaside courses back home," had a two-stroke lead at the start of the second round over Mason Rudolph, Julius Boros, and Juan "Chi Chi" Rodriguez, and another stroke over three longshots in the field—Bobby Mitchell, Ray Crawford, and Tony Evans.

Sixty-nine players failed to break 80 in the "wind tunnel," among them Gary Player, who shot even 80 for the worst U.S. Open round of his career, and Jack Nicklaus, who had an 81, the worst Open round of his career. Arnold Palmer, the other member of what used to be golf's "Big Three," just barely escaped the same fate with a 79.

THE CUT

The Open field will be trimmed to the low 60 scorers and ties at the end of today's round. Speculation was that the cutoff score could be 15-over-par 157 for the two rounds.

While the winds turned tricky Hazeltine into a disaster area for the Yanks, Jacklin set the stage for his first-round lead by clipping three strokes off par on the front nine with a 33. He himself finally was hurt by the wind, with a double bogey six on the 17th hole when the wind gusted and dumped his shot in the lake, but even so his 38 on the back nine gave him the sub-par 71. That tied the record for the higest score ever to lead the Open after one round.

Jacklin frankly credited his experience with the wind for his lead.

"Most of the fine courses in England are on the seashore," he explained, "and it's windy there all the time, although not like it was here. I can see why the other players had trouble with the wind—it was foreign to them. But to me, it seemed like home.

USES WIND

"I try to use the wind whenever possible," he added. "I don't fight it. I aim to let the wind carry the ball where I want it."

The "Big Three" all refused to alibi their poor rounds because of the wind, but all admitted it was the big factor in the day's play.

"Another guy shot a 71 in that wind," Palmer pointed out, "and he did it on the very same golf course that I was playing on."

"My iron game was pathetic, and I chipped and putted poorly," said Nicklaus. "I just played badly all around, that's all."

"I played very poorly and I have no excuses," said Player. "It was more like playing in the British Open than it was the American Open."

Everywhere You Look There Are Tennis Balls

I supppose you have noticed by now that we are up to our lobes in tennis players this week.

Don't dare holler "Tennis, anyone?" for you will be inundated by a wave of white shorts and sneakers. The White Tornado will get you.

Marvelous Marin is a wall-to-wall court with people of all sizes, ages, shapes and forms jumping over nets. It looks like the charge of the white brigade. From the air it looks like Mt. Tamalpais has a bad case of dandruff.

With the hundreds of athletes cavorting in the National Men's 35 tourney going on in Mill Valley, the annual junior fling at Belvedere and the Tennis for Heart in San Anselmo, now may be a good time to reiterate that well-seasoned plea for simpler scoring.

For example, I took my fourth grader to his first match the other day and proceeded to explain to him the scoring system. I'm afraid I sounded like Bud Abbott explaining who's on first. Here,s the routine:

"Now, son, that gentleman over there just won the first point so that puts him ahead 15-love."

What About First 14 Points?

"Hold on a minute, Professor. What happened to the first 14 points? And what's this 'love' business?"

"That's just the way tennis people count. Now if the same man wins the second point that will put him ahead 30-love and if he wins the third point it will be . . ."

"I know, I know, that will make it 45-love because three times 15 is . . ."

"No, no, wise guy. The third point makes it 40-love but don't ask me why. Now, if the other man rallies to tie it at 40-40, that's deuce."

"I'll say that's the deuce. What's the advantage of this scoring system?"

"Gladja asked. When a player gets one point after deuce, THAT'S advantage."

"You lost me, Great Leader. Let's go back to love."

It Comes From A French Word

"Yes, well, love in tennis comes from the French word l'oef, meaning egg, or goose egg. It means zero. Love is nothing. (Hey, I guess that's why they can't add and multiply!) Anyway, when a man wins a match love-love he is not a sex maniac but merely a very good tennis player because love-love means he goose egged his opponent, 6-0, 6-0."

"Whatever happened to good old one, two, three, four, etc.?"

"Well, there have been efforts to educate tennis scorekeepers. A few years ago I met a gent named James Van Alen of Newport, R.I., a real tennis buff who urged use of a system called VASS, short for Van Alen Simplified Scoring System. It eliminates all the confusion simply by counting each point as one. The first player to score 31 points — with serves changing every five points — wins the set. Sort of like ping pong. Also, it shortens matches."

"Has Mr. Van Alen's crusade worked?"

"Well, my boy, it has been accepted in some areas, but there are still the traditionalists who insist on the old fashioned method."

"Father, you don't mean to say. . ."

"Yes, son, I'm afraid so. Tennis is only a half-VASSS game."

Daniele, Bueler Lead The Way

By DAVID EINSTEIN

Terra Linda High School's firecracker shortstop Bob Daniele and San Marin's undefeated pitcher Dennis Bueler brought the North a 3-2 victory last night before 2,500 fans at San Rafael's Albert Park in the first Marin County Athletic League North-South all star baseball game.

All 32 senior stars from the eight league schools saw action in the game, whose founder, Gary Hughes of Marin Catholic commented afterwards, "The crowd was tremendous, the weather was great, everything was perfect."

MOST VALUABLE

Daniele, the game's most valuable player, stroked an off field triple in the sixth inning that scored pinch runner Larry Brazda to break a 2-2 tie, and Bueler pitched hitless ball the last three innings to nail down the win.

Roger Smith of Redwood went eight innings on the mound for the South and took the loss, but he deserved better. The flame throwing righthander, who struck out 10 and walked only one, had only one trouble-plagued inning, and that was the first, when the North scored twice.

SINGLE

South leftfielder Chuck Raznikov of San Rafael, who later made a spectacular diving catch of a foul fly ball, led off the inning with a single up the middle.

Second baseman Kim Kirwin of Novato got on via a fielder's choice when he bunted to Smith, who tried and failed to get Raznikov at second.

Third baseman Ken Gnoss of San Marin then loaded the bases with a perfect bunt single. That brought up centerfielder Dewey Forry of Terra Linda, and the Los Angeles Dodgers' fifth draft choice slashed a single through the hole to left that scored Raznikov and Kirwin.

TROUBLE

Bueler also ran into trouble once, in the sixth when the South tied the score. The tall redhead, who had a perfect 8-0 won-lost record in the MCAL this season, gave up an infield single to leadoff hitter Jan Brink of Tamalpais, and then walked Redwood centerfielder John Boro.

With one out third baseman Joe Caito, also of Redwood, singled sharply to center and Brink and Boro came home, the latter sliding headfirst under a line drive throw from Forry.

The North came back with the winning run in the bottom of that inning. San Marin first baseman Bruce Hoberg walked with two outs, and Brazda, running for him, stole second. Daniele, who had doubled earlier, then belted his game winning drive. He was thrown out at the plate trying for an inside-the-park home run.

IMPRESSED

North coach Mike Quinn was particularly impressed with Daniele, who did not hit well this week during practice for the game. "He played a good solid game," Quinn said.

The flashy shortstop, who handled 11 chances, commiting one error, said, "Everybody played great."

The great play of the evening came in the fifth when Raznikov, racing from straightaway leftfield for a foul fly off the bat of Redwood second baseman

Last Of Fat Cage Contracts

ATLANTA (UPI) — It was never their intention, but those fat contracts demanded by Pete Maravich, Bob Lanier and Dan Issel appear to have been just what was needed to bring pro basketball's two feuding leagues to terms.

Those million dollar bonus babies apparently grabbed their loot just in time because the rookie gold rush may soon be over.

CEASE-FIRE

The National and American Basketball Associations, which have been waging a "suicidal" talent war the past few years, signaled for a cease-fire Thursday when they agreed to ask Congress for permission to merge into a single, 28-team, league.

Maravich cost the Atlanta Hawks a reported $2 million; it took the Detroit Pistons $1.9 million to snare Lanier; and the Kentucky Colonels went $1.4 million to keep Issel out of the hands of the NBA.

With those kind of price tags, the NBA and ABA said in a joint statement to Congress:

SUICIDAL

"Basketball is in the same position as football was a few years ago. Then suicidal competition between the two football leagues threatened either a complete failure of one

Giants' Experiments Sour; One More Chance For Rich

SAN FRANCISCO (UPI)—The Rich Robertson, Tito Fuentes and Alan Gallagher experiments have gone sour on the San Francisco Giants, who tonight start a fight to keep out of the cellar.

Robertson, Fuentes and Gallagher disappointed badly Thursday as the Giants dropped a 6-0 decision to the Chicago Cubs. They begin a short road trip in San Diego tonight, only two games ahead of the fifth place Padres and last place Houston Astros.

FAILS

For the sixth straight start Robertson failed to get his fifth victory. It took the Cubs only three innings to get rid of him Thursday as home runs by Billy Williams and Ron Santo gave Ferguson Jenkins a 3-0 lead.

Manager Charlie Fox was extremely disappointed in Robertson and indicated he'll give the former Santa Clara University flash just one more chance to make good as a starter.

"He gets just one more start," said Fox. "He'll have to show me he can do it or be dropped from the rotation."

Robertson has a very live fast ball but for some strange reason has not thrown it in his recent starts, instead trying to pinpoint his pitches to spots.

"He's not good enough to do that," said a Giants observer. "He should stick to his fast ball until he is a bit more accomplished."

It's an observation Fox agrees with.

"Rich has a fine fast ball and I think he threw it a bit more this time. It's something he'll have to start doing."

Fuentes is in a strikeout slump. The flashy infielder, playing second base these days, struck out for the fourth time in his last six at-bats during the fourth inning of Thursday's game when the Giants had a chance to get back into contention.

Wind Plays Havoc With U.S. Open Golf Scores

CHASKA, Minn. (UPI)—England's Tony Jacklin set sail today into the second round of the U.S. Open golf championship with a two-stroke lead—and unless the violent winds change, the Yanks floundering in his wake may never catch up.

"It can blow even harder if it wants to—I don't care," declared the slender British Open champion who shot a one-under-par 71 in Thursday's opening round while not a single other player in the field of 150 could match or break par in the teeth of 41-mile-per-hour wind gusts.

'DIMINISHED'

The weather forecasts for today's round at the 7,151-yard Hazeltine National Golf club were for sunny skies and "diminished" winds—just how "diminished" was anybody's guess.

Jacklin' who found Thursday's swirling gusts "just like the seaside courses back home," had a two-stroke lead at the start of the second round over Mason Rudolph, Julius Boros, and Juan "Chi Chi" Rodriguez, and another stroke over three longshots in the field—Bobby Mitchell, Ray Crawford, and Tony Evans.

Sixty-nine players failed to break 80 in the "wind tunnel," among them Gary Player, who shot even 80 for the worst U.S. Open round of his career, and Jack Nicklaus, who had an 81, the worst Open round of his career. Arnold Palmer, the other member of what used to be golf's "Big Three," just barely escaped the same fate with a 79.

THE CUT

The Open field will be trimmed to the low 60 scorers and ties at the end of today's round. Speculation was that the cutoff score could be 15-over-par 157 for the two rounds.

While the winds turned tricky Hazeltine into a disaster area for the Yanks, Jacklin set the stage for his first-round lead by clipping three strokes off par on the front nine with a 33. He himself finally was hurt by the wind, with a double bogey six on the 17th hole when the wind gusted and dumped his shot in the lake, but even so his 38 on the back nine gave him the sub-par 71. That tied the record for the higest score ever to lead the Open after one round.

Jacklin frankly credited his experience with the wind for his lead.

"Most of the fine courses in England are on the seashore," he explained, "and it's windy there all the time, although not like it was here. I can see why the other players had trouble with the wind—it was foreign to them. But to me, it seemed like home.

USES WIND

"I try to use the wind whenever possible," he added. "I don't fight it. I aim to let the wind carry the ball where I want it."

The "Big Three" all refused to alibi their poor rounds because of the wind, but all admitted it was the big factor in the day's play.

"Another guy shot a 71 in that wind," Palmer pointed out, "and he did it on the very same golf course that I was playing on."

"My iron game was pathetic, and I chipped and putted poorly," said Nicklaus. "I just played badly all around, that's all."

"I played very poorly and I have no excuses," said Player. "It was more like playing in the British Open than it was the American Open."

Everywhere You Look There Are Tennis Balls

I supppose you have noticed by now that we are up to our lobes in tennis players this week.

Don't dare holler "Tennis, anyone?" for you will be inundated by a wave of white shorts and sneakers. The White Tornado will get you.

Marvelous Marin is a wall-to-wall court with people of all sizes, ages, shapes and forms jumping over nets. It looks like the charge of the white brigade. From the air it looks like Mt. Tamalpais has a bad case of dandruff.

With the hundreds of athletes cavorting in the National Men's 35 tourney going on in Mill Valley, the annual junior fling at Belvedere and the Tennis for Heart in San Anselmo, now may be a good time to reiterate that well-seasoned plea for simpler scoring.

For example, I took my fourth grader to his first match the other day and proceeded to explain to him the scoring system. I'm afraid I sounded like Bud Abbott explaining who's on first. Here,s the routine:

"Now, son, that gentleman over there just won the first point so that puts him ahead 15-love."

What About First 14 Points?

"Hold on a minute, Professor. What happened to the first 14 points? And what's this 'love' business?"

"That's just the way tennis people count. Now if the same man wins the second point that will put him ahead 30-love and if he wins the third point it will be . . ."

"I know, I know, that will make it 45-love because three times 15 is . . ."

"No, no, wise guy. The third point makes it 40-love but don't ask me why. Now, if the other man rallies to tie it at 40-40, that's deuce."

"I'll say that's the deuce. What's the advantage of this scoring system?"

"Gladja asked. When a player gets one point after deuce, THAT'S advantage."

"You lost me, Great Leader. Let's go back to love."

It Comes From A French Word

"Yes, well, love in tennis comes from the French word l'oef, meaning egg, or goose egg. It means zero. Love is nothing. (Hey, I guess that's why they can't add and multiply!) Anyway, when a man wins a match love-love he is not a sex maniac but merely a very good tennis player because love-love means he goose egged his opponent, 6-0, 6-0."

"Whatever happened to good old one, two, three, four, etc.?"

"Well, there have been efforts to educate tennis scorekeepers. A few years ago I met a gent named James Van Alen of Newport, R.I., a real tennis buff who urged use of a system called VASS, short for Van Alen Simplified Scoring System. It eliminates all the confusion simply by counting each point as one. The first player to score 31 points — with serves changing every five points — wins the set. Sort of like ping pong. Also, it shortens matches."

"Has Mr. Van Alen's crusade worked?"

"Well, my boy, it has been accepted in some areas, but there are still the traditionalists who insist on the old fashioned method."

"Father, you don't mean to say. . ."

"Yes, son, I'm afraid so. Tennis is only a half-VASSS game."

TWO RUNS—Kim Kirwin of Novato (12) heads toward plate as Marin Catholic catcher Rick Fox takes throw from outfield. Chuck Raznikov (20) scored in front of Kirwin, both tallies coming on Dewey Forry's bases loaded single. No. 16 is San Marin's Bruce Hoberg. (I-J photo by Alfred Arn)

Daniele, Bueler Lead The Way

By DAVID EINSTEIN

Terra Linda High School's firecracker shortstop Bob Daniele and San Marin's undefeated pitcher Dennis Bueler brought the North a 3-2 victory last night before 2,500 fans at San Rafael's Albert Park in the first Marin County Athletic League North-South all star baseball game.

All 32 senior stars from the eight league schools saw action in the game, whose founder, Gary Hughes of Marin Catholic commented afterwards, "The crowd was tremendous, the weather was great, everything was perfect."

MOST VALUABLE

Daniele, the game's most valuable player, stroked an off field triple in the sixth inning that scored pinch runner Larry Brazda to break a 2-2 tie, and Bueler pitched hitless ball the last three innings to nail down the win.

Roger Smith of Redwood went eight innings on the mound for the South and took the loss, but he deserved better. The flame throwing righthander, who struck out 10 and walked only one, had only one trouble-plagued inning, and that was the first, when the North scored twice.

SINGLE

South leftfielder Chuck Raznikov of San Rafael, who later made a spectacular diving catch of a foul fly ball, led off the inning with a single up the middle.

Second baseman Kim Kirwin of Novato got on via a fielder's choice when he bunted to Smith, who tried and failed to get Raznikov at second.

Third baseman Ken Gnoss of San Marin then loaded the bases with a perfect bunt single. That brought up centerfielder Dewey Forry of Terra Linda, and the Los Angeles Dodgers' fifth draft choice slashed a single through the hole to left that scored Raznikov and Kirwin.

TROUBLE

Bueler also ran into trouble once, in the sixth when the South tied the score. The tall redhead, who had a perfect 8-0 won-lost record in the MCAL this season, gave up an infield single to leadoff hitter Jan Brink of Tamalpais, and then walked Redwood centerfielder John Boro.

With one out third baseman Joe Caito, also of Redwood, singled sharply to center and Brink and Boro came home, the latter sliding headfirst under a line drive throw from Forry.

The North came back with the winning run in the bottom of that inning. San Marin first baseman Bruce Hoberg walked with two outs, and Brazda, running for him, stole second. Daniele, who had doubled earlier, then belted his game winning drive. He was thrown out at the plate trying for an inside-the-park home run.

IMPRESSED

North coach Mike Quinn was particularly impressed with Daniele, who did not hit well this week during practice for the game. "He played a good solid game," Quinn said.

The flashy shortstop, who handled 11 chances, commiting one error, said, "Everybody played great."

The great play of the evening came in the fifth when Raznikov, racing from straightaway leftfield for a foul fly off the bat of Redwood second baseman

Last Of Fat Cage Contracts

ATLANTA (UPI) — It was never their intention, but those fat contracts demanded by Pete Maravich, Bob Lanier and Dan Issel appear to have been just what was needed to bring pro basketball's two feuding leagues to terms.

Those million dollar bonus babies apparently grabbed their loot just in time because the rookie gold rush may soon be over.

CEASE-FIRE

The National and American Basketball Associations, which have been waging a "suicidal" talent war the past few years, signaled for a cease-fire Thursday when they agreed to ask Congress for permission to merge into a single, 28-team, league.

Maravich cost the Atlanta Hawks a reported $2 million; it took the Detroit Pistons $1.9 million to snare Lanier; and the Kentucky Colonels went $1.4 million to keep Issel out of the hands of the NBA.

With those kind of price tags, the NBA and ABA said in a joint statement to Congress:

SUICIDAL

"Basketball is in the same position as football was a few years ago. Then suicidal competition between the two football leagues threatened either a complete failure of one

Giants' Experiments Sour; One More Chance For Rich

SAN FRANCISCO (UPI)—The Rich Robertson, Tito Fuentes and Alan Gallagher experiments have gone sour on the San Francisco Giants, who tonight start a fight to keep out of the cellar.

Robertson, Fuentes and Gallagher disappointed badly Thursday as the Giants dropped a 6-0 decision to the Chicago Cubs. They begin a short road trip in San Diego tonight, only two games ahead of the fifth place Padres and last place Houston Astros.

FAILS

For the sixth straight start Robertson failed to get his fifth victory. It took the Cubs only three innings to get rid of him Thursday as home runs by Billy Williams and Ron Santo gave Ferguson Jenkins a 3-0 lead.

Manager Charlie Fox was extremely disappointed in Robertson and indicated he'll give the former Santa Clara University flash just one more chance to make good as a starter.

"He gets just one more start," said Fox. "He'll have to show me he can do it or be dropped from the rotation."

Robertson has a very live fast ball but for some strange reason has not thrown it in his recent starts, instead trying to pinpoint his pitches to spots.

"He's not good enough to do that," said a Giants observer. "He should stick to his fast ball until he is a bit more accomplished."

It's an observation Fox agrees with.

"Rich has a fine fast ball and I think he threw it a bit more this time. It's something he'll have to start doing."

Fuentes is in a strikeout slump. The flashy infielder, playing second base these days, struck out for the fourth time in his last six at-bats during the fourth inning of Thursday's game when the Giants had a chance to get back into contention.

Key Home Runs Win The Games

By U.P. INTERNATIONAL

Tony Horton and Curt Blefary may have finally decided to quit posing as sluggers and begin acting like them.

Horton and Blefary, two players with reputations as home run hitters, have been playing possum most of the season and have left their respective teams hurting for power in the process. It now appears the two men may have regained their lost touch.

Both delivered key homers Thursday night. Horton, who hadn't hit a homer since May 24th, belted a three-run blast in the eighth inning to lift the Cleveland Indians to a 6-3 victory over the Washington Senators and Blefary, who had managed only one homer in 146 at bats, clouted a solo shot to help the New York Yankees defeat the Boston Red Sox, 3-2.

Those two contests were the only American League games scheduled, but home runs also played an important part in the only two National League games. Ron Fairly's grand slam sparked the Montreal Expos to a 10-7 victory over the Atlanta Braves and homers by Billy Williams and Ron Santo helped the Chicago Cubs beat the San Francisco Giants, 6-0.

Horton's three-run shot came off reliever Dick Such's first pitch and enabled the Indians to win their fifth game in a row. It was the eighth homer of the season for the 25-year-old first baseman and the third of the game for the Indians. Graig Nettles and Ray Fosse also homered for Cleveland while Aurelio Rodriguez connected for Washington.

Blefary's homer came off Ray Culp and proved to be the decisive run as the Yankees scored their 12th victory in 14 games while moving to within a game and a half of Baltimore in the East Division.

Gary Waslewski allowed just three hits in six innings of work to gain credit for his first victory. Rico Petrocelli accounted for both Boston runs with a pair of homers.

Fairly's grand-slammer was the third of his career and came off southpaw Larry Jaster, who had been left in the game to pitch to the lefthanded hitting Fairly. The homer capped a six-run inning and spoiled a big night for the Braves' Henry Aaron. Aaron drove in four runs with his 18th homer, a double and a single. Jim Gosger collected four hits for the Expos, including his second homer of the season.

league or failure of the weaker franchises in both leagues. Now, basketball fans, players and franchise cities face the same prospect."

NBA Commissioner Walter Kennedy, the man who will head the combined league, announced Thursday that the NBA, meeting here, had voted 13-4 and the ABA, meeting in Denver, had voted unanimously to present a merger plan to Congress for approval.

DETAILS

Kennedy emphasized that even if congressional approval is obtained, there are still a myriad of details to be worked out between the two leagues before the merger could take place.

As soon as the merger is approved, plans call for a "world championship" playoff following the close of the next season; inter-league pre-season exhibition games the next year; and a common draft after the end of the next season.

The plan calls for a single league consisting "initially" of 28 teams in 27 cities, with New York having two teams. Two more teams would be added prior to the time the single-league schedule goes into effect, hopefully by 1973.

The plan also calls for the ABA clubs to each pay $1.25 million, over a 10-year period, to the present NBA clubs.

Braves Recall Pitcher Reed

ATLANTA (UPI)—The Atlanta Braves today recalled righthander Ron Reed, an 18-game winner in 1969 who broke a collarbone in spring training, from Shreveport of the Texas League.

Reed was sent to the AA farm club early this month to pitch his way into shape. In his most recent appearance, the 6-foot-6 hurler pitched 5 innings, gave up only two hits and no runs.

Reed was to have pitched Thursday night for Shreveport, but the game was rained out. He was to report in time for Friday's twi-night double-header against Houston.

Tom Hill: Skinny, But Fast

DES MOINES (UPI) — Thomas Hill answers to a variety of names. They inculde Tom, Lionel and Super Chicken.

"You can call me what ever you want," the unassuming Arkansas State junior says. "My kinfolk call be Lionel because that's my middle name. At school they call me Super Chicken because I'm skinny."

Hill may be thin—he's 6-2 by 165 — but he's probably the fastest high hurdler running. Last weekend he skimmed the barriers in 13.2 seconds, tieing the world record at the U.S. Track and Field Federation Championships in Wichita, Kan.

Thursday he qualified in the NCAA championships, winning his heat in an almost casual 13.5.

Hill was the class of Thursday's qualifying field as most athletes used as little energy as possible to qualify for today's semi-finals and Saturday's finals.

Hill's 13.5 was one of five stadium records that fell at Drake Stadium, site of the annual Drake relays.

Other stadium marks were set by Bill Schmidt of North Texas State, 267.11 in the javelin; Larry Black of North Carolina Central, 20.5 in the 220-yard dash; Mark Winzenried of Wisconsin, 1:49.9 in the 880-yard run, and the North Carolina Central and California 440-yard relay teams, 39.8. Texas A & M also had a 39.8 when it placed second to California in the same heat.

It's safe to say stadium records will fall in wholesale lots when the nation's premier college athletes bear down in the finals.

Key Home Runs Win The Games

By U.P. INTERNATIONAL

Tony Horton and Curt Blefary may have finally decided to quit posing as sluggers and begin acting like them.

Horton and Blefary, two players with reputations as home run hitters, have been playing possum most of the season and have left their respective teams hurting for power in the process. It now appears the two men may have regained their lost touch.

Both delivered key homers Thursday night. Horton, who hadn't hit a homer since May 24th, belted a three-run blast in the eighth inning to lift the Cleveland Indians to a 6-3 victory over the Washington Senators and Blefary, who had managed only one homer in 146 at bats, clouted a solo shot to help the New York Yankees defeat the Boston Red Sox, 3-2.

Those two contests were the only American League games scheduled, but home runs also played an important part in the only two National League games. Ron Fairly's grand slam sparked the Montreal Expos to a 10-7 victory over the Atlanta Braves and homers by Billy Williams and Ron Santo helped the Chicago Cubs beat the San Francisco Giants, 6-0.

Horton's three-run shot came off reliever Dick Such's first pitch and enabled the Indians to win their fifth game in a row. It was the eighth homer of the season for the 25-year-old first baseman and the third of the game for the Indians. Graig Nettles and Ray Fosse also homered for Cleveland while Aurelio Rodriguez connected for Washington.

Blefary's homer came off Ray Culp and proved to be the decisive run as the Yankees scored their 12th victory in 14 games while moving to within a game and a half of Baltimore in the East Division.

Gary Waslewski allowed just three hits in six innings of work to gain credit for his first victory. Rico Petrocelli accounted for both Boston runs with a pair of homers.

Fairly's grand-slammer was the third of his career and came off southpaw Larry Jaster, who had been left in the game to pitch to the lefthanded hitting Fairly. The homer capped a six-run inning and spoiled a big night for the Braves' Henry Aaron. Aaron drove in four runs with his 18th homer, a double and a single. Jim Gosger collected four hits for the Expos, including his second homer of the season.

MERGER

Continued from page 37

league or failure of the weaker franchises in both leagues. Now, basketball fans, players and franchise cities face the same prospect."

NBA Commissioner Walter Kennedy, the man who will head the combined league, announced Thursday that the NBA, meeting here, had voted 13-4 and the ABA, meeting in Denver, had voted unanimously to present a merger plan to Congress for approval.

DETAILS

Kennedy emphasized that even if congressional approval is obtained, there are still a myriad of details to be worked out between the two leagues before the merger could take place.

As soon as the merger is approved, plans call for a "world championship" playoff following the close of the next season; inter-league pre-season exhibition games the next year; and a common draft after the end of the next season.

The plan calls for a single league consisting "initially" of 28 teams in 27 cities, with New York having two teams. Two more teams would be added prior to the time the single-league schedule goes into effect, hopefully by 1973.

The plan also calls for the ABA clubs to each pay $1.25 million, over a 10-year period, to the present NBA clubs.

Braves Recall Pitcher Reed

ATLANTA (UPI)—The Atlanta Braves today recalled righthander Ron Reed, an 18-game winner in 1969 who broke a collarbone in spring training, from Shreveport of the Texas League.

Reed was sent to the AA farm club early this month to pitch his way into shape. In his most recent appearance, the 6-foot-6 hurler pitched 5 innings, gave up only two hits and no runs.

Reed was to have pitched Thursday night for Shreveport, but the game was rained out. He was to report in time for Friday's twi-night double-header against Houston.

Bob Seymour and Jack Barone of Mill Valley were eliminated in the second round. Seymour bowed to Jim Landin of Denver, 6-3, 8-6 while Barone lost to Jay Turner of Lemon Grove, 6-2, 6-0.

The tournament continues tomorrow and Sunday at Mill Valley.

Nicklaus Moves Up In Winnings

FISH AND GAME

More Trout Planted In Marin Reservoirs

By AL GIDDINGS

Trout checks over last weekend by the Marin Municipal Water District personnel and state game wardens showed that fishing had definitely improved in Lagunitas and Phoenix reservoirs and also down at Rodeo Lagoon. At Rodeo Lagoon, I checked 12 anglers who had 24 trout; and figuring the hours fished per angler at the time, it averaged out one trout per angler per hour fished!

Checks of approximately 50 people at Lagunitas and Phoenix seemed better. Most anglers averaged about five fish each. About 7,000 trout were planted Wednesday divided equally in the same three bodies of water listed, so fishing should continue good.

With the winds continuing, it seems a good idea to stick to trout fishing, or try these extra low minus tides over this weekend. The abalone pickers, clam diggers, and poke pole fishermen should have one of their biggest weekends.

SAM KNOLES and I took a trip to the Richmond-San Rafael Bridge this week trolling for bass. Sam had one hit, but missed it. We started at 5:30 a.m., using bugeyes and pet spoons; there were five other boats around. We saw two of them catch one bass each. Robert O'Connor, a 16-year old Marinite, caught a 15-pound tagged fish, but not the money kind.

LES EMBREA of Novato landed a tagged bass recently. He reported his catch to the Dept. of Fish and Game saying: "Dear Mr. Fish and Game: Minnie Pearl — Caught May 5 at the intersection of San Joaquin and False Rivers. Minnie weighed in at 16 big ones — full of eggs. Her necklace is enclosed. Please send me the seamy details of her shady past."

FISH AND GAME biologist James Orsi answered with: "Thanks so much for catching Minnie Pearl — tag No. A-3245. She was high on our wanted list. Her past has been indeed shady — spent in the shade of bridges snapping up innocent little salmon on their way to school. She deserted all her children and was never faithful to the same make two years straight. Her biggest mistake, however, was being caught. Our criminal statistics computer will soon send you some more seamy details. Unfortunately we neglected to offer a reward for her and you will have to be content knowing that you made your contribution to law and order! Sincerely, Assistant to the Head Bass."

The D.F.G. Fisheries Branch adds that Minnie Pearl was tagged May 2, 1969 at Antioch. She was 32 inches long then.

ON THE Marin Rod and Gun Club's last membership letter, it was noted that the club intends to have Mr. John Skinner present who will speak on water development and the delta environment — specifically the Peripheral Canal. The club would like all members and guests to attend and get the facts. The meeting is tonight at the clubhouse at 8 o'clock.

I ALSO received a letter from M. R. Norton of Novato, secretary of the Cotati Rod and Gun Club, who advises us of a turkey shoot Sunday starting at 9 a.m. the club range located on Stony Point Road, about one half mile south of Cotati. There will be both trap and rifle events. Prizes include turkeys, chickens and salamis.

"Incidentally," writes Norton, "we have the most complete shooting facilities in this part of the Bay Area. We will be having 'sighting-in' days open to the public on the last two weekends in July, prior to the opening of deer season."

A's Open Homestand Tonight

OAKLAND (UPI)—With a good home stand, the Oakland Athletics could find themselves in second place in the American League West.

The A's, currently in third place with a 34-29 record and seven games behind pace-setting Minnesota, open a four-game series against the Chicago White Sox tonight with John Odom (4-4) hurling for the hometowners against Joe Horlen (5-7).

After the weekend series against the fourth place White Sox, Oakland will entertain fifth place Kansas City in a three-game set before embarking on a 10-game road swing.

Actually, the A's have gained only a half-game on Minnesota since their last road trip, but are only two games behind the faltering California Angels, who have slipped to five games arrears of the Twins.

There will be two new players wearing Oakland flannels tonight. They are relief pitcher Bob Locker, who was purchased from the Milwaukee Brewers, and infielder Jim Driscoll, recalled from the A's Des Moines club in the American Association.

Simpson Wins Decade Honor

NEW YORK (UPI)—O. J. Simpson, a two-time All-America and the 1968 Heisman Trophy winner while at Southern California, has been voted the "Outstanding College Football Player" of the Sixties.

In a poll of writers and broadcasters from across the country, Simpson, a halfback who set an all time rushing record of 3,423 yards during his two varsity seasons, beat out linebacker Tommy Nobis of Texas for the honor. Simpson finished with 1,100 points in the balloting cgompared to 568 for Nobis. Purdue halfback Leroy Keyes was third with 511 points follwed by Navy quarterback Roger Staubach with 474 and Michigan State linebacker George Webster with 434.

Lucky, Says USC Mentor

Omaha, Neb. (UPI) — Southern California baseball coach Rod Dedeaux was the proud possessor today of his fifth College World Series championship, but said his Trojans were "lucky to win" over Florida State's Seminoles, 2-1, in the title contest Thursday night.

The Seminoles took a 1-0 lead in the fifth, saw the game tied in the seventh and finally lost out in the last of the 15th when the Trojans put together two walks and two infield hits for the game-deciding tally.

Southern Cal's Jim Barr, making his third Series appearance, relieved starter Greg Widman at the beginning of the eighth and was locked in a stout pitching duel with Mac Scarce for the most of the remainder of the game. Scarce, the fourth Seminole pitcher, was brought in during the seventh.

Gene Ammann, top hurler on the Seminole staff, pitched the semifinal victory over Texas Wednesday night and was not ready to pitch again Thursday. He was named the tournament's most valuable player.

The Series, in Omaha for the 21st consecutive year, attracted 74,683 fans to the 15 games, which set a new record. A crowd of 11,545 watched the finals.

BOWLING TIPS

A rolling ball is what produces much of the pin action. To get your ball rolling quickly some skid is inevitable at the start. So release it at a low angle with an easy motion and, of course, bend the left knee.

FISH AND GAME

More Trout Planted In Marin Reservoirs

By AL GIDDINGS

Trout checks over last weekend by the Marin Municipal Water District personnel and state game wardens showed that fishing had definitely improved in Lagunitas and Phoenix reservoirs and also down at Rodeo Lagoon. At Rodeo Lagoon, I checked 12 anglers who had 24 trout; and figuring the hours fished per angler at the time, it averaged out one trout per angler per hour fished!

Checks of approximately 50 people at Lagunitas and Phoenix seemed better. Most anglers averaged about five fish each. About 7,000 trout were planted Wednesday divided equally in the same three bodies of water listed, so fishing should continue good.

With the winds continuing, it seems a good idea to stick to trout fishing, or try these extra low minus tides over this weekend. The abalone pickers, clam diggers, and poke pole fishermen should have one of their biggest weekends.

SAM KNOLES and I took a trip to the Richmond-San Rafael Bridge this week trolling for bass. Sam had one hit, but missed it. We started at 5:30 a.m., using bugeyes and pet spoons; there were five other boats around. We saw two of them catch one bass each. Robert O'Connor, a 16-year old Marinite, caught a 15-pound tagged fish, but not the money kind.

LES EMBREA of Novato landed a tagged bass recently. He reported his catch to the Dept. of Fish and Game saying: "Dear Mr. Fish and Game: Minnie Pearl — Caught May 5 at the intersection of San Joaquin and False Rivers. Minnie weighed in at 16 big ones — full of eggs. Her necklace is enclosed. Please send me the seamy details of her shady past."

FISH AND GAME biologist James Orsi answered with: "Thanks so much for catching Minnie Pearl — tag No. A-3245. She was high on our wanted list. Her past has been indeed shady — spent in the shade of bridges snapping up innocent little salmon on their way to school. She deserted all her children and was never faithful to the same make two years straight. Her biggest mistake, however, was being caught. Our criminal statistics computer will soon send you some more seamy details. Unfortunately we neglected to offer a reward for her and you will have to be content knowing that you made your contribution to law and order! Sincerely, Assistant to the Head Bass."

The D.F.G. Fisheries Branch adds that Minnie Pearl was tagged May 2, 1969 at Antioch. She was 32 inches long then.

ON THE Marin Rod and Gun Club's last membership letter, it was noted that the club intends to have Mr. John Skinner present who will speak on water development and the delta environment — specifically the Peripheral Canal. The club would like all members and guests to attend and get the facts. The meeting is tonight at the clubhouse at 8 o'clock.

I ALSO received a letter from M. R. Norton of Novato, secretary of the Cotati Rod and Gun Club, who advises us of a turkey shoot Sunday starting at 9 a.m. the club range located on Stony Point Road, about one half mile south of Cotati. There will be both trap and rifle events. Prizes include turkeys, chickens and salamis.

"Incidentally," writes Norton, "we have the most complete shooting facilities in this part of the Bay Area. We will be having 'sighting-in' days open to the public on the last two weekends in July, prior to the opening of deer season."

A's Open Homestand Tonight

OAKLAND (UPI)—With a good home stand, the Oakland Athletics could find themselves in second place in the American League West.

The A's, currently in third place with a 34-29 record and seven games behind pacesetting Minnesota, open a four-game series against the Chicago White Sox tonight with John Odom (4-4) hurling for the hometowners against Joe Horlen (5-7).

After the weekend series against the fourth place White Sox, Oakland will entertain fifth place Kansas City in a three-game set before embarking on a 10-game road swing.

Actually, the A's have gained only a half-game on Minnesota since their last road trip, but are only two games behind the faltering California Angels, who have slipped to five games arrears of the Twins.

There will be two new players wearing Oakland flannels tonight. They are relief pitcher Bob Locker, who was purchased from the Milwaukee Brewers, and infielder Jim Driscoll, recalled from the A's Des Moines club in the American Association.

Simpson Wins Decade Honor

NEW YORK (UPI)—O. J. Simpson, a two-time All-America and the 1968 Heisman Trophy winner while at Southern California, has been voted the "Outstanding College Football Player" of the Sixties.

In a poll of writers and broadcasters from across the country, Simpson, a halfback who set an all time rushing record of 3,423 yards during his two varsity seasons, beat out linebacker Tommy Nobis of Texas for the honor. Simpson finished with 1,100 points in the balloting cgompared to 568 for Nobis. Purdue halfback Leroy Keyes was third with 511 points follwed by Navy quarterback Roger Staubach with 474 and Michigan State linebacker George Webster with 434.

Lucky, Says USC Mentor

Omaha, Neb. (UPI) — Southern California baseball coach Rod Dedeaux was the proud possessor today of his fifth College World Series championship, but said his Trojans were "lucky to win" over Florida State's Seminoles, 2-1, in the title contest Thursday night.

The Seminoles took a 1-0 lead in the fifth, saw the game tied in the seventh and finally lost out in the last of the 15th when the Trojans put together two walks and two infield hits for the game-deciding tally.

Southern Cal's Jim Barr, making his third Series appearance, relieved starter Greg Widman at the beginning of the eighth and was locked in a stout pitching duel with Mac Scarce for the most of the remainder of the game. Scarce, the fourth Seminole pitcher, was brought in during the seventh.

Gene Ammann, top hurler on the Seminole staff, pitched the semifinal victory over Texas Wednesday night and was not ready to pitch again Thursday. He was named the tournament's most valuable player.

The Series, in Omaha for the 21st consecutive year, attracted 74,683 fans to the 15 games, which set a new record. A crowd of 11,545 watched the finals.

SUCCESSFUL INVESTING

Good Growth Stock? Dresser Industries

By ROGER E. SPEAR

Q. I am a college student and wish to invest in a growth stock. — Z.B.

A. Dresser Industries, a gasoline pump manufacturer, should be a key beneficiary of the swing to lead-free gasoline. The addition of $100-$200 million in new service station equipment, generated by the need for extra pumps, over the next two or three years should boost industry sales. As a broadly diversified manufacturer of equipment and supplies for the petroleum and transportation industries, Dresser could capture a sizable portion of this new business. Due in part to substantial orders for gas station equipment, company is now working at full capacity to ship a record high backlog.

Although DI now sells only an estimated $40 million worth of equipment to outfit modern service stations, service pump volume is expected to grow approximately 25 per cent in 1970. Company should also benefit greatly from the petroleum industry's need for additional facilities to upgrade the octane rating of unleaded gasoline.

An excellent first quarter with sales and per share net rising 13 per cent and 8.3 per cent respectively plus a record backlog foretell an outstanding year for Dresser. The stock, with a 5 per cent yield, represents an attractive commitment for long-pull purposes.

Q. Why do interest rates on Treasury bills fluctuate?

A. The primary cause is variations in the money supply — either actual or anticipated. Since buyers are committing funds three to six months in advance, anticipated loosening in credit is reflected in lower interest rates.

In recent years bills have assumed an increasingly important role in Treasury financing. At the beginning of 1970, $81 billion in bills were outstanding versus $43 billion in 1962. This year bills will account for 69 per cent of maturing Treasury debt up from 51 per cent in 1962. An acceleration of this trend is robable, suprred by mounting federal money needs and a sharp increase in maturities in 1970 and 1971.

'69-70 Flood Victims Told To File SBA Claims Soon

Disaster victims of flooding and landslides in Marin and adjacent counties during Dec. 20 to 22, 1969, and Jan. 9 through 21, 1970, will have until June 30 to file disaster loan applications with the Small Business Administration.

Donald McLarnan, Pacific Coast regional director, said disaster victims who do not have resources or reasonable borrowing sources available to restore damage to pre-disaster condition and have not already filed for loans are being urged to contact the San Francisco office at 450 Golden Gate Avenue before the end of the month.

He said the Small Business Administration had already approved 42 disaster loans totaling $226,333 to victims in this area at the close of business on June 11. Of these, 33 loans were granted to home owners and nine to business concerns.

Stocks Hold To Gains In Early Trades

NEY YORK (AP) — The stock market held on to sharp gains in early afternoon trading despite some pressure from profit-taking.

The Dow Jones average of 30 industrials was ahead 8.15 to 720.84 at 2 p.m. It had been up more than 9 points earlier.

Trading was slow and down somewhat from earlier in the session. Advances led declines by 8 to 3 among issues traded on the New York Stock Exchange.

Analysts said some profit-taking on the earlier gains was to be expected.

Brokers say the continued gains indicate both a sound technical basis and favorable public psychology concerning the market.

Prices on the Big Board included:

International Telephone, up 1¼ to 38¼; Minnesota Mining, ahead ⅜ at 82⅛; Telex, up ½ to 16⅛; Mead Corp., off ⅜ at 15; Litton Industries, up 1¾ at 20½; and Pfizer, ⅜ to 33⅝.

On the American Stock Exchange, prices included:

Equity Funding, up 1 at 22⅜; Saxon Industries, ahead 1 at 58; Asamera Oil, up 5 to 13½; Millgo Electronics, down ⅛ at 23⅛; and Deltona, off ⅝ at 24.

Technicians said this extension of market gains suggested to many investors that the market was genuinely moving upward and on a real rebound from the Dow low of about 631 registered in May.

This rally began Thursday after the government issued a favorable report on inflation, analysts said. The report indicated the cost of living had increased at a lower rate in May than in any month since January.

SUCCESSFUL INVESTING

Good Growth Stock? Dresser Industries

By ROGER E. SPEAR

Q. I am a college student and wish to invest in a growth stock. — Z.B.

A. Dresser Industries, a gasoline pump manufacturer, should be a key beneficiary of the swing to lead-free gasoline. The addition of $100-$200 million in new service station equipment, generated by the need for extra pumps, over the next two or three years should boost industry sales. As a broadly diversified manufacturer of equipment and supplies for the petroleum and transportation industries, Dresser could capture a sizable portion of this new business. Due in part to substantial orders for gas station equipment, company is now working at full capacity to ship a record high backlog.

Although DI now sells only an estimated $40 million worth of equipment to outfit modern service stations, service pump volume is expected to grow approximately 25 per cent in 1970. Company should also benefit greatly from the petroleum industry's need for additional facilities to upgrade the octane rating of unleaded gasoline.

An excellent first quarter with sales and per share net rising 13 per cent and 8.3 per cent respectively plus a record backlog foretell an outstanding year for Dresser. The stock, with a 5 per cent yield, represents an attractive commitment for long-pull purposes.

Q. Why do interest rates on Treasury bills fluctuate?

A. The primary cause is variations in the money supply — either actual or anticipated. Since buyers are committing funds three to six months in advance, anticipated loosening in credit is reflected in lower interest rates.

In recent years bills have assumed an increasingly important role in Treasury financing. At the beginning of 1970, $81 billion in bills were outstanding versus $43 billion in 1962. This year bills will account for 69 per cent of maturing Treasury debt up from 51 per cent in 1962. An acceleration of this trend is robable, suprred by mounting federal money needs and a sharp increase in maturities in 1970 and 1971.

NEW TRIMPH INTRODUCED

First American deliveries of the new Triumph Stag luxury sports car will be made late this year. '69-70 Flood Victims Told To File SBA Claims Soon

Disaster victims of flooding and landslides in Marin and adjacent counties during Dec. 20 to 22, 1969, and Jan. 9 through 21, 1970, will have until June 30 to file disaster loan applications with the Small Business Administration.

Donald McLarnan, Pacific Coast regional director, said disaster victims who do not have resources or reasonable borrowing sources available to restore damage to pre-disaster condition and have not already filed for loans are being urged to contact the San Francisco office at 450 Golden Gate Avenue before the end of the month.

He said the Small Business Administration had already approved 42 disaster loans totaling $226,333 to victims in this area at the close of business on June 11. Of these, 33 loans were granted to home owners and nine to business concerns.

Stocks Hold To Gains In Early Trades

NEY YORK (AP) — The stock market held on to sharp gains in early afternoon trading despite some pressure from profit-taking.

The Dow Jones average of 30 industrials was ahead 8.15 to 720.84 at 2 p.m. It had been up more than 9 points earlier.

Trading was slow and down somewhat from earlier in the session. Advances led declines by 8 to 3 among issues traded on the New York Stock Exchange.

Analysts said some profit-taking on the earlier gains was to be expected.

Brokers say the continued gains indicate both a sound technical basis and favorable public psychology concerning the market.

Prices on the Big Board included:

International Telephone, up 1¼ to 38¼; Minnesota Mining, ahead ⅜ at 82⅛; Telex, up ½ to 16⅛; Mead Corp., off ⅜ at 15; Litton Industries, up 1¾ at 20½; and Pfizer, ⅜ to 33⅝.

On the American Stock Exchange, prices included:

Equity Funding, up 1 at 22⅜; Saxon Industries, ahead 1 at 58; Asamera Oil, up 5 to 13½; Milgo Electronics, down ⅛ at 23⅛; and Deltona, off ⅝ at 24.

Technicians said this extension of market gains suggested to many investors that the market was genuinely moving upward and on a real rebound from the Dow low of about 631 registered in May.

This rally began Thursday after the government issued a favorable report on inflation, analysts said. The report indicated the cost of living had increased at a lower rate in May than in any month since January.

Mothers Flay Board On Budget

By DAVID DIETZ

The Marin County Board of Supervisors, undergoing what one official called the most strained budget period in recent years, had another woeful day yesterday.

The third in a series of seven hearings on the county's proposed $36 million spending program for fiscal 1971 produced these developments:

1. It was disclosed that Marin faces possible loss of $1 million to $2 million in state welfare aid next fiscal year, meaning either a lusty increase in the property tax rate or massive reductions in county spending.

2. The board drew the wrath of a small group of welfare mothers after voting reductions in special county supplements to recipients of Aid to Families with Dependent Children (AFDC). Explaining the cuts, the supervisors said they were heeding the caution signs from Sacramento and trying to meet their own budget limitations.

County staff told the board that Marin would be required under law to make up for state welfare reductions proposed both by Gov. Ronald Reagan in his spending program and by way of legislation pending in the Senate.

Auditor-Controller Michael Mitchell told the Independent-Journal the effect of the governor's proposal and senate legislation on Marin, as on all other counties, would be "devastating." The tax rate would either have to be raised as much as 40 cents per $100 of assessed valuation, he said, or "every departmental budget would have to be skeletonized, employees could be laid off, programs that had not started would be stopped and every dollar not absolutely mandatory would be frozen."

The reductions are proposed in the AFDC and Aid to Totally Disabled categories.

Because of this threat, coupled with changes in federal assistance to local governments, Mitchell said he had "never seen such a rough budget period as the one this board is going through right now."

Earlier in the week, the board was forced to add $600,000 to its budget as a result of cost-sharing changes in the state Medi-Cal program.

In chopping county supplementation to AFDC, the supervisors overruled a recommendation by County Administrator

Heath, Conservatives Oust Wilson, Laborites

Victory Big Upset; Polls Wrong Again

LONDON (UPI) — Conservative Party leader Edward Heath unseated Labor Prime Minister Harold Wilson today in a general election upset blamed in part on a housewives revolt against the soaring cost of living under the Wilson government.

Wilson asked for an audience with Queen Elizabeth II at Buckingham Palace to hand in his Labor Party government's resignation and with it his hopes of being the first prime minister in British history to win three consecutive five year terms — as predicted by public opinion polls.

It was possible the polls predicted a big Wilson victory had led to complacency — and non-voting — by Laborites.

By nightfall Heath would be in power in the biggest political upset in Britain since Labor Party Clement Attlee threw out the government of Prime Minister Winston Churchill at the close of World War II.

ABSOLUTE VICTOR

At 1:55 p.m. (8:55 a.m. EDT) Heath's Conservatives topped the figure of 316 in Parliament seats and thus won an absolute majority in the new 630 member House of Commons. It is party strength in the House which determines who is the prime minister.

President Nixon telephoned Edward Heath today to congratulate him on his victory in the British election.

Nixon told the next prime minister he looked forward to continuing the "close historic association" between the two countries.

Wilson had waited until this moment before conceding formally, although in television interviews earlier he left no doubt that he knew he was a beaten man.

Within minutes Wilson's No. 10 Downing St. office announced: "Following the announcement that the Conservatives have secured more than half the seats in the new House of Commons the prime minister has asked for an audience of her majesty to tender the resignation of his government."

At almost the same moment a furniture moving truck pulled up outside 10 Downing St.

FIRST APPEARANCE

At 2:30 p.m. (9:30 a.m. EDT) Heath stepped out of the door of the fashionable Albany apartment house where he has a bachelor flat and made his first public appearance as prime minister-elect.

Heath, normally a shy, retiring figure, stood on the doorstep in the sunshine waving and smiling with undisguised delight at crowds cheering and clapping him.

He stepped into his car and was driven to the Conservative central office where another large crowd cheered him.

After thanking his supporters, Heath told them in more serious vein, "We put forward the right policies and we have convinced the country they are the right policies. We are going to provide them with the right government and that government is going to provide for a better country tomorrow."

Marin Opinion On Sausalito Session Hit

The state legislative counsel's office has rejected an opinion of the Marin County district attorney's office which would weaken the Ralph M. Brown Act and pave the way for secret meetings of official bodies in Marin.

The legislative counsel's office said yesterday that notice of a special meeting must be received by news media 24 hours before time of the meeting.

The opinion — written by Gene McCabe, the legislative counsel's expert on the Brown Act which governs closed and special meetings — was sought by Rep. William T. Bagley, R-San Rafael.

Bagley asked for a definitive opinion after notice of a special meeting of the Sausalito School District board May 15 was mailed so late that it could not be received by the Independent-Journal until the meeting was over.

The meeting was called to decide on charges against Sidney F. Walton Jr., fired by the board as principal of Martin Luther King School.

In response to complaints that the board did not give 24-hour notice of its meeting, the county district attorney's office declared that a letter is considered received the moment it is dropped in a mailbox.

The notices were deposited at

ALMOST 18 DAYS

Cosmonauts End Long Space Stay

MOSCOW (UPI) — Russia's two-man Soyuz 9 space craft parachuted safely to earth in Soviet Central Asia today, ending a mission of nearly 18 days that vaulted Russia ahead of the United States in the field of space endurance, the official news agency Tass reported.

Cosmonauts Vitaly Sevastianov and Adrian Nikolayev soft-landed under three parachutes strung to their silvery Soyuz at 7:59 a. m. EDT after a flight that lasted 17 days, 16 hours and 59 minutes. The craft landed 47 miles west of Karaghanda in Soviet Kazakhstan.

Medical checks made at the scene showed the two men "had well withstood the conditions of weightlessness and the flight," Tass said.

Soyuz 9 had blasted off at 10 p. m. (3 p. m. EDT) on June 1 and the landing today eclipsed the former record held by Astronauts Frank Borman and James Lovell, the Gemini 7 pilots who remained aloft for 13 days, eight hours and 35 minutes.

Lovell and Borman were among the first to congratulate Nikolayev and Sevastianov upon their triumph last Monday when they surpassed the American record

"Representatives of the recovery group¼ sports commissioners, friends and journalists warmly met the cosmonauts in the area of the landing," Tass said.

It did not explain what "sports commissioners" meant.

The Soyuz 9 mission, which aimed at testing man's ability to endure long periods of weightlessness, covered nearly 300 orbits and more than 7 million miles.

According to past precedent, about three days of medical checkups will await the cosmonauts at Baikonur Cosmodrome in Soviet Central Asia. Then they will be ushered to Moscow as heroes in a limousine convoy and feted in Red Square or at the Kremlin.

The principal objective of the Soyuz mission was to test and perfect man's ability to live and work efficiently for long

Ky Promises Aid To Hold Phnom Penh

PHNOM PENH (UPI)—Cambodian troops reopened the road to Saigon today and got a promise of South Vietnamese help if the Communists attack Phnom Penh.

South Vietnamese Vice President Nguyen Cao Ky said in Saigon he was certain the Viet Cong and North Vietnamese would try to take the Cambodian capital "but I don't believe Phnom Penh will be lost to the Communists because with our forces and theirs we will defend the capital."

The Cambodians reopened the vital Highway 4 to the oil refinery and deep water port of Kompong Som long enough to get a fleet of tank trucks through to the capital with supplies of oil and gasoline, but the Communists cut it again 50 miles southeast of the capital.

Bangkok reports said refugees from the fighting in Cambodia were crossing into Thailand and that strict security measures were imposed by Thai troops to prevent the entry of Communist infiltrators. Royal Thai troops supported by tanks and artillery were placed on a 24-hour alert along the border.

Communists forces hurled heavy assaults against the Cambodian provincial capital of Kompong Thom, 80 miles north of Phnom Penh.

The Cambodian military high command issued a special communique saying more than 17,000 Communists have been killed in Cambodia since Prince Norodom Sihanouk was ousted March 18. The communique said 6,000 of the guerrillas were killed by the Cambodian army and more than 11,000 by the Americans and South Vietnamese.

Novatan Wounded While On Patrol

I-J Special Report

SAN FRANCISCO — A young San Francisco police officer, Richard Phillip Radetich of Novato was gravely wounded by an assailant who fired three shots into his patrol car today.

Radetich, 25, of 468 Via Del Plano underwent emergency brain surgery at San Francisco General Hospital where he was reported in grave condition this morning.

"He was shot down for no apparent reason," Police Chief Alfred J. Nelder said at the hospital.

The four-year veteran of the police force was wounded shortly after he had written a traffic ticket in the Haight-Ashbury District. Radetich worked for the accident prevention bureau.

One .38 caliber bullet hit the officer in the head. He was found slumped in his car with his revolver still in its holster.

Police received a call at 5:28 a.m. from a resident of the neighborhood who heard the shots at Waller and Scott streets.

Detectives found a parking tag that Radetich had just written. Police, however, indicated they do not suspect the owner of the tagged 1965 Oldsmobile.

Residents reported seeing a white Cadillac speeding away seconds after the shooting. An all points alert was broadcast on the vehicle.

The gunman fired one shot that hit the door on the driver's side and two others that went

It's Fair Time In West Marin

The 21st annual West Marin Junior Livestock Show at Point Reyes Station, featuring a parade, barbeque, dances and exhibits, opens at 7:30 a.m. tomorrow at the fairgrounds. (See pcitures, page 34.)

Sponsored by the West Marin Lions Club, the festival will be climaxed Sunday with a massive parade through Point Reyes Station from the shopping center to the fire house.

Exhibits and livestock shows by 4-H members again this year will be the main attraction. Judging of these will take up much of the two days.

Some judging actually began this morning for projects except poultry, rabbits, livestock, flowers and vegetables. Judges will continue their duties tomorrow at 8 a.m. when flowers and vegetables will be scrutinized.

At 10 a.m., rabbit and poultry winners will be selected, while livestock and dairy judging will run from 10 a.m. to noon.

Four-H members will get their chance to second guess judges' decisions at 10 a.m. when a judging contest, aimed at teaching members how, will be held in the home economics building.

A livestock showmanship contest for sheep, beef, dairy cattle, goats and swine will be held at 1 p.m.

Tomorrows activities will conclude with the coronation ball, during which the show's queen, Colleen Martin of Olema, will be crowned and her princesses, Elaine Zetterquist of Inverness Park and Jeanne Ballatore of Valley Ford will be introduced. Dance music will be provided by Dude Martin's Sundowners, while Hugh Turner of Radio KTIM will act as master of ceremonies.

Sunday's activities include a horse showmanship contest at 9:30 a.m., followed at noon by the show's massive parade through Point Reyes Station.

The parade this year will be led by the honorary Parade Marshall Ernie Mangue of Middletown riding a high-stepping Lipizzan stallion from Austria.

Union's Claims Used In Anti-I-J Mailer

One of three Marin Democratic leaders — who mailed pamphlets in support of the striking San Francisco Typographical Union 21 — conceded yesterday that the group was not familiar with the facts in the union's dispute with the Independent-Journal.

In a declaration filed in connection with the suit the I-J filed against the three for $5 million, Nancy Swadesh stated further that the pamphlets contained information provided by the union.

In answer to a court order to show cause why an injunction preventing further mailing of the pamphlets should not be issued, Mrs. Swadesh stated that no more such documents are planned.

Mrs. Swadesh declared she and the other defendants (Roger Kent and S. Robert Politzer) relied upon the union for their information because they were not "personally familiar with the factual matters relating to the negotiations and strike. . ."

The declaration continued, "Each of us knew, however, that the officials of the union who supplied this information were directly involved and personally familiar with all aspects of the strike situation and its background.

"At no time has any of us had any reason to doubt the accuracy of the statements which are

WIRE NEWS BRIEFS From Everywhere

Long Sentence

DALLAS (UPI) — Antonio Rodriquez, 27, accused of selling three capsules of heroin to an undercover agent, drew a 1,500-year prison sentence Thursday, the longest prison term in Texas history.

Plan Quiet Day

WASHINGTON (UPI) — Pat Nixon is planning a "quiet time" of family togetherness Sunday to celebrate Father's Day and her wedding anniversary.

Mrs. Nixon told a gathering of youngsters on the White House Lawn Thursday that she never gets to see her husband. "He's always in meetings," she said.

Joining the President and his wife for the celebration, probably at Camp David, will be daughter Tricia and Julie, and David Eisenhower, the White House said.

Violence Cools

MIAMI (UPI) — Rubble-strewn streets in Miami's troubled Negro areas were empty early today and police officials thanked black leaders for cooling off violence that stretched over four nights.

At the request of community leaders, police pulled their riot patrols off the streets at 6 p.m. Thursday and returned only to answer trouble calls.

"The situation has been improving hour by hour since late afternoon," said one police captain. There were some incidents. One man was shot in the leg by a security guard, two whites were cut by flying glass and a woman suffered from tear gas inhalation. The injuries brought the totals over the four nights to 14 gunshot wounds and 49 other injuries.

Amendment Sought

WASHINGTON (UPI) —Sens. Joseph D. Tydings, D-Md., and Robert P. Griffin R-Mich., have joined in urging that a proposed constitutional amendment for direct election of the President be changed to strengthen its chances of approval by Congress.

The senators, in a bipartisan statement, Thursday said the amendment's runoff feature already approved by the House and by the Senate Judiciary Committee must be eliminated if the legislation is to clear the Senate.

The proposed amendment, if approved by Congress and ratified by the states, would apply the one-man, one-vote principle to the direction election of the President.

AAMCO Charges

WASHINGTON (UPI) — The Federal Trade Commission (FTC) has charged AAMCO Automatic Transmissions Inc., which advertises as the "world's largest transmission service," with illegal practices.

The FTC said in a complaint Thursday AAMCO's 200 shops advertise simple transmission adjustments for $4.50, "safeguard service" for $13.75 and removal and inspection for $23.

"Although such services may be performed from time to time," the FTC said, "these advertised offers are insincere in that their real purpose is to get leads to prospects in order to sell them much more expensive repair jobs."

Larison Takes Teaching Post In Valley School

Clarence B. Larison, superintendent of the Bolinas-Stinson School District, announced today that he has accepted a contract to teach this fall in the Patterson Unified School District in Patterson, Stanislaus County.

Larison, who has resigned as of June 30 has held the post since July 1968. He will begin work in the new district in early September.

The man who will replace him as superintendent, Lester M. Horning, was chosen by trustees in April and will assume his new duties July 1. Horning, 53, is former curriculum coordinator and administrative assistant for the Colton Joint Unified School District in Riverside County.

Larison and his wife and three children, who now live in Petaluma, will move to Stanislaus County, where Mrs. Larison will enroll in Stanislaus State College to complete work for a degree, he said.

Tentative Pact In Bus Strike

OAKLAND (UPI)—A tentative agreement for settling an 18-day strike against the AC Transit District was reached Thursday in the Superior Court chambers of Judge Robert L. Bostick.

Members of the Almagamated Transit Union voted 446-422 to accept the agreement which still will need approval on Friday by district directors.

One union spokesman predicted the buses would roll Saturday morning.

Schultz Leaving Cabinet Job; Due Direct Access To Nixon

WASHINGTON (UPI) — George P. Shultz, who leaves the Cabinet July 1 to take on the formidable task of trying to bring efficiency to the sprawling federal bureaucracy, said today he has been assured of direct access to President Nixon.

As head of the new Office of Management and Budget, Shultz said he will report to the President without having to filter his views through White House aides like John D. Ehrlichman or H. R. Halderman.

Shultz, a onetime college dean, is resigning as secretary of labor to accept the post created by Nixon through an executive reorganization plan earlier this year. He takes a salary cut from $60,000 to $42,500 annually but the post is more powerful.

In an interview with two UPI newsmen, Shultz said the detailed functions of his office have not yet been worked out. He indicated the details would evolve over time, possibly as the result of case-by-case handling of the problems of federal management control.

The new office is an expanded version of the Budget Bureau, which it replaces on the federal organization chart. Shultz made it clear he expects to be a much closer adviser to the President than most recent budget directors have been. The office was created to coordinate and make more efficient thousands of overlapping and sometimes conflicting federal programs. It is generally conceded that the government wastes billions of dollars every year because it lacks overall managerial control of programs that total about $200 billion annually.

"The President is charged with making (government) programs work effectively," Shultz said. "Our job is to help him do it. If we are able to make the operations more effective, we will either save money in the sense of doing the same thing at less cost or we will be able to accomplish more with the money that is spent."

Shultz brushed aside questions about the exact functions of his office. He said they were "premature".

"If this organization is to perform well, it shouldn't regard itself as a fixed and rigid structure," he said. "We will have to deal with problems when they come along. We must adapt ourselves to changing situations." A Washington guessing game recently has been trying to pinpoint the "man to see" in the Nixon Administration. Ehrlichman is the name most often mentioned but Shultz has some backers.

Shultz was interviewed in his Labor Department office. One wall is lined with books, making the room look more like the campus office he once occupied at the University of Chicago than the headquarters of a federal department. The walls were decorated with abstract paintings.

Manson Says He's Innocent Of Charges

SANTA MONICA, Calif. (UPI)—Charles Manson, the hippie chieftain charged with the murder of Sharon Tate and seven others, proclaimed his innocence Thursday at an impromptu courtroom news conference.

"I know what I've done and I don't have any guilt," Manson, 35, told a courtroom filled with newsmen, photographers and spectators.

With jury selection in the Tate-LaBianca murder trial recessed until Monday, Manson and co defendant Susan Atkins appeared in superior court here for pre trial motions in the Gary Hinman murder, in which they also are accused.

As he took his seat at the counsel table, photographers crowded forward and shouted questions at Manson. Although he has been photographed leaving court in the Tate case, he has never before responded at such length to newsmen's questions.

Sen. Murphy Resigns Technicolor Board

LOS ANGELES (UPI)—Sen. George Murphy, R-Calif., whose $20,000 a year association with Technicolor Inc. was an issue in the California Republican Primary, said Thursday he resigned as a member of the board of directors of the firm.

However, a leader of an insurgent group which Wednesday obtained control of the company after a proxy battle, said Murphy's positions had been severed.

William E. McKenna, who replaced Patrick J. Frawley Jr. as chairman of the board of directors, made the announcement in New York.

However, Murphy said his $20,000 a year consultant's contract runs until December and its future had not been discussed.

Murphy had been receiving the $20,000 annual fee since he was first elected senator in 1964. The firm also paid half the rent on his $520-a-month Washington apartment and gave him the use of an air travel credit card.

Murphy has denied any conflict of interest and the Senate Ethics Committee, which looked into the contract at his request, said it found nothing improper in the contract.

Murphy said he sent in his resignation by telegram Thursday afternoon although he had not been notified officially of the change in management.

He said reports he received unofficially from New York appeared to indicate the new management was doing all it could "to get rid of me."

McKenna, a Beverly Hills, Calif. investor, had been chief executive of Norton Simon Inc., until he resigned last summer.

Norton Simon lost to Murphy in the Republican primary for U.S. Senate several weeks ago.

Bombs Scar Two Berkeley Banks

BERKELEY (AP) —Bombs exploded seven minutes apart just before dawn today at two branches of the Bank of America.

Police said there were no injuries and damage apparently was not great.

The blasts shattered glass at nearby buildings and awakened residents near the banks.

The branches are less than a mile from the University of California.

The Bank of America has been a target of antiwar protests in Santa Barbara and other California cities as a symbol of the "capitalist establishment."

No arrests were made. Police were looking for a light-colored van that had its parking lights on near one bank before the blasts.

Black powder was buried next to the bank walls and ignited, police said.

"They intended to damage the buildings but they really didn't succeed in either case," a spokesman said. "The explosives weren't too sophisticated."

At a branch on Telegraph Avenue, north of the campus, windows shattered in an apartment building, a doctor's office and two homes.

The one-story brick bank received a four-inch dent in the wall and black powder burns.

Dirt clumps were kicked up near the powder-burned wall of the other bank near downtown Berkeley but there was little visible damage.

The explosives were simpler than two set off early Thursday at a diner in Emeryville about three miles away.

Two shrapnel bombs encased in lead pipes injured two customers slightly in that blast but two other bombs failed to go off.

One blast sent a picnic table through a metal ceiling. Two officers were entering the restaurant often frequented by police but were unhurt.

Bay Commission Approves New Motel In Mill Valley

I-J Special Report

SAN FRANCISCO — Plans for a motel and commercial building on Shelter Bay in Mill Valley yesterday sailed through a brief hearing before the San Francisco Bay Conservation and Development Commission with barely a murmur.

The only person who objected to the plans was Louis Lindsay of San Francisco, an elderly man who frequently testifies before public agencies. He argued that the project's proposed pilings would circumvent the state law that mandated the BCDC to protect the bay. The pilings would "interfere with the natural flow of tides," Lindsay said.

Chairman Melvin B. Lane of Menlo Park pointed out, however, that the commission's own master plan for the bay allowed some development over the bay on pilings.

Representatives of Marin conservation groups were in the audience, but did not speak.

The hearing then was closed, and voting on the application was set for 2 p.m. on July 2 in Room 1194 of the State Building, 455 Golden Gate Avenue.

The four-story motel planned by Holiday Inn Motels would be on existing fill, but falls within BCDC jurisdiction because it would be partly within 100 feet of the shorelne. The commercial building would include 4,469 square feet projecting over the water on piles.

The commission also heard a proposal from its staff that a $50 filing fee be required for processing all permit applications, with an additional fee ranging from $100 to $1,000 for processing permits for larger projects. The commission will consider the fee schedule July 2.

Research Sought On JFK Bullets

TOPEKA, Kan. (UPI)—Dr. John M. Nichols, a pathologist at the University of Kansas Medical Center, has filed a federal suit to examine the bullets which killed President John F. Kennedy and wounded former Texas Gov. John B. Connally.

Nichols said he wanted to subject the bullet fragments to "neutron activation analysis" to determine if the metals in the fragments match and therefore came from the same weapon.

He filed the suit Wednesday against U.S. Archivist James B. Rhoads and Navy Secretary John H. Chafee.

Canadian Commission Urges Drug Reform

OTTAWA (UPI)—The Le Dain Commission on nonmedical use of drugs today recommended the elimination of jail sentences for possession of "hard" and "soft" drugs ranging from marijuana to heroin.

The government commission recommended a maximum fine of $100 for drug possession but stressed that prosecution of pushers should be continued. It, in effect, called for liberalization of Canada's drug laws and fell just short of calling for outright legalization of marijuana.

Health Minister John Munro said the government only supported the recommendation of lenient penalties for possession, in so far as it applied to marijuana and the other cannabis drugs such as hashish.

Munro said the government did not support the commission's recommendation for low penalties for all drug possession.

The commission was formed a year ago to advise the government on drug policy while more detailed studies were under way.

The commission said laws against marijuana and other forms of cannabis should be less severe and should be enforced through the Food and Drug Act rather than the Narcotics Control Act, which now carries penalties up to life imprisonment for pushers.

While recommending continued prosecution of persons trafficking in drugs, the commission urged abolition of jail sentences for "users" of the "psychotropic" or mind-altering drugs—the whole range from tranquilizers, pep pills, marijuana, and hashish, to heroin and opiates.

"There is universal agreement," the commission report said, "that cannabis is not a narctoic and should not be classified legally with the opiate narcotics."

The five-man commission, headed by York University law school dean Gerald Le Dain, was unanimous on all points except the recommendation of reduced penalties for possession. Commissioner Marie-Andree Bertrand, a criminology professor at the University of Montreal, called for abolition of penalties for possession of marijuana and hashish.

"While we feel that the offense of simple possession should be retained on the statute book, pending further investigation and analysis, which we hope to carry out in the ensuing year, its impact on the individual should be reduced as much as possible," the report said.

It also called for an end to drastic police enforcement campaigns aimed at arrests of people for possession.

When possessors are unable to pay fines, the commission suggested that the crown recover the fine through civil proceedings rather than by imprisonment for default.

It said police, prosecutors and courts should try to "minimize the impact of the criminal law upon the simple possessor of psychotropic drugs, pending decision as to the whole future of possessional offenses in this field."

House Vote Approves Postal Revamp Bill

WASHINGTON (UPI) — The House has passed a bill to overhaul the post office for the first time in its 187-year history. But two senators have hinted they may filibuster the Senate's bill because it would permit the union shop.

The matter of union membership threatened to be the biggest point of contention between the House and Senate versions of postal reform.

The House bill, passed 359 to 24 Thursday night, contains a "right to work" amendment that would prohibit compulsory union membership. The Senate bill contains the agreement the Nixon Administration reached with the postal unions, providing for collective bargaining rights and compulsory arbitration as well as permitting the union shop.

Sens. Paul J. Fannin, R-Ariz., and Strom Thurmond, R-S.C. have indicated they may filibuster the bill if it contains allowance for the union shop. An attempt is sure to be made on the Senate floor to attach a "right to work" amendment.

The House action came after three days of bitter debate and voting on nearly 40 amendments.

Postmaster General Winton M. Blount gave reluctant backing to the measure. "While it is not a perfect bill, it is a good bill," he said. "We hope the Senate acts quickly."

Tme House bill would convert the Post Office into an independent government agency called the U.S. postal service. It would be operated by an 11-member commission including the postmaster general, who would lose his cabinet status.

A separate rate board within the commission could set postal rates, subject to a veto within 90 days by a majority vote of either house of Congress.

The bill includes an 8 per cent pay raise, retroactive to April 16, for the nearly 700,000 postal workers at a cost of $606.6 million. The workers could also reach their top pay scales in eight years instead of the present 21, and the measure also provides postal unions, for the first time, with collective bargaining rights and compulsory arbitration.

Alan Bruce for more drastic cutbacks. But a capacity crowd which attended the hearing — many of them welfare mothers fearing their children would go hungry — departed unhappy, in some cases bitter.

"I hate you — all of you," a young woman flared at board members as she left. Others spat epithets. Some cried.

During the hearing Helen Roberts, a welfare mother, sobbed to the board: "Do you know what it's like? Do you have any idea what it's like to answer a child who asks for a bicycle you can't afford?"

Bruce's recommendation had called for an appropriation of $375,000 for supplemental assistance, with no county aid going to new AFDC cases and a reduced level of assistance to present cases.

The supervisors voted $548,000 to provide new cases one-third the current level and present recipients, two-thirds. The department had asked for $1 million, based on present levels of support.

In other budget matters, the board passed a general relief budget of $429,800, down $69,000 from this year; tentatively approved a $954,527 probation department budget, up $142,000, but not including several new positions sought by Chief Probation Officer John W. Brewer other than those recommended by Bruce, and passed budgets of $946,656 for Juvenile Hall, up $185,000, and of $364,000 for the care of court wards, up $50,000.

A $14,750 post as coordinator for the youth commission and juvenile delinquency prevention commission was also voted, although each agency had wanted its own staff person.

the Sausalito Post Office at 11 p.m., May 13, announcing the meeting at 7 a.m. May 15. Above the mail slot into which the mail was dropped was a notice that nothing mailed at that hour would move until 4 o'clock the following morning — making impossible delivery by the 7 a.m. deadline, May 14, or, as it turned out, until after the meeting was over.

Former Supt. Phillip W. Schneider and his assistant, Joseph Amato, mailed the notices after being advised by Asst. County Counsel Richard V. Godino on how to notify the newspaper.

McCabe cited section 25956 of the California Government Code which requires a local agency calling a special meeting to notify members and the news media "by delivering personally or by mail written notice" at least 24 hours before the meeting.

McCabe wrote, "As may be seen the section requires that the notice to the news media be delivered, whether personally or by mail, 24 hours prior to the holding of the special meeting. In our opinion, therefore, the posting of the noitce in the mail does not satisfy the requirement of the statute."

He said further that section 966 of the State Education Code "requires that a list of items constituting the agenda for a special meeting be posted where parents and teachers may view the same at least 24 hours prior to the holding of the special meeting."

McCabe's opinion contradicted the view of the district attorney's office which, in a letter dated May 29 to the I-J, stated that "individuals could avoid the true meaning of the Brown Act by placing notices in the mail knowing their letter may not be received until the meeting has been concluded or at least avoid a full 24-hour notice."

The district attorney's office maintained that the fault was in the Brown Act and the only remedy, would be modifying the act to require that notice be given in person, by telegram or telephone 24 hours in advance, or mail three or four days prior to the meeting.

During its secret session the Sausalito board drafted the charges for a court suit to remove Walton and also canceled all remaining May meetings.

On May 12 the I-J filed a suit in Marin Superior Court charging that the pamphlet contained "false and untrue statements" and could harm the paper's business. The three Democrats had asked readers of the pamphlet, mailed to Democrats throughout the county, to cancel I-J subscriptions and to boycott advertisers.

Kent, longtime party leader, is a former state central committee chairman, and Mrs. Swadesh is vice president of Americans for Democratic Action. Politzer is chairman of the Marin Democratic Central Committee.

A hearing on the case today was postponed to June 30. A temporary restraining order issued last month by Judge E. Warren McGuire preventing further mailing of the pamphlets is still in effect.

He was found unconscious at his base camp and taken to the hospital where he died of possible intercranial hemorrhage.

He had served in the Army 18 years. An aviator, he had served in England and Germany, and was on his second tour of duty in Vietnam.

He is survived by his wife, Wanda R. Tobias and two sons, Peter T. and John C. Jr.

Funeral arrangements are pending at the Presidio.

EMERGENCY — M/Sgt. Gordon E. Lenke tests portable telephone while T/Sgt. Donald A. Dargie speaks over a walkie-talkie and Richard Bretner chains his trail bike to his jeep as if preparing for rescue operations in rough terrain. TAMARIN 5 WOTTERS

Group Willing To Lend Hand In Any Type Of An Emergency

By LARRY MOWELL

Flaming cars and drowning fishermen and lost little boys are only some of the reasons the Tamarin 5 Wotters exist.

The group is willing to help in almost any emergency situation, said the group's communications officer M/Sgt. Gordon E. Lenke, the other day when he stopped in at the Independent-Journal.

He proved it shortly afterward by rescuing a family from an irritating and embarrassing predicament. Its car keys were locked in the family car outside the I-J.

The citizen's band radio outfit doesn't normally concern itself with such occurrences, but the incident does indicate the goal of the group: It helps people in distress.

Lenke said members of the club have been credited with saving seven lives since the group was formed in Feruary, 1969.

Should a member come upon a crisis situation, according to Lenke, he would radio a monitoring unit in a member's home and stop to render assistance.

The monitor then would call the appropriate agencies — the California Highway Patrol and an ambulance in the case of a serious highway accident, Lenke said.

In one such case March 18, member Frank J. Paquette Jr. of Novato pulled the body of the driver from a burning car at highways 101 and 37 while a member monitoring at home called the highway patrol, the fire department and an ambulance, Lenke said.

"The man might have died otherwise," he said.

Although the 5 Wotters spend much of their time roaming the county in vehicles equipped with five-watt two-way transceivers, most of them live in the Novato-Hamilton Air Force Base area.

When they are not out looking for trouble, the approximately 20 members listen on monitors at home, according to Lenke.

Mobile units carry first aid kits, flares, fire extinguishers, axes, shovels, blankets, ropes, jump cables and other emergency equipment, Lenke and president Donald A. Dardie said.

The emergency broadcasts of the group are by no means confined to the highways. Members of the group have radio-equipped trail bikes and four wheel drive vehicles to reach remote areas, member Richard W. Bretner said.

A small airplane and boats are also available to the group, according to Lenke.

He said two lives have been saved by members in boats. In San Pablo Bay a fisherman was hauled from the water and given mouth-to-mouth resuscitation. A man in an overturned sailboat in San Francisco Bay who was floundering without a lifejacket was rescued by another member, Lenke said.

The group meets monthly on the second Wednesday in the home of one member or another to discuss ways of improving its system, Lenke said. Anyone interested in joining should write Box 204, Novato, 94947, he said.

Lenke said the group could now respond to almost any emergency within 150 miles of Novato.

"We're always open for an emergency call from any town that needs assistance," he said.

Members of the club went to Santa Rosa after the earthquake last October to help and is ready to set up local communication if a major tremor knocks out regular communications, he said.

The long-range communications would be left to the ham operators, he said. Since Federal Communications Commission regulations prohibit citizen banders from using more than a five-watt radio with range of more than 150 miles. A license is required, but it is not as technical as a ham license.

"Ham stations are normally set up in the home; they cannot be made mobile. They're more technical," Bretner said in explaining the difference.

Although most of the group's activities center around hunting for lost boys and watching traffic for accidents and law breakers, they are occassionally called in on other crises.

They supplied communications between Hamilton and a salvage boat when an F-4 Phantom jet went went down in San Pablo Bay Jan. 12, Lenke said.

Bretner said a representative of the county sheriff's department will attend a meeting soon to discuss cooperation between the two organizations.

The group is not hurting for good deeds to do though. "We've reported fires, accidents, speeders, drunk drivers. We average about three calls a night," Lenke said.

Other groups throughout the country are analogous, Lenke said. He estimated there are about 350,000 citizen's band operators in the United States, many banded together in similar groups. There is one in San Rafael, according to Lenke.

An elderly couple which floated in their car in a salt pond for 35 minutes after running off Highway 37 before a 5 Wotter noticed them and radioed for help must be glad the group exists.

Those vehicles with the long antennas and the citizen's band numbers on the bumpers should be as welcome to other accident victims as the Highway Patrol.

Nixon Names Labor Aide For Promotion

WASHINGTON (UPI) — President Nixon today named Laurence H. Silberman as undersecretary of labor.

Silberman, a native of York, Pa., has been the department's chief legal officer and a top enforcement officer as solicitor of labor. His elevation to the No. 2 slot in the department must be approved by the senate.

win seats was Winston S. Churchill, a grandson of the late Sir Winston. The 29-year-old author and journalist won the Labor-held seat in Stretford, a working class constituency outside Manchester.

In the belief of British politicians, commentators and of Wilson himself, a housewives' revolt against rising prices was the only plausible explanation of Labor's defeat, or at least a major factor in it.

More than 1.5 million British teen-agers voted for the first time in this election but it still was not clear how they had cast their ballots or whether they tipped the scales in Heath's favor.

Polls taken of teen-agers before the election appeared to indicate that in general they probably would vote more or less along the same lines as their parents.

Later it was announced Queen Elizabeth was hurrying back to London from Ascot race course and would receive Wilson at 6:30 p.m. (1:30 p.m. EDT) to accept his resignation.

Heath was expected to be summoned soon afterwards to the palace to be named prime minister.

The awarding of prizes for parade and exhibit winners will begin at 3:30 p.m. at the community center and will conclude the weekend festivities.

Richard Giacomini of Olema is general chairman, assisted by Donald J. McIsaac of Olema who has been associated with the show for 20 years. Frank Truttman will serve as honorary chairman; William H. Thompson, parade chairman and Joseph Mendoza, president of the West Marin Lions Club and honorary mayor of West Marin during the show.

Soviet space scientists proclaimed the mission a success in this respect two days ago, stating in numerous commentaries distributed by Soviet news media that Nikolayev and Sevastianov had adapted well to space conditions after three days. They never showed any signs of the fluttering pulses, loss of bone calcium and muscle weakening other spacemen have experienced, according to the steady progress reports on the mission.

Funeral for Ralph Pringle Aiken, 77, a visitor to Bolinas from New Orleans, will be Monday in New Orleans.

Aiken collapsed and died Tuesday as he walked along Bolinas Road on his way to the post office. Asst. Coroner Eugene R. Fontaine said death apparently was due to natural causes.

A native of Louisiana, Aiken attended Tulane University. He was a retired engineer with the U.S. Army Corps of Engineers.

In addition to his wife, he is survived by a daughter, Joan Shaffer, of Aurora; a brother, Rev. Warwick Aiken of Memphis; a sister, Edith Aiken of New Orleans; and four grandchildren.

Bayview Chapel in Berkeley is in charge of local arrangements.

ANNA G. PIHL

Funeral was today for Anna C. Pihl, of 815 East Blithedale Avenue, Mill Valley.

Sun Innocent Of Hurting Growth

ITHACA, N.Y. (UPI)—A Cornell University professor has discovered that it isn't the sweltering sun that keeps farmers in tropical lands from growing vegetables commonly found in northern countries.

It's the oven-like temperatures below ground that destroy the roots, says Prof. Peter L. Steponkus, who made his theory known at an international horticultural congress in Tel Aviv. He contends that proper irrigation would allow tropical countries to grow such northern vegetables as peas, broccoli, lettuce and cabbage.

Hearings Set On Sonoma County Funds

I-J Special Report

SANTA ROSA — The Sonoma County Board of Supervisors will hold public hearings on the proposed $52 million 1970-71 budget Wednesday and Thursday at 9 a.m.

County Administrator David L. Nichols said he adopted a conservative approach to the budget, but that the increase over this year's budget would be nearly $7 million.

Nichols said he slashed more than $3 million in departmental requests from the budget which estimates total expenditures at $51,934,538. The 1969-70 budget is $45,147,252.

In Nichols's departmental reductions, the number of new employee positions requested was dropped from 233 to 114.

Nichols said one of the main causes for the large increase is the increasing habit of the state to shift the financial burden of state-mandated programs to the county.

As an example, he said welfare costs for 1970-71 will total $3,190,217 or nearly 7 per cent of the total budget. Nichols said that the national inflationary trend was part of the problem as well as salary increases for county employees.

Churches Council Overhaul Eyed

WASHINGTON (UPI) — Leaders of 33 Protestant and Orthodox denominations meet here this weekend to consider how the gravely-ailing National Council of Churches (NCC) may be replaced or resuscitated.

Four alternative proposals for drastic overhaul of the nation's largest ecumenical organization will be discussed by 250 denominational representatives who constitute the NCC's policymaking General Board.

A final decision on the fate of the controversial council probably will be postponed until the General Board's fall meeting at Phoenix, Ariz., Sept. 11 and 12. But the talks here, continuing through Saturday and Sunday, may show the general direction the NCC is apt to go.

Mother Takes Blame For Baby's Injuries

The teen-age mother of a 5-month-old baby who died in a small, cold tent on Mount Tamalpais in April testified yesterday that it was she, not her husband, who had abused the child.

Taking the stand in the trial in which the husband, Dean Allen Lampiris, 20, is charged with child abuse, was Debra Lampiris, 17. Mrs. Lampiris, who is awaiting trial in juvenile court, testified against the advice of her attorney.

Weeping at times, the young mother said that once she had kicked her tiny son, Christopher Dean, when he was lying on the floor crying. She also described how on another occasion she had squeezed him as hard as she could when he wouldn't stop crying.

The night before the baby was found dead, she said, she had reached out and put her hand on his face when he cried in the dark tent.

Earlier in the trial in the Marin Superior Courtroom of Judge Samuel W. Gardiner, doctors had testified that the child, who had bruises and scrapes on his body as well as seven broken ribs, did not die as a result of these injuries.

Instead, his death was attributed to "sudden death syndrome," an unknown cause of death which strikes infants found dead in their cribs.

Mrs. Lampiris had found the child dead in his makeshift bed atop a sheepskin jacket in the tent in which the couple, child and two young men were camping. The Lampiris couple had been living on welfare in San Francisco since coming to California from Wisconsin early this year.

Lampiris has been held in Marin County Jail since the baby's death on April 14 and his wife has been in Juvenile Hall.

The husband's case was to go to the jury today.

Study Voted Of Tiburon Trails Plan

The Tiburon Parks and Recreation Commission last night called for a committee to examine the second phase of the county's Tiburon Trails plan, according to Asst. City Mgr. Robert L. Kleinert.

The committee would consist of members of the commission, the city council and the planning commission and would review the plan and report to the full council, which then would make a formal recommendation to the county.

The plan calls for development of a comprehensive system of foot, bicycle and equestrian paths on the Tiburon Peninsula.

The commission also heard a report that 10 youths had been hired for the city's summer work program out of 28 applicants.

The meeting was adjourned to June 29 at 8 p.m. at city hall for a joint meeting with the city council.

More Road Deaths

TORONTO (UPI) — Road deaths in Ontario increased 6.1 per cent in 1969 to a total of 1,683, Transport Minister Irwin Haskett reported to the legislature. However, he said, the Ontario death rate per 100 million vehicle-miles remained the same — 5.9, compared with 7.6 for the rest of Canada.

Ex-Marin Aide Pleads Guilty To Drug Count

I- J Special Report

SAN FRANCISCO — Michael R. James, former coordinator of Marin's New Careers program, changed his plea yesterday in San Francisco Superior Court from innocent to guilty of possession of heroin.

Sentencing was set for July 20 by Judge Robert J. Drewes.

James, 28, who has a prison record, was fired from his New Careers post following his December arrest. He was coordinator only two months.

James was arrested in San Francisco's Fillmore District by officers who said James had several small balloons containing heroin in his possession.

Toronto Is Winner Over Pollution

TORONTO (UPI)—Pollution control and new sewers have cleaned the water off Toronto's West End beaches to such a degree that, for the first time in 10 years, signs warning swimmers away will not have to be put up this summer.

In the last five years the city has spent 154 million on sewer reconstruction. Pollution controls also have been in force on the Humber River.

ABAG Backs Funding For Sewer Projects

I-J Special Report

BERKELEY — Applications for $821,500 in federal grants to build joint sewer facilities in Bolinas and Stinson Beach last night were endorsed by the Association of Bay Area Governments executive committee.

The committee also recommended that the federal government boost the grant amount by $39,050 because of the high priority of the work. The two communities long have been under strong pressure from regional water pollution officials to build a joint system.

Bolinas Community Public Utility District is the only discharger in the Bay Area still dumping raw sewage. Stinson Beach is on septic tanks.

The total cost of the joint system will be $3,338,900, according to the applications.

The federal government requires grant applications to be cleared by ABAG before considering them on the federal level.

Also endorsed were grant applications from the cities of Petaluma and Cotati. Petaluma is seeking an undetermined amount to make a traffic study required to become eligible for construction grants.

Cotati is seeking a $24,500 grant toward a $156,300 project to connect its sewer system to Rohnert Park's treatment plant.

Planner Quits With Hint Of Staff Unrest

I-J Special Report

BERKELEY — The Association of Bay Area Governments' top planner resigned last night with a cryptic criticism of "working conditions at the staff level in the association."

James H. Hickey, resigning after six years, noted in his letter that he was among more than 20 persons who have left ABAG in the last 19 months.

J. Julien Baget, former Novato city manager, has been ABAG's executive director for the past 20 months.

Hickey said he hoped he would be close to the last to quit, "as such a constant turnover in staff personnel is conducive neither to high morale nor to work output."

Hickey also said he was leaving because he wanted to "get back into the job of actually implementing planning and plans."

The executive committee accepted his resignation, effective Aug. 15.

Nader's Raiders Announce Probes

WASHINGTON (UPI) — Consumer advocate Ralph Nader says his young student "raiders" will investigate four federal government agencies this summer.

About 170 of the student volunteers will take part in the investigations which will also include such issues as the quality of hospital care, supermarket pricing and labeling, and "the corporate responsibility" of the Dupont Co. "as it relates specifically to the state and people of Delaware."

The government targets are the antitrust division of the Justice Department, the Bureau of Reclamation of the Interior Department, the U.S. Forest Service and the National Institute of Mental Health.

Rohnert Park Traffic Link Plan Voted

I-J Special Report

SANTA ROSA — The Sonoma County Planning Commission yesterday approved plans for extension of the Rohnert Park Expressway in the county traficways plan.

The Rohnert Park City Council had asked that the long-range county plan show the expressway extending from Stony Point Road to Llano Road.

The commission said it had reservations about flood control and sewage problems and said they must be solved before any extension plans are carried out.

The commission set a public hearing for July 2 on the request by Berdena Johnson to rezone 8.6 acres at 6081 Old Redwood Highway, Penngrove, from agricultural to single mobile home.

Commissioner Robert S. Lipman of Petaluma was elected chairman for 1970-71 and will take office July 1 succeeding Dell E. Bevan of Santa Rosa.

Kentfield Fire Budget Adopted

The Kentfield Fire District Board last night adopted a 1970-71 budget of $221,196, a drop of $1,938 from this year's budget. The decrease was possible because payments are completed on the new main fire station, Chief Kenneth T. Kamp reported.

The budget includes a 6 per cent pay increase bringing the total salary cost to $123,696, up $10,812 from last year. Major capital items include $20,000 toward a new pumper truck, $8,000 for other equipment and hose, and $5,000 for hydrants and mains.

The board's next meeting will be at 8 p.m. July 8 at the main fire station.

He was also ordered to surrender his .22 caliber revolver to the sheriff's office.

Old Adobe Board Votes Teachers, Staff Raises

The Old Adobe School District board in Petaluma last night tentatively approved a 5 per cent salary increase for teachers and 6 per cent for classified employees.

District Supt. Dean D. Magowan said the salary recommendation had been agreed upon in negotiation with teachers, but no official action is possible until a budget has been considered and the district is assured money will be available.

Magowan estimated that the increase for teachers would cost the district an additional $35,000, but had no estimate for the classified employee raises.

In addition to the salary increase, the board tentatively agreed to provide dental care benefits for all employees.

Magowan said negotiation is continuing on salary increases for school administrators.

Old Adobe School District Board Also:

ELECTION — Signed papers setting an election for Sept. 15 on increasing maximum interest rates on $875,000 in outstanding bonds from 5 to 7 per cent and raising the maximum tax rate from the present $1.90 per $100 assessed valuation to $2.40. Magowan said the district must have more money available from the local level since it is not receiving adequate state support.

BUILDING PLANS — Heard Magowan report that he had met with John Wynn of the state Department of Schoolhouse Planning, on the need to build the Miwok Valley school on St. Francis Drive in one step rather than the state-recommended three steps. He said the large growth rate of the district makes it necessary to construct the entire school at the outset.

KINDERGARTENERS — Denied a request to allow seven students in the rural Waugh School District to attend kindergarten in the Old Adobe District. The board said it may not have enough space for students living in the district and must serve them first.

LEAVE — Granted a one-year leave of absence to Dorothy Wood, a kindergarten teacher, for health reasons.

Marijuana-Gene Study Is Funded

WASHINGTON (UPI) — The Justice Department has announced it is awarding the University of Texas an $88,657 grant to find out whether chronic use of marijuana produces genetic changes.

The grant, made by the research arm of the Law Enforcement Assistance Administration (LEAA), was the first ever given by the Justice Department to study the effects of the drug.

The Texas study will also try to determine how marijuana interacts with alcohol and such drugs as amphetamines and LSD.

Span Widening Set

Big Lagoon Bridge on Shoreline Highway approximately 6.5 miles south of Stinson Beach will be widened soon, following allocation yesterday of $38,000 by the California Highway Commission for the project, the state Department of Public Works has announced.

Assault Charge Denied In Novato Family Dispute

Stephen Orlando Marez, 30, of San Francisco, pleaded innocent yesterday in Marin Municipal Court to a charge of feloniously assaulting his estranged wife last year in Novato.

A preliminary hearing was set for next Thrusday.

Marez was arrested Wednesday in Novato on a warrant that had been outstanding for about a year. It charges him with giving his wife such a severe beating and kicking at a party in Novato on May 25, 1969, that she was hospitalized for two weeks.

It was reported in court yesterday that Mrs. Marez did not wish the case prosecuted, but the district attorney's office refused to dismiss the charge.

SEOUL BATTLE SCENE — U.S. Marines cover a North Korean soldier, crawling from a foxhole with his uniform afire, in the streets of South Korea's capital in September 1950, as allied troops retook the city the first time.

(UPI Telephoto)

20 Years Ago Next Week, War Shattered Asia's Peace

By JAMES KIM

SEOUL (UPI)—Twenty years ago, on June 25, 1950, the uneasy peace of the post-war world was shattered when North Korean troops invaded South Korea.

It was the Cold War turned hot, and the first major confrontation in Asia between the United States and militant communism, whose lessons would be felt later in the Vietnam War.

Ten divisions of the North Korean army, backed by 500 Russian-built tanks and 2,000 artillery pieces, easily overran South Korean outposts along the border in a massive onslaught.

The 100,000-strong South Korean army, originally designed by the United States as a constabularly force and equipped with only small arms, was no match for the invaders. Most of the South Korean defenses along the 38th Parallel border were smashed by the pre-dawn attack. Communist forces captured the South Korean capital of Seoul in four days and continued their drive south.

When Korea was liberated from Japanese rule at the end of World War II, the country was divided into two parts, the Russians occupying the north and the United States the south.

The attack on South Korea was a prime example of the massive amount of arms and training the Russians were providing their Communist satellites and it was obvious at the start that the South Koreans wouldn't be able to stop it without aid from the outside.

Immediately after the invasion the U.N. Security Council met and asked North Korea to pull back its troops. The North Koreans ignored the demand.

On June 27, the Security Council met again and adopted a resolution calling on U.N. member nations to help South Korea. The United States was named as the executive agent to carry out the U.N. effort.

Three days later U.S. President Harry S Truman ordered Gen. Douglas MacArthur, in Tokyo, to use American ground forces to help repel the invaders in South Korea. MacArthur subsequently became commander of all U.N. forces in Korea.

U.S. troops were rushed from Japan but the numerically superior invaders pushed on ahead and by July 31, American and South Korean defenders were cornered into a 60-mile-wide defense perimeter around the southern port of Pusan.

The defending force held on to this position, foiling repeated Communist attempts to push them into the sea and end the war. In the meantime, U.S troops were arriving in force.

The war entered a second phase on Sept. 15 when U.S. and South Korean troops landed 150 miles behind enemy lines at Inchon, 25 miles west of Seoul, in a bold attempt to turn the tide of the conflict.

Men of the U.S. 1st Marine Division, 7th Infantry Division and the Korean marines recaptured Seoul on Sept. 28, 13 days after the Inchon landing. Meanwhile, American and South Korean troops broke the Pusan perimeter.

The North Korean advance already suffering from overextended supply lines and lack of air cover, crumbled rapidly on all fronts. Allied forces crossed the pre-war border and captured the North Korean capital of Pyongyang by Oct. 21.

The 400,000-strong U.N. force, including 177,000 American, 200,000 South Korean troops and units from other U.N. member nations, swept through North Korea and reached the Korea-Manchuria border by late November.

The tide of the war turned again on Nov. 25 when 600,000 Communist Chinese "volunteers" came swarming across the Yalu River between Manchuria and North Korea.

The U.N. forces were thrown back in an all-out retreat and the Communists captured Seoul again on Jan. 4, 1951. The invaders were stopped south of Seoul and pushed back to north of the city.

The war became stalemated along the 38th Parallel, the old border. On June 23, 1951, Russia's U.N. delegate Jacob Malik proposed peace negotiations to end the conflict.

After two years of off-and-on truce talks accompanied by continuing jockeying for positions on battle fronts, an armistice was finally signed on July 27, 1953, and shooting ceased at 10 p.m. the next day.

Budget Hampered By Delay On Pay

Hamstrung by its decision Wednesday not to discuss salary items until next week, the Mill Valley City Council last night was forced to hopscotch piecemeal from department to department in an attempt to trim down the city's proposed record budget of $2,002,703.

After nearly four hours of hopping helter-skelter in a manner which left several of the councilmen admittedly confused on several occasions, the council gave up after lopping only $550 off the proposed budget which, if approved as is, would hike the city's tax rate from $2.42 to the legal limit of $3.11 per $100 assessed valuation.

The council chopped $500 earmarked for the city's promotional use and cut $50 from $4,350 to be divided among civic groups.

Because the city's negotiating team — namely City Mgr. William H. Cunningham — had not yet completed negotiations with city employees on salaries, the council was unable to adopt final budgets for any city department. Instead the council leapfrogged from department to department dealing with their material, supplies and services requests.

Attempts to cut several of these itmes were thwarted at almost every turn by Cunningham when he explained that most of the costs in these areas were fixed by commitments of previous councils or by the levels of city service.

The council allocated $3,500 to the chamber of commerce, $300 to the junior chamber of commerce, $300 to the art commission and $200 to the youth commission.

Though the council eliminated $800 for the Fall Arts Festival, it then granted more money to the chambers than Cunningham had recommended, leaving the budget only $50 less than proposed.

The council almost eliminated $13,000 budgeted for feasibility studies for its proposed harbor development, but changed its mind because so much city money is already tied up in the project.

"If we ever plan to get that money back by having a harbor, then we must leave this planning money in so the project can someday go ahead," councilman Robert H. Andresen said.

The council went into closed session about 11 p.m. to discuss salary negotiations. The council will meet again in budget session at 7:30 p.m. Monday in the Mill Valley library rather than city hall.

223 Photos Chosen For Bay Area Salon

Two hundred and twenty-three photographs have been selected for showing at the Bay Area Salon of Photography, sponsored by the Ross Valley Camera Club at the 25th annual Marin Art and Garden Fair in Ross, July 1-5.

David Manchester of San Rafael won a trophy for his color slide "Cool Spider" and Dr. Robert Clarke of San Rafael a trophy for his salon print "Too Hot to Sit Down," in the judging of 643 entries.

Engineer Corps Awards 8 Pins

Eight Marin residents have been honored with 20 and 30-year pins this week during which the Army Corps of Engineers in San Francisco is celebrating its 195th birthday, the corps has announced.

Honored today with a 30-year-service pin was Joseph C. Collins of San Rafael. Receiving twenty-year pins were: Jack Aaron of Mill Valley, Doyle and Flora Carroll of Novato, John E. Melgord of Fairfax, Patrick J. Mulcahy of Larkspur and Charles W. Werlin of Sausalito.

Joseph B. Trolier of Mill Valley was presented his twenty-year pin on Tuesday.

Dedication, 'Barnwarming' For Morgan Horse Farm

Dedication and "barnwarming" ceremonies of the Point Reyes National Seashore Mrgan Horse Farm will be held June 27 beginning at 10:30 a.m. at the headquarters on Beaver Valley Road, the Department of the Interior has announced.

Among those officiating will be Vermont Gov. Deane Davis, who is also president of National Morgan Horse Club, and Harthon L. Bill, deputy director of the National Park Service.

The events will honor the versatile Morgan breed, the first to be developed in the U.S., nearly 200 years ago in Vermont.

The park plans to use the horses as mounts for rangers to patrol the area and to create an exhibit of the breed.

An inscribed redwood monument, crafted from a driftwood log by Jim Loree of Redwood City will be presented as a permanent site marker of the farm.

Horses Finished?

HELSINKI (UPI) — Horses are decreasing in Finland. The number of horses in the country at the end of 1969 was 104,000, a drop of 13,000 from the previous year.

Cleric Too Much Like Desperado

BULAWAYO, Rhodesia (AP) — Australian clergyman Frederic Thomas Wright, 44, was held for five hours here by police who thought he was Great Train Robber Ronald Biggs, Wright, 6-foot-1, is the same height as Biggs and has other similar characteristics, even to a scar on the left wrist.

"I thought at first it was a joke but when the questions started I realized the whole thing was serious," Wright said. "I showed the police my passport but they said it could be a forgery. They asked me what seemed like thousands of questions which I answered to the best of my ability."

Eventually a fingerprint check cleared the clergyman, who comes from Palmwoods, Queensland. Police gave him his fingerprint chart as a souvenir and said he was a "dead ringer" for the train robber.

Corte Madera teen-agers will have a place of their own starting tomorrow night.

A youth center and drop-in house, bankrolled by $3,000 from the twon council, will open at 500 Tamalpais Avenue with entertainment by a live band.

Members of the town youth committee have been putting the center together since the council agreed to put up the money April 6.

The center is the former office of the Corte Madera Sanitary District. A squad of young people, most from Redwood High School, has spent weeks preparing the center, finishing last minute painting Wednesday.

The center will be open from 7 to 11 p.m. Wednesday, Friday and Saturday nights.

The programs are open to change, a committee member reported, but plans include guest speakers, bands, films, records and folk music. There will be one program a week at the outset, with the other evenings free for non-organized activities.

Airmen Plead Guilty To Reduced Counts On Drugs

Three servicemen from Hamilton Air Force Base pleaded guilty yesterday in Marin Municipal Court to reduced misdemeanor charges of possessing drugs.

John Curtis O'Neal, 21, and John Elvin King, both 21, admitted having LSD and Robert Keith Sem, also 21, pleaded guilty to having marijuana. The men had earlier been charged with felony counts of the same offenses.

All three were described in court by Deputy Dist. Atty. Peter Mitchell as having clean records according to state and FBI reports.

(King was convicted in December, 1968, by a court martial at Hamilton of the involuntary manslaughter of another enlisted man killed when a gun that King was twirling went off.)

Judge Peter Allen Smith referred the three men to the probation department and set sentencing for July 17.

They were arrested when police found them smoking in their car at the end of Malobar Lane in Novato on March 12.

Board Allows Hughes To Buy Harolds Club

CARSON CITY, Nev. (UPI)— Howard Hughes, who arrived in Nevada aboard a private railroad train in 1966 and hasn't been seen in public since, has become the state's largest gambling casino owner.

Hughes, a recluse who lives in a Las Vegas penthouse, won unanimous approval of the Nevada Gamning Commission Thursday for an $11.5 million deal that includes control of Harolds Club in Reno.

This is the first venture into northern Nevada by the mysterious billionaire. He previously had acquired control of six casinos in Las Vegas, as well as mining claims, ranches, real estate, a television station and an airport. His total investment in this state is about $250 million.

The deal gives him control of 15 per cent of the $550 million wagered legally each year in Nevada

Tax Take Hits $82.7 Billion

CHICAGO (AP) — State and local tax collections soared to a record high of $82.7 billion in 1969, says Commerce Clearing House.

Sales taxes, which comprise a third of all state tax collections, increased 14.4 per cent to $15.1 billion, up from $13.5 billion.

Property taxes, levied by most local governments, recorded a $33.5 billion collection, an increase of 9.5 per cent. Motor fuel taxes brought in $5.9 billion, up 8.8 per cent and motor vehicle and operators' license fees accounted for $2.9 billion, up 9.8 per cent.

Ban Lifted On Oil Lease Sale

WASHINGTON (UPI) —The Department of the Interior has decided to lift a ban on oil and gas lease sales in the Gulf of Mexico by permitting sale of 35 tracts July 21 off the coast of Louisiana.

Interior Secretary Walter J. Hickel suspended sales of leases in the Gulf following a fire on a Chevron Oil Co. offshore platform Feb. 10 below New Orleans.

One tract proposed for sale, however, was eliminated because it lies too close to federal wildlife refuges and white shrimp beds. The department cautioned that 19 of the salable tracts are within areas "intensively used by shrimp boats and other commercial fishing operators."

Park Project

SINGAPORE (UPI) — The Singapore government plans to construct an acquarium and marine park complex on reclaimed land at Bedok.

City-Rural Life Film Saturday

"The Magical Mystery Tour," a color and black and white film made by students at Stinson School in Stinson Beach, will be shown tomorrow at 8:30 p.m. in the Bolinas Community Center, according to William Niman, a teacher at the school.

Parts of the film, which compares life in the country with life in the city, had to be redone by the youngsters after the film was damaged in the arson fire at Stinson School in April.

Niman said three experimental films from the Canadian Film Board will also be shown.

4 Pct. Pay Boost Approved

Marin Junior College District trustees last night approved a 4 per cent hike in salary schedules for teachers, administrators and nonteaching staff.

They also left the door ajar for a further increase during the 1970-71 school year, if funds become available.

Trustees adopted a tentative budget of $5,286,627, down $207,238 from this year's budget, despite the 4 per cent pay hike.

Norman D. Bird, business manager, estimated that the tax rate would be 87 cents per $100 assessed valuation, down 6 cents from the current rate.

Faculty members who were seeking an 8 per cent hike in the pay scale to cover the increase in the cost of living went along with the 4 per cent, but Johnnie B. Pace, representing the nonteaching employees, balked.

Pace contended the amount requested was "an adjustment, not an increase."

Trustee Donald K. Felt said, "We have gone as far as we can."

Bird estimated the 4 per cent hike would cost an additional $135,600.

Trustees also approved a dental care plan for all employees, estimated to cost $45,000, which would be financed by an override tax and terminated if legislative action eliminated the override.

Robert McVey, of the faculty salary committee, asked that the board acknowledge its intent to review salaries at such time additional funds materialized. "We felt the 4 per cent would be in order in view of the budget," he said.

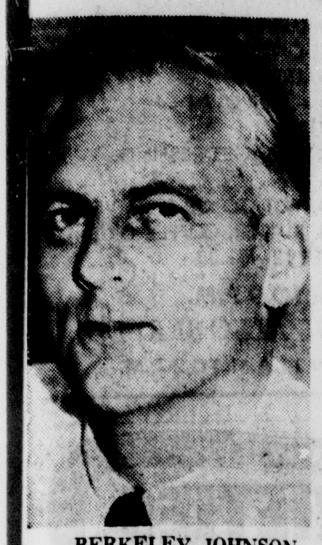
Supt.-President John A. Grasham recommended a 3 per cent hike in the salary schedules and Trustee Harry A. Moore suggested delaying a salary decision because three trustees were absent, Elizabeth M. Deedy, Theodore C. Wellman and Robert E. Oliver.

Trustee Charles W. Gray questioned the value of the dental plan, feeling the $45,000 involved could be used to better advantage.

McVey said if the dental plan didn't prove satisfactory, it could be dropped.

Finally, the board voted 4-0 for the 4 per cent hike and the dental plan.

District property taxes would raise $2,958,409, according to Bird.



BERKELEY JOHNSON
Promoted to dean

New Dean Is Named By Trustees

Berkeley Johnson, assistant dean of instruction, last night was appointed dean of instruction at the College of Marin at a salary of $20,990 a year.

Johnson will succeed Paul (Dutch) Clymer, teacher, coach and administrator at the campus during a 35-year span, who will retire Aug. 20.

There was applause from a small audience when Marin Junior College District trustees appointed Johnson to the post.

Johnson as an assistant dean has been in charge of the evening credit program, the summer session and the associate degree program at San Quentin Prison snce the fall of 1968.

He was a mathematics instructor at the College of Marin from 1957 until 1961 when he went to the University of California at Berkeley as supervisor of the junior college teach education program. He served one year as assistant director for the California Project of Research programs for training teachers of disadvantaged children.

Johnson also has taught at Contra Costa College, Chabot College and Richmond High School.

He received his bachelor's degree in civil engineering at Cornell University and his master's degree in engineering and his doctorate at the University of California at Berkeley.

Johnson lives in Berkeley with his wife and four children.

Army Voids 3 Mutiny Terms

WASHINGTON (UPI) —The mutiny convictions of three more men court-martialed after a sitdown demonstration at the Presidio Stockade in San Francisco in October 1968 have been reversed, indicating that all 22 convictions would be reversed.

The U.S. Army Court of Miliary Review Thursday reversed the convictions of Pfc. John D. Colip, 21, of Sacramento; Calif; Pvt. Louis S. Osczepinski, 22, of Florida, N.Y., and Pvt. Lawrence W. Reidel, 21, of Crescent City, Calif.

The court reversed the mutiny conviction of Pvt. Nesery Sood of Oakland on Tuesday. Of the 18 remaining men whose cases are yet to be reviewed, some are serving sentences for as much as 16 years.

College To Appeal Entrance Edicts

Marin Junior College District trustees last night voted to appeal all writs which force them to admit as "emancipated minors," students whose parents live outside Marin County.

Two Marin Superior Court judges have issued writs in favor of three minors, Jane Lev of Forest Knolls, Geraldine Davidson of Mill Valley and Marguerite Ulmer of Inverness, and the college will admit them, Supt.-President John A. Grasham reported.

The district sought to deny them admission, contending they were nonresidents because their parents live outside the Marin Junior College District, but the students appealed to court, saying they met the legal qualifications for "emancipated minor" status.

Trustees agreed, not only to appeal the three cases, but all such cases that arise in the future, contending the rulings upset the program, which gives priority to students from Marin.

President Robert E. Rogers said the rulings "in effect throw out our established priorities for acceptance of students," and advances the three girls "ahead of our own students."

Under such circumstances there would be no hope of containing expansion or "satisfying taxpayers who expect their youngsters to be admitted first," he said.

The priorities established by the board give first preference to continuing full-time students, then recent Marin County High School graduates, other new district residents attending full-time, continuing part-time students and then new district residents attending part-time.

In response to an appeal from Bella Aaron, chairman of the police community relations committee of the Marin County Human Rights Commission, trustees approved a plan to include a police community relations program in its adult education program.

Mrs. Aaron explained the program whereby police cadets study crime prevention and crowd control, the American legal system and social phychological dynamics o friot precention.

Trustees balked at waiving the $6 per student fee, and postponed the fee question until a later meeting.

They also received an appeal from nursing representatives to boost the proposed salary for a coordinator of the registered nursing program.

The district is offering a salary of $13,030, but trustees were told this wasn't sufficient, and they were in danger of not attaining a coordinator, thereby jeopardizing their accreditation from the state Board of Nursing Education and Nursing Registration.

Trustees agreed to stick with the $13,030 offer and see what applications come in.

The Marin Junior College District Board Also:

BLEACHERS — Awarded Outdoor Products of San Jose, low bidder, a contract to install 2,000 portable bleacher seats at the athletic field at a cost of $17,769.

School Tax May Drop By Nickel In Los Angeles

LOS ANGELES (UPI)—The Board of Education has tentatively approved a city school budget of $716 million calling for a 5-cent reduction in the property tax rate.

The budget, approved Thursday, is about $14 million higher than last year's final budget and reflects the $41 million cut from programs in order to balance income and expenditures in the 1970-71 budget.

The property tax rate drop is due primarily to a decrease in a special rate to pay interest on construction bonds and also from small surpluses in funds from special rates for education of mentally retarded students and other programs designed to cope with behavior problem children in the district.

The 5-cent reduction would cut the school property tax rate from $4.80 to $4.75 per $100 of assessed valuation.

Marin Dining And Wining

DINING OUT AND INNS

By HARRY CRAFT

Olema, Point Reyes Gateway, Boasts A Find For Inner Man

To the county's oldtimers, Olema is a town steeped in Marin history — and some mystery as to the fate of a few of its early inhabitants, who simply disappeared from sight.

To those geographically or environmentally minded it's the gateway to the Point Reyes National Seashore, which extends from Tomales Bluff on the north to the Upper Paradise Valley on the south.

To some newcomers who have never traveled west of San Asnelmo or Fairfax, the name Olema evokes nothing but a blank stare. They haven't any idea where it is.

But this year more than a million motorists will pass by the few blocks of old buildings that make up this meeting of Sir Francis Drake Boulevard and Coast Highway 1.

Situated strategically at this juncture where it cannot be missed no matter which direction your are traveling, is **Jerry's Farmhouse Inn.** It occupies a rambling building that could be just about as old as some of the other local architecture but which has been kept in rather good condition, with a few modern innovations here and there.

The hosts are **Jerry and Agnes Bunce,** who came here from Point Reyes Station in 1968 when the inn was called Caly's Farmhouse and operated by **Clay and Emma Wright.** Jerry used to do the cooking at Jerry's Cafe in Point Reyes. But now this occupation seems to have passed on to the hands of Agnes, who does a prime job of it. Jerry is usually at the bar.

The menu is as American as apple pie, with pan-fried oysters, prawns, frog legs,swordfish, halibut, sole, abalone, chicken and New York and rib-eye steaks the main dinner attractions. And often such tempting specials as fish fry and fresh salmon are added when the season is right. I'll testify as to the freshness of the salmon, which must have started simmering right after the hook was taken from its mouth.

Add also various seafood sandwiches, louis, clam chowder, oyster stew, chili and burgers as a la carte offerings and you have almost the entire picture. Almost. To complete it, the cooking is good. For the framing, the dining room is sparkling and attractive and has an arboreal view. It is due to be enlarged shortly to about double the present capacity.

The space is needed badly, particularly on weekends, and you would do well to make a visit during the middle of the week — or Friday night. As I say, a million people will go by the inn this year, mostly on Saturdays and Sundays and probably one in every 20 or 25 will stop off at mealtime. And that many people can't be wrong.

PIES — all kinds, for lunch, snacks and desserts, to eat on the premises or to take home — are sold at a new establishment, **Pilgrim Kitchen Pies,** 170 Bon Air Shopping center, Greenbrae.

Wayne Hamblen, who lives in Greenbrae, bakes fresh pies daily. Dessert pies come in 23 varieties. Lunch pies with beef, crab, shrimp or turkey are also baked, along with quiche Lorraine, which is a hearty sort of French pie. These lunch pies and the quiche serve as the main dish, served with cole slaw and beverage.

Wayne, who has been in the restaurant business about eight years in Seattle, manages Pilgrim Kitchen Pies for **Robert Cassani, William Bryant** and **William Bergman,** all of Sausalito. All are successful businessmen in other fields.

Hours are from 10 a.m. to 7 p.m. Mondays through Saturdays and from 11 a.m. to 8 p.m. on Sundays.

The Bon Air establishment is owned by the three Sausalito men, but you may find others of the same name cropping up elsewhere later on a franchise basis — licensed by Pilgrim Kitchen of Belmont, which has been in business about four years.

RESTAURANT PRICES seem too high?

Not when compared to those in the eastern part of the country, according to chef **Don Caseldine,** who has just returned from a month's vacation visiting old haunts and restaurants where he previously worked all the way from Canada to New England to Chicago to Cincinnati to St. Louis and side ports of call.

Meals not only are less expensive here, but there is more variety and quality in the food and it is better prepared, he said. At one of the plush restaurants that formerly employed him he paid $75 for dinner for two (without drinks) and a lunch tab for two ran up to $50. "Not worth it," he declared. "Both were disappointing."

In spite of all this he has come back with some new ideas for the menu at **McKee's.** You can expect to see several "surprise" specials added in the near future — a few in the seafood line. At low prices, I might add.

Which reminds me — if you're a calory counter, McKee's is always good for diet watchers. A sizeable segment of the patrons (the actual figure is something like 50 per cent) take advantage of the leeway in making selections. The nightly $1.75 special dinner, for example, is subject to substitutions in many instances which will lower the caloric intake — lean meats and items in the vegetable and salad lines that will hold down your weight as much as if you were supervising the menu at home.

AMERICANS are becoming more wine conscious, it seems.

Last year the average person drank almost two gallons — about 20 ounces more than he consumed in 1968.

About half of that consumption was in table wine — the rest dessert wine, except for maybe a pint of champagne. Three out of four bottles of all this were from California vineyards, which had their fourth straight record year of wine shipments. Total in 1969 was 156.7 million gallons.

BILL BISSON has declared Sunday night to be "family night" at **Bill and Adolph's West End Villa,** San Rafael — with the restaurant's specialty, chicken and dumplings, to get featured billing. It's about as much a family dish as you can get. Breaking his own rule, Bill also will include West End's complimentary fresh fruit basket in the a la carte price.

ENTERTAINMENT SCHEDULE for the **Lion's Share,** San Anselmo features **Charlie Musselwhite,** the **Charles Ford Group** and **Lambert and Nuttycomb** tonight and tomorrow night.

The latter will also perform Sunday, along with the **New Boogaloo Express** and **Indian, Puddin' and Pipe.**

Monday is closing night. Auditions and guest performances are being held Tuesday and Wednesday, with free admission.

Thimbles Still Resemble Old Ones

NEW YORK (UPI)—In this era of "a new model every year" it's hard to believe that a product could remain basically unchanged for nearly 20 centuries.

Yet, according to Dritz-Scovill, there had been no real change in thimbles since 79 A.D., the first recorded date of their use, until the debut of its adjustable fit-all thimble. The 1970 A.D. model can be custom-fitted permanently to any size finger, and has a "top," actually an open side, that permits the finger to "breathe" and leaves the nail uncovered to prevent its breaking.

Cost Of Living Doesn't Justify Big Raises At Top

It seems passing strange that in a year when taxpayers are in ballot-box revolt, 10 per cent pay raises should be proposed for some of the highest paid county employees.

That's the proposal, however, handed to the Marin County Board of Supervisors by Maren Rinne, county personnel director.

Mrs. Rinne proposed that 10 per cent hikes be given to the elections officer, sheriff's captain, chief probation officer, fire captain, director of public works, building superintendent, and herself.

She proposed 7½ per cent salary hikes for other county department heads and for the county administrator.

THESE RECOMMENDATIONS came while the board of supervisors' representatives are still dickering — in private, as they unfortunately are permitted by law to do — with representatives of the lower county employees.

It seems scarcely credible that these employees will be willing to settle for less, percentagewise, than is proposed for their bosses.

The recommendation for raises of 7½ to 10 per cent at the top has the effect, then, of inflating the demands of the other employees and further escalating by salary incheases a county budget already swollen badly.

As Rex T. Silvernale, president of the Marin Property Owners Association, pointed out to the supervisors this week, the share of the county budget going to salaries has increased markedly the last few years. What this means is that there is less money for other purposes, even with a bigger budget.

IN RECOMMENDING these salary hikes for the bosses, Mrs. Rinne of course had eminent precedent. The President of the United States accepted doubling of his salary while declaiming about controlling inflation. Congressmen raised their own pay 40 per cent while crying "economy." And state legislators did not hesitate to give themselves a 10 per cent raise while calling for reduction in state spending.

Such precedent, however, does not make the proposal any more sensible. It is no use saying that because the other fellow is a profiteer, I must be one too. That kind of attitude leads nowhere but to chaos.

A PERCENTAGE RAISE applied without regard to what a person is making actually is impossible to justify. A 7½ per cent raise for the county administrator means $176 per month. For some worker on the lower levels of county employment it may mean only $40 or $50. Can the latter, then, be expected to settle for 5 or 6 per cent?

The whole idea of percentage raises should be re-examined, and probably thrown out the window. Raises should be based on (1) performance, and (2) actual cost of living increase. And it should be born in mind that when the Bureau of Labor Statistics index shows a 6 per cent increase, that does not mean that it costs the wealthy family 6 per cent more to live. It means it costs the average family 6 per cent more — and those already in the poverty range may find the increase more than 6 per cent since there are no luxuries they can eliminate.

If the county supervisors want to keep costs down, let them look at the top salaries first and hardest. Raises there cannot be justified for cost of living — and we doubt that a 7½ or 10 per cent raise in most cases is justified by performance.

The Sandpiper Mystery

Sandpipers can be found on many of Marin's beaches and tidelands. The sandpiper family drives birdwatchers to despair because it contains 23 species so similar that it takes a real expert to distinguish one from another.

Sandpipers in flight along the beaches and tidal flats, searching for likely places to find food, are a marvelous sight. In loose flocks with no apparent leader and no set formation, these birds wheel and turn in remarkably synchronized unison, beautiful to behold.

How the sandpipers are able to perform these remarkable flights has yet to be satisfactorily explained. It is one of nature's mysteries.

AFFAIRS OF STATE

Multitude Of Special Funds Helps Inflate Government Cost

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — The disposition of each annual state budget points to the necessity for considering revisions to the state's methods of financing.

The astronomical figures which are a reality in dealing with the state budget are hardly comprehensible to the average citizen.

How then, when an average citizen finds it difficult to comprehend the sum of $6.474 billion, can the average citizen expect his elected representative to deal with this vast sum of money to give the best results and the most value for the dollars?

THE STATE has been handling its money in the same antiquated manner for half a century, and possibly longer than that. The only difference has been in the size of its budgets, the amounts of its taxes, and additions to its spending program for the frills and fancies of government.

None of these has been designed either for efficiency in government nor economy in operation. Legislators know this, but have allowed old-fashioned methods to persist as this seems the easiest course to follow.

The old-fashioned methods of handling the peoples' money have resulted in the creation of special funds, some 240 of them, which have money deposited for special purposes only. In other words, the billions of dollars in these special funds can be used for one purpose only.

The days of unending plenty are fast declining, and to get 100 cents value of the tax dollar, different methods must be considered.

The special funds are, by and large, going to have to be abolished and expenditures set up on the basis of priorities, so that the most needed expense will be taken care of first.

FOR INSTANCE, it seems rather impractical that special funds should be used to finance state building, and that the public through general fund taxes should be required to pay back principal and interest just because too much tax or license money was collected from a segment of the public in the first place.

State government is full of such anachronisms, and the real needs of the state are going to be delayed or threatened until the state goes into the business of governing instead of the many other activities in which it is engaged.

The taxpayer will await this day with anticipation. Unfortunately, he may have to wait a long, long time.

WHAT OUR READERS SAY

Law Enforcement Boost Near Million

Your editorial of June 17 indicates that in my expression that this year's budget includes one million dollars increase in law enforcement costs, that I was not being precise or fair in the representation. The balance of the editorial recites various department amounts to show roughly $800,000 increase and the issue you raised relates to the $200,000 difference between your $800,000 and my reference to one million dollars.

I am sure that your purpose was to be fair and equitable and, therefore, would like you to be aware of the following facts. The budget presented to the board of supervisors for consideration provided as follows:

The requests from department heads in the full field of law enforcement totaled an increase over 1970, in the amount of $1,511,762. Parenthetically, I would add that this amount is the net result of discussion between department heads and the administrative staff, which already had deleted sizeable dollar amounts.

Secondly, this budget brought an administrative staff recommended increase of $999,197.

In light of these two figures, it seemed to me entirely in order to generalize that the increased potential was in the area of one million dollars.

Beyond this, the bar-graph presentation on page IX of the budget, clearly indicates an increase of one million dollars in the proposal presented to the board of supervisors in the category of law enforcement. .

My purpose in responding to your editorial is to cooperate with your obvious purpose in bringing new, valid information to the vast readership you have, so that the greatest possible number of people might be aware of the problem of budgeting county government.

$25 Minibike Clutch For Welfare Family?

I read with interest the article which appeared June 17 about 12-year-old Charles Rivas, who was given a set of drums by the Marin Economic Opportunity Council because his widowed mother has 13 children to raise and could not afford to buy the drums. He appears to be quite a talented boy, and has already earned some money playing with a rock group. His mother makes ends meet with welfare checks, and he said that when engagements become more plentiful, he will help with the family bills, but first he is going to use $25 to finance a clutch on his minibike.

Welfare — minibike — $25 for a clutch?

It is my understanding that minibikes are unlicensed, and may not be operated on the public streets — even if the operator is old enough to have a driver's license. They are a fun-luxury item.

In "olden" days, when a family was in need, everyone's earnings were turned into the common pot; or sometimes, a kid would really work hard to save for something special for himself. Times have changed, and I believe that all 12-year-olds should have some fun in their lives, but I take exception to a 12-year-old, whose widowed mother and 12 other children are on welfare, being allowed to own a minibike and to spend $25 on repair of its clutch.

Let's hope it was just 12-year-old talk. . .

Public Punished Instead Of Violators

The Mill Valley City Council will vote to close Cascade Reservoir at its July 6 meeting. This move is precipitated by the inability of the city to control a group of troublemakers who are littering, using drugs, nude sunbathing and lighting illegal fires which are endangering the entire area. The city presently has ordinances forbidding all of these offenses, but has been unable or unwilling to enforce them effectively.

The troublemakers must be stopped, but closing and draining the lake is about as rational as paving Mount Tam to protect it from forest fire.

The public has already lost the walk-in camps on Mount Tam and the use of the entire mountain at night. This trend must be stopped before we also lose the use of the reservoir, the Cascades, the waterfall, Old Mill Park, and our other resources. The time has come to stop punishing the public and to start punishing those who disregard the rights of others. These people can be stopped if decent citizens use the park and if the police stop the troublemakers. A few weeks of intensive enforcement should convince these people that the community means business. Subsequently, the continued use of the site by citizens and intermittent patrols should prevent the abuse of the area.

'Fat Cats' Must Help The Poor

This is a sad sad world!

There is something very wrong when today's (June 18) board of supervisors meeting can result in a 5 to 0 vote for cutting the income of the poor in Marin County by one-third.

What a pity that a fine and seemingly feeling man like Mr. (Michael) Wornum has to decide between the poor (for his district would pay for any decision in favor of the poor) and the tax payer, or more appropriate, the property owner.

Whose responsibility is it? Why can't the fat cat in his comfortable home (not the senior citizen with limited income), and his successful career with his satisfying life give up something for the other — less fortunate — part of society? Why not?

Maybe it is because he didn't put the poor where they are — and he didn't — but the poor are here and they didn't choose to be poor either. . .

Wake up you comfortable people — look at the other half or two thirds of the world — they are getting more and more frustrated and angry and this sad sad world is going to get sadder. We are all going to hurt and be hungry — not just the poor.

THE DRUMMONDS

Pressure On Nixon To Exploit Campus Unrest Politically

By ROSCOE and GEOFFREY DRUMMOND

WASHINGTON — If President Nixon gets into serious political trouble over Vietnam and the economy, he could be sorely tempted to do the one thing which would gain him popularity but would hurt the country.

The political climate can get worse for Nixon, since the political tide is still running adverse to hm.

What some fear a desperate Nixon might do is. to turn sharply to the right and exploit the explosive distrust and fear of campus unrest and student violence.

THE THINGS which tend to push the President in this direction are these:

1 — The latest gallup Poll shows that majority opinion is still pressing Nixon to withdraw U.S. troops from Vietnam faster than he is doing.

2 — Soundings taken by young White House aides show that Nixon has lost the support of the "sons and daughters of the Silent Majority" and youth is anti-administration en bloc.

3 — Some of Nixon's influential political advisers, lke Murray Chotiner, have concluded that nothing could be more politically productive than for the president to campaign against student militancy and thereby rally the American middle class more emotionally to the administration's side. As Chotiner put it, "Campus unrest is a very good issue to run against: It will get results."

4 — Congress is still stalling important Nixon legislation and he seems unable to generate sufficient public support to get Congress to act.

THERE IS certainly some basis for an honest fear that President Nixon might resort to exploiting campus unrest in a way which would increase the public demand for harsh repressive measures.

But there is no present evidence that the President is doing any such thing. The evidence is to the contrary:

1 — The recently appointed Commission on Campus Unrest headed by former Gov. William Scranton of Pennsylvania shows the president primarily concerned with healing the cause of student unrest not explointing it. Four of the nine members are blacks and one a 22-year-old Harvard fellow.

2 — The president is arranging under White House auspices a conference "of youth, for youth and by youth" designed to give young people from 14 to 24 a full opportunity to exchange ideas and communicate with the government.

3 — The administration is showing no sign of taking the nomination of George Wallace for governor of Alabama as a reason for slowing down public school desegregation. It promises that more will be accomplished this fall than ever before.

Our information is that the White House is not especially concerned about Wallace's political influence. It feels that the bloom is off the Wallace movement, that voters nationwide are not likely to be drawn in any large numbers to a third party enterprise that has once failed, that Wallace's near-defeat in Alabama shows him a waning force and that renewed racist rhetoric is little welcome in the South as a whole.

FOR ALL of these reasons we conclude that Mr. Nixon is not going to yield to the temptation to stir up the Silent Majority against the restless students as he undoubtedly could if he chose. It would be a short-term gain and a grievous disservice to the nation which needs to be brought together, not further disunited.

In the past Mr. Nixon has fought back sharply when attacked sharply. But there is a difference now. He is President and his goal has to be to create a majority which wants to get things done, not keep things from being done.

This is Richard Nixon's goal and our expectation is he will stick to it even under stress.

INSIDE WASHINGTON

Elastic Debt Ceiling And Congressional Control

By ROBERT S. ALLEN and JOHN A. GOLDSMITH

WASHINGTON — Congress, in a legislative maneuver right out of Alive in Wonderland, is solemnly adjusting the spending ceiling it imposed last year to accommodate subsequently increased outlays under funds which it does not control.

Another ceiling is being imposed on the administration for the year beginning July 1. It is an elastic ceiling too, and it will have a bigger built-in "cushion" designed to avoid a similarly embarrassing adjustment a year hence.

At first glance there is something laughable about the House and Senate saying, by law, that the spending ceiling initially set at $191.9 billion will be lifted, after the fact, to $197.9 billion. That is what is accomplished under the supplemental appropriations bill.

With that sort of recent experience, there would seem to be very little usefulness in the new, adjustable spending limitation, keyed to the budget submitted by President Nixon in February and set at $200.8 billion.

ACTUALLY, however, there are two lessons to be learned from what seems to be a bit of congressional Mad Hatterism. One is budgetary, and the other is procedural — a footnote on how Congress does its business.

Every sixth grader knows that Congress controls federal spending through the power of the purse — by voting and withholding funds. The trouble is that the sixth-grade civics lesson is not true — not true by half.

Congress does not act annually on outlays under such programs as Social Security, farm price supports, or interest on the national debt. It has no annual control over certain revenues derived from leases and sales.

Therefore, as the House Appropriations Committee recently noted, Congress does not really control all of the federal government's spending.

Nominally, at least, the annual limitation brings all spending into the congressional tent. It does little limiting, however, since the ceiling is automatically adjusted when Congress increases or decreases the President's budget.

WHAT IS IMPORTANT is that the so-called congressional spending limitation will do nothing to help in meeting the real budgetary problem. That problem is a $1.3 billion deficit in the federal government's "unified" budget.

In February, it was estimated that a $7 billion deficit in the regular federal funds would be offset by a surplus of more than $8 billion in the government's trust fund accounts which are supported by contributions to Social Security, Medicare, the civil service retirement fund and the like.

That paper surplus is out the window now. If Congress wants to hold down federal outlays and thus dampen inflationary pressures, its members will have to act to withhold funds from individual federal programs, and all of those programs have their supporters.

For "supporters" read "potential voters" in this election year.

Query For DA: Were Dismissal Letters Received When Written?

Sausalito School Supt. Phil Schneider's latest maneuver — to do away with 15 positions in the district, even though the school board had not authorized the cuts — will not surprise his detractors. And the Independent-Journal's seeking out and printing the information undoubtedly will anger his friends.

More important, Schneider's action will serve to heighten tensions and mistrust in a school district which already has had much more than its share of both.

The letters which the superintendent had his staff prepare, notifying the employees their positions were being eliminated June 30, have not been sent; but the damage has already been done.

The superintendent claims he realized the board had not acted on the cuts and said the letters implied this fact. However, we believe any employee receiving one of those letters would be certain he would be job hunting July 1, despite such niceties of phrases as "for payroll purposes your services are being terminated. . ."

NEWLY ELECTED trustees Delta Christ and Gerald Whitcomb told the Independent-Journal they were unaware of what Schneider planned to do until they were notified by someone other than the superintendent.

Schneider justified his action by saying the former board — recalled trustees David E. Freedheim and Martha Freebairn-Smith and trustees Nathaniel Johnson, C. Gerald Clear and James E. Muldoon — had given tacit approval to the cuts by accepting a preliminary budget which did not show the 15 positions.

Board minutes show no official acceptance of such a budget. More to the point, the letters were written Monday and of the old board, only Johnson remains in office.

Schneider did not see fit to inform his new board of the action he intended to take.

IT IS THIS attitude — that the people don't know what is best for them — that has put Sausalito district officials into trouble on numerous occasions in the past.

A case in point occurred last October when the Independent-Journal discovered Jim Toliver, vice principal at Martin Luther King School, had been given $1,524-a-year pay raise — three times that recieved by other employees in the district.

The special increase had not been recorded in any of the board minutes and there was a hurry-up effort to explain. Schneider said the board had taken the action but he had erred by not including it in the minutes. Asst. Supt. Joseph Amato said he had made a mistake when he told a reporter, in response to a direct question, that Toliver's raise was the same as everyone else's.

After the district attorney's office investigated and listened to tapes of the meetings in question, Asst. Dist. Atty. Joshua Thomas admitted the public could not have been aware of the action to up Toliver's salary. Thomas also admitted no copy of the budget documenting the salary increase had been vailable to press or public when the matter was under consideration. Thomas further stated that the meeting tapes showed the board had not made a decision on the raise — at least not in a public meeting.

But the district attorney's office decided there was insufficient evidence for a criminal complaint.

LAST MONTH, the district attorney's office went further in aiding the song-and-dance routines of Sausalito administrators by ruling a letter sent by the district to the Independent-Journal announcing a special board meeting was legal notice — even though the newspaper could not have received the letter before the meeting was held.

The district attorney's ruling was based on a contention that there is legal assumption that a letter sent is considered a letter received, which Asst. Dist. Atty. Gary W. Thomas then expanded to mean that receipt is simultaneous with dispatch.

Such opinions unfortunately tend to encourage those officials who want to keep the public from knowing what they are doing with its tax money.

Public Hearing Set On Joint Sewage Plant

A public hearing to consider establishing boundary lines for an assessment district for a sewage treatment system has been set by the Bolinas Public Utility District board for July 10 at 7:30 p.m. in the district office, 270 Elm Road, according to clerk Jane Boyer.

Mrs. Boyer said the meeting will be to determine which residents in which areas of the community will be connected to sewer lines in the planned district. The joint project, in conjunction with the Stinson Beach County Water District, will include construction of a common sewage treatment plant. Each district will construct and pay for its own lines, she said.

At a meeting this week with representatives of the Stinson District and the Marin Municipal Water District, the utility district board named Stone and Youngberg, San Francisco financial consulting firm, to serve as the district's financial advisers in the project.

Also discussed was the effect of a proposed merger between the county water district and the Stinson water district on the joint sewage project.

COUNTY COMMENT

By WILLIAM D. (BILL) FUSSELMAN

On Election Of Supervisors And Pay Of County Administrator

Fusselman

Two weeks ago I said I would like to discuss a change in the election of supervisors. As you know, though, other immediate things came along to talk about, the administrator for instance.

I'll just start about electing them, tonight, then from time to time pick up the subject for a few lines until what I believe in has been fully developed.

It is simply this: For some years I have been convinced that county supervisors should be elected by the voters of the entire county, but would be a resident of one of the five districts. Undoubtedly there will be some apprehensive disagreement.

Consider the city councils. They are elected at large even without district requirements. Each councilman perforce has an active interest in the entire city.

AS ONE of the radio commentators says: "Now if you will, consider this." On page 32 of the county budget the first statement is this: "The personnel department of the county administrator's office is a staff unit providing a service to operating departments, the county administrator, the board of supervisors and county employees."

It is well known out at Brasilia that all department letters (and at times other) are censored by the high "command" which makes the letter from personnel to the supervisors, dated June 12, most interesting. The communication's first concern is about pay for the administrator.

In a nutshell it amounts to this: I found after consulting my adding machine that for the fiscal year starting July 1, 1970 and ending June 30, 1971, he will be quite content with the sum of $34,224 as salary and fringe benefits.

In checking back, I found that for salary and benefits he received for the fiscal year 1968-69 totaled $29,849. The happy sum for 1969-70 was $32,210.

Pretty good for the do-it-yourself training he has had no other place but here. His resume certainly doesn't show anything even approaching the background that the position and your tax dollars are entitled to.

IN A SPECIAL I-J report from Sacramento: "Bill to Hike Supervisors' Pay Voted," came the news that was news that Marin supervisors are to receive a boost in salary from $12,000 a year to $14,000.

When I started in 1942 it was $100 a month. Finally when I was retired in 1964 it had reached $500. The next board was scheduled to get $800 and shortly after taking office it was raised to $1,000, or $12,000 a year. And now the glad tidings of $14,000.

If they don't abdicate their responsibilities, they will be worth it. This all ties in with my theory of a good county government.

Sunday will be Billie's birthday — the longest day in the year. . .You who loved her so much, think of her a little on Sunday. I go up each week to the Chapel of Light with fresh flowers and sit near her for a while. How I miss her!

New Sausalito School Board To Air Firing

Sausalito's new district school board will have a chance to vote on rescinding the previous board's firing of Sidney F. Walton Jr., principal of Sausalito's Martin Luther King School, Asst. County Counsel Richard V. Godino informed trustees yesterday.

Godino said Walton has requested a hearing before the board which must be held by June 30. At that time, he said the board can vote to continue with legal action to remove Walton, who was dismissed after his administrative contract was automatically renewed last December or can vote to overturn the May 4 firing.

The board agreed to hold a special meeting to consider the matter at a date still to be decided.

The Sausalito School District Board Also:

SURVEY — Asked acting Supt. Robert E. Spain in conduct a mail survey of district parents to determine if they plan to enroll their children in district schools next year. He was asked to complete the survey forms for presentation at the board's next regular meeting and to contact a professional survey firm to find out costs and procedures for a more complete survey late this summer.

RECALL — Accepted a certificate on canvass of votes from the June 2 recall election.

RESIGNATIONS — Accepted the resignations of Robert E. Lea, principal of Central School and Dorris Grant, kindergarten teacher at Manzanita School. Lea resigned June 4, saying he could not work with newly-elected trustees Delta Christ and Jerry L. Whitcomb.

RETIREMENT — Approved a June 30 retirement date for James Martinoni of the district's custodial staff.

MEETING — Set Monday at 7:30 p.m. as date and time for the board's next regular meeting. Among items to be considered will be a preliminary budget for 1970-71 and the status of 15 classified employees whose jobs were recommended cut in March by former Supt. Phillip W. Schneider. Spain had suggested the meeting be held at 9 a.m. but, after hearing protests from the audience that many persons cannot attend morning meetings, the board agreed to hold the meeting at night.

Mothers Introduce Do-It-Yourself Drama

By PAT BALMES

"Hi Diddle Dee. It's an actor's life for me.
A high silk hat and a silver cane,
A watch of gold with a diamond chain.
Hi Diddle Day. An actor's life is gay.
It's great to be a celebrity.
An actor's life for me!"

Pinochhio's song by Washington and Harline echoes in the hearts of 44 boys and girls who have been given their first taste of theater by four Tiburon mothers with background in summer stock, ballet, little theater, musical comedy and television acting.

"Awareness of Theater" was taught by the volunteer mothers, who conspired to give the children enrichment in the fine arts to replace cultural programs being dropped at Tiburon's Bel Aire School because school bonds failed to pass.

"If the schools can't provide enrichment in the arts, volunteers must!" declares Mrs. M. Arthur Genzler Jr., who has little theater experience from Jamaica, W.I. and New York City. Dru Genzler studied set design and did technical and directing work in the barn of the Art and Garden Center in Ross. The Tiburon housewife has appeared with the Sausalito Little Theatre, the Cove Players and at the Marin Shakespeare Festival.

Each of the four dramatists has her own stage specialty. "None of use could have done it alone," says Mrs. Ramon Truman. "I couldn't have given that lecture on sets and lighting!"

BONITA HAS a bachelor of arts degree in drama from San Jose State College and studied children's theater in her fifth year at San Francisco State College. She toured the U.S. with Children's Theater of the West and toured military bases in the U.S. and the Orient with a variety show. For the past nine years, Bonita has appeared in many little theater productions. She taught children's dramatics in West port, Conn., directed the Rhubarb Review and just closed in "Good Woman of Setzuan" at the Mill Valley Center for Performing Arts.

The only volunteer who has kept active in the theater since her marriage, Bonita says "My husband allows me one summer stock production a year."

The other women appreciate the chance to indulge their love for dramatics "without feeling guilty, because we were working for the children at school."

A professional dancer since the age of 14, Mrs. Wayne Cain taught the children to convey a character's mood by movement and rhythm. Judy Cain danced with the San Francisco Ballet and with visiting troops. While studying at San Francisco State, she gave a concert series with seven other pre-college professionals. While her husband was stationed in Alaska in the Army, Judy danced as guest artist in the local ballet and played the lead in "Damn Yankees."

The Tiburon housewife and mother still studies dancing, recently dancing with Zack Thompson's "Black Light Explosion Company" in San Francisco, which specialized in primitive dance and jazz.

"I was dancing with 16 and 17-year-olds," says the young woman. "I found after the first half hour I could hardly get my breath!"

Judy is determined to recapture her early stamina. Like the other mothers, she appreciated the chance to teach "Awareness of Theatre".

HAWAII-BORN Mrs. Merle Ellis taught darmatics and makeup to the children. Neva Ellis did children's theatre work in Honolulu and appeared in the Honolulu Civic Theatre and light apera. Studying drama and music at the College of the Pacific, she appeared in the college theater. Neva appeared on the network television series "The Line Up" in San Francisco and on local television, performed in variety shows and Carmel summer stock.

"I married and it all ended until this year," says the mother of two children. "When

FORMER PROFESSIONAL dancer Mrs. Wayne Cain, left, leads Bel Aire School children across an imaginary burning desert. With exaggerated body movement in rhythm with appropriate music Judy Cain teaches the youngsters to portray a mood. Mrs. Ramon Truman, another volunteer drama teacher, who is active in summer stock, instructs them, "You are lost in the desert! You are hot! You need water! Listen to the heavy, draggy music!" "WHEN ACTING for a camera, your movement is limited," explains Mrs. Merle Ellis, who appeared on "The Line Up" network television series. "Your face must be used more than as if you were acting for the top row in the balcony." She emphasises voice quality by taking two parts. Wearing bow for mustache and speaking in a heavy voice she growls, "Pay the rent!" Then, with hair bow and girlish voice. she pipes, "I can't pay the rent!"

COSTUMED IN aluminum foil as the hero "Ultra Man" by former drama teacher Bonita Truman is Stephen Bradley. Neva Ellis prompts "Lady Victim," Lynne Boyd. Their improvised skit also starred a "Mad Scientist", "Horrible Helper" and "Dumb Monster." Some Bel Aire School children acted as the set; the door creaked, the curtains waffed, the clock struck, the cat curled and the fire blazed. Backstage sound effects and lighting were gleefully produced by other students of "Awareness of Theatre." The four volunteer teachers with professional stage background emphasized the broad scope of what goes into a theatrical production, not just acting.

Some 350 entrants aged 10 to 18 have been playing in the tournament which winds up today. The players include boys and girls from Hawaii, Venezuela and New York and are housed with Belvedere and Tiburon families.

Co-chairmen for the event this year are Mr. and Mrs. Henry Bolcom and their daughter, Anne, a recent graduate of San Domenico. Mmes. Eugene S. Kilgore Jr. and Bruce Manheim are housing chairmen and have placed 112 out-of-town entrants with local families.

Tuesday night the youngsters gathered at a dance featuring a jazz and blues group led by Chris Braun and a barbecue was given on Wednesday evening. Several families of youngsters are among the competing tennis players.

SEVERAL PARTIES have been given in honor of Jane Ellis of Burlingame who will become the bride of Robert Miller Jr. of San Rafael tomorrow at Millbrae Community Methodist Church. The bridegroom's mother, Mrs. Robert A. Miller of San Rafael gave a luncheon for Jane at the Olympic Club in San Francisco recently for 18 friends of the bride-elect and their mothers. Also attending was Robert's grandmother, Mrs. Fred Westfall of Novato, and his aunt, Mrs. F. James Westfall of San Francisco, and Jane's mother, Mrs. G. Thomas Ellis of Burlingame.

Jane was also honored at a shower at the University of California at Davis by Bonnie Lehman of San Francisco, and at a luncheon given by her university house sisters. The Millers also held a dinner for the engaged couple attended by their young married friends.

HELEN HELP US!

By HELEN BOTTEL

'Knowing The Affair Is Over Should I Tell Her Husband?'

DEAR HELEN:

My husband confessed that he had had an affair with one of our friends. He said it meant nothing and he would not see her again. He says he loves me only and always has, but somehow he took what was available, maybe just to find out how much he loved me. He doesn't know, and we have decided to forget it. I realize I must take the modern attitude that separates sex from love.

Knowing this affair is over, do you think it's my duty to tell this woman's husband about it? — **P.G.**

DEAR P.:

Duty or pleasure? Revenge is sweet but you can keep this woman in line better by not telling her husband. When she knows you might, if she goes after other men in your crowd, she may decide to keep the home fires burning, exclusively. — **H.**

DEAR HELEN:

I am a man in my early 20s, have a good job, with a fine future, and am engaged to be married. Please believe I am normal. I love this girl very much.

But I have one big secret. At times I put on women's clothes and sit around my apartment. I have been dressing like a girl for as long as I can remember, but only my immediate family knows. It's something I can't seem to change.

I grew up in a house with four females. I guess this all started when we wore each others clothes as children. Women's things seem more comfortable to me, and I think I can dress in them occasionally and still be all man.

I am afraid to tell my fiancee. I'm also afraid that she will find out for I can't change the habits of a lifetime.

Please believe this is not a crank letter. I'm desperately in need of advice for I can't talk to any one. I have absolutely no homosexual tendencies, but I suppose you would call this a fetish. — **SCARED TO DEATH**

DEAR SCARED:

Behavioral psychology has done wonders in cases like yours. This means reconditioning an individual to dislike that which he now craves. Call your local Mental Health Association and ask for a referral. You need not give your name until you find the doctor who can help you. — **H.**

DEAR HELEN:

I have (had) a friend whom I've known for years. Two months ago she wanted to borrow a large amount of money from me, saying she would pay it back in two weeks. I had saved this money to buy furniture, but thought I could spare it temporarily.

Time went by and she still owed me. Finally I called and asked for repayment, as I needed my money. She came over next day, with a check, but I now have one less friend. She was very, very hurt that I asked. And I asked very tactfully, mentioning a furniture sale on now.

Should I apologize or consider myself lucky to find out what kind of friend she really is? — **C.C.**

DEAR C.:

Wait for HER apology. If it isn't forthcoming — well, then you'll know. — **H.**

VOLUNTEER INSTRUCTOR Mrs. M. Arthur Genzler instructs two sets of Bel Aire School twins in the art of make-up. On her right are Curtis McEntire and Naomi Seligo; Astrid Seligo and Michael McEntire are on her left. Acting, movement and rhythm, make-up, costume, lighting and sets were studied and a visit to a live American Conservatory Theatre production were offered by four talented Tiburon mothers to enrich the children's appreciation of fine arts.

Taste Of Theater Is Presented By Mothers

you realize a lot of my life was spent training for theater, you can see how much I enjoy working with the children at Bel Aire."

All the mothers were amazed at the response to their flyer offering a theater appreciation course. Forty-four applied and half were boys. They split the course into two sessions according to age.

Six Monday afternoons included acting, movement and rhythm, make-up costume, lighting and sets. Each series ended with a live theater experience. The fourth through sixth graders attended the American Conservatory Theatre production of "The Importance of Being Ernest" in San Francisco and toured backstage. The first through third graders were entertained at Bel Aire School by the pantomime players of the ACT.

"Each Monday we darkened the multi-purpose room and gave the children, just arriving from school, snacks to calm them down. Then there were questions and answers about the day's subject. They complained that the actor with his back to the audience couldn't be heard. They found it out themselves! That is better than the teacher saying 'face the audience'," says Bonita Truman. She quotes the Summerhill theory, "A child forgets what he hears, remembers what he sees, but understands what he does."

THE YOUNG actors were shown costumes on hangers and slides of the history of the theater. They sat around Neva on the stage and played voice games. They were taught to become characters to music, learning rhythm and exercises from dancer Judy. The final part of each lesson gave the young performers their chance to improvise. Some portrayed the set; the curtain wafted, the clock struck, the door creaked, the fire blazed. Others handled lighting and made sound effects. Some were the critical audience. A few were actors: Mad Scientist, Horrible Helper, Dumb Monster, Lady Victim and Ultra Man.

"I'll bet there will be women who read this story who'll say 'I could have taught them, too'," says Drue Genzler, next year's supplementary education chairman for the Reed School District Parent-Teacher Club. "They should volunteer to share whatever talent they have, in any aspect of art, with the children. We want to supplement what is seeping out of one of the best school systems in the area, cultural enrichment programs."

Flat-Nothing Benny Blitz Is A Teacher's Problem

By SANDRA HAGGERTY

"June, at last," sighs one of the teachers in the lounge. "Just two more weeks."

"Consequently," agrees another teacher heading for her classroom, "I go now to face Benny Blitz!"

The other teachers laugh, knowing that they, too, very likely will be confronted with one or more of the year-end Blitz family.

BENNY BLITZ is a student who has done a flat nothing during the entire school year. He has been chronically absent, and when he did attend class he was tardy. He either disrupted classroom procedures or refused to participate at all.

His behavior had caused him to be "ultra-tested" for possible psychological and neurological problems. The teachers, seemingly, had exhausted all ways and means of reaching him.

But as is characteristic of student blitzers, for the last two weeks of school Benny suddenly comes alive. He has a heart-to-heart discussion with his teacher, calling her politely by name. A revelation in itself! He knows, he says, that he hasn't really given this "head-factory" his complete attention.

"That's right," agrees the teacher. "And," she adds, "it should come as no surprise to you that you're failing."

"Yes, I know I haven't done well so far," continues Benny, with a look of seriousness that has eluded the teacher for an entire year, "but surely it's not too late."

WELL, SAYS the teacher's guarded but softened expression.

'Nough said. The blitz is on! Benny shows up for class early every day. He is animated and eager to participate. He comes armed with make-up assignments, which he actually did himself. His classmates stare at him in wide-eyed wonder.

He approaches the teacher after school with one of the books on the reading list. His face mirrors an honest attitude of disbelief. "This is really 'deep stuff'," he says, patting the book. "If I'd known it was like this, I would have read it a long time ago."

The teacher, though exasperated, is pleased and even impressed with Benny's grasp of the material.

WOW, SHE thinks, what have I been doing wrong all year?

There are undoubtedly a score of explanations for the performance of the blitzer. One may be attention span — the blitzer is unable to see the results of the cumulation of a year's work, but can see the gains of a short, concentrated period.

Some blitzers could, very justly, be called junior con-men. Others, perhaps, have simply been involved with other lifeline activities, the least of which was school participation.

Whoever and whatever the blitzer is, he ain't dumb. Obviously, failure, even by the yardstick of the "establishment" — the teacher, does not appeal to him. So, for whatever it is worth, he decides to give this academic business a few minutes of his time, accidently discovering that there are indeed some things he doesn't know worth learning.

OF COURSE, Benny poses somewhat of a dilemma for the teacher. How should she evaluate him — on the basis of his previous nonperformance or his present blitz performance?

On the last day of school, Benny approaches her again and says matter-of-factly, "If I had known. . ."

Coming this Saturday in Marin Magazine

Special features you'll enjoy:

The Fourth Agricultural District's 1970 Sonoma-Marin Fair gets under way next Thursday at the Petaluma Fairgrounds. It is a colorful, two-county event, harkening back to the days of the country fair. The man in charge is Art Canavan, fair manager. And in tomorrow's Marin Magazine, a special salute to the fair, I-J reporter Bonnie Bard writes about Canavan, and how he goes about his duties.

The story of California's 49er gold prospectors has been told many times. Almost entirely overlooked, however, has been the gold mining that came after the nuggets were gone. A Marin man, Jack R. Wagner, has written a book to fill that void. And Marin Magazine editor Don Keown tells you tomorrow about Wagner's love affair with California history, and how he came to write "Gold Mines of California."

MOTION PICTURE GUIDE

The Marin Motion Picture and Television Council provides these ratings of movies now being shown in Marin County. The council's findings are from the California and National Parent-Teacher Association magazines and from Parents' Magazine, unless otherwise noted. More complete reviews may be obtained by calling the San Rafael Library.

FAMILY:

"Let It Be" — The Beatles open the doors to one of their rehearsals; this is a documentary film record of the event. It will appeal to Beatle fans.

"Sleeping Beauty" — A reissue of Disney's spectacular animation of classic fairy tale with Tchaikowsky background music remains enchanting for whole family.

"Viva Max" — A bumbling Mexican general in a desperate attempt to impress a beautiful senorita tries to retake the Alamo with unexpected results. A gem of impudent but gentle humor.

ADULTS AND TEENS:

"Anne of the 1000 Days" — Magnificently staged and cast, this historical drama of lust and political intrigue encompasses the courtship, marriage, trial and beheading of Anne Boleyn.

"Battle of Britain" — An exceptional and absorbing account of four terrible but triumphant months in England's history in the summer of 1940. Semi-documentary, superior direction, acting and photography.

"Butch Cassidy and the Sundance Kid" — Deft comedy about two charming outlaws that outlive their time. Sparkling western with delightful scenery, witty script and memorable performances.

"Crimson Cult" — Boris Karloff's last film. A haunting by ghosts, witchburning ceremony, mysterious nightmares and one sex scene are the sum total of this fair offering.

"Horror House" — A party in an abandoned house turns into a terrifying nightmare when a murder is discovered. Deaths are gory, a thoroughly frightening film.

"One More Time" — A sequel to Salt and Pepper. An identity change, with Chris Pepper assuming his dead brothers' life and Interpol trying to break up a diamond smuggling racket are basic plot to the sometime comedy-murder mystery. (Motion Picture Daily)

"Paint Your Wagon" — A lusty, irreverent script is framework for musical set in a mining camp during Gold Rush days. Elaborately mounted broad comedy, raucous and at times tasteless, therefore not suitable for young children.

"Z" — Brilliant, electrifying thriller providing powerful insights into today's troubled politics. Based on true incident that occurred in Greece in 1963 before military takeover. Tense drama.

BORDERLINE:
(Most sources say Adults Only)

"Alice's Restaurant" — Throught provoking, true story about a commune of hippies in an uncommitted life that is both sad and funny. Some of the language and actions are in very poor taste.

"Gaily, Gaily" — Broad, entertaining comedy account of a young man's loss of innocence based on Ben Hecht's autobiography. Many scenes quite risque with nudity and explicit sex.

"Hang 'Em High" — Western story of vengence with sadism and violence shown in morbid detail.

"Woodstock Festival" — Interesting documentary of last summer's famous rock festival Nudity, obscene language, use of drugs and lovemaking may keep from the audience those most interested in seeing it. Parental guidence advised.

ADULTS ONLY:

"All the Loving Couples" — Four married couples gather on a regular basis for wife swapping parties. Crude tasteless film makes point that the game of infidelity is not very happy.

"MASH" — Title stands for Mobile Army Surgical Hospital. Anti-war film deals with three surgeons. Scenes are gruesome as they are funny. Bittersweet element of truth in action and dialogue.

"What Do You Say to a Naked Lady" — Allen Funt of Candid Camera extends his debasing Peeping Tom technique to feature length with sex and nudity as the trashy gimmick.

"Women in Love" — Film abounds in art, visual effects and style. D. H. Lawrence's novel written 50 years ago is strongly put forth with very explicit, sensual eroticism and much nudity, both male and female.

Heroin Charge Added To Case

Jeffrey D. Peters, 19, of San Rafael, was arraigned yesterday in Marin Municipal Court on a new charge of possessing heroin when arrested May 30. He had already been charged with being under the influence of drugs and having alcohol as a minor.

A preliminary hearing was set for next Thursday.

Peters was arrested when San Rafael police noticed he was walking unsteadily on Fourth Street. While being questioned by an officer, the youth reportedly pulled a balloon which appeared to be filled with heroin, from his coat pocket and tried unsuccessfully to swallow it.

Burglars Take $10

The Creamery Corner at 1401 Grant Avenue, Novato, was entered between 8 and 9 p.m. Tuesday and 8 a.m. Wednesday and $10 in cash taken, Novato police reported yesterday.

At 16, Her World Is A Place For Dancing

Sixteen-year-old Sheri Gaia says that she has been "into" dancing since she was 10. To those over 30, this means that she is now totally dedicated.

And in six scant years this dedication has resulted in her emergence as a teacher and leader of her own group, which is performing its ballet and modern interpretation of the "Scarlet Letter" at Tamalpais High School at 8 p.m. tomorrow and Saturday.

The San Rafael High School senior, daughter of Othello and Elsa Gaia confesses that she actually began taking dancing lessons when 4 at the Belrose Studios in San Rafael.

SHERI GAIA
Dance troupe leader

"But, after I got older and started taking them more seriously, Mrs. (Margie) Belrose asked me to become a teacher. In fact, she is the sponsor of the group."

Not just any aspiring toe-tapper may become a Gaia Dancer. Intense interviews are given by Sheri in which she finds out where an applicant's "head is at." And if it is not filled with devotion to the rigors of dancing and performing in the Gaia style, which means plenty of hard work to hone polished techniques, its owner is turned down. She is continually seeking members, especially boys, who, she says, are hard to recruit as dancers.

"There are now 11 people in the troupe. Their ages range from 14 to 20." Some attend "my high school and the other five go to Tamalpais High School," said Sheri.

Group members Candy Nudelman and Priscilla Ford, classmates of Sheri, handle the financial and publicity chores.

Maureen Sheean, also of San Rafael High School, from whose English class assignment the "Scarlet Letter" presentation during is another integral member of the group.

Sheri's plans for the future involve an even deeper concentration in her art for as long as possible, she said. Schedule: continuing as leader of the Gaia Dancers, teaching at the Terra Linda Recreation Center and some lesson taking of her own in San Francisco.

Steve Burg, son of Capt. Heinz Burg, who is stationed at Fort Baker, had been playing with two other boys, and all had climbed down the cliff. When they were approximately 40 feet from bottom, they became frightened. The other two climbed back to the top, but Steve was stranded.

Pfc. Tom Krisha of Fort Baker saw the boy in trouble and climbed down to comfort him until help could arrive.

Firemen Al Koon of Woodacre and William Williams of San Anselmo, soon arrived and lowered a rope to complete the rescue.

Marines Ready Haircut Appeal

SAN DIEGO, Calif. (UPI)—The so-called "San Diego 15," a group of Marine Corps reservists facing courts-martial because they refused to cut their hair, plan to ask the U.S. attorney here for an investigation Monday.

A spokesman for the Marines said Thursday that they will seek an investigation into alleged discrimination by their superiors in the 4th tank battalion, The men claim they have received unfair treatment since their cases began moving through the court-martial process.

Italian style, French soul, International muscle.

The New Peugeot 504.
We've got the new car that's really new. The body's been designed by Pininfarina. With that same Italian flair, the same sleek treatment of contours that mark the Ferrari and Lancia.
The interior, the "soul" of the car is new, too. And most elegantly French. Sliding sunroof, fully reclining bucket seats, wall-to-wall carpeting—plus many other features—all standard, all components you'd expect to pay extra for.
Beneath all the beauty, "international muscle" to take any road anywhere in the world. Some examples: new engine to let you cruise at 90 mph; get 25 mpg; four wheel power disc brakes and independent suspension. And there's much, much more.
The Peugeot 504. Available with fully automatic transmission. Come see everything about it that's new. See why international auto writers voted it "Car of the Year."

BAND PLAYS ON AT TOMALES COMMENCEMENT

Gwendolyn Gibson, head of the music department at Tomales High School, leads the school band during commencement exercises at the school. The ceremonies in the school gym last night for 55 graduating seniors were the first to be held at the new school which opened last September. Graduates Madelyn Angress and Brian Sanford were co-valedictorians, and the diplomas were presented by Roy Parks of the Shoreline Unified School District board.

ABAG DUCKS

Transit Priority Listing Shunned

By PAUL E. PETERZELL

BERKELEY — Association of Bay Area Government officials last night ducked a political fight over federal transportation grants by refusing a Washington request that they decide how the limited funds should be spent. (See other ABAC stories, page 6.)

Before ABAG's executive committee were eight applications for grants totaling more than $138 million — far more than the $20 to $25 million available this fiscal year.

The potentially explosive listing of the eight, in order of priority as seen by ABAG's staff, put a $5.1 million application by the Golden Gate Bridge District in second place. The money would help purchase 132 new commuter buses.

Listed first was an application by the Bay Area Rapid Transit District for $40 million to help buy 240 trains.

Generating the political heat were officials who found their applications listed further down on the list — including San Francisco's bids for almost $90 million in grants for buses, improvements to the cable car system and construction of the Embarcadero station on the Market Street subway line.

Moving quickly to defuse the issue, San Francisco representatives proposed that the entire shopping list be approved "without any comment at this time on priorities."

San Francisco's chief administrative officer, Thomas J. Mellon, said "all the projects are interwoven." The staff's recommendations "were arrived at very rapidly," he said.

(J. Fred Silva, head of ABAG's grant review program, told the Independent-Journal that the staff worked on its recommendations for five months.)

Mellon suggested that perhaps every project might get part of its request.

The motion to approve the entire list without indicating priorities was seconded by Marin Supervisor John F. McInnis. The priorities were a policy fatter, thus not for the staff to decide, he said.

Sonoma County Supervisor Ignazio A. Vella, president of ABAG, said the priorities would be reviewed at some future date by the association's regional transportation planning committee.

Marin Supervisor Michael Wornum, representing the Golden Gate Bridge District, reluctantly supported the motion, noting that half of the bridge district's directors were from San Francisco.

"But if this organization doesn't set priorities," Wornum declared, "then it's just a debating society."

Also critical of the motion was Antioch mayor Louise P. Giersch. "In other words, we're sending them (Washington) a grab bag and telling them we can't decide at the regional level, so they should pull one out of a grab bag."

The motion won, 20-1, with Palo Alto Vice Mayor Frances K. Dias Voting "no".

Despite the vote, however, the staff's recommendations on priorities "somehow will find its way to Washington," a committee member told the Independent-Journal after the meeting.

Marinite Seeks To Assist Peruvian Relief Efforts

Letters being sent this weekend by a Peruvian-born Corte Madera woman will try to coordinate several Marin relief drives for victims of the massive earthquakes in Peru last month.

Nancy Riley, vice president of the Marin Estates Homeowners Association, said instructors at College of Marin have agreed to distribute the letters at opening of summer school classes Monday, and the letters will be sent to all residents of Corte Madera and to Catholic Social Services for wider distribution.

Her letter reiterates pleas for help to the stricken country, where winter is now beginning, and lists collection points for donations of clothing, canned food or other gifts.

Collection points include the main Kentfield fire station from 9 a.m. to 9 p.m. daily; Catholic Social Services at 179 Los Ranchitos Road, San Rafael; the American Red Cross, 712 Fifth Avenue, San Rafael; Our Lady of Mount Carmel church, 17 Buena Vista Avenue, Mill Valley, and the Victoria G. Clark residence, 37 El Camino Drive, Corte Madera.

The main needs are for warm clothing, blankets, sleeping bags, camping equipment and the like.

Mrs. Riley said checks may be made out to "Friends of Peru," and sent to Friends of Peru in care of the San Francisco Chamber of Commerce, 420 Montgomery Street, San Francisco.

8 Pct. School Raises Voted In Twin Cities

A tentative 1970-71 budget of $1,756,716 including an 8 percent pay raise for all employees, was approved last night by the Larkspur School District board.

Classified employees have agreed to the 8 per cent pay raise, but negotiations are still continuing with teachers, reported Supt. Milton S. Cohen. Cost of the 8 per cent package is an estimated $78,000.

The tentative budget is up $95,530 from the 1969-70 budget of $1,661,186, but Cohen had no estimate of next year's tax rate. The current tax rate for the district is $3.45 per $100 assessed valuation.

Cohen said the state tax overhaul bill may drastically alter the district financing and tax rate.

Byron Mauzy, business manager for the Marin County schools office, told the board last night that as now proposed, the tax overhaul bill (Assembly Bill 1000) would cost the district $47,000 in income next year.

The Larkspur School District board also:

SUBSTITUTES — Raised pay for substitute teachers from $25 to $26.50 a day.

HIRING — Hired William Bindrim as a custodian at Larkspur-Corte Madera School at a salary of $485 a month.

RECREATION — Authorized an agreement with the Town of Corte Madera to use schoolgrounds for summer recreation programs, with the town providing insurance and clearing programs with the school principals.

TRAINING — Set a pre-school in-service training program for teachers for Sept. 2-4 to prepare them for the fall semester.

Tiffany Park's Plans Approved

The Sausalito Recreation Commission last night approved plans for the development of Tiffany Park at the end of North Street, according to Public Works Director Norman Wohlschlaeger.

The architect's drawings, which now must be approved by the city council, call for benches, trees, grass and shrubbery at the quarter-acre park.

The park, which was created by the widening of Bridgeway, is intended mainly for passive use. It overlooks San Francisco and the Bay, Wohlschlaeger said.

Supervisors To Weigh Bosses' Salary Boosts

The Marin County Board of Supervisors is scheduled Thursday to consider pay raises of up to 10 per cent recommended for county management personnel for 1970-71.

The hearing, part of board deliberations on the county's new budget, will be held at 9 a.m.

The bulk of the county's 1,200 employees have received a 5 per cent pay boost. The Independent-Journal erred Wednesday in reporting contract negotiations were still under way.

Residents Elect In Rohnert Park

The Rohnert Park Homeowners Association last night elected Norval Latrielle, a three-year member, as its president.

Latrielle is a supervisor for the Retail Credit Co., Santa Rosa.

Other officers elected were Henry Thomas, vice president; Dale Hummel, treasurer, and Betty Williams, secretary.

Elected to the board of directors were Skyral Sweeney, Harold Heth, James Cronin, Roger Kreischer, Dennis Oman, Robert Barnes and James Steinberg.

Owners In Sleepy Hollow Reject Private Club, Ask Services Area

An orderly, but vocal crowd of about 300 persons attended a meeting of the Sleepy Hollow Homes Association last night and voted to reject a proposed private swimming and tennis club on the Sleepy Hollow Stables property.

The members voted instead in favor of forming a services district to buy the 15.5-acre property and develop it for community use, according to President Merritt A. Robinson.

He said the vote, in which about two thirds of the audience participated, was: 118 for the services district, 45 for the private club, and 29 for residential development of the property.

Two resolutions were then passed by the membership. The first requests the Marin County Board of Supervisors to deny an application for a use permit for the private club proposal, and the second directs the association's board to prepare a plan for formation of the services district and submit it to the membership for approval.

Purchase price of the property is estimated at $125,000, Robinson said, and he estimated $80,000 in improvements would be needed for development of the property.

Robinson said that the group behind the private club has not yet filed an application for a use permit, but that one of the individuals involved has said they will apply regardless of the home association's action.

Two hours of discussion focused on the questions of raising money to purchase the stable property and getting permission from the county local agency formation commission to form the district, Robinson said.

The meeting last night also voted "overwhelmingly," according to Robinson, against reconsidering its previous vote rejecting a proposal for the creation of Flood Control Subzone 9-A in the unincorporated areas of Ross Valley.

'How To Study In College' Set

A one-week course on "How to Study in College" will be given this year despite low enrollment, the Marin County Young Men's Christian Association said today.

The course for high school graduates will start at 7 p.m. Monday in Room 112 of the College of Marin fine arts building. Students may enroll at the first class.

The course, which has been offered annually for the last five years, will be taught by Robert Schwarz of Purdue University. Its aim is to help high school graduates make the change to college work. Classes will be from 7 to 9 p.m. Monday through Friday.

Family Agency Opposes War

Family Service Agency of Marin has urged a quick end to the Indochina war by adopting a resolution passed previously by the national board of the Family Service Association of America.

The resolution, adopted Tuesday, said the war has prevented development of adequate health, welfare, employment, education and housing programs and that American entry into Cambodia aggravated the strains in American life and increased polarization on national issues.

Mention was also made of "the rhetoric of some who have undermined the right of free speech by questioning the motives of those who disagree with their government's policies."

Church Youths 'Slave' To Help Charity Drive

"Slave day," a traditional form of fund-raising for high school festivities, will be turned to a new purpose tomorrow.

Some 20 young people from the First Baptist Church of San Anselmo will roll up sleeves and work all day in homes throughout Marin for charity.

Instead, the money they earn will be paid to the church's youth organization in a fund to send needy young people to summer camp.

The group has spent several weeks telephoning prospective employers to line up jobs for the one-day project tomorrow, said Mrs. Marie Stickle of San Rafael, who has hired a boy and girl to work at her home.

Parking Tickets Pile Up: $450

A 31-year-old San Rafael woman received her 31st invitation yesterday to attend an unwelcome event.

Barbara J. Thomas, 30 Novato Street, Apt. 310, was asked yesterday by police to appear in court to answer 30 traffic warrants for violations in May, June and July 1969. Bail totalled $450.

Mrs. Thomas told police she didn't remember getting that many citations.

San Rafael Woman Injured In Accident

Maureen Booth, 23, of 230 Marin Street, San Rafael, was reported in satisfactory condition today at Marin General Hospital with a fractured left shoulder and possible concussion suffered in an accident in San Francisco yesterday.

San Francisco police were unable to furnish details of the accident.

In 1934 Congress created the Federal Communication Commission to regulate interstate communications, Commission to regulate interstate communications, including radio and television.

A thought for the day: American author Elbert Hubbard said, "If you work for a man, in heaven's name work for him."

Tobacco Chewers Linked To Cancer

NEW DELHI (AP) — The Mainpuri district of northern Uttar Pradesh state, where large numbers of people chew tobacco, has the highest rate of mouth cancer in the world, according to a recent study. Figures showed that some 21.4 out of 100,000 persons suffered from the disease, a figure seven to 10 times higher than any other part of the world. Many chewers in Mainpuri go to sleep with the plugs in their mouths, according to the study financed by the World Health Organization.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Instead Of Just Complaining, Just Play The Cards Properly

"You'll never win any world championships bidding like that," South complained after the play of today's hand. "You need a decent suit for an overall, not that moth-eaten diamond holding you put down. I'd have made the game and rubber if your diamonds had been headed by the king-jack instead of the king-eight."

LOW DIAMOND

South won the first trick with the king of clubs and led a low diamond to dummy's king. Then he returned a diamond, using the queen to drive out the ace.

West continued clubs, forcing out dummy's ace. Declarer led another diamond, and East won with the jack. East then led a heart, and West took two hearts and the rest of the clubs. Down three.

Nobody would send South to the world championships, now being held in Stockholm. Instead of complaining about his partner's bidding he should have made his contract, scoring the game and rubber.

ACE WAS LOCATED

When dummy's king of diamonds won the second trick, the ace of diamonds was located just as surely as though West had taken it out of his hand and waved it in the air. There could be no advantage in playing the queen of diamonds to drive out the ace. That would surely set up the jack of diamonds for the defenders as well as the ace of diamonds.

ONLY CHANCE

Declarer's only chance was to play the remaining low diamond from his hand. If West had started with only two diamonds, as was the case, he would have to play the ace of diamonds even though South had played low.

South would be able to win the club return and capture the jack of diamonds with the queen. The rest of dummy's diamonds would be good, and declarer would take three spades, four diamonds and two clubs, for a total of nine tricks.

You have 13 points in high cards, enough for an optional opening bid, but you should not exercise your option on an aceless hand with no particularly strong suit.

Big New Eye Due On Coastal Peak

SANTA CRUZ, Calif. (UPI)— The University of California and the University of Wisconsin are seeking $5.1 million for a new observatory near Big Sur on the central California coast.

The joint venture would involve a 99-inch telescope on an 80-acre summit, Junipero Serra Peak in Monterey County. Dr. Robert P. Kraft, acting director of UC's Lick Observatory on Mount Hamilton near San Jose, said the new observatory would provide a clearer view of the sky.

AFFIDAVIT OF INTENT TO SELL REAL PROPERTY TO THE STATE

STANLEY J. FONTEZ, Tax Collector of the County of Marin, State of California, being first duly sworn upon oath, deposes and says:

That notice is hereby given that unless the total amount due for taxes, assessments and other charges levied in the year 1969 for the fiscal year 1969-70 on any property as shown on the secured roll in my custody, is paid before 5:00 o'clock P.M. June 30, 1970, the real property on which such amounts are a lien (except real property previously sold to the state and not redeemed) will, by operation of law, be sold to the State of California at such time in the Office of the Tax Collector at the Civic Center, City of San Rafael, County of Marin.

Real property sold to the State may be redeemed by payment of all unpaid taxes and assessments together with such additional penalties and fees as prescribed by law, or may be redeemed under an installment plan of redemption.

A parcel number as for example '3-36-9' would mean Book 3 of the Assessor's Maps, Map Page 36, and Parcel 9 on that map. A parcel number as for example, '3-363-5' would mean Book 3 of the Assessor's Maps, Block 363 (Map 36, Block 3) and Parcel 5 within that block. The maps referred to are available for inspection in the office of the assessor.

Burns Denies Any Deal With Reagan

SACRAMENTO (UPI)—Democratic Sen. Hugh M. Burns of Fresno today denied a charge that he endorsed Gov. Ronald Reagan for re-election in exchange for a political appointment.

"There has been no deal made," Burns said through a spokesman in replying to remarks made by Sen. Alfred E. Alquist of San Jose.

Alquist, the Democratic candidate for lieutenant governor, said Thursday the endorsement had the "earmarks of a political deal" and challenged Reagan "to make public any job promise he has made to Burns in return for his support."

"My guess is it's an appointment to the public utilities commission or savings and loan commission," Alquist said in a statement.

But Burns' spokesman, his administrative assistant Jud Baker, said Alquist is only speculating because "obviously Alquist was not present at Burns' discussions with the governor."

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Rheumatic Fever Battle Being Won Through Medication, Care

WE ARE winning the battle against rheumatic fever (RF). The number of cases is dwindling, and the prophylactic use of a sulfa or an antibiotic has helped considerably in preventing recurrences.

Prior to 1950, a youngster who had RF was almost certain to develop another attack after every strep infection. And with each recurrence there was always a danger of additional damage to the heart.

RHEUMATIC FEVER is frequently called a complication of strep infection of the upper respiratory tract (throat, tonsils, and nose). This is understandable because the acute attack and recurrences are triggered by streptococci.

Furthermore, symptoms develop from one to two weeks after the sore throat or tonsilitis subsides.

The term rheumatic was coined at a time when joint involvement was the principal manisfestation. Actually, the disease attacks many organs including the skin, tendons, brain, and connective tissue.

HEART DAMAGE is the most serious side effect. There is a 50-50 chance that the organ will escape damage.

The joints usually recover completely. A knee, for example, becomes red, swollen, hot, and tender to the touch, but these manifestations subside within a few days. Meanwhile, a wrist, ankle, or elbow follows suit. Involvement of other organs may occur simultaneously.

Pinkish lesions surrounded by scalloped edges appear on the skin; shotlike, hard nodules may develop under the skin in the vicinity of a joint.

THE MANIFESTATIONS OF RF vary considerably. Joint involvement may be minimal, and the disease is suspected because the child has no appetite or perhaps has developed a heart murmur. Blood tests and the electrocardiogram are used to verify the diagnosis.

Rest, aspirin, and the adrenal steriods are the standard remedies. The majority of sufferers improve dramatically within a week or two, but the disease may smolder for months.

(Questions on medical topics will be answered by mail if stamped, self-addressed envelope accompanies request to the I-J.)

EXERCISE AFTER HYSTERECTOMY

A reader writes I had a hysterectomy 10 years ago. I would like to exercise, but whenever I do, pain starts in my flank. Should I exercise or just forget it?

REPLY

I doubt if there is any relationship between the removal of the uterus and pain in the flank. Why not institute a gradual increase in your exercise program? If this is not successful, forget it.

SCHEDULE VARIES

Mrs. R. C. writes: My baby does not have a bowel movement every day and I wondered if a mild laxative might get him on a schedule? He seems perfectly healthy and is a happy child. Isn't a daily movement a must?

REPLY

No, it is not. As a matter of act, even when the process occurs every second or third day, it is considered normal. Your son does not need a laxative. Increase his intake of fluid and fruit juices.

CITRIC GOOSE BUMPS

F. G. writes: Drinking orange, lemon, or grapefruit juice gives me goose pimples. Is this an allergy or an idiosyncrasy?

REPLY

It is more likely to be an idiosyncrasy, as goose flesh is not a typical allergic manifestation.

Today's Health Hint — The child's wading pool should be emptied, scrubbed, refilled and disinfected regularly.

Film Firms Strike Asked

HOLLYWOOD (AP) — Television and motion picture writers have given their union's governing council the authority to call a strike against major Hollywood producers.

The governing council of the union, the Writers Guild of America-West — continued negotiations today with the Association of Motion Picture and Television Producers.

About 850 screenwriters Thursday night unanimously voted authorization for either a "selective strike" against Universal City and 20th Century Fox studios or a general strike against the entire Hollywood film-making industry.

However, the producers' association has declared that "a strike against one will be considered a strike against all."

Duke Wales, representing management, declined to use the word "lockout" but said no union writers would be allowed to work even if a limited strike is called.

TELEVISION IN REVIEW

Networks Aroused By 'Sesame Street'

By RICK DU BROW

HOLLYWOOD (UPI) — The success of National Educational Television's children's series, "Sesame Street," has diverted attention from another daily program for youngsters, CBS-TV's "Capt. Kangaroo."

It's not necessary to go into the comparative merits of these shows because television can use all the good children's series it can get, of whatever kind, and with whatever emphasis.

The point, though, is that for the first time in a long time the networks act as if there may really be some major adjustments in children's programming — beefing up that category of shows. And the chief reason is "Sesame Street," which has earned so much acclaim that any network is bound to be envious.

In addition, of course, there has been, in the last few years, great public outspokenness against the Saturday morning cartoon schedule which for so long was filled with idiotic and violent animation — so much that parents finally got outraged.

Furthermore, as another impetus to betterment of children's programming there is the new chairman of the Federal Communications Commission, Dean Bunch, who has told the broadcasters that they leave something to be desired in this area.

At the same time, he praised the networks for their welcome move to naming, recently, top executives with the specific duties of guiding and developing children's shows of some quality.

When the FCC chairman — any FCC chairman — speaks, the networks may not always agree, but they listen carefully. And Burch has given strong indications in his conservative way, he may be the most forceful FCC chairman — in terms of results — in memory.

He doesn't have the flamboyant approach of ex-FCC chairman Newton Minow, who became famous by branding television a "vast wasteland." Yet it is interesting to note that both put pressure on the networks regarding children's programming. And there seems little doubt that such pressure is sometimes needed to get results.

How many viewers remember, for instance, that Minow's tough talk about such programming brought about a series now all but forgotten in its first form: ABC-TV's "Discovery," now a weekly half-hour on Sundays, but originally a daily, late afternoon show for youngsters. It didn't last long in that form because it hurt the network's ratings at that time of day — and because the pressure was relaxed.

CBS-TV also started, about that time, a weekly half-hour series for children which, as I recall, emphasized books and reading. That disappeared after a while too. And Al Hibbs, the lively professor from the California Institute of Technology, had a fine youngsters' series weekly on NBC-TV, really progressive — ahead of its time, explaining concepts in more sophisticated ways, and for a wider audience, than "Sesame Street." Gone now too. Long gone.

You had to hand it to Minow. Because he didn't just talk about any old children's programming. What he had in mind were daily series for youngsters at hours when they really had access to them — like late afternoon or early evening. And when you think about it, that's where it's really at.

Two Tire Makers May Face U.S. Suits

WASHINGTON (UPI) — The National Highway Safety Bureau has announced the government is considering filing a suit against the Goodrich and Goodyear companies for producing tires that allegedly fail to meet bureau safety standards.

Bureau Director Douglas Toms said Thursday the government may seek "civil penalties against Goodyear and Goodrich for violations of the Vehicle Safety Act." The dispute centers on 89,117 tires, some of which failed to pass tests by independent laboratories. The companies agreed to recall the tires but said their tests showed the tires met bureau standards.

Regents Toiling Over Davis, ROTC Issues

LOS ANGELES (UPI)—The case of communist professor Angela Davis—whether she will be fired or retained—was to be decided today by the University of California Board of Regents.

The regents were to conclude a two-day meeting following a session Thursday in which chancellors from the nine campuses defended their handling of recent antiwar protests.

The full board, including Gov. Ronald Reagan, met in executive session today to determine the fate of Miss Davis whose rehiring has been recommended by the UCLA Philosophy Department, faculty groups, and UCLA chancellor Charles E. Young.

Such decisions in the past have been left up to the individual campus heads, but in a board meeting in San Francisco two weeks ago, regents voted to make the decision themselves.

Indications were that regents voted not to rehire the black professor on grounds there was a lack of university funds for her reappointment and because of her fiery public speeches.

In Thursday's session, UC president Charles J. Hitch said the university's ROTC programs, prime object of protests by student dissidents, will continue on essentially the same basis during the 1970-71 calendar.

"We have commitments with the Air Force, the Army and the Navy, and these will, of course, be honored," Hitch told the Education Policy Committee.

The debate on whether to cut off funds for campus newspapers was also to be decided today. Hitch said he did not favor immediate curtailment of student fees now allocated to the operation of campus publications. He pointed out, however, that there were experimental programs on some campuses to make student papers independent operations.

The controversy was fueled last week with the arrest of two editors of the UCLA Daily Bruin. They were charged with the publication of an allegedly obscene photograph depicting a couple making love in a cemetery.

Thief Removes Church Poor Box

Thieves between 9 a.m. and 3 p.m. Wednesday stole a $100 cast iron poor box containing about $2 from St. Raphael's church, 1104 Fifth Avenue, San Rafael police reported today.

The 20-year-old box was three feet high and gold colored. It had a black plate at the top, locked doors at the base of its pedestal and a front legend reading "Offerings for the poor."

The pedestal was wrenched from bolts in the floor near the entrance of the main chapel, police reported.

Felons Win Court's Aid On Reading

SAN FRANCISCO (UPI)—Convicts in California prisons should have greater freedom in what they read, the state's Supreme Court declares.

Justices ruled Thursday that the law gives prisoners the right to read any material which is not obscene or does not pose a threat to prison discipline.

That ruling came after a San Quentin convict, Howard N. Graham Jr., complained he was refused copies of "The Realist" and "Avant Garde" magazines and articles on drugs.

"It may well be that even persons who have committed anti-social acts warranting their imprisonment may derive greater rehabilitation benefits from a relatively free access to the thoughts of all mankind as reflected in the published word than they would derive from a strictly controlled intellectual diet," the court ruled.

Justice also held that a rule forbidding inmates from having legal papers of other convicts was an unreasonable restriction on their basic rights to access to the courts. The ruling grew from a petition by Helen T. Harrell, now in San Quentin, and Mervin C. McKinney, in Folsom.

Prison officials had argued that the rule was necessary to keep a prisoner from extorting payments from another by withholding the papers.

Hearing Slated In Try To Loot Tiburon House

A preliminary hearing has been set for July 21 for Walter W. Daly, 37-year-old San Francisco bartender charged with burglary and conspiracy to commit burglary of the former Tiburon home of William Penn Patrick.

Sheriff's deputies said that two men entered the home at 5 Audrey Court apparently looking for a safe kept there when the cosmetics magnate lived in the residence.

They forced the occupant, Bonnie Lee Hart, and a maid, into the master bedroom at gunpoint, according to deputies and, after failing to find a safe, left in a car stolen in Alto. Two other men waited in the car, officers said.

Daly, who has served a prison term for armed robbery, was arrested after witnesses saw the men change cars and gave a description of a car registered to Daly. The three other men are still being sought by police.

Warning Shots Halt San Quentin Fracas

Warning shots broke up a brief scuffle in which an inmate received a broken jaw in the exercise yard of San Quentin State Prison at 8:45 a.m. yesterday.

Associate Warden James W. L. Park blamed the fight — in which Robert Salas, 26, a prisoner since 1964, was hurt — on antagonisms between a group called the Mexican Mafia and other prisoners.

Will the man who bought a Rhubarb Pie on Friday, June 12

PLEASE COME BACK?

Ye Gods, we're embarrassed. After all, we sold a rhubarb pie or two last Friday and frankly, well, there was *something* wrong. Our other customers brought their pies back, and got a new one on the house of course.

Now somewhere we may have lost a customer. And we can't have that. Our pies really taste very good—all, except that fouled up rhubarb that is.

So, if that gentleman will come back with or without his pie, we'd like to make things right.

After all, we may be new, but we aren't stupid.

Wind Plays Havoc With U.S. Open Golf Scores

CHASKA, Minn. (UPI)—England's Tony Jacklin set sail today into the second round of the U.S. Open golf championship with a two-stroke lead—and unless the violent winds change, the Yanks floundering in his wake may never catch up.

"It can blow even harder if it wants to—I don't care," declared the slender British Open champion who shot a one-under-par 71 in Thursday's opening round while not a single other player in the field of 150 could match or break par in the teeth of 41-mile-per-hour wind gusts.

'DIMINISHED'

The weather forecasts for today's round at the 7,151-yard Hazeltine National Golf club were for sunny skies and "diminished" winds—just how "diminished" was anybody's guess.

Jacklin' who found Thursday's swirling gusts "just like the seaside courses back home," had a two-stroke lead at the start of the second round over Mason Rudolph, Julius Boros, and Juan "Chi Chi" Rodriguez, and another stroke over three longshots in the field—Bobby Mitchell, Ray Crawford, and Tony Evans.

Sixty-nine players failed to break 80 in the "wind tunnel," among them Gary Player, who shot even 80 for the worst U.S. Open round of his career, and Jack Nicklaus, who had an 81, the worst Open round of his career. Arnold Palmer, the other member of what used to be golf's "Big Three," just barely escaped the same fate with a 79.

THE CUT

The Open field will be trimmed to the low 60 scorers and ties at the end of today's round. Speculation was that the cutoff score could be 15-over-par 157 for the two rounds.

While the winds turned tricky Hazeltine into a disaster area for the Yanks, Jacklin set the stage for his first-round lead by clipping three strokes off par on the front nine with a 33. He himself finally was hurt by the wind, with a double bogey six on the 17th hole when the wind gusted and dumped his shot in the lake, but even so his 38 on the back nine gave him the sub-par 71. That tied the record for the higest score ever to lead the Open after one round.

Jacklin frankly credited his experience with the wind for his lead.

"Most of the fine courses in England are on the seashore," he explained, "and it's windy there all the time, although not like it was here. I can see why the other players had trouble with the wind—it was foreign to them. But to me, it seemed like home.

USES WIND

"I try to use the wind whenever possible," he added. "I don't fight it. I aim to let the wind carry the ball where I want it."

The "Big Three" all refused to alibi their poor rounds because of the wind, but all admitted it was the big factor in the day's play.

"Another guy shot a 71 in that wind," Palmer pointed out, "and he did it on the very same golf course that I was playing on."

"My iron game was pathetic, and I chipped and putted poorly," said Nicklaus. "I just played badly all around, that's all."

"I played very poorly and I have no excuses," said Player. "It was more like playing in the British Open than it was the American Open."

Everywhere You Look There Are Tennis Balls

I supppose you have noticed by now that we are up to our lobes in tennis players this week.

Don't dare holler "Tennis, anyone?" for you will be inundated by a wave of white shorts and sneakers. The White Tornado will get you.

Marvelous Marin is a wall-to-wall court with people of all sizes, ages, shapes and forms jumping over nets. It looks like the charge of the white brigade. From the air it looks like Mt. Tamalpais has a bad case of dandruff.

With the hundreds of athletes cavorting in the National Men's 35 tourney going on in Mill Valley, the annual junior fling at Belvedere and the Tennis for Heart in San Anselmo, now may be a good time to reiterate that well-seasoned plea for simpler scoring.

For example, I took my fourth grader to his first match the other day and proceeded to explain to him the scoring system. I'm afraid I sounded like Bud Abbott explaining who's on first. Here,s the routine:

"Now, son, that gentleman over there just won the first point so that puts him ahead 15-love."

What About First 14 Points?

"Hold on a minute, Professor. What happened to the first 14 points? And what's this 'love' business?"

"That's just the way tennis people count. Now if the same man wins the second point that will put him ahead 30-love and if he wins the third point it will be . . ."

"I know, I know, that will make it 45-love because three times 15 is . . ."

"No, no, wise guy. The third point makes it 40-love but don't ask me why. Now, if the other man rallies to tie it at 40-40, that's deuce."

"I'll say that's the deuce. What's the advantage of this scoring system?"

"Gladja asked. When a player gets one point after deuce, THAT'S advantage."

"You lost me, Great Leader. Let's go back to love."

It Comes From A French Word

"Yes, well, love in tennis comes from the French word l'oef, meaning egg, or goose egg. It means zero. Love is nothing. (Hey, I guess that's why they can't add and multiply!) Anyway, when a man wins a match love-love he is not a sex maniac but merely a very good tennis player because love-love means he goose egged his opponent, 6-0, 6-0."

"Whatever happened to good old one, two, three, four, etc.?"

"Well, there have been efforts to educate tennis scorekeepers. A few years ago I met a gent named James Van Alen of Newport, R.I., a real tennis buff who urged use of a system called VASS, short for Van Alen Simplified Scoring System. It eliminates all the confusion simply by counting each point as one. The first player to score 31 points — with serves changing every five points — wins the set. Sort of like ping pong. Also, it shortens matches."

"Has Mr. Van Alen's crusade worked?"

"Well, my boy, it has been accepted in some areas, but there are still the traditionalists who insist on the old fashioned method."

"Father, you don't mean to say. . ."

"Yes, son, I'm afraid so. Tennis is only a half-VASSS game."

Daniele, Bueler Lead The Way

By DAVID EINSTEIN

Terra Linda High School's firecracker shortstop Bob Daniele and San Marin's undefeated pitcher Dennis Bueler brought the North a 3-2 victory last night before 2,500 fans at San Rafael's Albert Park in the first Marin County Athletic League North-South all star baseball game.

All 32 senior stars from the eight league schools saw action in the game, whose founder, Gary Hughes of Marin Catholic commented afterwards, "The crowd was tremendous, the weather was great, everything was perfect."

MOST VALUABLE

Daniele, the game's most valuable player, stroked an off field triple in the sixth inning that scored pinch runner Larry Brazda to break a 2-2 tie, and Bueler pitched hitless ball the last three innings to nail down the win.

Roger Smith of Redwood went eight innings on the mound for the South and took the loss, but he deserved better. The flame throwing righthander, who struck out 10 and walked only one, had only one trouble-plagued inning, and that was the first, when the North scored twice.

SINGLE

South leftfielder Chuck Raznikov of San Rafael, who later made a spectacular diving catch of a foul fly ball, led off the inning with a single up the middle.

Second baseman Kim Kirwin of Novato got on via a fielder's choice when he bunted to Smith, who tried and failed to get Raznikov at second.

Third baseman Ken Gnoss of San Marin then loaded the bases with a perfect bunt single. That brought up centerfielder Dewey Forry of Terra Linda, and the Los Angeles Dodgers' fifth draft choice slashed a single through the hole to left that scored Raznikov and Kirwin.

TROUBLE

Bueler also ran into trouble once, in the sixth when the South tied the score. The tall redhead, who had a perfect 8-0 won-lost record in the MCAL this season, gave up an infield single to leadoff hitter Jan Brink of Tamalpais, and then walked Redwood centerfielder John Boro.

With one out third baseman Joe Caito, also of Redwood, singled sharply to center and Brink and Boro came home, the latter sliding headfirst under a line drive throw from Forry.

The North came back with the winning run in the bottom of that inning. San Marin first baseman Bruce Hoberg walked with two outs, and Brazda, running for him, stole second. Daniele, who had doubled earlier, then belted his game winning drive. He was thrown out at the plate trying for an inside-the-park home run.

IMPRESSED

North coach Mike Quinn was particularly impressed with Daniele, who did not hit well this week during practice for the game. "He played a good solid game," Quinn said.

The flashy shortstop, who handled 11 chances, commiting one error, said, "Everybody played great."

The great play of the evening came in the fifth when Raznikov, racing from straightaway leftfield for a foul fly off the bat of Redwood second baseman

Last Of Fat Cage Contracts

ATLANTA (UPI) — It was never their intention, but those fat contracts demanded by Pete Maravich, Bob Lanier and Dan Issel appear to have been just what was needed to bring pro basketball's two feuding leagues to terms.

Those million dollar bonus babies apparently grabbed their loot just in time because the rookie gold rush may soon be over.

CEASE-FIRE

The National and American Basketball Associations, which have been waging a "suicidal" talent war the past few years, signaled for a cease-fire Thursday when they agreed to ask Congress for permission to merge into a single, 28-team, league.

Maravich cost the Atlanta Hawks a reported $2 million; it took the Detroit Pistons $1.9 million to snare Lanier; and the Kentucky Colonels went $1.4 million to keep Issel out of the hands of the NBA.

With those kind of price tags, the NBA and ABA said in a joint statement to Congress:

SUICIDAL

"Basketball is in the same position as football was a few years ago. Then suicidal competition between the two football leagues threatened either a complete failure of one

Giants' Experiments Sour; One More Chance For Rich

SAN FRANCISCO (UPI)—The Rich Robertson, Tito Fuentes and Alan Gallagher experiments have gone sour on the San Francisco Giants, who tonight start a fight to keep out of the cellar.

Robertson, Fuentes and Gallagher disappointed badly Thursday as the Giants dropped a 6-0 decision to the Chicago Cubs. They begin a short road trip in San Diego tonight, only two games ahead of the fifth place Padres and last place Houston Astros.

FAILS

For the sixth straight start Robertson failed to get his fifth victory. It took the Cubs only three innings to get rid of him Thursday as home runs by Billy Williams and Ron Santo gave Ferguson Jenkins a 3-0 lead.

Manager Charlie Fox was extremely disappointed in Robertson and indicated he'll give the former Santa Clara University flash just one more chance to make good as a starter.

"He gets just one more start," said Fox. "He'll have to show me he can do it or be dropped from the rotation."

Robertson has a very live fast ball but for some strange reason has not thrown it in his recent starts, instead trying to pinpoint his pitches to spots.

"He's not good enough to do that," said a Giants observer. "He should stick to his fast ball until he is a bit more accomplished."

It's an observation Fox agrees with.

"Rich has a fine fast ball and I think he threw it a bit more this time. It's something he'll have to start doing."

Fuentes is in a strikeout slump. The flashy infielder, playing second base these days, struck out for the fourth time in his last six at-bats during the fourth inning of Thursday's game when the Giants had a chance to get back into contention.

Key Home Runs Win The Games

By U.P. INTERNATIONAL

Tony Horton and Curt Blefary may have finally decided to quit posing as sluggers and begin acting like them.

Horton and Blefary, two players with reputations as home run hitters, have been playing possum most of the season and have left their respective teams hurting for power in the process. It now appears the two men may have regained their lost touch.

Both delivered key homers Thursday night. Horton, who hadn't hit a homer since May 24th, belted a three-run blast in the eighth inning to lift the Cleveland Indians to a 6-3 victory over the Washington Senators and Blefary, who had managed only one homer in 146 at bats, clouted a solo shot to help the New York Yankees defeat the Boston Red Sox, 3-2.

Those two contests were the only American League games scheduled, but home runs also played an important part in the only two National League games. Ron Fairly's grand slam sparked the Montreal Expos to a 10-7 victory over the Atlanta Braves and homers by Billy Williams and Ron Santo helped the Chicago Cubs beat the San Francisco Giants, 6-0.

Horton's three-run shot came off reliever Dick Such's first pitch and enabled the Indians to win their fifth game in a row. It was the eighth homer of the season for the 25-year-old first baseman and the third of the game for the Indians. Graig Nettles and Ray Fosse also homered for Cleveland while Aurelio Rodriguez connected for Washington.

Blefary's homer came off Ray Culp and proved to be the decisive run as the Yankees scored their 12th victory in 14 games while moving to within a game and a half of Baltimore in the East Division.

Gary Waslewski allowed just three hits in six innings of work to gain credit for his first victory. Rico Petrocelli accounted for both Boston runs with a pair of homers.

Fairly's grand-slammer was the third of his career and came off southpaw Larry Jaster, who had been left in the game to pitch to the lefthanded hitting Fairly. The homer capped a six-run inning and spoiled a big night for the Braves' Henry Aaron. Aaron drove in four runs with his 18th homer, a double and a single. Jim Gosger collected four hits for the Expos, including his second homer of the season.

league or failure of the weaker franchises in both leagues. Now, basketball fans, players and franchise cities face the same prospect."

NBA Commissioner Walter Kennedy, the man who will head the combined league, announced Thursday that the NBA, meeting here, had voted 13-4 and the ABA, meeting in Denver, had voted unanimously to present a merger plan to Congress for approval.

DETAILS

Kennedy emphasized that even if congressional approval is obtained, there are still a myriad of details to be worked out between the two leagues before the merger could take place.

As soon as the merger is approved, plans call for a "world championship" playoff following the close of the next season; inter-league pre-season exhibition games the next year; and a common draft after the end of the next season.

The plan calls for a single league consisting "initially" of 28 teams in 27 cities, with New York having two teams. Two more teams would be added prior to the time the single-league schedule goes into effect, hopefully by 1973.

The plan also calls for the ABA clubs to each pay $1.25 million, over a 10-year period, to the present NBA clubs.

Braves Recall Pitcher Reed

ATLANTA (UPI)—The Atlanta Braves today recalled righthander Ron Reed, an 18-game winner in 1969 who broke a collarbone in spring training, from Shreveport of the Texas League.

Reed was sent to the AA farm club early this month to pitch his way into shape. In his most recent appearance, the 6-foot-6 hurler pitched 5 innings, gave up only two hits and no runs.

Reed was to have pitched Thursday night for Shreveport, but the game was rained out. He was to report in time for Friday's twi-night double-header against Houston.

Tom Hill: Skinny, But Fast

DES MOINES (UPI) — Thomas Hill answers to a variety of names. They inculde Tom, Lionel and Super Chicken.

"You can call me what ever you want," the unassuming Arkansas State junior says. "My kinfolk call be Lionel because that's my middle name. At school they call me Super Chicken because I'm skinny."

Hill may be thin—he's 6-2 by 165 — but he's probably the fastest high hurdler running. Last weekend he skimmed the barriers in 13.2 seconds, tieing the world record at the U.S. Track and Field Federation Championships in Wichita, Kan.

Thursday he qualified in the NCAA championships, winning his heat in an almost casual 13.5.

Hill was the class of Thursday's qualifying field as most athletes used as little energy as possible to qualify for today's semi-finals and Saturday's finals.

Hill's 13.5 was one of five stadium records that fell at Drake Stadium, site of the annual Drake relays.

Other stadium marks were set by Bill Schmidt of North Texas State, 267.11 in the javelin; Larry Black of North Carolina Central, 20.5 in the 220-yard dash; Mark Winzenried of Wisconsin, 1:49.9 in the 880-yard run, and the North Carolina Central and California 440-yard relay teams, 39.8. Texas A & M also had a 39.8 when it placed second to California in the same heat.

It's safe to say stadium records will fall in wholesale lots when the nation's premier college athletes bear down in the finals.

Blackfin Continues To Lead The Yachts

LOS ANGELES — The yacht Blackfin continued to hold a short lead over the Widgeon on the fourth day of the Los Angeles to Tahiti yacht race.

Radio reports Thursday from Blackfin showed her 600 miles out to sea and Widgeon's report was right behind at 590 miles. The Mir reported in third at 540 miles. The Simoon, which was in third place Wednesday, failed to report in.

The other two boats at least 500 miles out were the French entries Narragansett at 505 and the Neptune Nautisme at 500. Seas were reported calm and the winds light.

Lee Trevino, who did not compete in the Western continues to lead in both money winnings with $109,583 and in points with 987.8.

Ross' Aztell Moves Into Quarter Finals

Larry Axtell of Ross won two matches yesterday to advance to the quarter-finals of the National Men's 35 Tennis Championships at Mill Valley Tennis Club.

Axtell, who will be 35 in December, ousted Greg Miller of Los Gatos, 6-1, 6-2 in the second round and followed it with a 6-2, 6-2 decision over Dick Moody of Los Angeles.

FISH AND GAME

More Trout Planted In Marin Reservoirs

By AL GIDDINGS

Trout checks over last weekend by the Marin Municipal Water District personnel and state game wardens showed that fishing had definitely improved in Lagunitas and Phoenix reservoirs and also down at Rodeo Lagoon. At Rodeo Lagoon, I checked 12 anglers who had 24 trout; and figuring the hours fished per angler at the time, it averaged out one trout per angler per hour fished!

Checks of approximately 50 people at Lagunitas and Phoenix seemed better. Most anglers averaged about five fish each. About 7,000 trout were planted Wednesday divided equally in the same three bodies of water listed, so fishing should continue good.

With the winds continuing, it seems a good idea to stick to trout fishing, or try these extra low minus tides over this weekend. The abalone pickers, clam diggers, and poke pole fishermen should have one of their biggest weekends.

SAM KNOLES and I took a trip to the Richmond-San Rafael Bridge this week trolling for bass. Sam had one hit, but missed it. We started at 5:30 a.m., using bugeyes and pet spoons; there were five other boats around. We saw two of them catch one bass each. Robert O'Connor, a 16-year old Marinite, caught a 15-pound tagged fish, but not the money kind.

LES EMBREA of Novato landed a tagged bass recently. He reported his catch to the Dept. of Fish and Game saying: "Dear Mr. Fish and Game: Minnie Pearl — Caught May 5 at the intersection of San Joaquin and False Rivers. Minnie weighed in at 16 big ones — full of eggs. Her necklace is enclosed. Please send me the seamy details of her shady past."

FISH AND GAME biologist James Orsi answered with: "Thanks so much for catching Minnie Pearl — tag No. A-3245. She was high on our wanted list. Her past has been indeed shady — spent in the shade of bridges snapping up innocent little salmon on their way to school. She deserted all her children and was never faithful to the same make two years straight. Her biggest mistake, however, was being caught. Our criminal statistics computer will soon send you some more seamy details. Unfortunately we neglected to offer a reward for her and you will have to be content knowing that you made your contribution to law and order! Sincerely, Assistant to the Head Bass."

The D.F.G. Fisheries Branch adds that Minnie Pearl was tagged May 2, 1969 at Antioch. She was 32 inches long then.

ON THE Marin Rod and Gun Club's last membership letter, it was noted that the club intends to have Mr. John Skinner present who will speak on water development and the delta environment — specifically the Peripheral Canal. The club would like all members and guests to attend and get the facts. The meeting is tonight at the clubhouse at 8 o'clock.

I ALSO received a letter from M. R. Norton of Novato, secretary of the Cotati Rod and Gun Club, who advises us of a turkey shoot Sunday starting at 9 a.m. the club range located on Stony Point Road, about one half mile south of Cotati. There will be both trap and rifle events. Prizes include turkeys, chickens and salamis.

"Incidentally," writes Norton, "we have the most complete shooting facilities in this part of the Bay Area. We will be having 'sighting-in' days open to the public on the last two weekends in July, prior to the opening of deer season."

A's Open Homestand Tonight

OAKLAND (UPI)—With a good home stand, the Oakland Athletics could find themselves in second place in the American League West.

The A's, currently in third place with a 34-29 record and seven games behind pace-setting Minnesota, open a four-game series against the Chicago White Sox tonight with John Odom (4-4) hurling for the hometowners against Joe Horlen (5-7).

After the weekend series against the fourth place White Sox, Oakland will entertain fifth place Kansas City in a three-game set before embarking on a 10-game road swing.

Actually, the A's have gained only a half-game on Minnesota since their last road trip, but are only two games behind the faltering California Angels, who have slipped to five games arrears of the Twins.

There will be two new players wearing Oakland flannels tonight. They are relief pitcher Bob Locker, who was purchased from the Milwaukee Brewers, and infielder Jim Driscoll, recalled from the A's Des Moines club in the American Association.

Simpson Wins Decade Honor

NEW YORK (UPI)—O. J. Simpson, a two-time All-America and the 1968 Heisman Trophy winner while at Southern California, has been voted the "Outstanding College Football Player" of the Sixties.

In a poll of writers and broadcasters from across the country, Simpson, a halfback who set an all time rushing record of 3,423 yards during his two varsity seasons, beat out linebacker Tommy Nobis of Texas for the honor. Simpson finished with 1,100 points in the balloting cgompared to 568 for Nobis. Purdue halfback Leroy Keyes was third with 511 points follwed by Navy quarterback Roger Staubach with 474 and Michigan State linebacker George Webster with 434.

Lucky, Says USC Mentor

Omaha, Neb. (UPI) — Southern California baseball coach Rod Dedeaux was the proud possessor today of his fifth College World Series championship, but said his Trojans were "lucky to win" over Florida State's Seminoles, 2-1, in the title contest Thursday night.

The Seminoles took a 1-0 lead in the fifth, saw the game tied in the seventh and finally lost out in the last of the 15th when the Trojans put together two walks and two infield hits for the game-deciding tally.

Southern Cal's Jim Barr, making his third Series appearance, relieved starter Greg Widman at the beginning of the eighth and was locked in a stout pitching duel with Mac Scarce for the most of the remainder of the game. Scarce, the fourth Seminole pitcher, was brought in during the seventh.

Gene Ammann, top hurler on the Seminole staff, pitched the semifinal victory over Texas Wednesday night and was not ready to pitch again Thursday. He was named the tournament's most valuable player.

The Series, in Omaha for the 21st consecutive year, attracted 74,683 fans to the 15 games, which set a new record. A crowd of 11,545 watched the finals.

BOWLING TIPS

A rolling ball is what produces much of the pin action. To get your ball rolling quickly some skid is inevitable at the start. So release it at a low angle with an easy motion and, of course, bend the left knee.

Good Growth Stock? Dresser Industries

By ROGER E. SPEAR

Q. I am a college student and wish to invest in a growth stock. — Z.B.

A. Dresser Industries, a gasoline pump manufacturer, should be a key beneficiary of the swing to lead-free gasoline. The addition of $100-$200 million in new service station equipment, generated by the need for extra pumps, over the next two or three years should boost industry sales. As a broadly diversified manufacturer of equipment and supplies for the petroleum and transportation industries, Dresser could capture a sizable portion of this new business. Due in part to substantial orders for gas station equipment, company is now working at full capacity to ship a record high backlog.

Although DI now sells only an estimated $40 million worth of equipment to outfit modern service stations, service pump volume is expected to grow approximately 25 per cent in 1970. Company should also benefit greatly from the petroleum industry's need for additional facilities to upgrade the octane rating of unleaded gasoline.

An excellent first quarter with sales and per share net rising 13 per cent and 8.3 per cent respectively plus a record backlog foretell an outstanding year for Dresser. The stock, with a 5 per cent yield, represents an attractive commitment for long-pull purposes.

Q. Why do interest rates on Treasury bills fluctuate?

A. The primary cause is variations in the money supply — either actual or anticipated. Since buyers are committing funds three to six months in advance, anticipated loosening in credit is reflected in lower interest rates.

In recent years bills have assumed an increasingly important role in Treasury financing. At the beginning of 1970, $81 billion in bills were outstanding versus $43 billion in 1962. This year bills will account for 69 per cent of maturing Treasury debt up from 51 per cent in 1962. An acceleration of this trend is robable, suprred by mounting federal money needs and a sharp increase in maturities in 1970 and 1971.

NEW TRIMPH INTRODUCED

First American deliveries of the new Triumph Stag luxury sports car will be made late this year. Described as a "two-plus-two" two-door V-8, with a high-performance engine delivering a top speed of 120 miles per hour and developing 150 horsepower, it can be fitted with either a hard or soft top. It is said to be Triumph's fastest car. Marin Sports Imports in San Rafael will sell the Stag in Marin County.

Deposits Rise Debits Decline

Marin County bank debits for May were down from last year, but deposits for the month were higher.

The Federal Reserve Bank of San Francisco reported unadjusted debits at $211,771,000, compared with $229,039,000 a year ago. Unadjusted deposits of $105,740,000 were up from $99,248,000 reported for May, 1969. Seasonally adjusted debits, deposits and turnover ratios are not reported for Marin County.

'69-70 Flood Victims Told To File SBA Claims Soon

Disaster victims of flooding and landslides in Marin and adjacent counties during Dec. 20 to 22, 1969, and Jan. 9 through 21, 1970, will have until June 30 to file disaster loan applications with the Small Business Administration.

Donald McLarnan, Pacific Coast regional director, said disaster victims who do not have resources or reasonable borrowing sources available to restore damage to pre-disaster condition and have not already filed for loans are being urged to contact the San Francisco office at 450 Golden Gate Avenue before the end of the month.

He said the Small Business Administration had already approved 42 disaster loans totaling $226,333 to victims in this area at the close of business on June 11. Of these, 33 loans were granted to home owners and nine to business concerns.

Stocks Hold To Gains In Early Trades

NEY YORK (AP) — The stock market held on to sharp gains in early afternoon trading despite some pressure from profit-taking.

The Dow Jones average of 30 industrials was ahead 8.15 to 720.84 at 2 p.m. It had been up more than 9 points earlier.

Trading was slow and down somewhat from earlier in the session. Advances led declines by 8 to 3 among issues traded on the New York Stock Exchange.

Analysts said some profit-taking on the earlier gains was to be expected.

Brokers say the continued gains indicate both a sound technical basis and favorable public psychology concerning the market.

Prices on the Big Board included:

International Telephone, up 1¼ to 38¼; Minnesota Mining, ahead ⅜ at 82⅛; Telex, up ½ to 16⅛; Mead Corp., off ⅜ at 15; Litton Industries, up 1¾ at 20½; and Pfizer, ⅜ to 33⅝.

On the American Stock Exchange, prices included:

Equity Funding, up 1 at 22⅜; Saxon Industries, ahead 1 at 58; Asamera Oil, up 5 to 13½; Milgo Electronics, down ⅛ at 23⅛; and Deltona, off ⅝ at 24.

Technicians said this extension of market gains suggested to many investors that the market was genuinely moving upward and on a real rebound from the Dow low of about 631 registered in May.

This rally began Thursday after the government issued a favorable report on inflation, analysts said. The report indicated the cost of living had increased at a lower rate in May than in any month since January.
